SAVINGS BANK, 1902-3.

No. 188/03.

TREASURY OFFICE,

STANLEY, 1st DECEMBER, 1903.

SIR,

I have the honour to forward the following report on the Savings Bank for the year ended 30th September, 1903.

During the year 53 accounts were opened and 68 closed; leaving a total of 375 depositors, amongst whom the balance in hand amounting to £47411 6s. 1d. is distributed. This gives an average of over £126 14s. standing to the credit of each account, or £22 7s. 8d. per head of the population of the Falklands, computing the population at 2100.

Interest amounting to £1233 8s. 11d. has been paid and credited to depositors during the year, being £163 7s. 4d. more than that credited in 1901-2 and the amount of withdrawals for year exceeds the deposits for the same period by £2931 9s. 2d. as shown in the Monthly Summary of Savings Bank Transactions transmitted herewith. (Enclosure *E*.)

The income earned by the Bank during the year has been £1615 11s. 5d. and the expenses incurred £1238 8s. 11d. leaving a profit of £377 2s. 6d. as shown in the profit and loss account for the year ended 30th September, 1903. A summary of the Profit and Loss Account from the establishment of the Bank will be included in next year's Report. The net profit from the establishment of the Savings Bank in April, 1888 to the year ended, 30th September, 1903 amounted to over £1757.

The following is an extract from the Treasurer's Report for the year 1891-2:—"Should the business of the Bank increase at the present ratio, it will be necessary before long to appoint a Special Manager for it." A glance at enclosure *A* will show the increase of the Bank, as will also be seen upon comparing the following figures with enclosures *B* and *D*. Face value of Investments held on 30th September, 1892 £20661 13s. 1d. Interests on Investments received 1891-92 £583 6s. 1d. The Bank is still carried on without any expense for management.

I have the honour to be,

Sir,

Your obedient Servant,

W. A. THOMPSON,

Colonial Treasurer.

The Colonial Secretary,
Falklands.

PROCLAMATION.

By His Excellency WILLIAM GREY-WILSON, Companion of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief in and over the Colony of the Falkland Islands, and Vice-Admiral of the same.

WHEREAS His Majesty the King is happily at peace with all Sovereigns, Powers, and States;

And whereas His Majesty the King has by Proclamation made known that a state of war unhappily exists between His Majesty the Emperor of all the Russias and His Majesty the Emperor of Japan, and between the subjects and citizens of those countries.

And whereas His Majesty is on terms of friendship with each of these States, and with the subjects and inhabitants of those countries, and being desirous of preserving to His subjects the Blessings of Peace, is firmly purposed and determined to maintain a strict and impartial neutrality.

NOW, THEREFORE, I, WILLIAM GREY-WILSON, do hereby publish, promulgate and proclaim, that His Most Excellent Majesty the King hath strictly charged and commanded all His loving subjects to govern themselves accordingly and to observe a strict neutrality in and during the aforesaid war and to abstain from violating or contravening either "an Act to regulate the conduct of Her Majesty's subjects during the existence of hostilities between Foreign States with which Her Majesty is at Peace," or the Laws and Statutes of the Realm in this behalf, or the Law of Nations, or any Treaty made by His Majesty in relation thereto, or the Rules which His Majesty has directed to be observed during the continuance of the present state of war, as they will answer to the contrary at their peril.

And I do further proclaim that the following Rules will be put into execution forthwith:—

Rule A. No Ship of War of either Belligerent may use British waters as a place of resort for warlike purposes or equipment or may leave British waters until twenty-four hours after any ship of other Belligerent, whether ship of war or merchant ship.

Rule B. Every such ship of war shall be required to put to sea within twenty-four hours after entrance unless in the event of stress of weather or necessity for repairs or provisions, in which case she must leave as soon as possible, and certainly within twenty-four hours of completion of repairs.

Rule B is subject to Rule A and time may be extended accordingly.

GOD SAVE THE KING.

Given under my hand at Government House, the Falkland Islands, this 24th day of February, 1904.

By Command of His Excellency the Governor.

W. HART BENNETT,
Colonial Secretary.

PROCLAMATION.

By His Excellency WILLIAM GREY-WILSON, Companion of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief in and over the Colony of the Falkland Islands, and Vice-Admiral of the same.

Whereas by a Proclamation, dated 30th December, 1901, it was ordered:—

1. That from the date thereof, no cattle, sheep, or alfalfa should be imported into this Colony from any part of South America.

2. That should any vessel arrive in this Colony from any part of South America having on board any alfalfa intended to be imported to this Colony, such alfalfa should be immediately destroyed by the Government Stock Inspector or by any Government Officer.

3. That the said Proclamation should continue in force until the 31st day of December, 1902, unless sooner by the Governor in Council revoked.

And Whereas by a Proclamation dated 30th December, 1902, it was ordered that the above provisions should continue in force until the 31st December, 1903.

And Whereas it is expedient that the said Proclamation should continue to be of effect.

NOW, THEREFORE, I, WILLIAM GREY-WILSON, in Council, in pursuance of the powers vested in me by the "Live Stock Ordinance, 1901," do hereby proclaim that the above provisions of the said Proclamation of 30th December, 1901, shall continue in force from the 1st day of January, 1904, until further orders.

GOD SAVE THE KING.

STANLEY,

18th February, 1904.

SIR,

I have the honour to forward to you herewith my Report for the year 1903.

2. The decrease of the number of sheep returned in May, 1903 is due entirely to the bad winter previously, the numbers being 681,209 and 713,934 respectively.

3. The lambing in the year was most satisfactory, giving a high percentage—about 75 per cent.

4. I suggest that it should be made compulsory in Section 30 of the Live Stock Ordinance, that all Farmers should use *Pliers* instead of the Knife for ear-marking.

5. The wool clip for the year was not so good owing to the previous winter; it was tender and had a break in it, but fortunately the price of wool rose.

6. Most of the Farmers are doing their utmost to improve their flocks by selecting and importing new blood into them. I notice a vast improvement in a great many of the flocks.

7. The sheep imported during the year are as follows:—

From New Zealand,	297	Romney Marsh Rams.
„	„	75 Border Leicester „
„	„	60 Lincoln „
„	„	54 Merino „
„	„	59 Romney Marsh Ewes.
Total ...		515

8. Unfortunately a few of both consignments were found to be suffering from foot-rot which had been contracted on the voyage; with due precaution on arrival they were shipped to their destination alright.

9. Other stock imported were 64 horses from Patagonia

10. Lice were very prevalent last year; the farmers have been most successful in exterminating them: only a few cases have been seen this year.

11. In my last year's report I mentioned that the grass seed experiment proved most successful. The experiment was made at Darwin, Lively Island, Fitzroy, Stanley and Quarantine paddock; the seed used, viz:—cocksfoot, rye, and clover, in all parts has taken well. I would recommend the Spring for sowing.

I have the honour to be,

Sir,

Your obedient servant,

JAMES ROBERTSON.

Chief Inspector of Stock.

The Honourable
The Colonial Secretary.

SIR,

As it is undeniable that some anxiety if not suspicion exists in regard to the Land Ordinance which has just come into force, the Governor deems it desirable to offer some explanation, not only as to the objects which the Government had in view in framing the consolidating and amending Ordinance, but also as to the action proposed to be taken under it

2. The 16 repealed Ordinances relating to land cover the period from almost the earliest settlement of the Colony for pastoral purposes to the present day. Time had rendered many of their provisions obsolete; legislation by reference had rendered many obscure, and some contradictory, and experience had shown some of them to be harsh: *e.g.* the power conferred upon the Government to sell leased land at any time by auction; the very limited interpretation of the term "improvement;" and the provision that no compensation should be paid in respect of Suburban land.

3. The price fixed from time to time by the Government as the freehold value of land per actual acre was 8/- in 1847, 9/- and 12/- in 1860, 19/- in 1863, 8/- in 1865, 2/- in 1872, 8/- in 1873, 4/- in 1874, 2/- in 1881, 4/- in 1885, 3/- in 1890 and 4/- in 1895. The only considerable quantity of land ever sold by auction realized 4/- an actual acre in 1895. This was a sale under exceptional circumstances and the purchaser was no doubt under very considerable compulsion to acquire the land in self defence, but very large tracts of land have been sold privately at 3/- a reputed acre and it has more than once been urged upon the Governor that the right conferred by Ordinance 9 of 1890 to purchase at 3/- an acre—which right was subsequently suspended—should be revived.

4. These are the circumstances that impelled the Governor to grapple with the question and attempt to substitute order for confusion and uncertainty and to crystallise, as it were, the freehold value of land at an equitable price, and proportion the rental of land to the freehold value at the low interest of $2\frac{3}{4}$ per cent.

5. The action which the Government proposes to take under the Ordinance is as follows:—

(a) No leases in existence at the time of the passing of the Ordinance will be renewed upon precisely the same terms.

(b) The holder (at a rental of less than £25 a year per 6,000 reputed acres) of a lease of country land, which lease was granted prior to the passing of the Ordinance, will, on applying to the Colonial Secretary two years or thereabouts prior to the expiry of his lease, be informed either that the land will be sold by auction or that the land or any portion of it will be declared a reserve under section 7 of the Ordinance or that he will be granted a new lease under the 1903 Ordinance at a rental of £25 a year for a section of six thousand reputed acres upon the conditions specified in section 21 of the Ordinance and such special additions thereto or exceptions therefrom as may be specified, *e.g.* conditions might be imposed—

(1) in cases where Lessees hold two or more existing leases and one of the stations concerned is necessary to the other or others or useless without it or them, that the Lessee shall on the expiration of any lease granted prior to the passing of the Ordinance accept, if required by the Government, a new lease in respect of any land held by him from the Crown provided its terms are similar to those of his first lease under the Land Ordinance, 1903.

(2) In cases where it appears essential in the public interest that travellers' horses be allowed to graze.

(3) In cases where it appears to be either in the interest of the farmer or of the community that sand or other grass seed should be sown.

(4) In cases such as the present leases of the Peninsula, Fox Bay, and Moody Valley Stations that the Government should have free grazing for a specified number of horses.

The Governor has never contemplated using the right (which is no doubt elastic and necessarily so) conferred by the Ordinance to insert conditions in a lease in an arbitrary or oppressive manner or in any way save for the protection of the Government or the good of the public.

(c) If the holder of such lease or leases declines to accept a new lease he will be entitled to compensation for all "improvements" in accordance with the terms of the Ordinance.

(d) If the holder of such lease or leases accepts the new lease, the latter will not have effect until the determination of the then current lease.

6. With reference to section 7 which confers upon the Governor the right at any time to declare any land a reserve, I am to state that this power would only be used for some public purpose and never during the currency of a lease except with the sanction of the Secretary of State.

There is no present intention of alienating from any farmer any land he now holds, and if hereafter at any time it should be deemed expedient in the public interest to attempt to effect a closer settlement of the land, the Governor is of opinion that it would be equitable to proceed under the Public Lands Ordinance, 1902 and pay full value for the freehold as well as the leasehold land to be acquired.

7. Some anxiety has been expressed that under section 15 a small portion of a large station might be put up to auction by the Government and an exorbitant rent offered and that an outsider having ousted the former holder, and having no other land, might immediately elect to "purchase the whole of the land rented by him" at 3/- an acre. I am to state that no such danger need be anticipated, as the sale by auction would operate in the manner following:—the rent to be paid under the lease would be fixed by the Governor and announced in the advertisement and the lease would then be put up at an upset price under section 19 and sold; the purchaser having to pay for the lease within two months from the date of the sale by auction.

8. The Governor will be prepared to give careful consideration to any application for an amalgamation of existing leases, within reasonable limits and with due regard to the situation and surroundings of the land. The "reasonable limit" applicable to most holdings would be an amalgamation of leases dealing with from 20,000 to 30,000 reputed acres

9. The Governor would also be prepared to give careful consideration to any application for the purchase of a portion only of a lessee's holding, provided the portion to be purchased was separate from and not essential to any other portion of the lands held. It must however be understood that the Governor has no power under the Ordinance to sanction such a purchase without the approval of the Secretary of State. I am to add that the Governor is of opinion that in many instances such a separation of a hold-into freehold and leasehold land would promote eventually by mere evolution that which the Government earnestly desires in the public interest—a closer settlement of the land.

10. As section 23 relating to the fencing of Town land has raised much anxiety, I am to state that the Governor is of opinion that owners should be compelled to restore or remove dilapidated fences, and, subject to this, that the compulsory fencing of Town lands should not be pressed, except in cases where such fencing appears on sanitary or other grounds essential.

11 The Governor expresses an earnest hope that the explanations now offered with the approval of the Secretary of State may convert any suspicion that has existed as to the action of the Government in relation to land into a conviction that there is no intention to deal in any way inequitably or harshly with Lessees or the large stake they hold in the prosperity of the Colony.

12. Appended to this letter is an Extract from the Minutes of the Legislative Council of 16th December, 1903.

I am, Sir,
Your obedient servant,
W. HART BENNETT,
Colonial Secretary.

Extract from Minutes of Legislative Council, 16th December, 1903.

The President, in the course of his reply to remarks by the Hon. J. J. Felton, stated as follows :—

* * * * *

“I would say that if any Governor gives an undertaking, or makes a promise, which is contrary to the provisions of any Ordinance, such undertaking or promise is of no value ; but if a Governor indicates the action that it is proposed to take under any Ordinance and such action is not repugnant to the provisions of the Ordinance and the announcement has the sanction and approval of the Secretary of State, it is binding upon the Government.”

The value and number of Notes received for circulation has stood thus each year:—

1903.	500	—	—	£2500
Total:—	1000	3000	4000	£9000

2. Of the description and value of the Notes in circulation, there are £5 Notes to the value of £2,995; £1 Notes, £2,855; 5/- Notes, £150. These Notes were put into circulation as follows:—

1900.	100	500	—	£1000
1901.	200	1000	2000	£2500
1902.	100	—	—	£ 500
1903.	—	400	200	£ 450

3. The total value of Notes in circulation is therefore £6,000.

4. The Advances that have been made to the Commissioners of Currency by the Colonial Government and the repayments of same stand thus:—

Year.	Advances.	Repayments.
1899.	£17 2 6	...
1900.	£38 0 6	£ 9 17 11
1901.	£5 19 1	£22 6 3

The profit so far actually received for the present year amounts to £5 1s. 5d., but it is estimated that the profit for the whole year will be about £73. The loss in previous years was due to the expenditure on printing and auditing, and in it is included the 1% placed to the credit of the Depreciation Fund.

Draft an Ordinance to provide for the establishment of Municipal Councils.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof, as follows:—

I. Creation and Constitution of Council.

1. It shall be lawful for the Governor in Council, on a petition of a majority of the ratepayers of any town, by Proclamation, to declare that a Municipal Council, hereinafter called "the Council," constituted in the manner herein laid down and possessed of the powers, rights and duties prescribed by this Ordinance, shall be established in such town.

2. It shall be lawful for the Governor in Council to define by notice in the Gazette the limits within which the Council shall exercise jurisdiction, and from time to time to alter, extend or diminish such limits; and the said limits shall be called the "Municipal limits."

3. Whenever a majority of the Electors of any Town present a petition to the Governor praying that the Council of such Town may be abolished, and setting forth in such petition a scheme for securing the discharge of all liabilities incurred by such Council, and for satisfying all vested interests which may have accrued in consequence of the creation of such Council, and the Governor in Council shall be satisfied that such scheme provides ample security for the protection and satisfaction of all equitable claims, rights, titles and interests, it shall be lawful for the Governor by Proclamation to abolish such Council as on and from a date to be therein named, and the affairs of such Town shall thereupon be managed as though a Municipal Council had never existed therein, and all real and personal estate belonging to such Council shall thereupon vest in the Colonial Secretary for the time being, and shall be dealt with by him as directed by the Governor in Council.

4. The Council shall consist of a Chairman and six Councillors or such greater number of Members as shall from time to time be determined by the Governor in Council and notified in the Gazette and one half of such Members shall be elected as hereinafter provided and the other half of such Members and the Chairman shall be nominated by the Governor and appointed under his hand and the seal of the Colony and such nominated Members shall hold office during the Governor's pleasure.

5. Upon the 14th day of April, in the second year following an election under this Ordinance every Councillor shall vacate his seat but shall be eligible for re-election or re-nomination if duly qualified.

II. Electors.

6. In this Ordinance, "elector" shall mean any person, not being an undischarged bankrupt or an alien, and not having been convicted of treason, felony or perjury or of any crime that is infamous (unless he shall have obtained a free pardon), who can read and write and who shall for the whole of the preceding twelve months have occupied any real estate within the Municipal limits of the annual value of not less than £10 in respect of which all rates for which he is liable shall have been paid at the time he records his vote.

7. For the purpose of the first election of any Council under this Ordinance, it shall be the duty of the Colonial Secretary or such other Officer as may be appointed by the Governor to prepare, on or before the 1st day of February in the year next following the creation of a Council as laid down in section 1 hereof, a list of all electors duly qualified under this Ordinance.

Such list shall be affixed to the Court House and other conspicuous places in the Town and shall be accompanied by a notice that all objections to the said list will be heard at a date to be therein named at the Police Court.

8. On the date named in the aforesaid notice the Magistrate, or some other person appointed by the Governor, shall hear all objections that may be made in respect of the said list, and all applications for the insertion of names therein or removal of names therefrom, and shall sign a corrected copy of the list, in which the names shall appear in alphabetical order and with a numeral against each name.

9. The corrected list shall thereupon come into force, and shall be posted in conspicuous places within the Municipal limits and be published in the Gazette.

10. The aforesaid list shall remain in force until a new list shall have been made as hereinafter provided.

11. For the purpose of every election subsequent to the first, it shall be the duty of the Council to prepare a list of all qualified electors. Such list shall be prepared in every year by the last day of February and the procedure with regard to the revision and coming into force of the list shall be the same as that prescribed by this Ordinance with regard to the first or original list.

III. Elections and Councillors.

12. No person shall be elected or nominated to the Council unless he is an "elector" as defined in section 6.

13. A person shall be disqualified for being a Member of the Council, if and while he :—

- (b) has directly or indirectly, by himself or his partner, any share or interest in any contract or employment with, by or on behalf of the Council.

- (c) Is an Officer in the service of the Government, and has not obtained the consent of the Governor in writing.

he shall *ipso facto* cease to be a Councillor and a notification of any vacancy so caused shall be made to the Colonial Secretary and by him published in the Gazette, but any Councillor thus removed may be re-elected or re-nominated subject to the provisions of section 12.

15. If any Member of the Council refuses to obey the ruling of the chair or to comply with the rules of the Council, the Council may, after affording him full opportunity of defending himself, by resolution expel such Member and declare his seat vacant, and his seat shall thereupon become vacant accordingly

16. Any ten electors may nominate any elector a candidate for the Council by signing and forwarding not later than the 14th day of April to the Colonial Secretary or Returning Officer a paper in the following words :—

“ I accept this nomination _____
(Signature of candidate.)

17. Subject to the provisions of this Ordinance, the election of Councillors shall take place in such manner and at such time and subject to such regulations as to the recording and counting of votes and otherwise as may be prescribed by the Governor in Council.

18. Every election shall take place under the presidency of a Returning Officer, to be named by the Governor, and the votes shall be given by ballot.

19. The ballot of every elector shall consist of a paper called a “ ballot paper ” on which shall be entered the names of all candidates duly nominated.

At the time of voting, a ballot paper bearing a number corresponding with the number opposite his name on the list of electors shall be handed to the elector who, having placed against the names of the candidates the number of votes he desires to record in favour of each, shall place it in a ballot box in the presence of the Returning Officer.

20. Every elector may give one vote and no more in respect of each vacant seat on the Council, but he may give all his votes to one candidate or some to one and some to another.

21. At the close of the election the Returning Officer shall count the votes recorded and declare the result, and give to each Councillor a certificate of election, setting forth the number of votes he has received.

22. When an equality is found to exist between any candidates at any election, and the addition of one vote would entitle any of such candidates to be declared elected, the Returning Officer may give such additional vote.

23. The election shall be completed by the 30th day of April.

24. Within seven days after any election, any person may by petition to the Supreme Court show cause why any Councillor should be declared not duly elected and any other person declared duly elected, and the Chief Justice, having heard the complaint, may make such order as justice requires, and direct the Returning Officer to issue his certificate to the person duly elected.

25. Any casual vacancy in the office of Councillor may be filled by a person nominated by the Governor in Council and appointed under the hand of the Governor and seal of the Colony, provided that any Councillor so appointed shall vacate his seat on the 14th day of April next following the date of his appointment.

26. After each election every Councillor whether nominated by the Governor or elected or declared elected on petition as hereinbefore provided shall attend in the Supreme Court at such time or times (not less than seven days after the election) as may be appointed for the purpose by the Chief Justice and the elected Councillors shall then produce for the information of the Chief Justice the certificates of election furnished to them under section 21 or section 24 of this Ordinance, and the Chief Justice shall administer to each Councillor an oath in the following terms:—

I _____ do sincerely promise and swear that I will faithfully and diligently execute to the utmost of my abilities the duties of a Municipal Councillor within the Municipality of _____.

And after the elected Councillors have taken the oath the Chief Justice shall countersign their certificates, and the certificates so countersigned shall be their warrants of admission to the Council.

27. The Colonial Secretary shall fix a day and hour for the first meeting of the Council after each election; and such day shall be not less than seven days nor more than sixteen days after the election; and the Colonial Secretary shall publish a notice of the day and hour so fixed in the Gazette not less than three days before the day fixed for the meeting, and shall cause due notice to be given to each elected Councillor of the appointed time and the place of the meeting, and such notice shall set forth the terms of section 28 of this Ordinance, and shall specify any other business to be dealt with at the meeting.

IV. Councils and Officers.

28. At the first meeting of the Council after each election, the names of the Councillors duly elected shall be entered in the Minute Book, and opposite each name shall be noted the number of votes received by each as shown in the Returning Officer's Certificates issued, as prescribed in sections 21 and 24.

The Council shall then appoint one of their number to be Vice-Chairman.

29. The Chairman shall preside at meetings of the Council and shall have such other functions and powers as may be from time to time assigned to him by the Council.

He shall have an original vote and, in case of an equality of votes, a second vote.

30. (1) The Council shall meet once in every month and at such other times as may be fixed by the rules, or when convened by the Chairman.

(2) If three Councillors present to the Chairman a written request to convene a meeting for considering some particular matter, the Chairman shall convene a meeting without delay, and if he refuses or neglects to convene a meeting within seven days any three Councillors may convene a meeting.

31. (1) Any three Councillors shall be a quorum for the transaction of business.

(2) Every question shall be decided by a majority of the Members present.

(3) No act or proceeding of the Council shall be questioned on account of any seat being vacant.

(4) A Councillor shall not discuss or vote in respect of any matter in which he has directly or indirectly any pecuniary interest.

32. The Vice-Chairman shall preside whenever the Chairman is unable to attend, and in case of the absence, through illness or other cause, of both the Chairman and Vice-Chairman the Councillors may appoint one of their number to fill the office temporarily.

33. The Chairman shall, during the term and by virtue of his office, be a Justice, but, before acting as such, he shall, if he has not already done so, take the oaths required to be taken by a Justice, and such Chairman, in his capacity as Justice, shall be subject to the same restrictions, disqualifications and powers of removal as any other Justice.

34. The Council may appoint a Secretary and Treasurer—not being one of their own number—who shall act as Clerk of the Council, and such other Officers as they may think necessary for the performance of the duties of the Council, and every Officer so appointed shall hold office during the pleasure of the Council and shall be paid such remuneration as the Council may assign to him and the Governor approve: and the Council shall take from any Officer who receives or pays any money on behalf of the Council such security as may be fixed by the Council and approved by the Governor.

35. The Council shall record in a book to be kept for that purpose minutes of their proceedings, and no business shall be entered upon until the minutes of the last preceding meeting shall be read over and confirmed or amended, as the case may require.

36. (1) A copy of any minute of the Council or of one of its Committee signed and certified by the Chairman thereof may be received in evidence, without further proof, for any purpose whatsoever.

(2) Until the contrary is proved, every Meeting of the Council or of one of its Committee in respect of which a minute has been duly confirmed shall be deemed to have been legally convened and held, and the Members thereat to have been duly qualified and to have had power to deal with the matter referred to in such minute.

V. Vesting and disposal of Property.

37. The annual revenues arising within the town of Stanley from the Dog Tax, the Publicans' Licenses, the Tobacco and Billiard Table Licenses under the several Ordinances relating thereto, and from the charge for depasturing on the Common shall be vested in the Municipal Council of Stanley whenever duly constituted, and shall be known as the "Municipal Fund" and shall be applied to discharge any lawful expenditure incurred by the Council under this Ordinance; provided that the Government shall retain for its own use five per cent of such revenues in consideration of the expense and labour of collecting them and shall deduct from such revenues the sum of Fifty Pounds annually in liquidation of the balance due on account of the sum advanced in 1897 from the Land Sales Fund for the purchase of a Steam Fire Engine or in liquidation of any loan hereafter made to the Council and in paying interest at the rate of $3\frac{1}{2}\%$ per annum on so much of any such loans as shall remain due on the first day of January in each year, and provided that the sum to be paid by the Government on account of the revenues hereby allocated to the Municipal Council of Stanley in respect of the year in which the Council comes into existence shall be assessed and determined by the Governor in Council, and paid from the Treasury by Warrant under the hand of the Governor.

38. The income of all Municipal property and all fines, fees and other revenues received shall be carried to the account of the Municipal Fund, and the debts of the Municipality, the salary of officers and expenses of the Council shall be paid out of the Municipal Fund.

VI. Rates.

39. In the event of the aforesaid Municipal Fund being insufficient to meet the authorized lawful expenditure, the Council may, with the consent of the Governor in Council, impose a rate upon all real estate within the Town limits in the manner following:-

40. On or before the first Monday in July in every year the Council may cause to be prepared (in an assessment book to be kept for that purpose) a list in alphabetical order of all persons liable to be rated and the amount at which each is assessed.

41. Every rate so made shall be made upon an estimate of the net annual value of the real estate in respect of which the rate is levied, and shall not exceed the sum of 4/- in the pound.

42. The Council, when the assessment list has been prepared, shall publish a notice that such list has been made and may be inspected at the office of the Council on any day between such hours as are notified, and that all objections to the said list will be heard by the Council at their office on the third Monday in July.

On the said date the Council shall hear any objections that may be made, and insert in the said list any person liable to be rated and strike out of the said list any person who shall not be liable to be rated, and correct all errors in the said list and sign the same.

43. Any person whose name shall be upon any such list duly allowed and signed by the Council may, between the third Monday in July and the end of September, apply by petition to the Supreme Court for the removal or insertion of his own or any other person's name, or for the increase or the reduction of the amount at which he or any other person is assessed, and the Chief Justice may require the attendance of an officer of the Council with the assessment book and summarily hear and deal with any such petition and if he sees fit amend the assessment book, and award costs to be paid in such manner and by and to such parties or persons as he may think just.

44. At any time after the last day of September, the Council may submit the assessment book to the Chief Justice for his signature, and the list when so signed by the Chief Justice shall be the assessment roll upon which the rates shall be levied until a new list shall be signed by the Chief Justice.

45. If any person assessed to any rate under this Ordinance fails to pay the same within fourteen days after payment has been lawfully demanded in writing, the Council shall take proceedings in a Court of Summary Jurisdiction to compel the defaulting party to pay the rate.

46. The Council may remit wholly or in part any rate or tax on the ground of the poverty of the person liable to pay the same, or that the property in respect of which the rate or tax is payable has become deteriorated and that the rate is oppressive.

VII. Borrowing Powers.

47. It shall not be lawful for a Municipal Council to borrow any money for any purpose whatsoever except under the authority of an order of the Governor in Council and subject to such terms and conditions as may be prescribed by such order.

VIII. Audit.

48. Within seven days after the 30th day of June and the 31st day of December in every year the accounts of the Revenue and Expenditure of the Council shall be closed and, after being signed by the Chairman, Treasurer and one Councillor, shall be examined and audited by a person to be appointed by the Governor and may at any time be inspected by any ratepayer on payment of a fee of one shilling.

49. The Auditor may disallow any item of account contrary to law and surcharge the same on the person making or authorizing the making of the illegal payment.

50. Any person aggrieved by such disallowance may appeal to the Supreme Court and, thereupon, the Chief Justice may decide summarily upon the question at issue.

51. The accounts within fourteen days after the completion of the audit shall be forwarded to the Colonial Secretary and a summary thereof shall be by him published in the Government Gazette.
