CONDITIONS OF SALES.

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of $2\frac{1}{2}$ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an

agreement to complete the purchase and to fulfil the conditions of sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

Purchase money

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council.

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of $2\frac{1}{2}$ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

 CONDITIONS OF SALES.

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of 2½ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 8 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

CONDITIONS OF SALES.

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of $2\frac{1}{2}$ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

CONDITIONS OF SALES.

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of 2½ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

By His Excellency's Command,
F. CRAIGIE HALKETT,
Colonial Secretary.

10.—If any executor or administrator shall through mistake or misapprehension or otherwise without fraud have omitted from the account delivered by him any part of the personal effects or estate of the testator or intestate situate in this Colony such executor or administrator shall immediately after the discovery of such omission notify the Judge of the same and within three calendar months thereafter amend his account and pay the additional duty due on the estate of the deceased without being liable to any penalty or forfeiture under this Ordinance.

2.—“It appears to be conclusively shewn not only by the absence of any bidders at the recent sale, except the former lessee and the lessee of the adjoining station, but by the evidence obtained by the Committee which you appointed to enquire into the matter, that, while there is a considerable demand for leases which the Government is unfortunately precluded from meeting, none of the persons who had expressed the desire to buy land are in a position to do so on the condition of paying the value of the improvements and half of the cost of fencing.”

3.—“These conditions cannot be dispensed with, and in these circumstances I have with regret come to the conclusion that it would be useless to put up any more land for sale, and that the land which has been reserved for that purpose must be relet to the former lessees in accordance with the Ordinance of 1882.”

NOTICE.

The following Extracts from a Despatch received this date from the Secretary of State are published for general information.

By Command,
F. CRAIGIE-HALKETT,
Colonial Secretary.

Colonial Secretary's Office,
20th June 1895.

2.—“It appears to be conclusively shewn not only by the absence of any bidders at the recent sale, except the former lessee and the lessee of the adjoining station, but by the evidence obtained by the Committee which you appointed to enquire into the matter, that, while there is a considerable demand for leases which the Government is unfortunately precluded from meeting, none of the persons who had expressed the desire to buy land are in a position to do so on the condition of paying the value of the improvements and half of the cost of fencing.”

3.—“These conditions cannot be dispensed with, and in these circumstances I have with regret come to the conclusion that it would be useless to put up any more land for sale, and that the land which has been reserved for that purpose must be relet to the former lessees in accordance with the Ordinance of 1882.”

AT the Court at Windsor, the 11th day of May, 1895.

PRESENT.

The QUEEN'S Most Excellent Majesty.
Lord President.
Lord Chamberlain.
Lord Kensington.
Speaker of the House of Commons.
Mr. Arnold Morley.

WHEREAS section 8 (3) of "The Mail Ships Act, 1891," provides that it shall be lawful for Her Majesty in Council to make Rules for carrying into effect, as respects British Possessions, the provisions of that Act with respect to the security given by mail ships, and in particular with respect to the commencement of a legal proceeding by service of a writ or process in the Possession, and to the notices to be given to arresting authorities in the Possession, and the evidence to be receivable by such authorities of the security having been given or withdrawn, and the application of the security in discharge of any damages, fine, debt, claim, sum, or forfeiture, where the same are or is recovered or payable either in the British Possession, or under proceedings pending concurrently in that British Possession, and in any other British Possession or the United Kingdom:

Now, therefore, Her Majesty is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:—

Notices of Exemption.

1.—Any rules of the High Court of Justice in England, made under the provisions of "The Mail Ships Act, 1891" (hereinafter referred to as "the Act"), shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a Convention, and shall be published by such Government in the Gazette of the Possession, and also in such local official Gazettes published in the Possession as the Government of the Possession may prescribe.

2.—A copy of every notice and list published by the Board of Trade under the Act, shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a particular Convention.

3.—A copy of every such Notice and list, signed by a Secretary to the Government of the Possession, or other prescribed officer shall be published in the official Gazette of the Possession, and a copy of such Gazette Notification shall be kept publicly exhibited in the Court-room of every Colonial Court of Admiralty in the Possession, and a copy of the said Gazette containing any such Notification shall be receivable in evidence by every arresting authority in the Possession.

4.—If notwithstanding its exemption, an exempted mail ship is arrested in the Possession, the Government of the Possession, on being informed by the owner of such arrest and of the arresting authority, and on being satisfied that the ship is an exempted mail ship, shall forthwith send a special Notice to the arresting authority, informing him that the ship is an exempted mail ship, and as such entitled to release.

Actions Against Exempted Ships.

5.—An action may be commenced against the owners of an exempted mail ship in the like cases, in the same manner and subject to the same rules as an Admiralty action *in rem*, and in any Colonial Court of Admiralty in the Possession in which such an action might have been brought if the ship were not an exempted mail ship.

Orders, by Courts in British Possessions, for Application of the Security.

6.—Any order of a Court in a British Possession directing any security to be applied shall recite the name of the Court and of the action or proceeding, the cause of action, and the judgment debt, and shall comprise a certificate by the Judge of the Court that the ship in respect of which the Judgment is given is an exempted mail ship, and might but for such exemption have been arrested and sold in execution thereof, and that the judgment debt is still unsatisfied, and is payable out of the security lodged in respect of the ship in the High Court of Justice in England.

7.—The order may require payment to be made either in London to a named agent of the execution creditor, or in the Possession to some named officer of the Court from which the order issues.

8.—Every such order shall be sealed with the seal of the Court, and shall be drawn up in duplicate, addressed to the Admiralty Registrar, Royal Courts of Justice, London, and shall be transmitted under cover to the prescribed officer of the Government of the Possession.

9.—The said duplicate orders when received by the prescribed officer shall be countersigned by him, and shall be forthwith transmitted to a Secretary of State, who shall cause one of such orders to be delivered to the Admiralty Registrar, and the Admiralty Registrar shall, subject to any direction of the High Court, make an order upon the Paymaster-General for payment of the required sum out of the security in accordance with these Rules.

10.—Unless the High Court shall otherwise order, and subject to existing rights of priority of liens, orders for the application of any security shall be paid in the order in which they are received by the Admiralty Registrar; but where two or more orders are received at the same time, they shall be paid in the order of their respective dates.

11.—Where the order requires payment to a named agent of the execution creditor in London, the money shall be payable at the rates of exchange current on the day on which the order is received by the Secretary of State.

12.—If the order requires payment to be made to a named officer of the Court from which the order issues, such an amount shall be paid out by the Paymaster-General, to a person nominated by the Secretary of State, as will at the rates of exchange current on the day on which the order is received by the Secretary of State be necessary to purchase a draft for the amount of the order payable at sight in the Possession, and such draft shall be in favour of the said named officer of the said Court.

13.—Where any action or proceeding against the owners of an exempted mail ship is pending in a Court in a British Possession, involving a claim against the security lodged in the High Court in England, the Court in the British Possession shall transmit to the Admiralty Registrar notice of the pendency of such action or proceeding, stating the nature and amount of the claim and the proceedings taken in regard thereto; and in case of the subsequent discontinuance or other conclusion of such action or proceeding, whereby the security ceases to be affected, the Court shall transmit notice of such discontinuance or conclusion. Every such notice shall be sealed, drawn up, addressed and transmitted to the Admiralty Registrar in like manner as an order for the application of the security.

Miscellaneous Provisions.

14.—In every British Possession to which these Rules apply, the Governor in Council may, by Order, prescribe any matter directed by these Rules to be prescribed, or necessary for carrying them into effect.

15.—In the application of these Rules to British India, the following provisions shall have effect:—

(a.) The Presidencies of Madras and Bombay, the lower Provinces of Bengal, and the Province of Burmah shall be deemed to be separate British Possessions.

(b.) The expressions "Government of the Possession" and "Governor in Council" respectively shall mean the Lieutenant-Governor of Bengal and the Chief Commissioner of Burmah, with respect to the territories administered by them respectively.

(c.) All Orders made in pursuance of Rule 14 with respect to any part of British India shall be made with the previous sanction of the Governor-General in Council.

16.—In the application of these Rules to any British Possession in which there is a Vice-Admiralty Court, and no Colonial Court of Admiralty, these Rules shall be read as if "Vice-Admiralty Court" were Colonial Court of Admiralty.

17.—In these Rules "judgment debt" means any damages, fine, debt, claim, sum, or forfeiture found by any Court to be payable by the owner of a ship, and "execution creditor" means the person entitled to a judgment debt.

Other expressions have the same meaning as in the Act.

18.—This Order may be cited as "The Mail Ships (Rules) Order in Council, 1895."

And the Most Honourable the Marquess of Ripon, K.G., the Right Honourable the Earl of Kimberley, K.G., and the Right Honourable H. H. Fowler, three of Her Majesty's Principal Secretaries of State, are to give the necessary directions herein, as to them may respectively appertain.

ORDER IN COUNCIL.
THE MAIL SHIPS (RULES) ORDER IN COUNCIL, 1895.
Windsor, 11th May, 1895.

AT the Court at Windsor, the 11th day of May, 1895.

PRESENT,
The QUEEN's Most Excellent Majesty,
Lord President.
Lord Chamberlain.
Lord Kensington,
Speaker of the House of Commons.
Mr. Arnold Morley.

WHEREAS section 8 (3) of "The Mail Ships Act, 1891," provides that it shall be lawful for Her Majesty in Council to make Rules for carrying into effect, as respects British Possessions, the provisions of that Act with respect to the security given by mail ships, and in particular with respect to the commencement of a legal proceeding by service of a writ or process in the Possession, and to the notices to be given to arresting authorities in the Possession, and the evidence to be receivable by such authorities of the security having been given or withdrawn, and the application of the security in discharge of any damages, fine, debt, claim, sum, or forfeiture, where the same are or is recovered or payable either in the British Possession, or under proceedings pending concurrently in that British Possession, and in any other British Possession or the United Kingdom:

Now, therefore, Her Majesty is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:—

Notices of Exemption.

1.—Any rules of the High Court of Justice in England, made under the provisions of "The Mail Ships Act, 1891" (hereinafter referred to as "the Act"), shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a Convention, and shall be published by such Government in the Gazette of the Possession, and also in such local official Gazettes published in the Possession as the Government of the Possession may prescribe.

2.—A copy of every notice and list published by the Board of Trade under the Act shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a particular Convention.

3.—A copy of every such Notice and list, signed by a Secretary to the Government of the Possession, or other prescribed officer shall be published in the official Gazette of the Possession, and a copy of such Gazette Notification shall be kept publicly exhibited in the Court-room of every Colonial Court of Admiralty in the Possession, and a copy of the said Gazette containing any such Notification shall be receivable in evidence by every arresting authority in the Possession.

4.—If notwithstanding its exemption, an exempted mail ship is arrested in the Possession, the Government of the Possession, on being informed by the owner of such arrest and of the arresting authority, and on being satisfied that the ship is an exempted mail ship, shall forthwith send a special Notice to the arresting authority, informing him that the ship is an exempted mail ship, and as such entitled to release.

Actions Against Exempted Ships.

5.—An action may be commenced against the owners of an exempted mail ship in the like cases, in the same manner and subject to the same rules as an Admiralty action *in rem*, and in any Colonial Court of Admiralty in the Possession in which such an action might have been brought if the ship were not an exempted mail ship.

Orders, by Courts in British Possessions, for Application of the Security.

6.—Any order of a Court in a British Possession directing any security to be applied shall recite the name of the Court and of the action or proceeding, the cause of action, and the judgment debt, and shall comprise a certificate by the Judge of the Court that the ship in respect of which the Judgment is given is an exempted mail ship, and might but for such exemption have been arrested and sold in execution thereof, and that the judgment debt is still unsatisfied, and is payable out of the security lodged in respect of the ship in the High Court of Justice in England.

7.—The order may require payment to be made either in London to a named agent of the execution creditor, or in the Possession to some named officer of the Court from which the order issues.

8.—Every such order shall be sealed with the seal of the Court, and shall be drawn up in duplicate, addressed to the Admiralty Registrar, Royal Courts of Justice, London, and shall be transmitted under cover to the prescribed officer of the Government of the Possession.

9.—The said duplicate orders when received by the prescribed officer shall be countersigned by him, and shall be forthwith transmitted to a Secretary of State, who shall cause one of such orders to be delivered to the Admiralty Registrar, and the Admiralty Registrar shall, subject to any direction of the High Court, make an order upon the Paymaster-General for payment of the required sum out of the security in accordance with these Rules.

10.—Unless the High Court shall otherwise order, and subject to existing rights of priority of liens, orders for the application of any security shall be paid in the order in which they are received by the Admiralty Registrar; but where two or more orders are received at the same time, they shall be paid in the order of their respective dates.

11.—Where the order requires payment to a named agent of the execution creditor in London, the money shall be payable at the rates of exchange current on the day on which the order is received by the Secretary of State.

12.—If the order requires payment to be made to a named officer of the Court from which the order issues, such an amount shall be paid out by the Paymaster-General, to a person nominated by the Secretary of State, as will at the rates of exchange current on the day on which the order is received by the Secretary of State be necessary to purchase a draft for the amount of the order payable at sight in the Possession, and such draft shall be in favour of the said named officer of the said Court.

13.—Where any action or proceeding against the owners of an exempted mail ship is pending in a Court in a British Possession involving a claim against the security lodged in the High Court in England, the Court in the British Possession shall transmit to the Admiralty Registrar notice of the pendency of such action or proceeding stating the nature and amount of the claim and the proceedings taken in regard thereto; and in case of the subsequent discontinuance or other conclusion of such action or proceeding, whereby the security ceases to be affected the Court shall transmit notice of such discontinuance or conclusion. Every such notice shall be sealed, drawn up, addressed and transmitted to the Admiralty Registrar in like manner as an order for the application of the security.

Miscellaneous Provisions.

14.—In every British Possession to which these Rules apply, the Governor in Council may, by Order, prescribe any matter directed by these Rules to be prescribed, or necessary for carrying them into effect.

15.—In the application of these Rules to British India, the following provisions shall have effect:—

(a) The Presidencies of Madras and Bombay, the lower Provinces of Bengal, and the Province of Burmah shall be deemed to be separate British Possessions.

(b) The expressions "Government of the Possession" and "Governor in Council" respectively shall mean the Lieutenant-Governor of Bengal and the Chief Commissioner of Burmah, with respect to the territories administered by them respectively.

(c) All Orders made in pursuance of Rule 14 with respect to any part of British India shall be made with the previous sanction of the Governor-General in Council.

16.—In the application of these Rules to any British Possession in which there is a Vice-Admiralty Court, and no Colonial Court of Admiralty, these Rules shall be read as if "Vice-Admiralty Court" were Colonial Court of Admiralty.

17.—In these Rules "judgment debt" means any damages, fine, debt, claim, sum, or forfeiture found by any Court to be payable by the owner of a ship, and "execution creditor" means the person entitled to a judgment debt.

Other expressions have the same meaning as in the Act.

18.—This Order may be cited as "The Mail Ships (Rules) Order in Council, 1895."

And the Most Honourable the Marquess of Ripon, K.G., the Right Honourable the Earl of Kimberley, K.G., and the Right Honourable H. H. Fowler, three of Her Majesty's Principal Secretaries of State, are to give the necessary directions herein, as to them may respectively appertain.

An Ordinance to create the Office of Official Administrator.

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

2.—The Official Administrator shall be entitled to and it shall be his duty to apply for Letters of Administration to the Estates of all persons who shall die intestate without leaving a widower, widow, brother, sister or any lineal ancestor or descendant, or leaving any such relation, if no such relation shall take out Letters of Administration within three months or within such longer or shorter term as the Judge of the Supreme Court to which application is made may direct; and also to the estates of all persons who shall die leaving a Will but leaving no Executor or no Executor who will act if no such relative as aforesaid of such deceased shall within the time aforesaid take out Letters of Administration to the Estate.

3.—The Official Administrator shall keep a full complete and accurate account of all transactions with respect to all estates administered by him and he shall keep all such books as may be necessary for that purpose.

4.—The Official Administrator shall once at least in each year furnish to the Governor a complete and accurate statement of the payments receipts and transactions of his office.

5.—The Official Administrator shall keep all money which shall come into his hands as such Administrator in the Government Savings' Bank, and interest shall be allowed on such money in the same way as interest is allowed on the deposits of private persons. The Official Administrator shall in all cases pay such money into the Savings' Bank as soon as possible after he receives it, and a separate account shall be kept in the Savings' Bank for each estate. The Official Administrator may draw in the same manner as any other depositor any money standing to the credit of any estate for the purposes of the due administration of such estate.

6.—Letters of Administration to the Official Administrator shall be granted on the payment of the same fees and duties and in the same way as Letters of Administration are usually granted.

7.—On the grant of Letters of Administration to the Official Administrator the personal property of the deceased shall vest in the Official Administrator and be assets in his hand for the payment of the debts and liabilities of the deceased in the same way and to the same extent in all respects as such property would have vested in and been assets in the hands of any other Administrator, and the Official Administrator shall discharge the debts and liabilities

of the deceased and shall distribute the surplus in the same way and in the same order of priority and to the same extent that any other Administrator would have been bound to discharge such debts and liabilities and to distribute such surplus if this Law had not been passed.

8.—The Official Administrator shall be entitled to a commission of five pounds per centum on the value of all property administered by him: Such commission shall be the remuneration for the time and responsibility of the Official Administrator, but any expenses in respect of any other matters including travelling expenses may be charged by him in the same way that such expenses might be charged under similar circumstances by any other Administrator.

9.—All monies which at the time of the passing of this Ordinance may be deposited in the Government Savings' Bank and entered in the Books of the said Bank to the credit of Intestate Estates shall vest in the Official Administrator and shall be dealt with as it is directed by the fifth and seventh Sections of this Ordinance that monies received by him under this Ordinance shall be dealt with. No commission shall however be allowed to him upon the amount of this deposit. All books, papers and other documents relating to the said deposit and in the hands of the Police Magistrate shall be delivered to and taken charge of by the Official Administrator.

An Ordinance to create the Office of Official Administrator.

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

1.—From and after the passing of this Ordinance it shall be lawful for the Governor to appoint some fit and proper person to be called the Official Administrator of Estates.

2.—The Official Administrator shall be entitled to and it shall be his duty to apply for Letters of Administration to the Estates of all persons who shall die intestate without leaving a widower, widow, brother, sister or any lineal ancestor or descendant, or leaving any such relation, if no such relation shall take out Letters of Administration within three months or within such longer or shorter term as the Judge of the Supreme Court to which application is made may direct; and also to the estates of all persons who shall die leaving a Will but leaving no Executor or no Executor who will act if no such relative as aforesaid of such deceased shall within the time aforesaid take out Letters of Administration to the Estate.

3.—The Official Administrator shall keep a full complete and accurate account of all transactions with respect to all estates administered by him and he shall keep all such books as may be necessary for that purpose.

4.—The Official Administrator shall once at least in each year furnish to the Governor a complete and accurate statement of the payments receipts and transactions of his office.

5.—The Official Administrator shall keep all money which shall come into his hands as such Administrator in the Government Savings' Bank, and interest shall be allowed on such money in the same way as interest is allowed on the deposits of private persons. The Official Administrator shall in all cases pay such money into the Savings' Bank as soon as possible after he receives it, and a separate account shall be kept in the Savings' Bank for each estate. The Official Administrator may draw in the same manner as any other depositor any money standing to the credit of any estate for the purposes of the due administration of such estate.

6.—Letters of Administration to the Official Administrator shall be granted on the payment of the same fees and duties and in the same way as Letters of Administration are usually granted.

7.—On the grant of Letters of Administration to the Official Administrator the personal property of the deceased shall vest in the Official Administrator and be assets in his hand for the payment of the debts and liabilities of the deceased in the same way and to the same extent in all respects as such property would have vested in and been assets in the hands of any other Administrator, and the Official Administrator shall discharge the debts and liabilities

of the deceased and shall distribute the surplus in the same way and in the same order of priority and to the same extent that any other Administrator would have been bound to discharge such debts and liabilities and to distribute such surplus if this Law had not been passed.

8.—The Official Administrator shall be entitled to a commission of five pounds per centum on the value of all property administered by him: Such commission shall be the remuneration for the time and responsibility of the Official Administrator, but any expenses in respect of any other matters including travelling expenses may be charged by him in the same way that such expenses might be charged under similar circumstances by any other Administrator.

No. of 1895.

An Ordinance to create the Office of Official Administrator.

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

1.—From and after the passing of this Ordinance it shall be lawful for the Governor to appoint some fit and proper person to be called the Official Administrator of Estates.

2.—The Official Administrator shall be entitled to and it shall be his duty to apply for Letters of Administration to the Estates of all persons who shall die intestate without leaving a widower, widow, brother, sister or any lineal ancestor or descendant, or leaving any such relation, if no such relation shall take out Letters of Administration within three months or within such longer or shorter term as the Judge of the Supreme Court to which application is made may direct; and also to the estates of all persons who shall die leaving a Will but leaving no Executor or no Executor who will act if no such relative as aforesaid of such deceased shall within the time aforesaid take out Letters of Administration to the Estate.

3.—The Official Administrator shall keep a full complete and accurate account of all transactions with respect to all estates administered by him and he shall keep all such books as may be necessary for that purpose.

4.—The Official Administrator shall once at least in each year furnish to the Governor a complete and accurate statement of the payments receipts and transactions of his office.

5.—The Official Administrator shall keep all money which shall come into his hands as such Administrator in the Government Savings' Bank, and interest shall be allowed on such money in the same way as interest is allowed on the deposits of private persons. The Official Administrator shall in all cases pay such money into the Savings' Bank as soon as possible after he receives it, and a separate account shall be kept in the Savings' Bank for each estate. The Official Administrator may draw in the same manner as any other depositor any money standing to the credit of any estate for the purposes of the due administration of such estate.

6.—Letters of Administration to the Official Administrator shall be granted on the payment of the same fees and duties and in the same way as Letters of Administration are usually granted.

7.—On the grant of Letters of Administration to the Official Administrator the personal property of the deceased shall vest in the Official Administrator and be assets in his hand for the payment of the debts and liabilities of the deceased in the same way and to the same extent in all respects as such property would have vested in and been assets in the hands of any other Administrator, and the Official Administrator shall discharge the debts and liabilities

of the deceased and shall distribute the surplus in the same way and in the same order of priority and to the same extent that any other Administrator would have been bound to discharge such debts and liabilities and to distribute such surplus if this Law had not been passed.

8.—The Official Administrator shall be entitled to a commission of five pounds per centum on the value of all property administered by him: Such commission shall be the remuneration for the time and responsibility of the Official Administrator, but any expenses in respect of any other matters including travelling expenses may be charged by him in the same way that such expenses might be charged under similar circumstances by any other Administrator.

9.—All monies which at the time of the passing of this Ordinance may be deposited in the Government Savings' Bank and entered in the Books of the said Bank to the credit of Intestate Estates shall vest in the Official Administrator and shall be dealt with as it is directed by the fifth and seventh Sections of this Ordinance that monies received by him under this Ordinance shall be dealt with. No commission shall however be allowed to him upon the amount of this deposit. All books, papers and other documents relating to the said deposit and in the hands of the Police Magistrate shall be delivered to and taken charge of by the Official Administrator.

GOVERNMENT NOTICE.

The subjoined Report is published for general information, in confirmation of Public Notice dated the 10th instant, relating to the financial condition of the Colony.

By Command,
F. CRAIGIE-HALKETT,
Colonial Secretary.

Colonial Secretary's Office,
30th September, 1895.

25th September, 1895.

Sir,

The Board appointed by His Excellency the Governor to enquire into the financial condition of the Colony beg leave to report for His Excellency's information, that they have examined the accounts extending as far back as 1886, and have also carefully scrutinized the yearly statements of "Assets and Liabilities" and of "Receipts and Expenditure" which have been issued since that date.

The Accounts with the Crown Agents shewing the Investments on account of "Land Sales" of the "Savings' Bank" and of the "Surplus Fund" were also examined.

These shew that on the 31st December, 1894, the cash balance in the hands of the Crown Agents was £3,189 14 9, and that the Investments on behalf of the Colony were as follows:—

Land Sales	£12,979	4	0	Face Value.
Surplus Fund	1840	11	7	£13,758
Savings' Bank	27,921	7	2	3 10
				1,982
				1 2
				28,442
				1 9

These values represent the actual amount paid, and not the face value of the stock.

According to the Report of the Quarterly Survey of the Treasurer's Chest there was on the same date (31st December, 1894) a cash balance of £1,614 10 3 in the hands of the Treasurer.

Taking into consideration all liabilities, and excluding the amount invested on account of "Land Sales," a net surplus is shown on the 31st December, 1894, of £1,041 11 7. In this is not included either the interest accruing to the Revenue on Invested Funds, nor that accruing as payable to Depositors in the Savings' Bank for the Quarter ended 31st December.

The Books and Accounts of the Treasurer show that the Revenue for the past half year exceeded the expenditure by £104 4 4.

Since the 31st December of last year the amount invested on account of "Land Sales" has been further increased by £1,115 19 2, that on account of Savings' Bank by £799 12 0. and that on account of Surplus Funds by £4,000.

The Crown Agents were instructed by the Treasurer in June of the present year to transfer from invested Surplus Funds to the credit of the Savings' Bank Investments to the amount of about £3,500. These instructions, when carried out, will raise the amount invested on account of the Savings Bank to over £32,000.

Despatch No. 109, 1885,
Governor to Secretary of
State.

We notice in the amounts invested on account of "Land Sales" and which consequently does not appear to the credit of the "Surplus Fund" a sum of £2,000 which accrued from the sale of the foreshore in Stanley to the Falkland Islands Company and Messrs. Dean and Sons in the year 1885. This sum was set apart for a specific purpose to be meanwhile invested in a distinct fund.

An impression has existed that this amount was included in Surplus Funds, but we are satisfied that it has always been included in "Land Sales," and that the surplus shown at the close of each year is actually Surplus revenue. The actual surplus in December, 1890, according to the accounts to that date was only £2,847 18 4, as against £1,041 11 7 on 31st December, 1894, showing that in the past four years only £1,806 6 9 of the original surplus Revenue have been expended,

In further evidence of the Colony's present satisfactory financial condition the Inventory and Valuation returned by the Storekeeper show that there are, in addition, stores to the value of about £1,200 in the Government Store for which no credit has been or will be taken in the Treasury Accounts.

Payment for these stores was made before the 30th June, last.

These stores do not include those such as coal and oil taken to account as advances and which are debited against the Departments as they make use of them.

The Government Storekeeper reports that the purchase of the whole of the present stock has been made since 1891, at which date the value of the entire stock in hand did not exceed £40.

We have the honour to be,

Sir,

Your most obedient Servants,

GOVERNMENT NOTICE.

The subjoined Report is published for general information, in confirmation of Public Notice dated the 10th instant, relating to the financial condition of the Colony.

By Command,

F. CRAIGIE-HALKETT,
Colonial Secretary.

Colonial Secretary's Office,
30th September, 1895.

25th September, 1895.

Sir,

The Board appointed by His Excellency the Governor to enquire into the financial condition of the Colony beg leave to report for His Excellency's information, that they have examined the accounts extending as far back as 1886, and have also carefully scrutinized the yearly statements of "Assets and Liabilities" and of "Receipts and Expenditure" which have been issued since that date.

The Accounts with the Crown Agents shewing the Investments on account of "Land Sales" of the "Savings' Bank" and of the "Surplus Fund" were also examined.

These show that on the 31st December, 1894, the cash balance in the hands of the Crown Agents was £3,189 14 9, and that the Investments on behalf of the Colony were as follows:—

Land Sales	£12,979	4	0	Face Value.		
Surplus Fund	1840	11	7	£13,758	3	10
Savings' Bank	27,921	7	2	1,982	1	2
				28,442	1	9

These values represent the actual amount paid, and not the face value of the stock.

According to the Report of the Quarterly Survey of the Treasurer's Chest there was on the same date (31st December, 1894) a cash balance of £1,614 10 3 in the hands of the Treasurer.

Taking into consideration all liabilities, and excluding the amount invested on account of "Land Sales," a net surplus is shown on the 31st December, 1894, of £1,041 11 7. In this is not included either the interest accruing to the Revenue on Invested Funds, nor that accruing as payable to Depositors in the Savings' Bank for the Quarter ended 31st December.

The Books and Accounts of the Treasurer show that the Revenue for the past half year exceeded the expenditure by £101 4 4.

Since the 31st December of last year the amount invested on account of "Land Sales" has been further increased by £1,115 19 2, that on account of Savings' Bank by £799 12 0. and that on account of Surplus Funds by £4,000.

The Crown Agents were instructed by the Treasurer in June of the present year to transfer from invested Surplus Funds to the credit of the Savings' Bank Investments to the amount of about £3,500. These instructions, when carried out, will raise the amount invested on account of the Savings Bank to over £32,000.

We notice in the amounts invested on account of "Land Sales" and which consequently does not appear to the credit of the "Surplus Fund" a sum of £2,000 which accrued from the sale of the foreshore in Stanley to the Falkland Islands Company and Messrs. Dean and Sons in the year 1885. This sum was set apart for a specific purpose to be meanwhile invested in a distinct fund.

Despatch No. 109, 1885,
Governor to Secretary of
State.

An impression has existed that this amount was included in Surplus Funds, but we are satisfied that it has always been included in "Land Sales," and that the surplus shown at the close of each year is actually Surplus revenue. The actual surplus in December, 1890, according to the accounts to that date was only £2,847 18 4, as against £1,041 11 7 on 31st December, 1894, showing that in the past four years only £1,806 6 9 of the original surplus Revenue have been expended.

In further evidence of the Colony's present satisfactory financial condition the Inventory and Valuation returned by the Storekeeper show that there are, in addition, stores to the value of about £1,200 in the Government Store for which no credit has been or will be taken in the Treasury Accounts.

Payment for these stores was made before the 30th June, last.

These stores do not include those such as coal and oil taken to account as advances and which are debited against the Departments as they make use of them.

At an adjourned Meeting of the Legislative Council held on the 27th February, 1895.
Present:

His Excellency Sir R. T. Gollsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. C. Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

The Council having resolved itself into Committee the following clauses (*vide Bill*) were added to the Ordinance and stood as Clauses 4, 5 and 6.

Clause 4 of the Bill was re-numbered clause 7.

The Council resumed its sitting.

The Honourable the Colonial Surgeon gave notice that at the next meeting of the Council he would move the Third Reading of an Ordinance entitled "An Ordinance to amend the Lunacy Ordinance, 1894."

The Council resumed its consideration in Committee of an Ordinance entitled "An Ordinance to amend Ordinance No. 1 of 1863, and to make further provision for Compulsory Vaccination," when the following words were added to clauses 4 and 7 respectively, the words at the end of clause 4 from the words "for this" in line 21 to "conviction" in line 24 being struck out.

When clause 4 was going through Committee, His Excellency called attention to the absence of awarding punishment to every subsequent disobedience of the order. The Honourable the Colonial Surgeon strongly urged the necessity of taking every precaution to prevent continued disobedience of such an order. It was unanimously considered that power should be given to the Magistrate to inflict a fine if a man showed himself recalcitrant.

His Excellency informed the Council that their wishes in this respect would be conveyed to the Secretary of State.

On the Council resuming its sitting the Honourable the Colonial Surgeon gave notice that at the next meeting he would move the Third Reading and passing of the Ordinance entitled "An Ordinance to amend Ordinance No. 1 of 1868, and to make further provision for Compulsory Vaccination."

The Council having resolved itself into Committee the enacting clause and title of the Ordinance entitled "An Ordinance for the Regulation of the Post Office" were read. The Council resumed, and the Standing Orders having been suspended, the Honourable the Colonial Secretary moved the Third Reading and passing of the Bill entitled "An Ordinance for the Regulation of the Post Office."

His Honour the Judge seconded and the Bill was read a third time and passed.

The Council then resumed its consideration in Committee of the Ordinance entitled "An Ordinance to make provision for the Eradication of Scab or other Infectious or Contagious diseases in Sheep."

The following Clauses (*vide Bill*) were carried and stood as Clauses 41, 42 & 43.

On Clause 41 His Excellency desired that his opinion might be recorded, in order not to appear inconsistent, that it would be unfair if the tax to defray the cost of carrying the Ordinance into effect were levied on the land according to the acreage as the recorded acreage of some Stations would prove to be much less than the actual acreage if surveyed.

The Council resumed its sitting.

The Secretary of State's Despatch No. 73 of 29th August, 1894 having been read, the Honourable the Colonial Secretary moved the following resolution: "That a sum of £60 per annum, being at the rate of £1 4 per pupil be voted as a Grant in Aid towards the Baptist School.

The Resolution was unanimously carried.

The Council adjourned until the 28th February, 1895

Read and Confirmed this Fifth day of April, 1895.

AT THE COURT AT BALMORAL,

The 3rd day of October, 1895.

PRESENT,

THE QUEEN'S MOST EXCELLENT MAJESTY
IN COUNCIL

WHEREAS by an Order in Council, dated the 30th July, 1868, made by Her Majesty in exercise of the powers conferred upon Her by the Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the Merchant Ships of the United States of America the measurement whereof should after the 1st January, 1865, have been ascertained and denoted on the registers and other national papers of such ships, testified by the date thereof, should be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, to the same extent, and for the same purpose, in, to, and for which the tonnage denoted in the Certificate of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions, in respect of crew space and engine room, as would, if such ships were British, be made from their gross tonnage under the laws relating to British Ships.

And whereas by another Order in Council, dated the 19th March, 1883, made in exercise of the aforesaid powers Her Majesty was pleased to direct as follows:—

- 1.—As regards sailing ships, that Merchant Sailing Ships of the United States of America, the measurement whereof after the 5th August, 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage noted in such registers and other national papers, in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of Registry of British sailing ships is deemed to be the tonnage of such ships.
- 2.—As regards Steam Ships:—that Merchant Ships belonging to the United States of America, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steamships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided nevertheless that if the owner or master of any such American steamship desires the deduction for engine room measurement and deduction applicable to British ships instead of under the American Rule, the engine room shall be measured, and the deduction calculated according to the British rules.

And whereas by Section 84 of the Merchant Shipping Act, 1894, it is enacted that, whenever it appears to Her Majesty the Queen in Council, that the tonnage regulations of that Act have been adopted by any Foreign Country, and are in force there, Her Majesty in Council may order that the ships of that Country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their Certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

And whereas it has been made to appear to Her Majesty in Council that the tonnage regulations of the Merchant Shipping Act, 1894, have been adopted by the United States of America and such regulations are now in force there, having come into operation on the 1st day of April, 1895.

And whereas there still are or may be ships belonging to the United States of America to which the hereinbefore recited Orders of the 30th July, 1868, and the 19th March, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited Orders remain in force so long as there are any ships to which the same may so respectively apply.

And whereas the provisions of Section One of the Rules Publication Act, 1893, have been complied with.

NOW, THEREFORE, Her Majesty in pursuance and exercise of the powers hereinbefore mentioned, is hereby pleased, by and with the advice of Her Privy Council to direct that the Merchant ships of the United States of America the measurement whereof shall, after the 1st day of April, 1895, have been ascertained and denoted in the registers and other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of Registry of a British ship is deemed to be the tonnage of that ship.

C. L. PEEL.

At an adjourned Meeting of the Legislative Council held on the 23rd February, 1895.

Present :

His Excellency Sir R. T. Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

ABSENT :

The Honourable F. C. Halkett, Colonial Secretary.

The Honourable the Colonial Surgeon moved the Third Reading and passing of the Bill entitled "An Ordinance to amend the Lunacy Ordinance, 1894." The Honourable J. J. Felton seconded and the Bill was read a third time and passed.

The Honourable the Colonial Surgeon then moved the Third Reading and passing of an Ordinance entitled "An Ordinance to amend Ordinance No. 1 of 1868, and to make further provision for Compulsory Vaccination." The Honourable A. E. Baillon seconded and the Bill was read a third time and passed.

His Excellency reserved his assent to the Bill pending the Secretary of State's instructions as to the insertion of a clause imposing a penalty for continued breaches of an order to vaccinate.

The Council then resolved itself into Committee when in clause 41, line 3, of an Ordinance entitled "An Ordinance to make provision for the eradication of Scab or other Infectious or Contagious diseases in Sheep" the words "town lands alone excepted" were struck out, and the following words were inserted in lieu thereof "save and except all town lands and all unleased Crown lands or lands reserved for Naval, Imperial or other purposes."

The Council resumed.

His Honour the Judge then moved the following resolution :

That a sum of £500 be granted from general revenue for the purpose of defraying the cost of a house to be used as Officers quarters, and in reply to a question by the Honourable A. E. Baillon as to how the sum was to be met His Excellency stated that the financial condition of the Colony was better than in the previous year, there were £2569 balance according to the last Treasury State while there was a sum of £1700 in transit to England and the Surplus Fund stood at £1982.

His Excellency explained the reasons for the necessity of purchasing another house, the Colonial Secretary's quarters were insufficient, and there were no quarters available for the Judge, while the Surveyor was at present occupying the quarters set apart for the Pilot.

The Honourable the Colonial Surgeon seconded and the Resolution was carried unanimously.

The Council adjourned *sine die*.

Read and Confirmed this fifth day of April, 1895.
