Public Notice

A complaint having been made to His Excellency the Governor that Hares have been shot in the neighbourhood lately, His Excellency wishes to draw public attention to the fact that hares were introduced into the East Falkland Island a few years ago by the Government in the hope that after a time the breed would become established here, and that whilst the desirable result should be accomplished the sportsman like feeling of the community would ensure their protection from being shot.

His Excellency trusts that after this appeal their protection may be secured for the future without it being necessary to have recourse to legislation on the subject.
