## GOVERNMENT NOTICES.

No. 15. Colonial Secretary's Office.  
Stanley, Falkland Islands.  
30th January, 1936.

His Excellency the Governor directs the publication of the following telegram received from the Secretary of State for the Colonies :-

"Circular. January, 22nd. The following messages have been addressed by His Majesty :

"(a) to the Royal Navy. On succeeding to the Throne I desire that the Royal Navy and all my other Naval Forces throughout the Empire should know with what gratitude I recall the distinguished services rendered by them during the reign of the King my beloved father and how much I cherish the recollection of the intimate personal association so long subsisting between my family and that profession to which my father devoted his youth and early manhood and in which I and two of my brothers received our early training.

"My visit to many parts of the Empire have enabled me to note with pride that loyalty and devotion to duty remains a watchword of the Royal Navy wherever it is called upon to serve and that same great tradition is guiding developments of Naval services of the Dominions, India, and of all other forces which share in the Naval defence of the British Commonwealth of Nations.

"Conscious as I am of the great trust reposed in you and confident of your determination never to disappoint that trust I shall always regard your efficiency and well-being as matters of the highest importance and I shall take a deep interest in everything which concerns them. *Edward R. I.*

"(b) to the Army. I desire on my Accession to the Throne to express my thanks to the Army for its devoted services to my beloved father. I recall with gratitude the noble response which the Army made during the Great War to his proud confidence in its loyalty, valour and steadfastness. Its welfare was ever in his thoughts.

"My own association with the Army is now of long standing. I look back to my service as a young Officer in the Great War as one of the most valuable experi-

ences of my life. It gave me the opportunity and privilege of comradeship with soldiers drawn from United Kingdom, from the Dominions, from India and from the Colonies. I learned to understand and to appreciate those essential characteristics which united them in the sternest crisis in our History; the same fervent attachment to the Crown, the same good humour and endurance in adversities and the same determination to uphold traditional chivalry and courage which are our common inheritance.

"In happier days of peace I have been able to see by personally visiting the Military Forces of the Crown at home and abroad and have everywhere noted with pride the same gallant bearing which distinguished those forces in the Field.

"I shall be strengthened in the discharge of the great responsibilities which lie before me, by the confidence with which I know I can rely on the unswerving allegiance of all ranks of the Military forces of the Crown throughout the Empire. *Edward R. I.*

"(c) to the Royal Air Force. On my Accession to the Throne I desire at once to address a message to the Air Force - at home and Overseas. The flying services were first created during the reign of my beloved father and it was with close personal interest that he watched their rapid growth from small beginnings; their unification under stresses of War; and their subsequent development into a powerful instrument of defence, which shares with the older services the honourable duty of safe-guarding these shores and the Empire.

"I have ever valued my close association with the Royal Air Force, markedly of recent years by a special connection with the Auxiliary Air Force as its Honorary Air Commander-in-Chief. I have also witnessed with deep satisfaction the creation of the Air Forces of the Dominions and of India. If the Air Forces of the Empire are young, they have all the vigour of youth; and in the space of a few years they have already achieved a high tradition. I shall watch their further progress with keen personal solicitude for their welfare and with entire confidence that they will ever show that pride of service and unswerving loyalty to the Crown which they have displayed since their first inception. *Edward R. I.*

## Report on Education in the Colony for 1935.

—:o:—

### General.

The educational facilities in the Falkland Islands fall into three groups :

- (1) Schools in Stanley, the only town in the Colony.
- (2) A school at Darwin, the largest settlement outside Stanley.
- (3) Itinerant tuition in the country districts or camp.

(1) **STANLEY.** A Government School is maintained from public funds. The curriculum and management are much the same as in an English elementary school, and in addition there is a full-time Continuation Class which provides a two years course of further education. A scheme was instituted in 1924 to assist parents in the camp to send their children to Stanley for schooling. The children were boarded and lodged in a Government hostel and taught in the school at an inclusive charge of ten shillings a month during residence : or, if accommodated in private houses, the Government made a grant towards the cost. In 1929 the hostel was closed owing to lack of support, but the maintenance grants still remain.

There is also a Convent School taught by Roman Catholic Sisters : this school is not under Government control or inspection and receives no grant from public funds.

(2) **DARWIN.** The Falkland Islands Company maintains a school here for the children of its employees.

(3) **THE CAMP.** Four itinerant teachers are provided by Government, one for the East Falkland and three for the West. The teachers travel on horseback from house to house, usually staying a fortnight at each. The houses are isolated, and the teacher may have to travel several hours before he reaches the next place where his services are required. Each man has a definite beat which he covers three or four times in a year. He sends a fortnightly report to Stanley giving a detailed account of the work done, the books in use, a list of books or material wanted, and so on. The Superintendent of Education makes tours of inspection, normally visiting every child under tuition once in two years. In addition to the Government staff, the Falkland Islands Company maintains two camp teachers for work on its extensive farms on the East Falkland.

### Government School.

2. The authorized teaching establishment of the Government School in 1935 was

A Headmaster	} Certified by the Board of Education or the Scottish Education Department.
An Assistant Master	
Two Assistant Mistresses	
An Assistant Teacher	
Three Supplementary Teachers	} Locally trained.

3. The following table shows the number of pupils on the registers at the end of 1935 and the number in average attendance during the year :

		Boys.	Girls.	Total.
Number on roll 31st December, 1935	...	125	67	192
Average number on roll all 1935	... ..	137.1	66.8	203.9
Average attendance for 1935	... ..	124.9	62.3	187.2

The attendance averaged 91.7 per cent for the year, this being the sixth year in succession during which an average of over 90 per cent has been maintained. The average for the six years is 91.5. Thirty-three pupils made an unbroken attendance throughout the year.

4. For the first time since 1926 the school had to be closed — for three weeks in September — for sickness. All the children were medically and dentally examined during the year, and in addition there were medical and dental visits for general inspection.

### Finance.

5. The expenditure under Head XIII Education of the annual estimates of expendi-

ture was £2875 : 2 : 11 in 1935 as compared with £2775 : 10 : 5 in 1934. The revenue collected in 1935 amounted to £137 : 4 : 5 as against £156 : 13 : 10 in 1934. Details of expenditure and revenue in 1935 are as follows :

The East Falkland teacher was away on leave from April to October, during which time a temporary teacher was at work on his beat. The following are the numbers of camp children under tuition by Government travelling teachers during 1935 :

Boys 54                  Girls 34                  Total 88.

### Saint Mary's Convent School.

8. The number of pupils under instruction was as follows :

	Boys.	Girls.	Total.
Darwin School	10	8	18
Camp Teachers	16	16	32
	26	24	50.

### School Fees.

9. The following fees are charged at the Government School :

Each pupil in the Continuation Class	...	1s. 0d. a week
Each pupil below the C.C. & above Standard 1	...	6d. a week
Each pupil below Standard 2	...	3d. a week

provided that the total fees payable in respect of the children of any one family shall not exceed the rate of one shilling weekly.

Exemptions are made for fatherless children and in a small number of other cases where there is inability to pay. Similar charges and conditions are in force at the Roman Catholic school in Stanley. The proportion of expenditure met from fee income is about six per cent. At the Darwin school no fees are charged. In the case of children taught by Travelling Teachers there are no fees, the teacher being boarded and lodged at the expense of the household where he is working.

### A Bill

#### To provide for the succession to Real and Personal Estate on Intestacy.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof as follows:—

Enacting Clause.

1. This Ordinance may be cited as the "Administration of Intestate Estates Ordinance, 1936".

Short Title.

2. In this Ordinance "real and personal estate" means any beneficial interest (including rights of entry and reverter) of the intestate in real and personal estate which (otherwise than in right of a power of appointment or of the testamentary power conferred by statute to dispose of entailed interests) he could, if of full age and capacity, have disposed of by his will.

Definition.

3. (1) With regard to the real estate and personal inheritance of every person dying after the commencement of this Ordinance, there shall be abolished—

Abolition of descent to heir.

All existing modes rules and cannons of descent, and of devolution by special occupancy or otherwise, of real estate, or of a personal inheritance, whether operating by the general law or otherwise howsoever.

(2) Nothing in this section affects the descent or devolution of an entailed interest.

4. (1) The residuary estate of an intestate shall be distributed in the manner or be held on the trusts mentioned in this section, namely—

Succession to real and personal estate on intestacy.

(i) If the intestate leaves a husband or wife (with or

without issue) the surviving husband or wife shall take the personal chattels absolutely, and in addition the residuary estate of the intestate (other than the personal chattels) shall stand charged with the payment of a net sum of one thousand pounds, free of death duties and costs, to the surviving husband or wife with interest thereon from the date of the death at the rate of five pounds per cent. per annum until paid or appropriated, and subject to providing for that sum and the interest thereon, the residuary estate (other than the personal chattels) shall be held—

(a) If the intestate leaves no issue, upon trust for the surviving husband or wife during his or her life;

(b) If the intestate leaves issue, upon trust, as to one half, for the surviving husband or wife during his or her life, and, subject to such life interest, on the statutory trusts for the issue of the intestate, and, as to the other half, on the statutory trusts for the issue of the intestate, but if those trusts fail or determine in the lifetime of a surviving husband or wife of the intestate, then upon trust for the surviving husband or wife during the residue of his or her life;

- (ii) If the intestate leaves issue but no husband or wife, the residuary estate of the intestate shall be held on the statutory trusts for the issue of the intestate;
- (iii) If the intestate leaves no issue but both parents, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the father and mother in equal shares absolutely;
- (iv) If the intestate leaves no issue but one parent, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the surviving father or mother absolutely;
- (v) If the intestate leaves no issue or parent, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the following persons living at the death of the intestate, and in the following order and manner, namely:—

First, on the statutory trusts for the brothers and sisters of the whole blood of the intestate; but if no person takes an absolutely vested interest under such trusts; then

Secondly, on the statutory trusts for the brothers and sisters of the half blood of the intestate; but if no person takes an absolutely vested interest under such trusts; then

Thirdly, for the grandparents of the intestate and, if more than one survive the intestate, in equal shares; but if there is no member of this class; then

Fourthly, on the statutory trusts for the uncles and aunts of the intestate (being brothers or sisters of the whole blood of a parent of the intestate); but

if no person takes an absolutely vested interest under such trusts; then

Fifthly, on the statutory trusts for the uncles and aunts of the intestate (being brothers or sisters of of the half blood of a parent of the intestate); but if no person takes an absolutely vested interest under such trusts; then

Sixthly, for the surviving husband or wife of the intestate absolutely;

- (vi) In default of any person taking an absolute interest under the foregoing provisions, the residuary estate of the intestate shall belong to the Crown, as bona vacantia, and in lieu of any right to escheat.

The Crown may out of the whole or any part of the property devolving on them respectively, provide, in accordance with the existing practice, for dependents, whether kindred or not, of the intestate, and other persons for whom the intestate might reasonably have been expected to make provision.

(2) A husband and wife shall for all purposes of distribution or division under the foregoing provisions of this section be treated as two persons.

5. (1) Where under this Ordinance the residuary estate of an intestate, or any part thereof, is directed to be held on the statutory trusts for the issue of the intestate, the same shall be held upon the following trusts, namely:—

Statutory trusts in favour of issue and other classes of relatives of intestate.

- (i) In trust, in equal shares if more than one, for all or any of the children or child of the intestate, living at the death of the intestate, who attain the age of twenty-one years or marry under that age, and for all or any of the issue living at the death of the intestate who attain the age of twenty-one years or marry under that age of any child of the intestate who predeceases the intestate, such issue to take through all degrees, according to their stocks, in equal shares if more than one, the share which their parent would have taken if living at the death of the intestate, and so that no issue shall take whose parent is living at the death of the intestate and so capable of taking;
- (ii) The statutory power of advancement, and the statutory provisions which relate to maintenance and accumulation of surplus income, shall apply, but when an infant marries such infant shall be entitled to give valid receipts for the income of the infant's share or interest;
- (iii) Where the property held on the statutory trusts for issue is divisible into shares, then any money or property which, by way of advancement or on the marriage of a child of the intestate, has been paid to such child by the intestate or settled by the intestate for the benefit of such child (including any life or less interest and including property covenanted to be paid or settled) shall, subject to any contrary intention expressed or appearing from the circumstances of the case, be taken as being so paid or settled in or towards satisfaction of the share of such child or the share

which such child would have taken if living at the death of the intestate, and shall be brought into account, at a valuation (the value to be reckoned as at the death of the intestate), in accordance with the requirements of the personal representatives;

- (iv) The personal representatives may permit any infant contingently interested to have the use and enjoyment of any personal chattels in such manner and subject to such conditions (if any) as the personal representatives may consider reasonable, and without being liable to account for any consequential loss.

(2) If the trusts in favour of the issue of the intestate fail by reason of no child or other issue attaining an absolutely vested interest—

- (a) the residuary estate of the intestate and the income thereof and all statutory accumulations, if any, of the income thereof, or so much thereof as may not have been paid or applied under any power affecting the same, shall go, devolve and be held under the provisions of this Ordinance as if the intestate had died without leaving issue living at the death of the intestate;
- (b) references in this Ordinance to the intestate "leaving no issue" shall be construed as "leaving no issue who attain an absolutely vested interest";
- (c) references in this Ordinance to the intestate "leaving issue" or "leaving a child or other issue" shall be construed as "leaving issue who attain an absolutely vested interest."

(3) Where the residuary estate of an intestate or any part thereof is directed to be held on the statutory trusts for any class of relatives of the intestate, other than issue of the intestate, the same shall be held on trusts corresponding to the statutory trusts for the issue of the intestate (other than the provision for bringing any money or property into account) as if such trusts (other than as aforesaid) were repeated with the substitution of references to the members or member of that class for references to the children or child of the intestate.

Powers of personal representative in respect of interests of surviving spouse.

6. (1) Where a surviving husband or wife is entitled to a life interest in the residuary estate or any part thereof the personal representative may, either with the consent of any such tenant for life (not being also the sole personal representative) or, where the tenant for life is the sole personal representative, with the leave of the court, purchase or redeem such life interest (while it is in possession) by paying the capital value thereof (reckoned according to tables selected by the personal representative) to the tenant for life or the persons deriving title under him or her and the costs of the transaction, and thereupon the residuary estate of the intestate may be dealt with or distributed free from such life interest.

(2) The personal representatives may raise—

- (a) the net sum of one thousand pounds or any part thereof and the interest thereon payable to the surviving husband or wife of the intestate on the security of the whole or any part of the residuary estate of the intestate (other than the personal chattels), so far as that estate may be sufficient for the purpose or the said sum and interest may not have been satisfied by

an appropriation under the statutory power available in that behalf; and

- (b) in like manner the capital sum, if any, required for the purchase or redemption of the life interest of the surviving husband or wife of the intestate, or any part thereof not satisfied by the application for that purpose of any part of the residuary estate of the intestate;

and in either case the amount, if any, properly required for the payment of the costs of the transaction.

7. Where any person dies leaving a will effectively disposing of part of his property, this Ordinance shall have effect as respects the part of his property not so disposed of subject to the provisions contained in the will and subject to the following modifications :—

Application to cases of partial intestacy.

- (a) The requirements as to bringing property into account shall apply to any beneficial interests acquired by any issue of the deceased under the will of the deceased, but not to beneficial interests so acquired by any other persons;
- (b) The personal representative shall, subject to his rights and powers for the purposes of administration, be a trustee for the persons entitled under this Ordinance in respect of the part of the estate not expressly disposed of unless it appears by the will that the personal representative is intended to take such part beneficially.

8. (1) References to any Statutes of Distribution in an instrument inter vivos made or in a will coming into operation after the commencement of this Ordinance shall be construed as references to this Ordinance and references in such an instrument or will to statutory next of kin shall be construed, unless the context otherwise requires, as referring to the persons who would take beneficially on an intestacy under the foregoing provisions of this Ordinance.

Construction of documents.

(2) Trusts declared in an instrument inter vivos made, or in a will coming into operation, before the commencement of this Ordinance by reference to the Statutes of Distribution, shall, unless the contrary thereby appears, be construed as referring to the enactments (other than the Intestates' Estates Act, 1890) relating to the distribution of effects of intestates which were in force immediately before the commencement of this Ordinance.

9. (1) Nothing in this Ordinance affects the right of any person to take beneficially, by purchase, as heir either general or special.

Savings.

(2) The foregoing provisions of this Ordinance do not apply to any beneficial interest in real estate (not including chattels real) to which a lunatic or defective living and of full age at the commencement of this Ordinance, and unable, by reason of his incapacity, to make a will, who thereafter dies intestate in respect of such interest without having recovered his testamentary capacity, was entitled at his death, and any such beneficial interest (not being an interest ceasing on his death) shall, without prejudice to any will of the deceased, devolve in accordance with the general law in force before the commencement of this Ordinance applicable to freehold land, and that law shall, notwithstanding any repeal, apply to the case.

For the purposes of this subsection, a lunatic or defective

who dies intestate as respects any beneficial interest in real estate shall not be deemed to have recovered his testamentary capacity unless his committee or receiver has been discharged.

(3) Where an infant dies after the commencement of this Ordinance without having been married, and independently of this subsection he would, at his death, have been equitably entitled under a settlement (including a will) to a vested estate in fee simple or absolute interest in freehold land, or in any property settled to devolve therewith or as freehold land, such infant shall be deemed to have had an entailed interest, and the settlement shall be construed accordingly.

(4) This Ordinance does not affect the devolution of an entailed interest as an equitable interest.

Conditions attached to licences.

9. (1) There shall be attached to every licence under this Ordinance authorising the use of a ship for taking whales a condition that the remuneration of the gunners and crew of the ship must, so far as it is calculated by reference to the results of their work, be calculated by reference to the size, species, oil-yield and value of the whales taken, and in such manner as to exclude remuneration in respect of any whale which is of less than such length as may be prescribed for the purposes of this section, or the taking of which is prohibited by this Ordinance.

(2) There shall be attached to every licence under this Ordinance authorising the use of a ship or factory for treating whales, the following conditions, that is to say :—

(a) that there must be recorded in the prescribed manner and by the prescribed person —

(i) with respect to each whale treated in the ship or factory, the date and place of taking, the species and the sex of the whale, and such measurements and other biological information (including information as to the contents of its internal organs) as may be prescribed; and

(ii) the prescribed particulars as to the number of whales treated in the ship or factory, and as to the yield of oil of different grades, and the quantities of meal, guano and other products derived from those whales; and

(b) that the ship or factory must be equipped with plant of a type approved by the Governor for the extraction of oil from the blubber, flesh and bones of whales, and that steps must be taken to ensure that the plant is kept in good order and operated efficiently; and

(4) There may be attached to any licence under this Ordinance such conditions (if any) in addition to the conditions required by the foregoing provisions of this section, as appear to the Governor to be necessary or expedient for the purpose of preventing, so far as practicable :—

(a) any wastage of whales or whale products; or

(b) the taking of whales during certain seasons.

(5) Notwithstanding anything in the foregoing provisions of this section, no condition involving the substitution of one

type of plant for another shall be attached to a licence under this section unless at least twelve months' notice of the intention to impose the condition has been given by the Colonial Secretary or such other officer as the Governor may appoint for the purpose in such manner as the authority think best for informing the persons concerned.

(6) The Colonial Secretary or such other officer as the Governor may appoint for the purpose may refuse to grant a licence under this Ordinance in respect of a ship or factory until the authority is satisfied, from an inspection of the ship or factory or by such other evidence as he may require, that any condition affecting the structure or equipment of the ship or factory which it is proposed to attach to the licence has been complied with.

(7) If any condition attached to a licence under this Ordinance is contravened or not complied with, then, in the case of a licence granted in respect of a ship, the master and (subject to the following provisions of this Ordinance) the owner and the charterer, if any, of the ship, or, in the case of a licence granted in respect of a factory, the manager and (subject as aforesaid) the occupier of a factory, shall each be liable to imprisonment for a term not exceeding three months, or to a fine not exceeding two hundred pounds, or to both such imprisonment and such fine; and the court by whom the offender is convicted may, if the court think fit, cancel any licence granted under this Ordinance to the offender, being a licence which is for the time being in force in respect of the ship or factory, as the case may be, and that licence shall thereafter cease to be in force.

(8) Without prejudice to the provisions of the last foregoing sub-section, if any person fails to keep any record in accordance with the conditions attached to a licence under this Ordinance or knowingly makes in any record which he is required by such conditions to keep, a statement false in any material particular, he shall be liable to imprisonment for a term not exceeding three months, or to a fine not exceeding fifty pounds, or to both such imprisonment and such fine.

10. (1) Notwithstanding anything in this Ordinance the Governor may grant to any person a special permit authorising that person to kill, take, and treat whales for purposes of scientific research or for other exceptional purposes, subject to such restrictions as to number, and subject to such other conditions as the Governor may think fit, and the killing, taking or treating of whales in accordance with a permit in force under this section shall be exempt from the operation of the foregoing provisions of this Ordinance.

(2) Proceedings in respect of offence under this Ordinance, or under any regulations made thereunder, may be taken, before the Police Magistrate or any two Justices of the Peace in a summary manner, or in the Supreme Court of the Colony.

## Financial Report for the Year 1935.

Colonial Treasury,  
Stanley, Falkland Islands,  
9th April, 1936.

To the Honourable,  
The Colonial Secretary,  
Stanley.

Sir,

I have the honour to submit the following Report on the financial transactions of the Colony of the Falkland Islands and its Dependencies for and in respect of the year ended 31st of December, 1935.

### The Falkland Islands.

2. The year's account summarised is as follows :—

Excess of Assets over Liabilities on the 1st January, 1935	...	£307,006 : 14 : 3.
<u>Revenue, 1935 :</u>		
Revenue from general sources	...	£44,536 : 17 : 2.
Contribution from Dependencies Revenue		5,096 : 1 : 2.
Total Ordinary Revenue	...	£49,632 : 18 : 4.
Land Sales	...	180 : 8 : 0.
		£49,813 : 6 : 4.
		£356,820 : 0 : 7.
<u>Expenditure, 1935 :</u>		
Ordinary Expenditure	...	£44,829 : 1 : 1.
Extraordinary Expenditure	...	13,211 : 4 : 11.
Depreciation of Investments	...	1,765 : 13 : 5.
		59,805 : 19 : 5.
Land Sales	...	109 : 15 : 4.
		£ 59,915 : 14 : 9.
Excess of Assets over Liabilities on the 31st December, 1935	...	£296,904 : 5 : 10.
Net results of year's working – Decrease of Assets	...	£ 10,102 : 8 : 5.

3. Despite the decrease of assets, which no doubt may be considered large, the position is not as serious as it may appear, as actually the excess of assets over liabilities as at the 31st of December, 1935, amounting to £296,904 : 5 : 10, is, with the exception of the year 1934, the highest surplus recorded. With regard to the year 1934, the assets were considerably increased as the result of Appreciation of Investments. The present decrease is due to circumstances which could not be foreseen. The principal item contributing to the decrease was on account of the Savings Bank. Under Head IX of Revenue, item 6, it was estimated that £3,950 would accrue to interest after the amount required to meet interest on Deposits had been met. The surplus interest was, however, £2,693 : 6 : 7, and as the Savings Bank Deposits during the year were abnormal, this amount, together with a sum of £3,965 : 18 : 5, which it was found necessary to provide under Expenditure Head XVIII, item 23, was credited to the Savings Bank Fund, to bring the securities up to 110% of the value of deposits in the Bank.

Again, owing to the shortfall in Dependencies Revenue, out of the sum of £8,000 estimated as the Contribution from Dependencies for 1935, only £5096 : 1 : 2 was received, but the difference between the approved estimate and the amount received, viz: £2,903 : 18 : 10, will be recovered, probably during the year 1936.

Finally, it was necessary to provide a sum of £1,765 : 13 : 5 as the result of Depreciation of Investments and £2,322 : 2 : 11 for the payment of unemployment relief consequent upon a considerable reduction of proposed Public Works.

4. The following table shows the trend of the Colony's Revenue and Expenditure during the past five years :—

#### Definition.

2. In this Ordinance “real and personal estate” means any beneficial interest (including rights of entry and reverter) of the intestate in real and personal estate which (otherwise than in right of a power of appointment or of the testamentary power conferred by statute to dispose of entailed interests) he could, if of full age and capacity, have disposed of by his will.

#### Abolition of descent to heir.

3. (1) With regard to the real estate and personal inheritance of every person dying after the commencement of this Ordinance, there shall be abolished—

All existing modes rules and cannons of descent, and of devolution by special occupancy or otherwise, of real estate, or of a personal inheritance, whether operating by the general law or otherwise howsoever.

4. (1) The residuary estate of an intestate shall be distributed in the manner or be held on the trusts mentioned in this section, namely—

(i) If the intestate leaves a husband or wife (with or

without issue) the surviving husband or wife shall take the personal chattels absolutely, and in addition the residuary estate of the intestate (other than the personal chattels) shall stand charged with the payment of a net sum of one thousand pounds, free of death duties and costs, to the surviving husband or wife with interest thereon from the date of the death at the rate of five pounds per cent. per annum until paid or appropriated, and subject to providing for that sum and the interest thereon, the residuary estate (other than the personal chattels) shall be held—

- (iv) If the intestate leaves no issue but one parent, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the surviving father or mother absolutely;
- (v) If the intestate leaves no issue or parent, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the following persons living at the death of the intestate, and in the following order and manner, namely:—

Fifthly, on the statutory trusts for the uncles and aunts of the intestate (being brothers or sisters of of the half blood of a parent of the intestate); but if no person takes an absolutely vested interest under such trusts; then

Sixthly, for the surviving husband or wife of the intestate absolutely;

- (vi) In default of any person taking an absolute interest under the foregoing provisions, the residuary estate of the intestate shall belong to the Crown, as bona vacantia, and in lieu of any right to escheat.

The Crown may out of the whole or any part of the property devolving on them respectively, provide, in accordance with the existing practice, for dependents, whether kindred or not, of the intestate, and other persons for whom the intestate might reasonably have been expected to make provision.

(2) A husband and wife shall for all purposes of distribution or division under the foregoing provisions of this section be treated as two persons.

5. (1) Where under this Ordinance the residuary estate of an intestate, or any part thereof, is directed to be held on the statutory trusts for the issue of the intestate, the same shall be held upon the following trusts, namely :—

- (i) In trust, in equal shares if more than one, for all or any of the children or child of the intestate, living at the death of the intestate, who attain the age of twenty-one years or marry under that age, and for all or any of the issue living at the death of the intestate who attain the age of twenty-one years or marry under that age of any child of the intestate who predeceases the intestate, such issue to take through all degrees, according to their stocks, in equal shares if more than one, the share which their parent would have taken if living at the death of the intestate, and so that no issue shall take whose parent is living at the death of the intestate and so capable of taking;
- (ii) The statutory power of advancement, and the statutory provisions which relate to maintenance and accumulation of surplus income, shall apply, but when an infant marries such infant shall be entitled to give valid receipts for the income of the infant's share or interest;

which such child would have taken if living at the death of the intestate, and shall be brought into account, at a valuation (the value to be reckoned as at the death of the intestate), in accordance with the requirements of the personal representatives;

- (iv) The personal representatives may permit any infant contingently interested to have the use and enjoyment of any personal chattels in such manner and subject to such conditions (if any) as the personal representatives may consider reasonable, and without being liable to account for any consequential loss.

(2) If the trusts in favour of the issue of the intestate fail by reason of no child or other issue attaining an absolutely vested interest –

- (a) the residuary estate of the intestate and the income thereof and all statutory accumulations, if any, of the income thereof, or so much thereof as may not have been paid or applied under any power affecting the same, shall go, devolve and be held under the provisions of this Ordinance as if the intestate had died without leaving issue living at the death of the intestate;

- (c) references in this Ordinance to the intestate “leaving issue” or “leaving a child or other issue” shall be construed as “leaving issue who attain an absolutely vested interest.”

(3) Where the residuary estate of an intestate or any part thereof is directed to be held on the statutory trusts for any class of relatives of the intestate, other than issue of the intestate, the same shall be held on trusts corresponding to the statutory trusts for the issue of the intestate (other than the provision for bringing any money or property into account) as if such trusts (other than as aforesaid) were repeated with the substitution of references to the members or member of that class for references to the children or child of the intestate.

6. (1) Where a surviving husband or wife is entitled to a life interest in the residuary estate or any part thereof the personal representative may, either with the consent of any such tenant for life (not being also the sole personal representative) or, where the tenant for life is the sole personal representative, with the leave of the court, purchase or redeem such life interest (while it is in possession) by paying the capital value thereof (reckoned according to tables selected by the personal representative) to the tenant for life or the persons deriving title under him or her and the costs of the transaction, and thereupon the residuary estate of the intestate may be dealt with or distributed free from such life interest.

an appropriation under the statutory power available in that behalf; and

- (b) in like manner the capital sum, if any, required for the purchase or redemption of the life interest of the surviving husband or wife of the intestate, or any part thereof not satisfied by the application for that purpose of any part of the residuary estate of the intestate;

and in either case the amount, if any, properly required for the payment of the costs of the transaction.

Application to cases of partial intestacy.

7. Where any person dies leaving a will effectively disposing of part of his property, this Ordinance shall have effect as respects the part of his property not so disposed of subject to the provisions contained in the will and subject to the following modifications :—

8. (1) References to any Statutes of Distribution in an instrument inter vivos made or in a will coming into operation after the commencement of this Ordinance shall be construed as references to this Ordinance and references in such an instrument or will to statutory next of kin shall be construed, unless the context otherwise requires, as referring to the persons who would take beneficially on an intestacy under the foregoing provisions of this Ordinance.

(2) Trusts declared in an instrument inter vivos made, or in a will coming into operation, before the commencement of this Ordinance by reference to the Statutes of Distribution, shall, unless the contrary thereby appears, be construed as referring to the enactments (other than the Intestates' Estates Act, 1890) relating to the distribution of effects of intestates which were in force immediately before the commencement of this Ordinance.

Savings

9. (1) Nothing in this Ordinance affects the right of any person to take beneficially, by purchase, as heir either general or special.

(2) The foregoing provisions of this Ordinance do not apply to any beneficial interest in real estate (not including chattels real) to which a lunatic or defective living and of full age at the commencement of this Ordinance, and unable, by reason of his incapacity, to make a will, who thereafter dies intestate in respect of such interest without having recovered his testamentary capacity, was entitled at his death, and any such beneficial interest (not being an interest ceasing on his death) shall, without prejudice to any will of the deceased, devolve in accordance with the general law in force before the commencement of this Ordinance applicable to freehold land, and that law shall, notwithstanding any repeal, apply to the case.

For the purposes of this subsection, a lunatic or defective

who dies intestate as respects any beneficial interest in real estate shall not be deemed to have recovered his testamentary capacity unless his committee or receiver has been discharged.

9. (1) There shall be attached to every licence under this Ordinance authorising the use of a ship for taking whales a condition that the remuneration of the gunners and crew of the ship must, so far as it is calculated by reference to the results of their work, be calculated by reference to the size, species, oil-yield and value of the whales taken, and in such manner as to exclude remuneration in respect of any whale which is of less than such length as may be prescribed for the purposes of this section, or the taking of which is prohibited by this Ordinance.

(2) There shall be attached to every licence under this Ordinance authorising the use of a ship or factory for treating whales, the following conditions, that is to say :—

(8) Without prejudice to the provisions of the last foregoing sub-section, if any person fails to keep any record in accordance with the conditions attached to a licence under this Ordinance or knowingly makes in any record which he is required by such conditions to keep, a statement false in any material particular, he shall be liable to imprisonment for a term not exceeding three months, or to a fine not exceeding fifty pounds, or to both such imprisonment and such fine.

10. (1) Notwithstanding anything in this Ordinance the Governor may grant to any person a special permit authorising that person to kill, take, and treat whales for purposes of scientific research or for other exceptional purposes, subject to such restrictions as to number, and subject to such other conditions as the Governor may think fit, and the killing, taking or treating of whales in accordance with a permit in force under this section shall be exempt from the operation of the foregoing provisions of this Ordinance.

## LEGISLATIVE COUNCIL.

### Minutes of Meeting held on the 28th of May, 1936.

1. His Excellency the Governor and the members of the Council took the Oath of Allegiance to His Majesty King Edward VIIIth.

2. The Minutes of the meeting held on the 18th of November, 1935, were confirmed.

3. The Governor delivered to the Council the following Message :

“Honourable Members of Legislative Council,

“This is the first Session of the Falkland Islands Legislature since  
“the death of our beloved Sovereign King George V, and Honourable  
“Members will wish me to record our sense of grief at the loss of One  
“whom we have so deeply mourned in common with the whole Empire.

“We will also wish to record at this Session the profound devotion  
“of the Legislature and the people of the Colony to the Throne and person  
“of His Majesty King Edward the VIIIth.

---

“Comparative Statements of the Revenue and Expenditure of the  
“Colony for the year 1935 will be laid before you today with the Treasurer’s  
“financial report.

“You will observe that the surplus Assets of the Colony decreased  
“by £10,102 during the past year although the total expenditure of the  
“Government was lower than the amount provided in the Budget by this  
“Council in 1934. Certain unforeseen and indeed unforeseeable charges were  
“made against the expenditure side of the accounts and the revenue fell short  
“of the estimate for the reasons detailed by the Treasurer. Fortunately  
“the deficit is mainly ascribable to the Government system of accounting  
“and it has not been necessary to realize any of the Colony’s vested securities.  
“None the less the need for careful administration of the finances is indicated.

“At the last meeting of this Council I informed Honourable Members  
“that the Treasurer would be charged with the duty of investigating the  
“cost of administration with a view to effecting economies. The Treasurer  
“has furnished me with a report which is now in the hands of the Secretary  
“of State for the Colonies and you will in due course be invited to consider  
“certain reductions in expenditure which can it is believed be effected with-  
“out sacrifice of efficiency.

“It is much to be deplored for the sake of the men concerned and  
“their dependents that conditions of unemployment still continue. There  
“was a decrease in the earlier part of the second year of relief payments  
“of from 50 to 37 in the average number receiving relief weekly but the  
“tendency is now upwards as is temporarily inevitable in the winter months.  
“I must once again urge private employers and particularly farmers to en-  
“gage extra labour whenever possible. The rise in the price of wool and  
“oil and certain other factors give hope of increased trade and employment  
“but no satisfaction can be felt while any man is out of employment who is  
“willing and able to engage for work.

“It will become necessary shortly to replace the Government launch  
“Penguin” which has now been in service for over 27 years. The means  
“are available from a renewals fund which has been built up in the course  
“of years and it is hoped to procure a vessel early in 1937. I have con-  
“sidered it desirable to secure a vessel fitted for visiting the West Falkland

"and the outlying islands when not required for harbour duties. Tenders have been called from firms in the United Kingdom and you will be asked to approve of the expenditure when the amount has been ascertained.

"You will be asked to consider and enact some twelve bills to-day covering a wide variety of subjects. The more important from a local standpoint are those relating to inheritance, the restriction on deposits in the Savings Bank and their safeguard, the control of cattle on the Common and the Workmen's Compensation Bill."

4. The Honourable the Acting Colonial Secretary, by command, laid on the Table the following papers :

- (i) Copies of all Regulations, Orders and Bye-laws made or approved by the Governor in Executive Council since the last meeting of the Legislative Council.

Provided that where such a person receives in respect of some period of public service both a gratuity and a pension, the amount of such pension shall be deemed for the purpose of this sub-section to be four-thirds of its actual amount.

(3) In a case falling under the limitation laid down by sub-section (2), the amount of the pension to be drawn from the funds of the Colony shall be subject to the approval of the Secretary of State, in order that it may be determined with due regard to the amount of any pension or pensions similarly to be drawn in respect of other public service.

11. Every pension granted under this Ordinance shall be subject to the condition that unless or until the officer has attained the age of 55 years, he may, if physically fit for service, be called upon by the Secretary of State to accept, in lieu of his pension, an office, whether in the Colony or in any other public service, not less in value, due regard being had to circumstances of climate, than the office which he held at the date of the grant of his pension.

Provided always that the pension or allowance shall be restored with retrospective effect in the case of a person who after conviction at any time receives a free pardon;

restrictions as in the case of bankruptcy hereinbefore provided.

- (c) where the injury is not the sole cause of retirement, but the retirement is caused partly by age or infirmity not due to the injury :

Provided also that the total amount of the additional pension shall not exceed the amount prescribed in Section 10 (4) of the Ordinance.

Pension to injured officer where service is less than ten years.

(2) An officer so injured, whose length of service is not such as to qualify him for a pension under Regulation 2, but who is qualified for a gratuity under Regulation 3, may nevertheless be granted in lieu of such a gratuity a pension at the rate of one-sixth hundredth part of his pensionable emoluments for each complete month of pensionable service together with such additional pension as might be awarded to him under the preceding part of this Regulation if he were qualified for pension.

(3) An officer so injured who is not qualified for either a pension under Regulation 2, or a gratuity under Regulation 3 may nevertheless be granted a pension of the same amount as the additional pension which he might have been granted if he had been so qualified.

Officers who have served in a non-pensionable office.

13. In special cases an officer holding a non-pensionable office may :—

- (a) if he has served the Colony for not less than seven years and is removed in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organisation of the Department to which he belongs by which greater efficiency and economy can be effected ; or
- (b) if he has served for not less than fifteen years and he retires in any of the cases set out in Section 7 of the Ordinance, be granted a compassionate gratuity not exceeding one pound or one week's pay, whichever is the greater for each year of his service.

Officers transferred from pensionable to non-pensionable office.

14. Where an officer has been transferred from a pensionable to a non-pensionable office and subsequently retires either from a pensionable or non-pensionable office in circumstances in which he might have been granted a pension if he had continuously held a pensionable office, he may, with the approval of the Governor in Council, be allowed to count his service in the non-pensionable office as though it were service in the pensionable office which he held immediately prior to such transfer, and at the pensionable emoluments which were payable to him at the date of transfer.

Gratuity and reduced pension.

15. (1) Any officer to whom a pension is granted under the Ordinance may, at his option exercisable as hereinafter provided, be paid in lieu of such pension a pension at the rate of three-fourths of such pension together with a gratuity equal to ten times the amount of the reduction so made in the pension.

(2) The option referred to in sub-section (1) shall be exercisable :—

- (a) in the case of an officer to whom, if retired on the ground of ill-health, a pension might be awarded by reason only of the taking into account, under Regulation 9 of service in an appointment other than a pensionable office; not later than six months from the date when he receives notice of the approval of the Governor in Council for taking such service into account.
- (b) in the case of an officer who is transferred to the

service of the Colony from other public service, not later than thirteen months after the date of his transfer or one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under this Ordinance, whichever shall be the later;

- (c) in the case of any other officer; not later than one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under the Ordinance:

Provided always

- (i) that an officer who has previously had the opportunity of exercising the option but has not done so may apply within one month of his subsequent marriage for permission to exercise the option, which permission may be granted at the Governor's discretion after examination of the officer by a Government Medical Board;
- (ii) that the date of the exercise of the option shall be deemed to be the date of the receipt of his written notification addressed either to the Colonial Secretary in the Colony or to the Crown Agents for the Colonies; and
- (iii) that if an officer has exercised the option his decision shall be irrevocable so far as concerns any pension ultimately to be granted to him under the Ordinance.

## PART II.

### *Special Regulations for Officers with other Public Service.*

#### 16. For the purpose of these Regulations :-

The term "Scheduled Government" means any Government included in the Schedule to these Regulations.

The term "Service in the Group" means service under the Government of the Colony, and under a Scheduled Government or Governments.

#### Definitions.

17. Subject to the succeeding Regulations, the provisions of Regulations 8 (2), 9, 13, 14, and 15 shall apply to the case of an officer who has been transferred to or from the service of the Colony from or to other public service and the provisions of Regulations 4, 5, 6, 7, 8 (1), and 10 shall apply to the case of an officer so transferred as if his whole service had been in the Colony.

#### Application of Regulations in Part I.

Provided that in the application of Regulation 15 to cases falling under the limitation of Section 10 (2) of the Ordinance the words "such pension" in that Regulation shall mean the amount of pension which he might have drawn from the funds of the Colony if he had not elected for a gratuity and reduced pension.

18. (1) Where the other public service of an officer has been wholly under one or more of the Scheduled Governments and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him had he been wholly in the Colony for a pension under the Ordinance, he may, on his ultimate retirement from the public service in

#### Pension for service wholly within the Group.

circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed to retire on pension or gratuity, be granted a pension from the Colony of such an amount as shall bear the same proportion to the amount of pension for which he would have been eligible had his service been wholly in the Colony, as the aggregate amounts of his pensionable emoluments during his service in the Colony shall bear to the aggregate amounts of his pensionable emoluments throughout his service in the Group.

(2) In determining for the purposes of this Regulation the pension for which an officer would have been eligible if his service had been wholly in the Colony,

- (a) the final pensionable emoluments taken shall be those of his last period of service in the Group;
- (b) no regard shall be had to Regulations 11 and 12;
- (c) regard shall be had to the condition that pension may not exceed two-thirds of the final pensionable emoluments;
- (d) no period of other public service under any Scheduled Government which does not grant a pension or gratuity to the officer shall be taken into account:

(3) For the purpose of this Regulation the aggregate amount of his pensionable emoluments shall be taken as the total amount of salary which the officer would have drawn, and the total amount of the other pensionable emoluments which he would have enjoyed had he been on duty on full pay in his substantive office or offices throughout his period of service in the Group subsequent to the attainment of the age of twenty years:

Provided that in calculating the aggregate amount of his pensionable emoluments no account shall be taken of any service under any Scheduled Government which does not grant the officer a pension or gratuity, or of any period of leave without salary or with salary at a special rate which was granted to him in order to make continuous service interrupted either by abolition of office or in consequence of a reorganisation designed to effect greater efficiency and economy.

Pension where other service not within the Group.

19. Where the other public service of an officer has not included service under any of the Scheduled Governments, and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the Law or Regulations of the Service in which he is last employed to retire on a pension or gratuity, be granted in respect of his service in the Colony a pension at the rate of one sixhundredth part of the amount of his pensionable emoluments at the date of his transfer or retirement, as the case may be, from the service of the Colony for each calendar month of his pensionable service in the Colony.

Pension when other service both within and not within the Group.

20. Where a part only of the other public service of an officer has been under one or more of the Scheduled Governments, the provisions of Regulation 18 shall apply; but in calculating the amount of pension, regard shall be had only to service in the Group.

Additional pension to officers retiring on account of injury.

21. Where an officer who has been transferred from other public service, and whose aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, is compulsorily retired from the public service in the circumstances mentioned in Regulation 12, he may, if at the time he

is in the service of the Colony, be granted from the funds of the Colony the additional pension allowed by that Regulation, in addition to the pension granted under Regulations 18, 19, or 20 as the case may be.

22. Where by reason of the fact that an officer whose case falls under Regulation 21 has held a pensionable office in the Colony for less than twelve months, he is not eligible for a pension under Regulation 18, 19, or 20, as the case may be, he may, nevertheless, if at the time of his retirement he is in the service of the Colony, be granted from the funds of the Colony a pension of the same amount as the additional pension allowed by Regulation 21.

Pension in respect of injury after less than 12 months service in the Colony.

23. Where an officer who has been transferred from other public service and whose aggregate service would have rendered him eligible, had it been wholly in the Colony, for a pension under these regulations is compulsorily retired from the public service in circumstances mentioned in Regulation 11, he may if at the time he is in the service of the Colony, be granted from the funds of the Colony in addition to the pension granted to him under Regulation 18, 19, or 20, as the case may be, an addition to his pension equal to the addition to his pension which might have been granted to him if his total pensionable service had been in the Colony.

Addition to pension in respect of abolition or reorganisation of office.

24. (1) Where an officer has been transferred to or from the service of the Colony from or to other public service, retires from the public service in circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed to retire on pension or gratuity, but has not completed in the aggregate the minimum period of ten years service qualifying him for a pension, he may be granted from the funds of the Colony a gratuity not exceeding five times the annual amount of the pension which had there been no qualifying period, might have been granted to him under Regulation 18, 19, or 20, as the case may be.

Gratuities where length of service does not qualify for pension.

(2) Where such an officer is compulsorily retired from the public service in the circumstances mentioned in Regulation 12, he may, if at the time he is in the service of the Colony, be treated as if he had no other public service, but he shall not be granted, in addition, the gratuity for which he is eligible under sub-section (1) of this Regulation.

Injury.

25. Where an officer who is transferred to other public service is not granted a pension or gratuity in respect of his employment in the service in which he is last employed, solely by reason of the fact that he has not completed twelve months service therein, he shall not, on that account, be disqualified from receiving a pension or gratuity from the funds of the Colony, if otherwise eligible therefor.

Officers transferred to other public service and retiring after less than 12 months employment in last service.

26. The Pensions Regulations, 1928, and all amendments thereto are hereby repealed.

Repeal of Pensions Regulations, 1928, and all amendments thereto.

## LEGISLATIVE COUNCIL.

### Minutes of Meeting held on the 6th November, 1936.

1. The Minutes of the meeting held on the 28th of May, 1936, were confirmed.
2. The Governor delivered to the Council the following Message :

“Honourable Members of the Legislative Council,

“I propose to follow the usual procedure in Colonial legislatures elsewhere in opening the final session of the year by reviewing briefly the progress of the Colony and outlining the policy of the Government as reflected in the estimates of revenue and expenditure for the forthcoming year.

“During the present year the financial relations between the Colony and its Dependencies have been stabilized, a new source of excellent water has been connected with Stanley, more than doubling the town supply, a Domestic Science Centre has been established at the Government School, a long needed survey of the harbour has been carried to completion, the King Edward the VIIth Hospital has been enlarged and rendered more efficient in every branch, a contract has been made for a greatly improved mail and passenger service with South America and the United Kingdom, telegraphic rates have been reduced with benefit to the revenue and, in the interests of the farming industry, the services of an experienced adviser on agriculture and stock have been lent to the Colony by the Government of New Zealand.

“It has been found possible to establish the finances of the Administration on a broader basis and to initiate the plans foreshadowed this time last year for development. It is, however, likely to be some time and may indeed be ten or fifteen years before the agricultural policy of the Government will prove its value to the Colony.

“I am glad to be able to announce that the time has arrived when constructive measures can be taken to abolish unemployment and relief works. The latter and the dole constitute a policy of defeatism only. The Unemployment Relief Committee which has carried out a difficult task ably and impartially will be dissolved and an Employment Committee – composed, I hope, of a majority of the same members – will take its place with the duty of assisting workers to find employment and employers to obtain labour.

“The policy of the Government will now be to develop the activities of the Stock Department, which will in future be known as the Agricultural Department. Restrictions in the expenditure on Public Works will go far to meet the cost entailed.

“The first work to be undertaken will be the experimental regrassing of the Common on a comparatively large scale. A three fold object is in view :—

- (1) To ascertain, as part of the general scheme for improving the pastures of the Colony, what treatment will benefit poor peaty land which has never been spelled.
- (2) To provide work of economic value for those who could not otherwise find employment.
- (3) To provide good grazing for dairy cattle and so improve the milk supply of the capital.

It is perforce an essential part of this scheme that agricultural work on the Common should not interfere with the labour supply for established industries and in the first instance at least part time employment only can

be given out for this service.

"On turning to the estimates for 1937, honourable members will observe with satisfaction that the surplus of Assets over Liabilities will on the 1st of January next be £10,000 higher than the surplus at the beginning of the year. This is a cash increase and owes nothing to fluctuations in the market price of our investments. It is the policy of the Government to increase the Falkland Islands Reserve Fund from £34,000 at which it now stands to £50,000, any surpluses thereafter being devoted to development.

"The revised estimate for 1936 shows a surplus of revenue over expenditure for the current year of £4,406 instead of the £37 anticipated when the estimates were approved.

"The Memorandum prepared by the Acting Colonial Secretary explains in detail the reasons for the increase in revenue anticipated in 1937 and for the decrease in expenditure on other than agricultural services. Certain economies have been effected by the amalgamation and abolition of offices; others are to follow as circumstances permit.

"It is the aim of the Government to bring the total annual expenditure of the Colony down to £50,000 when further projected economies can be made. £1,000 of the estimated expenditure for 1937 of £56,901 is ascribable to the cost of the new issue of stamps and the allocation for celebrating the Coronation and £10,000 to Public Works Extraordinary. £4,000 annually should suffice for the latter when the works to be taken in hand next year have been completed.

"The principal new item of expenditure is £5,000 for the experimental regrassing of 300 acres of the Common to which reference has already been made. Application is being made for a grant of £2,500 of the total from the Colonial Development Fund. Other new works include the expenditure of £3,000 on an electric light plant to replace the worn machinery now running to capacity. The number of outstanding applications for electric lighting and increased use through a 24 hours service leave little room for doubting that the expenditure will be covered by a reasonable return for the outlay.

"Provision is also made for part of the cost of erecting a new Secretariat Office. I with others will regret the passing of the present old unpretentious building, at one time a Court House with its place in the history of the Colony. It has however become necessary not only to provide suitable accommodation for the records, but to house in the same building the Treasury, which, in accordance with a scheme of common application to all Colonies, is to become an integral part of the headquarters establishment. The transfer of the Treasury offices from the Town Hall will moreover enable a long felt want to be met by the enlargement of the Post Office for the convenience of the general public.

"In addition to the bill to provide for the service of the year 1937, legislation will be laid before you to-day for the establishment of a Provident Fund for employees of the Government who are not pensionable. This will doubtless commend itself to your favourable consideration."

3. The Honourable the Acting Colonial Secretary, by command, laid on the Table the following papers:

- (i) Copies of all Regulations, Orders and Bye-laws made or approved by the Governor in Executive Council since the last meeting of the Legislative Council.
- (ii) Copies of despatches received from the Secretary of State for the Colonies, intimating the non-disallowance by His Majesty of Ordinances, Nos. 1, 4, 5, 6 and 10 of 1936.
- (iii) Comparative Statements of Revenue and Expenditure of the Colony and the Dependencies for the periods 1st January to 31st March and 1st January to 30th June, 1936.

- (iv) Annual Report by the Local Auditor on the Revenue and Expenditure of the Colony for the year 1935.
- (v) Report of the Director of Colonial Audit on the Annual Abstract Account of the Falkland Islands for the year 1934.

4. The Honourable the Acting Colonial Secretary moved and the Honourable the Senior Medical Officer seconded the adoption of the following Resolution :

“WHEREAS additional provision is required for the service of the Colony and its Dependencies for the year ending the 31st of December, 1936.

“Be it resolved –

“This Council sanctions the expenditure from public funds of the sum of “ONE THOUSAND NINE HUNDRED AND NINETY-SIX POUNDS “SEVEN SHILLINGS AND FIVE PENCE (£1,996 : 7 : 5) to meet the “several charges itemized in the accompanying schedules.”

The Resolution was adopted.

5. The Honourable the Acting Colonial Secretary moved the adoption of the following Resolution :

“Be it resolved that under the provisions of the Stanley Rating Ordinance, “1928, this Council hereby sanctions the following rate to be charged for the year “1937, on house property in the Town of Stanley, namely, One Shilling and Nine “Pence for every Twenty Shillings of the annual value of such house property.”

The Honourable G. Roberts seconded and the Resolution was adopted.

6. On the motion of the Honourable the Acting Colonial Secretary seconded by the Honourable the Senior Medical Officer, the Bill “To provide for the Service of the year 1937”, was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clause 1 was agreed to.

On motion made consideration of Clause 2 was postponed until after consideration of the Schedule.

The Honourable V. A. H. Biggs stated that he considered the provision of £2,000 included in the Estimates under item 4 of Head XX. Public Works Extraordinary for a new building for Secretariat and Treasury Offices to be excessive particularly at a time when the Government were retrenching.

His Excellency explained that the present Secretariat Offices were very old and in consequence the annual maintenance of the building was heavy; the Offices were inadequate and it had become necessary to provide suitable accommodation for the records, and to house the Treasury and other Offices in the same building. The erection of the new Offices would make for greater efficiency of administration; the building would be constructed of local materials and the amount to be expended on labour was estimated by the Director of Public Works at £1,800. It was very necessary that the Post Office should be enlarged for the convenience of the public and this could only be effected by vacating offices in the Town Hall.

The Honourable G. Roberts pointed out that provision included the cost of the Treasury, Audit and Customs Offices as well as a Committee Room.

The Schedule was agreed to.

Clause 2 was recommitted and agreed to.

The Enacting Clause and Title were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

7. The Honourable the Acting Colonial Secretary moved the *first* reading of the Bill “To amend the Tariff Ordinance, 1900, as amended by the Tariff (Export Duties) Amendment Ordinances, 1923 and 1924”.

The Honourable the Senior Medical Officer seconded.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 and 2 were agreed to.

The Enacting Clause and Title were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

8. On the motion of the Honourable the Acting Colonial Secretary seconded by the Honourable the Senior Medical Officer the Bill "To provide for the grant of Pensions, Gratuities and other allowances to persons who have been in the Public Service of the Colony of the Falkland Islands", was withdrawn from the Agenda.

9. The Honourable the Acting Colonial Secretary moved the *first* reading of the Bill "To amend the Tariff Ordinance, 1900, as amended by the Tariff (Import Duties) Amendment Ordinances 1929, 1931 and 1933".

The Honourable the Senior Medical Officer seconded.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1, 2, 3 and 4 were agreed to.

The Enacting Clause and Title were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

10. On the motion of the Acting Colonial Secretary seconded by the Honourable the Senior Medical Officer, the Bill "To Provide for the establishment of a Provident Fund in the Falkland Islands", was read a *first* time.

The Council adjourned *sine die*.

No. 87. Colonial Secretary's Office.  
Stanley, Falkland Islands.  
15th December, 1936.

His Excellency the Governor directs the publication of the following telegram received from the Secretary of State for the Colonies :-

*Circular. 12th December.* The following messages have been addressed by His Majesty to

(a) the Royal Navy. On my accession to the Throne I recall with pride that, as my dear Father did before me, I received my early training in the Royal Navy.

It has been my privilege to serve as a Naval Officer both in peace and in war; at Jutland the greatest sea battle of modern times I saw for myself in action the maintenance of those great traditions which are the inheritance of British seamen.

It is my intention always to keep the closest touch with all ranks and ratings of the Naval forces throughout the Empire and with all matters affecting them. I shall do so in the sure knowledge that they will be worthy of the implicit trust placed in them by their fellow countrymen and that in their hands the honour of British Navies will be upheld. *George R. I.*

(b) the Army. On my accession to the Throne I wish to assure all ranks of the Army that their welfare will be one of my chief concerns. It was a notable event in my life 4 years ago when my Father appointed me a Major General in the Army and that association has only served to enhance my admiration for the courage and efficient manner in which their duties however onerous they may prove are invariably undertaken.

The task that lies before me is fraught with difficulties but I know full well that the heavy burden of my responsibility will be lightened by the faithful allegiance of all ranks of Military forces of the Crown throughout the Empire. *George R. I.*

(c) the Royal Air Force. On my accession to the Throne, I hasten to assure the Air Forces at Home and overseas that I look forward to the maintenance of my close connection with them, which has been such a happy feature of my life ever since I became a Junior Officer in the Service in 1918, and served with the independent Air Forces in France.

As Air Chief Marshall, I have watched with keen appreciation the way in which the Service has proved more than equal to the many tasks which a rapid expansion has imposed upon it.

I know full well the Air Forces of the Empire will maintain to the full the great traditions that they have already established, combining with the highest efficiency and zeal a fine chivalry of service and a deep and steadfast loyalty. *George R. I.*

(d) the Civil Service. I desire on my accession to the Throne to express to all grades of the Civil Service my appreciation of the ability and devotion with which they have always discharged their varied duties, whether at home or overseas.

The record of the British Civil Service is indeed unique and I recognize with satisfaction the great position which its members have won for themselves in the life of the community. Its great traditions and those of the Dominions service, of the Indian and Colonial Service, are well known to me, and I am sure I can depend on that spirit of steadfast devotion to duty which has at all times animated them.

Whatever difficulties may lie ahead I know I can rely upon their lasting loyalty. *George R. I.*

4. Except as provided in Regulation 6 an officer shall not be granted vacation leave until he has completed a minimum tour and shall not ordinarily be called upon to serve a tour exceeding thirty-six months in the case of Class A officers and forty-eight months in the case of Class B officers. Within this limit the length of a tour shall be at the discretion of the Governor in each case, provided that the Governor may as an exceptional measure direct

7. (i) Extensions of leave with full salary may be granted on the ground of ill health to any officer for any period not exceeding six calendar months, and when there is reason to believe that the officer will ultimately be fit for further service, for a further period with half salary not exceeding six calendar months.

(ii) An officer who is required to undertake, or who undertakes with the approval of the Governor, any duty or course of study while on vacation leave may be granted such extension of leave, if any, with full salary as is necessary to enable him to complete the duty or course, and to enjoy an aggregate period of leave (exclusive of the period occupied by the voyages between the Colony and the United Kingdom) clear of duty or study equal to half the period of vacation leave granted to him.

8. (i) An officer who is granted leave under the foregoing Regulation will be granted, in addition, leave with full pay for the period of his voyage between the Colony and the United Kingdom, subject to a maximum period of twenty-eight days, if the officer does not proceed by a route which is approved as a normal route.

11. Subject to the exceptions in Regulation 10, a free passage by a route approved as a normal route will be provided by the Government for the wife of an officer and two children under the age of 18, (subject to a maximum of 2 full passages), who accompany him to, or join him in, the Colony with the permission (if required) of the Government, once in each direction in respect of each tour.

(ii) If the officer's home is in the country to which he is permitted to proceed on leave, the arrangements will be made with due consideration of the desirability of his being enabled to reach his home without undue expense and to spend a reasonable time there.

## Financial Report for the Year 1936.

---

Colonial Treasury,  
Stanley, Falkland Islands.  
17th March, 1937.

To the Honourable,  
The Colonial Secretary,  
Stanley.

Sir,

I have the honour to submit the following Report on the financial transactions of the Colony of the Falkland Islands and its Dependencies for and in respect of the year ended 31st of December, 1936.

### The Falkland Islands.

2. The year's account summarised is as follows:-

Excess of Assets over Liabilities on the 1st January, 1936	...	£296,904 : 5 : 10.
<u>Revenue, 1936 :</u>

		<hr/>
Net results of year's working – Increase of Assets	... ..	£ 11,440 : 2 : 6.
		<hr/>

3. The excess of Assets over Liabilities on 31st December, 1936, amounting to £308,344 : 8 : 4, are the highest figures yet recorded, and indeed, it is cause for gratification to have reached such figures during a period when the benefits of the release from the general depression had not yet reached the Colony, and the prices realized on our export of wool during the year under report were far from satisfactory.

4. Attached hereto is the Abstract of Falkland Islands and Dependencies Expenditure for the year 1936. Comparative Statements of Revenue and Expenditure for the year 1936 have already been furnished. Other financial statements called for under Colonial Regulations Nos. 323 and 354 are submitted herewith.

5. The following table shows the trend of the Colony's Revenue and Expenditure during the past five years :—

6. The Ordinary Revenue amounted to £57,943 : 18 : 3 or more than the Estimate by £6,654 : 18 : 3, arrived at as follows :—

Over the Estimate :

Head V. Interest ... ..	£ 450 : 15 : 8.
VI. Post Office ... ..	3,394 : 3 : 10.
VII. Telegraph & Telephones	685 : 18 : 6.
X. Contribution from Dependencies	5,169 : 8 : 5.
	<u>£ 9,700 : 6 : 5.</u>

Under the Estimate :

Head I. Customs Duties ... ..	£1,527 : 11 : 3.
II. Port Dues ... ..	23 : 6 : 0.
III. Internal Revenue ... ..	9 : 0 : 11.
IV. Fees, Fines ... ..	773 : 9 : 0.
VIII. Rents .. ...	71 : 12 : 0.
IX. Miscellaneous ... ..	640 : 9 : 0.
	<u>£3,045 : 8 : 2.</u>
Nett Excess ...	<u>£6,654 : 18 : 3.</u>

7. The following comments are submitted on the items which are "over" or "under" the Estimate :—

V. INTEREST. The nett increase under Interest was £450 : 15 : 8. The interest receipts from the Joint Colonial Fund exceeded the estimate by £847, and this excess is attributable to the increase of cash held in the Fund on behalf of the Savings Bank. Interest from the Land Sales Fund, Note Security Fund and Reserve Fund were respectively £219, £78 and £94 less than the estimate, and these decreases were due to the various conversions of stock made throughout the year.

VI. POST OFFICE. The nett increase under this Head is £3,394 : 3 : 10, and is due entirely to the fortuitous revenue derived from the sale of stamps to philatelists, as this item alone exceeded the estimate by £3,455.

VII. TELEGRAPH & TELEPHONES. The excess of £685 : 18 : 6, is due to the increased traffic in Wireless Messages.

X. CONTRIBUTION FROM DEPENDENCIES. The excess of £5,169 : 8 : 5., over the estimate is the amount of the arrears of Contribution of former years paid in 1936.

I. CUSTOMS DUTIES. The shortfall in the revenue derived from Customs Duties of £1,527 : 11 : 3, is entirely due to the late arrival of the new vessel "Lafonia", and an amount in excess of the shortfall was received in January, 1937.

IV. FEES, FINES &c. The decrease in the receipts for Fees, Fines &c., is due to various causes, in particular, the Supreme Court Revenue, which is chiefly estate duty, and over which there is no control, was £300 less than the estimate. Hospital and Medical Receipts were less than the estimate by £558, but a contribution of £200 due in 1936 was paid in 1937.

IX. MISCELLANEOUS. Under Miscellaneous the revenue from the Savings Bank was less than the estimate by £2,231, due in the main to the increase of £16,000 in the amounts due to depositors, which in turn required a sum of £1,600 to bring the value of the securities held for depositors up to 110% of the deposits. It will be seen, therefore, that this sum of £1,600, together with the sum of £847 referred to under Interest, accounts for the shortfall of £2,231 under Savings Bank Revenue. During the year, the Note Issue was increased by £2,000 with a result that, after providing 110% security for the Note Security Fund, there was no surplus available for this Revenue, which was estimated at £350. Profit on Sale and Transfer of Investments realized £1,859 : 9 : 7, and the Marine Insurance Fund Investments appreciated to the extent of £46 : 5 : 9.

### Expenditure.

8. The Ordinary Expenditure (£41,114 : 10 : 1) which was only £2 in excess of the estimate of Ordinary Expenditure, together with the Extraordinary Expenditure (£10,587 : 14 : 3), exceeded the Estimate by £450 : 4 : 4, arrived at as follows:—

9. During the year it was found necessary to introduce utility works for the purpose of providing employment. The works which were carried out consisted of a new Quarantine Station, £1,109, Improvement to the Stanley Common, £316, and Improvement of Tracks to

the Camps, £360. There was no provision in the estimates for these works, but savings were found in other directions which went towards the expenditure involved. The principle saving was that of £950 provided for the building of a magazine, the work on which was not undertaken. The over-expenditure of £222 under Harbour Department is attributable to the cost of surveying the Stanley Harbour. Of the other excesses of expenditure that under Education, £122, was due to the appointment of a Second Assistant Master and the inauguration of a Domestic Science Centre, and the excess under Stock Department, £199, was the result of the purchase of grass seeds for the improvement of grasslands. Under Miscellaneous, the charges for telegrams exceeded the estimate by £102, £379 was the additional amount spent on Passages, due to a new appointment and repatriation, while the vote for Charitable Relief was exceeded by £220.

## GOVERNMENT NOTICES.

No. 45. Colonial Secretary's Office,  
Stanley, Falkland Islands.  
3rd April, 1937.

His Excellency the Governor directs it to be notified, for general information, that owing to the cessation of direct mail service from the United Kingdom the General Post Office, London, has been requested to despatch all parcels already posted at the direct rates, by the first opportunity via Montevideo. The additional cost entailed in consequence will in this instance be borne by this Government. The General Post Office has been requested further to instruct the Post Offices in the United Kingdom to accept parcels only at the via Montevideo rate, unless especially notified to the contrary, e.g. for parcels addressed to be shipped by the "Reina del Pacifico",

The Government has been negotiating continuously for the past two years with the General Post Office and the Montevideo Administration for a reduction in Parcel Post rates via Montevideo and still trusts that some success may be achieved. Failing this the Government has in contemplation the grant of a subsidy. Temporarily, however, the full rate will have to be paid.

## Report on Education in the Colony for 1936.

—:0:—

### General.

The Education facilities in the Falkland Islands fall into three groups:

- (1) Schools in Stanley, the only town in the Colony.
- (2) A school at Darwin, the largest settlement outside Stanley.
- (3) Itinerant tuition in the country districts or camp.

(1) **STANLEY.** A Government School is maintained from public funds. The curriculum and time table are much the same as in an English elementary school, and in addition there is a full-time Continuation Class which provides a two-year course of further education. A scheme was instituted in 1924 to assist parents in the camp to send their children to Stanley for schooling. The children were boarded and lodged in a Government hostel and taught in the school at an inclusive charge of ten shillings a month during residence: or, if accommodated in private houses, the Government made a grant towards the cost. In 1929 the hostel was closed owing to lack of support. The maintenance grants still remain, averaging about eight a year.

There is also a Convent school taught by Roman Catholic Sisters: this school is not under Government control or inspection and receives no grant from public funds.

(2) **DARWIN.** The Falkland Islands Company maintains a school here for the children of its employees. It is not assisted or inspected by Government.

(3) **THE CAMP.** Four itinerant teachers are provided by Government, one on the East Falkland and three on the West. The teachers travel on horseback from house to house, usually staying a fortnight at each. The houses are isolated, and the teacher may have to travel several hours before he reaches the next place where his services are required. Each man has a beat which he covers three or four times in a year. He sends a fortnightly report to Stanley giving a detailed account of the work done, a list of books or materials wanted, and so on. The Superintendent of Education makes tours of inspection, normally visiting every child under tuition once every two years. In addition to the Government staff, the Falkland Islands Company maintains two camp teachers for work on its extensive farms on the East Falkland: as with the Company's school at Darwin, their work is not subject to Government supervision.

### Government School.

2. The authorised teaching establishment of the Government School in 1936 was

A Headmaster	}	Certificated by the Board of Education or the Scottish Education Department.
An Assistant Master		
An Assistant Mistress		
A Second Assistant Master	}	Locally trained.
An Assistant Teacher		
Three Supplementary Teachers		

3. The following table shows the number of pupils on the registers at the end of 1936 and the number in average attendance during the year:

		BOYS.	GIRLS.	TOTAL.
Number on roll 31st December, 1936	...	118	59	189
Average number on roll all 1936	...	129.5	63.9	193.4
Average attendance for 1936	...	125.0	61.4	186.4

The attendance averaged 96.4 per cent, the highest ever recorded, the previous best being 93.7 in 1932. Forty-six pupils made an unbroken attendance throughout the year.

4. All children were medically and dentally examined during the year, and in addition there were medical and dental visits for general inspection.

5. The senior boys have had regular lessons in carpentry and handwork. The current Board of Education syllabus of physical training has been in use, and in addition the boys have done gymnastic apparatus work and the girls folkdancing. Football (boys), hockey (girls) and netball (boys and girls) have formed part of the time table.

6. Lessons in cookery for the senior girls were started in July. One group had a lesson every Tuesday and a second group every Thursday from 2 to 4 p.m. The lessons have been given by the senior assistant mistress in the kitchen of the Church House, which adjoins the school. Parents have strongly supported the scheme and the girls have been extremely keen.

### Finance.

7. The expenditure under Head XIII Education of the annual estimates of expenditure was £2,732 : 19 : 0 as compared with £2,875 : 2 : 11 in 1935. The revenue collected in 1936 amounted to £128 : 5 : 11 as against £137 : 4 : 5 in 1935. Details of expenditure and revenue in 1936 are as follows :

provided that the total fees payable in respect of the children of any one family shall not exceed the rate of one shilling weekly.

Exemptions are made for fatherless children and in a small number of other cases where there is inability to pay. Similar charges and conditions are in force at the Roman Catholic school in Stanley. The proportion of expenditure met from fee income is about six per cent. At the Darwin school no fees are charged. In the case of children taught by Travelling Teachers there are no fees, the teacher being boarded and lodged at the expense of the household where he is working.

### Compensation.

Employer's liability  
for compensation.

3. (1) If personal injury is caused to a workman by accident arising out of and in the course of his employment, his employer shall be liable to pay compensation in accordance with the provisions of this Ordinance :

Provided that the employer shall not be so liable-

Slight injury.

(a) in respect of any injury which does not result in the total or partial disablement of the workman for a period exceeding ten days;

Misconduct.

(b) in respect of any injury to a workman resulting from an accident which is directly attributable to -

(i) the workman having been at the time thereof under the influence of drink or drugs, or

(ii) the wilful disobedience of the workman to an order expressly given, or to a regulation or rule expressly made, for the purpose of securing the safety of workmen, or

(iii) the wilful removal or disregard by the workman of any safety guard or other device which he knew to have been provided for the purpose of securing the safety of workmen.

Disease.

(2) No compensation shall be payable to a workman in respect of any disease unless the disease is solely and directly attributable to a specific injury by accident arising out of and in the course of his employment.

Liability for  
negligence.

(3) When the injury was caused by the personal negligence or wilful act of the employer or of some person for whose act or default the employer is responsible, nothing in this Ordinance shall affect any civil liability of the employer, but in that case the workman may, at his option, either claim compensation under this Ordinance or take proceedings independently of this Ordinance; but the employer shall not be liable to pay compensation for injury to a workman by accident arising out of and in the course of his employment both independently of and also under this Ordinance, and shall not be liable to any proceedings independently of this Ordinance, except in case of such personal negligence or wilful act as aforesaid.

Independent action.

(4) If, within the time hereinafter in this Ordinance limited for taking proceedings, an action is brought to recover damages independently of this Ordinance for injury caused by an accident, and it is determined in such action or on appeal that the injury is one for which the employer is not liable in such action, but that he would have been liable to pay compensation under the provisions of this Ordinance, the action shall be dismissed; but the Court in which the action is tried, or, if the determination is the determination on an appeal (by either party) by an appellant tribunal, that tribunal shall, if the plaintiff so choose, proceed to assess such compensation, but may deduct from such compensation all or part of the costs which, in its judgment, have been caused by the plaintiff bringing the action instead of proceeding under this Ordinance. In any proceeding under this subsection, when the Court or appellate tribunal assesses the compensation, it shall give a certificate of the compensation it has awarded and the directions it has given as to the deduction of costs,

and such certificate shall have the force and effect of and shall be registered as an agreement under this Ordinance:

Provided that an appellate tribunal may, instead of itself assessing such compensation, remit the case to a Commissioner for the assessment of the compensation and in such case may order the Commissioner to deduct from the amount of compensation assessed by him all or part of such cost as aforesaid.

4. (1) Subject to the provisions of this Ordinance, the amount of compensation shall be as follows, namely:-

(a) Where death results from the injury and:-

Amount of compensation.

Death.

- (i) the workman leaves a dependant or dependants wholly dependent upon his earnings, a sum equal to thirty months' wages or two hundred and fifty pounds whichever is the less;
- (ii) the workman does not leave a dependant or dependants wholly dependent upon his earnings, but leaves a dependant or dependants in part so dependent, such sum not exceeding the amount of compensation payable under the preceding paragraph as may be agreed upon or in default of agreement as may be awarded by the Commissioner to be reasonable and proportionate to the injury to the said dependant or dependants.

In addition to any sum payable under the foregoing paragraphs there shall be payable by the employer the reasonable expenses (not exceeding £5) of the burial of the deceased workman.

(b) Where permanent total disablement results from the injury -

Permanent total disablement.

- (i) in the case of an adult, a sum equal to forty-two months' wages or three hundred and fifty pounds, whichever is the less, and
- (ii) in the case of a minor, a sum equal to eighty-four months' wages or three hundred and fifty pounds, whichever is less.

(c) Where permanent partial disablement results from the injury -

Permanent partial disablement.

- (i) in the case of an injury specified in the Schedule hereto, such percentage of the compensation which would have been payable in the case of permanent total disablement as is specified therein as being the percentage of the loss of earning capacity caused by that injury, and
- (ii) in the case of an injury not specified in the Schedule hereto, such percentage of the compensation payable in the case of permanent total disablement as is proportionate to the loss of earning capacity permanently caused by the injury.

Where more injuries than one are caused by the same accident, the amount of the compensation payable under this head shall be aggregated, but not so in any case as to exceed the amount which would have been payable if permanent total disablement had resulted from the injuries.

**Temporary disablement.**

(d) Where temporary disablement, whether total or partial, results from the injury, a half-monthly payment payable on the sixteenth day from the date of the disablement, and thereafter half-monthly during the disablement or during a period of five years, whichever period is shorter -

- (i) in the case of an adult, of a sum equal to one fourth of his monthly wages, and
- (ii) in the case of a minor, of a sum equal to one-third or, after he has attained the age of seventeen years, to one-half of his monthly wages :

Provided that there shall be deducted from any lump sum or half-monthly payments to which the workman is entitled the amount of any payment or allowance which the workman has received from the employer by way of compensation during the period of disablement prior to the receipt of such lump sum or of the first half-monthly payment, as the case may be, and no half-monthly payment shall in any case exceed the amount, if any, by which half the amount of the monthly wages of the workman before the accident exceeds half the amount of such wages as he is earning or is able to earn in some suitable employment or business after the accident.

(2) On the ceasing of the disablement before the date on which any half-monthly payment falls due, there shall be payable in respect of that half month a sum proportionate to the duration of the disablement in that half month.

**Method of calculating wages.**

5. (1) For the purposes of section 4 the monthly wages of a workman shall be calculated as follows, namely :-

- (a) where the workman has, during a continuous period of not less than twelve months immediately preceding the accident, been in the service of the employer who is liable to pay compensation, the monthly wages of the workman shall be one-twelfth of the total wages which have fallen due for payment to him by the employer in the last twelve months of that period ;
- (b) in other cases, the monthly wages shall be thirty times the total wages earned in respect of the last continuous period of service immediately preceding the accident from the employer who is liable to pay compensation, divided by the number of days comprising such period :

Provided that if the amount of the monthly wages arrived at by calculation under clause (a) or clause (b) is more than twelve pounds and ten shillings, such monthly wages shall be assumed to be twelve pounds and ten shillings.

(2) A period of service shall, for the purposes of this section, be deemed to be continuous which has not been interrupted by a period of absence from work exceeding fourteen days.

**Review.**

6. (1) Any half-monthly payment payable under this Ordinance either under an agreement between the parties or under the order of a Commissioner, may be reviewed by the Commissioner on the application either of the employer or of the workman accompanied by the certificate of a qualified medical practitioner that there has been a change in the condition of the workman or, subject to regulations made under this Ordinance, on application made without such certificate.

and his retirement is thereby necessitated or materially accelerated, then, subject to the provisions of sub-section (4) of section 10 of the Ordinance, he may, if he is qualified for a pension under Regulation 2, be granted, in addition to the pension granted to him under that Regulation, an additional pension at the rate of the proportion of

his actual pensionable emoluments at the date of his injury appropriate to his case as shown in the following table :—

When his capacity to contribute to his own support is :—

slightly impaired	...	five-sixtieths ;
impaired	...	ten-sixtieths ;
materially impaired	...	fifteen-sixtieths ;
totally destroyed	...	twenty-sixtieths ;

Provided that the amount of the additional pension shall be reduced to such an extent as the Governor in Council shall think reasonable in the following cases :—

- (a) where the injured officer has continued to serve for not less than one year after the injury in respect of which he retires ;
- (b) where the injured officer is at the date of injury within ten years of the age at which he may be required to retire without the approval of the Secretary of State ; or
- (c) where the injury is not the sole cause of retirement, but the retirement is caused partly by age or infirmity not due to the injury :

(2) An officer so injured, whose length of service is not such as to qualify him for a pension under Regulation 2, but who is qualified for a gratuity under Regulation 3, may nevertheless be granted in lieu of such a gratuity a pension at the rate of one-sixthundredth part of his pensionable emoluments for each complete month of pensionable service together with such additional pension as might be awarded to him under the preceding part of this Regulation if he were qualified for pension.

Pension to injured officer where service is less than ten years.

(3) An officer so injured who is not qualified for either a pension under Regulation 2, or a gratuity under Regulation 3 may nevertheless be granted a pension of the same amount as the additional pension which he might have been granted if he had been so qualified.

13. In special cases an officer holding a non-pensionable office may :—

Officers who have served in a non-pensionable office.

- (a) if he has served the Colony for not less than seven years and is removed in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organisation of the Department to which he belongs by which greater efficiency and economy can be effected ; or
- (b) if he has served for not less than fifteen years and he retires in any of the cases set out in Section 7 of the Ordinance ;

be granted a compassionate gratuity not exceeding one pound or one week's pay, whichever is the greater for each year of his service.

14. Where an officer has been transferred from a pensionable to a non-pensionable office and subsequently retires either from a pensionable or non-pensionable office in circumstances in which he might have been granted a pension if he had continuously held a pensionable office, he may, with the approval of the Governor in Council, be allowed to count his service in the non-pensionable office as though it were service in the pensionable office which he held immediately prior to such transfer, and at the pensionable emoluments which were payable to him at the date of transfer.

Officers transferred from pensionable to non-pensionable office.

15. (1) Any officer to whom a pension is granted under the Ordinance may, at his option exercisable as hereinafter provided,

Gratuity and reduced pension.

be paid in lieu of such pension a pension at the rate of three-fourths of such pension together with a gratuity equal to ten times the amount of the reduction so made in the pension.

(2) The option referred to in paragraph (1) shall be exercisable :—

- (a) in the case of an officer to whom, if retired on the ground of ill-health, a pension might be awarded by reason only of the taking into account, under Regulation 9 of service in an appointment other than a pensionable office; not later than six months from the date when he receives notice of the approval of the Governor in Council for taking such service into account.
- (b) in the case of an officer who is transferred to the service of the Colony from other public service, not later than thirteen months after the date of his transfer or one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under this Ordinance, whichever shall be the later;
- (c) in the case of any other officer; not later than one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under the Ordinance:

Provided

- (i) that an officer who has previously had the opportunity of exercising the option but has not done so, may, if he subsequently marries and is still in the service of the Colony or in any other public service, apply to the Governor not later than one month after the date of his marriage for permission to exercise the option, which permission may be granted at the Governor's discretion after examination of the officer by a Government Medical Board, and upon the grant of such permission the option shall be deemed to have been exercised.
- (ii) that the date of the exercise of the option shall be deemed to be the date of the receipt of his written notification addressed either to the Colonial Secretary in the Colony or to the Crown Agents for the Colonies; and
- (iii) that if an officer has exercised the option his decision shall be irrevocable.

## PART II.

### *Special Regulations for Officers with other Public Service.*

#### Definitions.

16. For the purpose of these Regulations :—

The term "Scheduled Government" means any Government included in the Schedule to these Regulations.

The term "Service in the Group" means service under the Government of the Colony, and under a Scheduled Government or Governments.

17. Subject to the succeeding Regulations, the provisions of Regulations 8 (2), 13, 14, and 15 shall apply to the case of an officer who has been transferred to or from the service of the Colony from or to other public service and the provisions of Regulations 4, 5, 6, 7, 8 (1), 9 (1), and 10 shall apply to the case of an officer so transferred as if his whole service had been in the Colony.

Application of Regulations in Part I.

Provided that in the application of Regulation 15 to cases where the limitation prescribed by Section 10 (2) of the Ordinance operates the words "such pension" in that Regulation shall mean the amount of pension which he might have been awarded from the funds of the Colony if he had not elected for a gratuity and reduced pension.

18. (1) Where the other public service of an officer has been wholly under one or more of the Scheduled Governments and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him had he been wholly in the Colony for a pension under the Ordinance, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed to retire on pension or gratuity, be granted a pension from the Colony of such an amount as shall bear the same proportion to the amount of pension for which he would have been eligible had his service been wholly in the Colony, as the aggregate amounts of his pensionable emoluments during his service in the Colony shall bear to the aggregate amounts of his pensionable emoluments throughout his service in the Group.

Pension for service wholly within the Group.

(2) In determining for the purposes of this Regulation the pension for which an officer would have been eligible if his service had been wholly in the Colony,

- (a) his final pensionable emoluments taken shall be those of his last period of service in the Group;
- (b) no regard shall be had to Regulations 11 and 12;
- (c) regard shall be had to the condition that pension may not exceed two-thirds of the highest pensionable emoluments;
- (d) no period of other public service under any Scheduled Government which does not grant a pension or gratuity to the officer shall be taken into account;

(3) For the purpose of this Regulation the aggregate amount of his pensionable emoluments shall be taken as the total amount of salary which the officer would have drawn, and the total amount of the other pensionable emoluments which he would have enjoyed had he been on duty on full pay in his substantive office or offices throughout his period of service in the Group subsequent to the attainment of the age of twenty years:

Provided that

- (i) in calculating the aggregate amount of his pensionable emoluments no account shall be taken of any service under any Scheduled Government which does not grant the officer a pension or gratuity, or of any period of leave without salary or with salary at a special rate which was granted to him in order to make continuous service interrupted either by abolition of office or in consequence of a reorganisation designed to effect greater efficiency and economy.
- (ii) where under Regulation 9 one half only of any service in a civil capacity otherwise than in a pensionable office is taken into account as pensionable

service, one half only of the officer's aggregate emoluments during that service shall be taken into account for the calculation aforesaid.

- (iii) Where an officer entered the public service prior to the 1st of January, 1930, his pension in respect of his service in the Colony may be calculated as though any scheduled Government under which he has served had not been included in the schedule to these Regulations if this should be to his advantage.

Pension where other service not within the Group.

19. Where the other public service of an officer has not included service under any of the Scheduled Governments, and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the Law or Regulations of the Service in which he is last employed to retire on a pension or gratuity, be granted in respect of his service in the Colony a pension at the rate of one sixhundredth part of the amount of his pensionable emoluments at the date of his transfer or retirement, as the case may be, from the service of the Colony for each calendar month of his pensionable service in the Colony.

Pension when other service both within and not within the Group.

20. Where a part only of the other public service of an officer has been under one or more of the Scheduled Governments, the provisions of Regulation 18 shall apply; but in calculating the amount of pension, regard shall be had only to service in the Group.

Additional pension to officers retiring on account of injury.

21. Where an officer who has been transferred from other public service, and whose aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, is compulsorily retired from the public service in the circumstances mentioned in Regulation 12, he may, if at the time he is in the service of the Colony, be granted from the funds of the Colony the additional pension allowed by that Regulation, in addition to the pension granted under Regulations 18, 19, or 20 as the case may be.

Pension in respect of injury after less than 12 months service in the Colony.

22. Where by reason of the fact that an officer whose case falls under Regulation 21 has held a pensionable office in the Colony for less than twelve months, he is not eligible for a pension under Regulation 18, 19, or 20, as the case may be, he may, nevertheless, if at the time of his retirement he is in the service of the Colony, be granted from the funds of the Colony a pension of the same amount as the additional pension allowed by Regulation 21.

Addition to pension in respect of abolition or reorganisation of office.

23. Where an officer who has been transferred from other public service and whose aggregate service would have rendered him eligible, had it been wholly in the Colony, for a pension under these regulations is compulsorily retired from the public service in circumstances mentioned in Regulation 11, he may if at the time he is in the service of the Colony, be granted from the funds of the Colony in addition to the pension granted to him under Regulation 18, 19, or 20, as the case may be, an addition to his pension equal to the addition to his pension which might have been granted to him if his total pensionable service had been in the Colony.

Gratuities where length of service does not qualify for pension.

24. (1) Where an officer has been transferred to or from the service of the Colony from or to other public service, retires from the public service in circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed

to retire on pension or gratuity, but has not completed in the aggregate the minimum period of ten years service qualifying him for a pension, he may be granted from the funds of the Colony a gratuity not exceeding five times the annual amount of the pension which had there been no qualifying period, might have been granted to him under Regulation 18, 19, or 20, as the case may be.

(2) Where such an officer retires from the public service in the circumstances mentioned in Regulation 12, an award may, if at the time he is in the service of the Colony, be made to him under that regulation as if he had no other public service, but he shall not be granted, in addition, the gratuity for which he is eligible under paragraph (1) of this Regulation.

Injury.

25. Where an officer who is transferred to other public service is not granted a pension or gratuity in respect of his employment in the service in which he is last employed, solely by reason of the fact that he has not completed twelve months service therein, he shall not, on that account, be disqualified from receiving a pension or gratuity from the funds of the Colony, if otherwise eligible therefor.

Officers transferred to other public service and retiring after less than 12 months employment in last service.

## LEGISLATIVE COUNCIL.

### Minutes of Meeting held on the 15th November, 1937.

1. The Minutes of the meeting held on the 26th of June, 1937, were confirmed.
2. The Acting Governor delivered to the Council the following Message :

“Honourable Members of the Legislative Council,

“At the corresponding meeting of this Council held last year on the 6th of November, Sir Henniker Heaton made reference to the stabilization of the financial relations between the Colony and its Dependencies and I am glad to be able to inform you that considerable increases in the assets of the Colony are anticipated on the 1st January, 1938, over those on the 1st January, 1937. The schemes which have been devised for development have been successful in creating employment, so much so, that work is now available for all employable men. New electrical plant has been installed during the year with an output which is considered sufficient to meet all likely demands. The Medical Department has under consideration schemes for the maintenance and improvement in the health of the school children, the establishment of a mothercraft centre, the extension of the maternity and child welfare clinic and education in Dental Health. Fresh importations of cattle are anticipated for the Agricultural Department with a view to improving the milk supply. We have been fortunate in obtaining the services of Mr. W. Davies for the purpose of investigating methods for the improvement of our grasslands and his reports will be of considerable value in assisting the development schemes inaugurated for the purpose of increasing the number of sheep carried on the various farms throughout the Colony.

“On turning to the estimates for 1937, Honourable Members will observe with satisfaction that the surplus of assets over liabilities will on the 1st January next year be £22,000 higher than the surplus at the beginning of the year. With such a phenomenal increase it is likely that the policy outlined by Sir Henniker Heaton of increasing the Falkland Islands Reserve Fund from £34,000 at which it now stands to £50,000 will be achieved. When this has been accomplished it may be possible in subsequent years to devote more funds for development.

“The revised estimate of ordinary revenue for the year 1937 shows a surplus revenue over expenditure of £13,257 instead of the £2,281 anticipated when the estimates were approved, while the revised estimate of ordinary and extraordinary expenditure amounting to £56,868 is less than the approved estimate by £33.

“The memorandum prepared by the Acting Colonial Secretary explains in detail the reasons for the increase in the 1938 revenue, over the approved estimate for 1937, and for the variations in expenditure between the approved estimates for 1937 and the estimates of expenditure for 1938. It will be observed that the major items under the Public Works Extraordinary programme are £1,700 for the completion of the construction of roads to Canopus Hut and Sapper Hill and £2,000 for the new Secretariat building. Expenditure on these items received approval of Council in 1936. Explanations for the other items of expenditure under this head are given in the Memorandum and it will be observed that apart from the items approved last year fresh expenditure under Public Works Extraordinary is estimated at the low figure of £4,695.

“In addition to the Bill to provide for the service of the year 1938, legislation will be laid before you to-day to

“(i) extend to the Colony and Dependencies thereof the Forgery Act, 1913, of the Imperial Parliament.

“(ii) give effect to the International Labour Convention concerning the protection against accidents of workers employed in loading and unloading ships.

"(iii) amend the Public Health Ordinance, 1894, as amended by the Public Health (Amendment) Ordinance, 1931.

"(iv) provide for the payment of Compensation to workmen for injuries suffered in the course of their employment.

"(v) amend the Tariff Ordinance, 1900, as amended by the Tariff (Export Duties) Amendment Ordinances, 1923 and 1924.

"(vi) Provide for the grant of Pensions, Gratuities and other allowances to persons who have been in the Public Service of the Colony of the Falkland Islands.

"(vii) establish a Provident Fund for certain Non-Pensionable Employees of the Government."

3. The Honourable the Acting Colonial Secretary, by Command, laid on the Table the following papers :

- (i) Copies of all Regulations, Orders and Bye-laws made or approved by the Governor in Executive Council since the last meeting of the Legislative Council.
- (ii) Copies of despatches received from the Secretary of State for the Colonies, intimating the non-disallowance by His Majesty of Ordinances, Nos. 2, 3, 7, 8, 9, 12, 13 and 14 of 1936 and 1 and 2 of 1937.
- (iii) Comparative Statements of Revenue and Expenditure of the Colony and the Dependencies for the periods 1st January to 31st March and 1st January to 30th June, 1937.

### Compensation.

#### Employer's liability for compensation.

3. (1) If personal injury is caused to a workman by accident arising out of and in the course of his employment, his employer shall be liable to pay compensation in accordance with the provisions of this Ordinance :

Provided that the employer shall not be so liable-

#### Slight injury.

(a) in respect of any injury which does not result in the total or partial disablement of the workman for a period exceeding ten days;

(b) in respect of any injury to a workman resulting from an accident which is directly attributable to -

- (i) the workman having been at the time thereof under the influence of drink or drugs, or

- (iii) the wilful removal or disregard by the workman of any safety guard or other device which he knew to have been provided for the purpose of securing the safety of workmen.

#### Disease.

(2) No compensation shall be payable to a workman in respect of any disease unless the disease is solely and directly attributable to a specific injury by accident arising out of and in the course of his employment.

#### Liability for negligence.

(3) When the injury was caused by the personal negligence or wilful act of the employer or of some person for whose act or default the employer is responsible, nothing in this Ordinance shall affect any civil liability of the employer, but in that case the workman may, at his option, either claim compensation under this Ordinance or take proceedings independently of this Ordinance; but the employer shall not be liable to pay compensation for injury to a workman by accident arising out of and in the course of his employment both independently of and also under this Ordinance, and shall not be liable to any proceedings independently of this Ordinance, except in case of such personal negligence or wilful act as aforesaid.

#### Independent action.

(4) If, within the time hereinafter in this Ordinance limited for taking proceedings, an action is brought to recover damages independently of this Ordinance for injury caused by an accident, and it is determined in such action or on appeal that the injury is one for which the employer is not liable in such action, but that he would have been liable to pay compensation under the provisions of this Ordinance, the action shall be dismissed; but the Court in which the action is tried, or, if the determination is the determination on an appeal (by either party) by an appellate tribunal, that tribunal shall, if the plaintiff so choose, proceed to assess such compensation, but may deduct from such compensation all or part of the costs which, in its judgment, have been caused by the plaintiff bringing the action instead of proceeding under this Ordinance. In any proceeding under this subsection, when the Court or appellate tribunal assesses the compensation, it shall give a certificate of the compensation it has awarded and the directions it has given as to the deduction of costs,

and such certificate shall have the force and effect of and shall be registered as an agreement under this Ordinance:

Provided that an appellate tribunal may, instead of itself assessing such compensation, remit the case to a Commissioner for the assessment of the compensation and in such case may order the Commissioner to deduct from the amount of compensation assessed by him all or part of such cost as aforesaid.

In addition to any sum payable under the foregoing paragraphs there shall be payable by the employer the reasonable expenses (not exceeding £5) of the burial of the deceased workman.

Where more injuries than one are caused by the same accident, the amount of the compensation payable under this head shall be aggregated, but not so in any case as to exceed the amount which would have been payable if permanent total disablement had resulted from the injuries.

Temporary disablement.

- (d) Where temporary disablement, whether total or partial, results from the injury, a half-monthly payment payable on the sixteenth day from the date of the disablement, and thereafter half-monthly during the disablement or during a period of five years, whichever period is shorter -
  - (i) in the case of an adult, of a sum equal to one fourth of his monthly wages, and
  - (ii) in the case of a minor, of a sum equal to one-third or, after he has attained the age of seventeen years, to one-half of his monthly wages :

Provided that there shall be deducted from any lump sum or half-monthly payments to which the workman is entitled the amount of any payment or allowance which the workman has received from the employer by way of compensation during the period of disablement prior to the receipt of such lump sum or of the first half-monthly payment, as the case may be, and no half-monthly payment shall in any case exceed the amount, if any, by which half the amount of the monthly wages of the workman before the accident exceeds half the amount of such wages as he is earning or is able to earn in some suitable employment or business after the accident.

(2) On the ceasing of the disablement before the date on which any half-monthly payment falls due, there shall be payable in respect of that half month a sum proportionate to the duration of the disablement in that half month.

Method of calculating wages.

5. (1) For the purposes of section 4 the monthly wages of a workman shall be calculated as follows, namely :-

- (a) where the workman has, during a continuous period of not less than twelve months immediately preceding the accident, been in the service of the employer who is liable to pay compensation, the monthly wages of the workman shall be one-twelfth of the total wages which have fallen due for payment to him by the employer in the last twelve months of that period ;
- (b) in other cases, the monthly wages shall be thirty times the total wages earned in respect of the last continuous period of service immediately preceding the accident from the employer who is liable to pay compensation, divided by the number of days comprising such period :

Provided that if the amount of the monthly wages arrived at by calculation under clause (a) or clause (b) is more than twelve pounds and ten shillings, such monthly wages shall be assumed to be twelve pounds and ten shillings.

(2) A period of service shall, for the purposes of this section, be deemed to be continuous which has not been interrupted by a period of absence from work exceeding fourteen days.

Review.

6. (1) Any half-monthly payment payable under this Ordinance either under an agreement between the parties or under the order of a Commissioner, may be reviewed by the Commissioner on the application either of the employer or of the workman accompanied by the certificate of a qualified medical practitioner that there has been a change in the condition of the workman or, subject to regulations made under this Ordinance, on application made without such certificate.

(2) Any half-monthly payment may, on review under this section, subject to the provisions of this Ordinance, be continued, increased, decreased or ended, or, if the accident is found to have resulted in permanent disablement, be converted to the lump sum to which the workman is entitled less any amount which he has already received by way of half-monthly payments.

7. Any right to receive half-monthly payments may, by agreement between the parties, or, if the parties cannot agree and the payments have been continued for not less than six months, on the application of either party to the Commissioner, be redeemed by the payment of a lump sum of such amount as may be agreed to by the parties or determined by the Commissioner, as the case may be.

Payment of lump sum in lieu of payments.

8. (1) Compensation payable where the death of a workman has resulted from an injury shall be deposited with the Registrar, and any sum so deposited shall be apportioned among the dependants of the deceased workman or any of them in such proportion as the Commissioner thinks fit, or may in the discretion of the Commissioner, be allotted to any one such dependant, and the sum so allotted to any dependant shall be paid to him or be invested, applied or otherwise dealt with for his benefit in such manner as the Commissioner thinks fit.

Receipt of Registrar.

(5) On the deposit of any money under subsection (1), the Registrar may deduct therefrom the actual cost of the workman's funeral expenses, to an amount not exceeding eight pounds, and pay the same to the person by whom such expenses were incurred, and shall, if he thinks necessary, cause notice to be published or to be served on each dependant in such manner as he thinks fit, calling upon the dependants to appear before the Commissioner on such date as he may fix for determining the distribution of the compensation. If the Commissioner is satisfied, after any enquiry which he may deem necessary, that no dependant exists, he shall direct the Registrar to repay the balance of the money to the employer by whom it was paid. The Registrar shall, on application by the employer, furnish a statement showing in detail all disbursements made.

Notice to dependants.

(6) Where a half-monthly payment is payable under this Ordinance to a workman under any legal disability, the Commissioner may, of his own motion or on application made to him in this behalf, order that the half-monthly payment be paid during the disability to any dependant of the workman or to any other person whom he thinks best fitted to provide for the welfare of the workman.

Provided that no such order prejudicial to any person shall be made unless such person has been given an opportunity of showing cause why the order should not be made, or shall be made in any case in which it would involve the repayment by a dependant of any sum already paid to him.

**Deductions for costs.**

(8) The solicitor or agent of a person claiming compensation under this Ordinance shall not be entitled to recover from him any costs in respect of such claim or to claim a lien in respect of such costs on, or deduct such costs from, the sum awarded or agreed as compensation, except such sum as may be awarded by a Commissioner, subject to regulations made under this Ordinance, on an application made either by the person claiming compensation, or by his solicitor or agent to determine the amount of the costs to be paid to the solicitor or agent.

**Compensation not to be assigned, attached or charged.**

9. Save as provided by this Ordinance, no lump sum or half-monthly payment payable under this Ordinance shall be capable of being assigned, charged or attached or shall pass to any person other than the workman by operation of law, nor shall any claim be set off against the same.

**Notice and claim.**

10. (1) Proceedings for the recovery under this Ordinance of compensation for an injury shall not be maintainable unless notice of the accident has been given as soon as practicable after the happening thereof and before the workman has voluntarily left the employment in which he was injured, and unless the claim for compensation with respect to such accident has been made within six months from the occurrence of the accident causing the injury, or, in case of death, within six months from the time of death :

Provided that -

- (a) the want of or any defect or inaccuracy in such notice shall not be a bar to the maintenance of such proceedings if the employer is proved to have had knowledge of the accident from any other source at or about the time of the accident, or if it is found in the proceedings for settling the claim that the employer is not, or would not, if a notice or an amended notice were then given and the hearing postponed, be prejudiced in his defence by the want, defect or inaccuracy, or that such want, defect or inaccuracy was occasioned by mistake, absence from the Colony, or other reasonable cause; and
- (b) the failure to make a claim within the period above specified shall not be a bar to the maintenance of such proceedings if it is found that the failure was occasioned by mistake, absence from the Colony, or other reasonable cause.

(2) Notice in respect of an injury under this Ordinance may be given either in writing or orally to the employer (or if there is more than one employer to one of such employers) or to any foreman or other official under whose supervision the workman is employed or to any person designated for the purpose by the em-

ployer, and shall give the name and address of the person injured, and shall state in ordinary language the cause of the injury and the date at which the accident happened.

(3) The notice if in writing may be given by delivering the same at, or sending it by post in a registered letter addressed to the residence or place of business of the person to whom it is to be given.

(4) Where the employer is a body of persons, corporate or unincorporate, the notice, if in writing, may also be given by delivering it or by sending it by post in a registered letter addressed to the employer at the office, or, if there be more than one office, any one of the offices, of such body.

11. (1) Where a workman has given notice of an accident or where an accident has occurred in respect of which the necessity of giving notice under this Ordinance is dispensed with, a workman shall, if the employer offers to have him examined free of charge by a qualified medical practitioner, submit himself for such examination, and any workman who is in receipt of a payment under this Ordinance shall, if so required, submit himself for such examination from time to time :

Medical examination.

Provided that a workman shall not be required to submit himself for examination by a medical practitioner otherwise than in accordance with regulations made under this Ordinance, or at more frequent intervals than may be prescribed.

(2) If a workman, being required to do so by the employer under subsection (1) or by the Commissioner at any time, refuses to submit himself for examination by a qualified medical practitioner or in any way obstructs the same, his right to compensation shall be suspended during the continuance of such refusal or obstruction unless, in the case of refusal, he was prevented by any sufficient cause from so submitting himself.

Refusal to be examined.

(3) If a workman, before the expiry of three days from the time at which service of notice of an accident has been effected or, when an accident occurs in respect of which the necessity of giving notice under this Ordinance is dispensed with, before the expiry of three days from the date of such accident voluntarily and without due cause leaves the vicinity of the place in which he was employed without having been examined by a qualified medical practitioner, his right to compensation shall be suspended until he returns and offers himself for such examination.

Leaving vicinity prior to examination.

(4) Where a workman, whose right to compensation has been suspended under subsection (2) or subsection (3), dies without having submitted himself for medical examination as required by either of those subsections, the Commissioner may, if he thinks fit, direct the payment of compensation to the dependants of the deceased workman.

Death prior to examination.

(5) Where under subsection (2) or subsection (3) a right to compensation is suspended, no compensation shall be payable in respect of the period of suspension.

Compensation not payable during period of suspension.

(6) Where an injured workman has refused to be attended by a qualified medical practitioner whose services have been offered to him by the employer free of charge or having accepted such offer has deliberately disregarded the instructions of such medical practitioner, then, if it is thereafter proved that the workman has not been regularly attended by a qualified medical practitioner and that such refusal, failure or disregard was unreasonable in the circumstances

**Sub-contracting.**

12. (1) Where any person (in this section referred to as the principal) in the course of or for the purposes of his trade or business, contracts with any other person (in this section referred to as the contractor) for the execution by or under the contractor of the whole or any part of any work undertaken by the principal, the principal shall be liable to pay to any workman employed in the execution of the work any compensation under this Ordinance which he would have been liable to pay if that workman had been immediately employed by him; and where compensation is claimed from or proceedings are taken against the principal, then in the application of this Ordinance references to the principal shall be substituted for references to the employer, except that the amount of compensation shall be calculated with reference to the earnings of the workman under the employer by whom he is immediately employed.

**Indemnity.**

(2) Where the principal is liable to pay compensation under this section, he shall be entitled to be indemnified by any person who would have been liable to pay compensation to the workman independently of this section, and all questions as to the right to and the amount of any such indemnity shall, in default of agreement, be settled by the Commissioner.

**Contractor.**

(3) Nothing in this section shall be construed as preventing a workman recovering compensation under this Ordinance from the contractor instead of the principal.

**Control of principal.**

(4) This section shall not apply in any case where the accident occurred elsewhere than on, or in, or about the premises on which the principal has undertaken to execute the work or which are otherwise under his control or management.

**Indemnity by third party.**

(2) if the workman has recovered compensation under this Ordinance, the person by whom the compensation was paid, and any person who has been called on to pay an indemnity under section 12 shall be entitled to be indemnified by the person so liable to pay damages as aforesaid, and all questions as to the right to and amount of any such indemnity shall, in default of agreement, be settled by action or, by consent of the parties, by a Commissioner.

**Bankruptcy of employer.**

14. (1) Where any employer has entered into a contract with any insurers in respect of any liability under this Ordinance to any workman, then in the event of the employer becoming bankrupt or making a composition or arrangement with his creditors or, if the employer is a company, in the event of the company having commenced to be wound up or a receiver or manager of the company's business or undertaking having been duly appointed, or possession

having been taken, by or on behalf of the holders of debentures secured by a floating charge, of any property comprised in or subject to the charge, the rights of the employer against the insurers as respects that liability shall, notwithstanding anything in the enactments relating to bankruptcy and the winding up of companies, be transferred to and vest in the workman, and upon any such transfer the insurers shall have the same rights and remedies and be subject to the same liabilities as if they were the employer, so, however, that the insurers shall not be under any greater liability to the workman than they would have been under to the employer.

(2) If the liability of the insurers to the workman is less than the liability of the employer to the workman, the workman may prove for the balance in the bankruptcy or liquidation, or, as the case may be, he may recover the balance from the receiver or manager. Proof in bankruptcy.

(3) There shall be included amongst the debts which - Priority.

- (b) in the second case the date of the commencement of the winding up of the company;
- (c) in the third case the date of the appointment of the receiver or of possession being taken mentioned in the said section.

Where the compensation is a half-monthly payment, the amount due in respect thereof shall, for the purposes of this provision, be taken to be the amount of the lump sum for which the half-monthly payment could, if redeemable, be redeemed if the employer made an application for that purpose under this Ordinance, and a certificate of the Commissioner as to the amount of such sums shall be conclusive proof thereof.

Lump sum in lieu of payments.

(4) The provisions of this section with respect to preferences and priorities shall not apply where the bankrupt or the company has entered into such a contract with insurers as aforesaid.

No priority if insured.

(5) This section shall not apply where a company is wound up voluntarily merely for the purposes of reconstruction or of amalgamation with another company.

Any person failing to comply with the provisions of this section shall be liable on summary conviction by a Magistrate to a penalty of five pounds.

Any contract or agreement, whether made before or after the commencement of this Ordinance, whereby a workman relinquishes any right of compensation from the employer for personal injury arising out of or in the course of his employment, shall be null and void in so far as it purports to remove or reduce the liability of any person to pay compensation under this Ordinance.

Workmen in employment of Crown.

17. This Ordinance shall apply to workmen employed under the Crown in the same way and to the same extent as if the employer were a private person, except in the case of persons in the naval or military or air service of the Crown and persons in the Civil employment of His Majesty otherwise than in His Government of the Colony of the Falkland Islands:

Provided that this Ordinance shall not apply in the case of a workman in, or selected for appointment to, the service of the Government of the Colony of the Falkland Islands before the date on which this Ordinance comes into operation where, in consequence of injury received by any such workman in the discharge of his duties, a pension or gratuity which would not be payable if such injury were received otherwise, is paid to him or, in the case of his death, to any of his dependants as defined in this Ordinance, under any Ordinance or Regulation providing for the grant of such pension or gratuity.

Workmen in employment of local authorities.

18. The provisions contained in the proviso to the last preceding shall *mutatis mutandis* apply in respect of a workman in the employment of any public or local authority where provisions exist by law or by bye-law or regulation made under a law for the grant of a pension or gratuity to such workman in the case of injury received by him in the discharge of his duties, or to any other person in the event of the workman's death resulting from that injury.

(3) Notwithstanding anything herein contained, no appeal shall lie in any case in which the parties have agreed to abide by the decision of the Commissioner or in which the order of the Commissioner gives effect to an agreement come to by the parties.

Computation of pensions and gratuities. Service on the active list of the Army, Navy, or Air Force.

8. (1) For the purpose of computing the amount of an officer's pension or gratuity :—

(a) in the case of an officer who has held one office for a period of three years immediately preceding the date of his retirement, the full pensionable emoluments payable to him at that date in respect of that office shall be taken ;

(b) in the case of an officer who at any time during such period of three years has been transferred from one office to another, but whose pensionable emoluments have not been changed by reason of such transfer or transfers, the full pensionable emoluments payable to him at the date of his retirement in respect of the office then held by him shall be taken ;

(c) in other cases one third of the aggregate pensionable emoluments payable to the officer in respect of his service during the said three years shall be taken : provided that

(i) if such one third is less than the full pensionable emoluments which were payable to him at the date of his transfer within such period of three years, the Governor in Council may grant him a pension calculated on the full pensionable emoluments payable to him at that date; and

(ii) for the purpose of calculating pensionable emoluments under this paragraph, the officer shall be deemed to have been on duty on full pensionable emoluments throughout the said three years.

(2) Where an officer in the service of the Colony or in any other public service on the date when the Ordinance comes into force shall, before that date have served in a civil capacity otherwise than in a pensionable office, then if it should be to his advantage his pension may be calculated as if the following Regulation was substituted for paragraph 1 of this Regulation :—

“Only service in a pensionable office shall be taken into account as pensionable service;

Provided that where an unbroken period of service in a civil capacity in an appointment other than a pensionable office is immediately followed by service in a pensionable office in the Colony, such

period or any part of such period may, with the approval of the Governor in Council, be so taken into account."

**Acting Service.**

10. Where an officer has performed acting service in a pensionable office in the Colony, the period of such service may be taken into account as pensionable service :

Provided that

(1) The period of such acting service was not part of the pensionable service of the previous holder of the office and does not fall to be reckoned as part of the officer's own pensionable service in other public service;

(2) this period of service is immediately preceded or followed by service in a substantive capacity in a pensionable office in the Colony.

**Abolition or reorganisation of office.**

11. (1) If an officer holding a pensionable office retire or be removed from the service in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organisation of the Department to which he belongs, by which greater efficiency and economy can be effected, he may be granted a pension calculated in accordance with Regulation 2.

Provided that if he has been in the service of the Colony for less than the qualifying period of ten years, he may be granted a pension calculated in accordance with that Regulation as if there had been no qualifying period.

Provided that

(a) the addition shall in no case exceed ten-sixtieths ; and

(b) no addition shall be made so as to qualify an officer for a pension of higher annual value than that for which he would have been qualified by length of service on reaching the age at which he may be required to retire, without the approval of the Secretary of State or for a pension of higher annual value than the maximum prescribed in Section 10 of the Ordinance.

(3) Any pension granted to an officer in accordance with this Regulation shall be subject to the condition that he shall be liable to be recalled to service in the Colony.

Provided that if such an officer is not qualified for other employment in the public service, and if there is no reason, in the opinion of the Governor, to expect that he can be shortly re-employed, a pension may be granted to him free from the above-mentioned condition.

**Officers retiring on account of injuries.**

12. (1) Where an officer has been permanently injured :—

(a) in the actual discharge of his duty and

his actual pensionable emoluments at the date of his injury appropriate to his case as shown in the following table :—

When his capacity to contribute to his own support is :—

slightly impaired	...	five-sixtieths ;
impaired	...	ten-sixtieths ;
materially impaired	...	fifteen-sixtieths ;

- (b) where the injured officer is at the date of injury within ten years of the age at which he may be required to retire without the approval of the Secretary of State ; or
- (c) where the injury is not the sole cause of retirement, but the retirement is caused partly by age or infirmity not due to the injury :

(2) An officer so injured, whose length of service is not such as to qualify him for a pension under Regulation 2, but who is qualified for a gratuity under Regulation 3, may nevertheless be granted in lieu of such a gratuity a pension at the rate of one-sixthundredth part of his pensionable emoluments for each complete month of pensionable service together with such additional pension as might be awarded to him under the preceding part of this Regulation if he were qualified for pension.

Pension to injured officer where service is less than ten years.

(3) An officer so injured who is not qualified for either a pension under Regulation 2, or a gratuity under Regulation 3 may nevertheless be granted a pension of the same amount as the additional pension which he might have been granted if he had been so qualified.

13. In special cases an officer holding a non-pensionable office may :—

14. Where an officer has been transferred from a pensionable to a non-pensionable office and subsequently retires either from a pensionable or non-pensionable office in circumstances in which he might have been granted a pension if he had continuously held a pensionable office, he may, with the approval of the Governor in Council, be allowed to count his service in the non-pensionable office as though it were service in the pensionable office which he held immediately prior to such transfer, and at the pensionable emoluments which were payable to him at the date of transfer.

Officers transferred from pensionable to non-pensionable office.

15. (1) Any officer to whom a pension is granted under the Ordinance may, at his option exercisable as hereinafter provided,

(2) The option referred to in paragraph (1) shall be exercisable :-

- (a) in the case of an officer to whom, if retired on the ground of ill-health, a pension might be awarded by reason only of the taking into account, under Regulation 9 of service in an appointment other than a pensionable office; not later than six months from the date when he receives notice of the approval of the Governor in Council for taking such service into account.
- (b) in the case of an officer who is transferred to the service of the Colony from other public service, not later than thirteen months after the date of his transfer or one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under this Ordinance, whichever shall be the later;
- (c) in the case of any other officer; not later than one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under the Ordinance:

Provided

- (i) that an officer who has previously had the opportunity of exercising the option but has not done so, may, if he subsequently marries and is still in the service of the Colony or in any other public service, apply to the Governor not later than one month after the date of his marriage for permission to exercise the option, which permission may be granted at the Governor's discretion after examination of the officer by a Government Medical Board, and upon the grant of such permission the option shall be deemed to have been exercised.
- (ii) that the date of the exercise of the option shall be deemed to be the date of the receipt of his written notification addressed either to the Colonial Secretary in the Colony or to the Crown Agents for the Colonies; and
- (iii) that if an officer has exercised the option his decision shall be irrevocable.

Provided that in the application of Regulation 15 to cases where the limitation prescribed by Section 10 (2) of the Ordinance operates the words "such pension" in that Regulation shall mean the amount of pension which he might have been awarded from the funds of the Colony if he had not elected for a gratuity and reduced pension.

18. (1) Where the other public service of an officer has been wholly under one or more of the Scheduled Governments and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him had he been wholly in the Colony for a pension under the Ordinance, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed to retire on pension or gratuity, be granted a pension from the Colony of such an amount as shall bear the same proportion to the amount of pension for which he would have been eligible had his service been wholly in the Colony, as the aggregate amounts of his pensionable emoluments during his service in the Colony shall bear to the aggregate amounts of his pensionable emoluments throughout his service in the Group.

Pension for service wholly within the Group.

(2) In determining for the purposes of this Regulation the pension for which an officer would have been eligible if his service had been wholly in the Colony,

- (a) his final pensionable emoluments taken shall be those of his last period of service in the Group;
- (b) no regard shall be had to Regulations 11 and 12;
- (c) regard shall be had to the condition that pension may not exceed two-thirds of the highest pensionable emoluments;
- (d) no period of other public service under any Scheduled Government which does not grant a pension or gratuity to the officer shall be taken into account;

(3) For the purpose of this Regulation the aggregate amount of his pensionable emoluments shall be taken as the total amount of salary which the officer would have drawn, and the total amount of the other pensionable emoluments which he would have enjoyed had he been on duty on full pay in his substantive office or offices throughout his period of service in the Group subsequent to the attainment of the age of twenty years:

Provided that

- (i) in calculating the aggregate amount of his pensionable emoluments no account shall be taken of any service under any Scheduled Government which does not grant the officer a pension or gratuity, or of any period of leave without salary or with salary at a special rate which was granted to him in order to make continuous service interrupted either by abolition of office or in consequence of a reorganisation designed to effect greater efficiency and economy.
- (ii) where under Regulation 9 one half only of any service in a civil capacity otherwise than in a pensionable office is taken into account as pensionable

service, one half only of the officer's aggregate emoluments during that service shall be taken into account for the calculation aforesaid.

- (iii) Where an officer entered the public service prior to the 1st of January, 1930, his pension in respect of his service in the Colony may be calculated as though any scheduled Government under which he has served had not been included in the schedule to these Regulations if this should be to his advantage.

Pension where other service not within the Group.

19. Where the other public service of an officer has not included service under any of the Scheduled Governments, and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the Law or Regulations of the Service in which he is last employed to retire on a pension or gratuity, be granted in respect of his service in the Colony a pension at the rate of one sixhundredth part of the amount of his pensionable emoluments at the date of his transfer or retirement, as the case may be, from the service of the Colony for each calendar month of his pensionable service in the Colony.

Pension when other service both within and not within the Group.

20. Where a part only of the other public service of an officer has been under one or more of the Scheduled Governments, the provisions of Regulation 18 shall apply; but in calculating the amount of pension, regard shall be had only to service in the Group.

Additional pension to officers retiring on account of injury.

21. Where an officer who has been transferred from other public service, and whose aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, is compulsorily retired from the public service in the circumstances mentioned in Regulation 12, he may, if at the time he is in the service of the Colony, be granted from the funds of the Colony the additional pension allowed by that Regulation, in addition to the pension granted under Regulations 18, 19, or 20 as the case may be.

Pension in respect of injury after less than 12 months service in the Colony.

22. Where by reason of the fact that an officer whose case falls under Regulation 21 has held a pensionable office in the Colony for less than twelve months, he is not eligible for a pension under Regulation 18, 19, or 20, as the case may be, he may, nevertheless, if at the time of his retirement he is in the service of the Colony, be granted from the funds of the Colony a pension of the same amount as the additional pension allowed by Regulation 21.

Addition to pension in respect of abolition or reorganisation of office.

23. Where an officer who has been transferred from other public service and whose aggregate service would have rendered him eligible, had it been wholly in the Colony, for a pension under these regulations is compulsorily retired from the public service in circumstances mentioned in Regulation 11, he may if at the time he is in the service of the Colony, be granted from the funds of the Colony in addition to the pension granted to him under Regulation 18, 19, or 20, as the case may be, an addition to his pension equal to the addition to his pension which might have been granted to him if his total pensionable service had been in the Colony.

Gratuities where length of service does not qualify for pension.

24. (1) Where an officer has been transferred to or from the service of the Colony from or to other public service, retires from the public service in circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed

to retire on pension or gratuity, but has not completed in the aggregate the minimum period of ten years service qualifying him for a pension, he may be granted from the funds of the Colony a gratuity not exceeding five times the annual amount of the pension which had there been no qualifying period, might have been granted to him under Regulation 18, 19, or 20, as the case may be.

(2) Where such an officer retires from the public service in the circumstances mentioned in Regulation 12, an award may, if at the time he is in the service of the Colony, be made to him under that regulation as if he had no other public service, but he shall not be granted, in addition, the gratuity for which he is eligible under paragraph (1) of this Regulation.

Injury.

25. Where an officer who is transferred to other public service is not granted a pension or gratuity in respect of his employment in the service in which he is last employed, solely by reason of the fact that he has not completed twelve months service therein, he shall not, on that account, be disqualified from receiving a pension or gratuity from the funds of the Colony, if otherwise eligible therefor.

Officers transferred to other public service and retiring after less than 12 months employment in last service.

## Report on the Government Savings Bank for the year ended 30th September, 1937.

Colonial Treasury,  
Stanley, Falkland Islands.  
4th January, 1938.

The Honourable,  
The Colonial Secretary.

Sir,

In accordance with Section 12 of the Savings Bank Ordinance, 1936, I have the honour to submit the following report on the transactions of the Government Savings Bank in respect of the period 1st October, 1936, to 30th September, 1937.

### Summary of Transactions.

(Enclosure 1.)

2. In particular I wish to draw attention to the fact that during the year under reference individual accounts were brought down to the maximum, permissible under Rule 8 of the Savings Bank Ordinance, of £5,000. As the result of the withdrawal of excess balances the amount standing to the credit of depositors on the 1st October, 1936, was reduced from £266,345 : 14 : 3 to £185,418 : 7 : 7 by the 30th September, 1937, as will be seen by the differences brought out in Enclosure 1.

3. During the year there were 1063 deposits as against 515 withdrawals. The average monthly deposits amounted to £2,197 : 2 : 2, as against average monthly withdrawals of £9,299 2 : 5.

4. During the year 68 new accounts were opened and 48 accounts were closed, leaving 1069 deposit accounts at the end of the year. The average amount standing to the credit of each depositor on the 30th September, 1937, was £173 : 9 : 0, or about £77 per head of the population.

5. The accrued interest credited to the various accounts during the year amounted to £4,296 : 15 : 10; the deposits during the year with accrued interest (£30,662 : 2 : 5) were less than the total of withdrawals (£111,589 : 9 : 1) by a sum of £80,927 : 6 : 8, leaving a balance to the credit of depositors on the 30th September, 1937, of £185,418 : 7 : 7. The reason for the large amount of withdrawals is already explained in paragraph 2.

6. On the 1st October, 1936, the amount standing to the credit of depositors	...	...	£266,345 : 14 : 3.
Deposits received during the year amounted to	...	...	26,365 : 6 : 7.
The accrued interest credited to depositors	...	...	4,296 : 15 : 10.
			<hr/>
			£297,007 : 16 : 8.
The withdrawals amounted to	...	...	111,589 : 9 : 1.
			<hr/>
Leaving a balance due to depositors on the 30th September, 1937, of	...	...	£185,418 : 7 : 7.

7. The total sum expended by the Crown Agents, from time to time, under Section 11 (i) of the Ordinance in the purchase of approved securities of a face value of £209,959 : 17 : 1 amounted to £203,135 : 2 : 4. During the year the income derived from the securities held amounted to £8,199 : 8 : 10., of which amount a sum of £4,296 : 15 : 10 was transferred to depositors' accounts in respect of the accrued interest for the year ended 30th September, 1937, leaving a balance of £3,902 : 13 : 8.

8. Appended hereto is a statement shewing the nominal value, cost and market value of the securities held by the Crown Agents for the Colonies on behalf of the Savings Bank Fund. (Enclosure 2).

**Assets and Liabilities.**

(Enclosure 3.)

9. The Government of the Falkland Islands is liable for the payment in cash of the total amount standing to the credit of the various depositors in the Government Savings Bank, which on the 30th September, 1937, amounted to £185,418 : 7 : 7. The market value of the Securities held by this Government at that date amounted to £215,732 : 2 : 10, which was more than the liability by a sum of £30,313 : 15 : 3 as shewn by the attached statement of Assets and Liabilities.

Jurisdiction.

4. Save in so far as is otherwise expressly provided, nothing herein contained shall operate to give any Court jurisdiction over suits the amount or value of the subject matter of which exceeds the pecuniary limits if any of its ordinary jurisdiction.

Application to orders.

5. The provisions of this Ordinance relating to the execution of decrees shall, so far as they are applicable, be deemed to apply to the execution of orders.

6. (1) All questions arising between the parties to the suit in which the decree was passed, or their representatives, and relating to the execution, discharge, or satisfaction of the decree, shall be determined by the Court executing the decree and not by a separate suit.

(2) The Court may, subject to any objection as to limitation or jurisdiction, treat a proceeding under this section as a suit, or a suit as a proceeding, and may, if necessary, order payment of any additional Court fees.

(3) Where a question arises as to whether any person is or is not the representative of a party, such question shall, for the purposes of this section, be determined by the Court.

7. (1) Where an application to execute a decree not being a decree granting an injunction has been made, no order for the execution of the same decree shall be made upon any fresh application presented after the expiration of twelve years from —

Legal representative.

(2) Where the decree is executed against such legal representative, or against any person as aforesaid he shall be liable only to the extent of the property of the deceased which has come to his hands and has not been duly disposed of; and, for the purpose of ascertaining such liability the Court executing the decree may, of its own motion or on the application of the decree-holder, compel such legal representative to produce such accounts as it thinks fit.

9. Subject to such conditions and limitations as may be prescribed, the Court may, on application of the decree-holder, order execution of the decree—

Powers of Court to enforce execution.

Enforcement of decree against legal representative.

(2) Where no such property remains in the possession of the judgment-debtor, and he fails to satisfy the Court that he has duly applied for such property of the deceased as is proved to have come into his possession, the decree may be executed against the judgment-debtor to the extent of the property in respect of which he has failed so to satisfy the Court in the same manner as if the decree had been against him personally.

11. (1) The following property is liable to attachment and sale in execution of a decree, namely, lands, houses or other buildings, goods, money, bank notes, cheques, bills of exchange, promissory notes, Government securities, bonds or other securities for money, debts, shares in a corporation, and, save as hereinafter mentioned, all other saleable property, movable or immovable, belonging to the judgment-debtor, or over which or the profits of which, he has a disposing power which he may exercise for his own benefit, whether the same he held in the name of the judgment-debtor or by another person in trust for him or on his behalf:

Property liable to attachment and sale in execution of decree.

Provided that the following particulars shall not be liable to such attachment or sale, viz.—

- (a) the necessary wearing apparel, cooking vessels, beds and bedding of the judgment-debtor, and of his wife and children.

  - (iii) one moiety of the salary in any other case;
- (h) an expectancy of succession by survivorship or other merely contingent or possible right or interest;
- (i) a right of future maintenance;
- (j) any fund or allowance declared by the law to be exempt from attachment or sale in execution of a decree.

Seizure of property  
in dwelling house.

12. (1) No person in executing any process under this Ordinance directing or authorising seizure of movable property shall enter any dwelling house after sunset and before sunrise.

(2) No outer door of a dwelling house shall be broken open unless such dwelling house is in the occupancy of the judgment-debtor and he refuses or in any way prevents access thereto; but when the person executing any such process has duly gained access to any dwelling house he may break open the door of any room in which he has reason to believe any such property to be.

(3) Where a room in a dwelling house is in the actual occupancy of a woman the person executing the process shall give notice to such woman that she is at liberty to withdraw; and after allowing reasonable time for her to withdraw and giving her reasonable facility for withdrawing he may enter such room for the purpose of seizing the property, using at the same time every precaution, consistent with these provisions, to prevent its clandestine removal.

13. (1) Where assets are held by the Court and more persons than one have, before the receipt of such assets, made application to the Court for the execution of decrees for the payment of money passed against the same judgment-debtor and have not obtained satisfaction thereof, the assets, after deducting the costs of realization, shall be rateably distributed among all such persons :

gagee or incumbrancer, order that the property be sold free from the mortgage or charge, giving to the mortgagee or incumbrancer the same interest in the proceeds of the sale as he had in the property sold;

- (c) where any immovable property is sold in execution of a decree ordering its sale for the discharge of an incumbrance thereon, the proceeds of the sale shall be applied—

*first*, in defraying the expenses of the sale;

*secondly*, in discharging the amount due under the decree;

*thirdly*, in discharging the interest and principal monies due on subsequent incumbrances if any; and

*fourthly*, rateably among the holders of decrees for the payment of money against the judgment-debtor who have prior to the sale of the property applied to the Court which passed the decree ordering such sale for the execution of such decrees, and have not obtained satisfaction thereof.

(2) Where all or any of the assets liable to be rateably distributed under this section are paid to a person not entitled to receive the same, any person so entitled may sue such person to compel him to refund the assets.

(3) Nothing in the section affects any right of the Government.

14. Where the Court is satisfied that the holder of a decree for the possession of immovable property, or that the purchaser of immovable property sold in execution of a decree has been resisted or obstructed in obtaining possession of the property by the judgment-debtor or some person on his behalf, and that such resistance or obstruction was without any just cause, the Court may, at the instance of the decree-holder or purchaser, order the judgment-debtor or such other person to be detained in prison for a period which may extend to thirty days and may further direct that the decree-holder or purchaser be put in possession of the property.

## Financial Report for the Year 1937.

::o::

Colonial Treasury,  
Stanley, Falkland Islands.  
13th April, 1938.

To The Honourable,  
The Colonial Secretary,  
Stanley.

Sir,

I have the honour to submit the following report on the financial transactions of the Colony of the Falkland Islands and its Dependencies for and in respect of the year ended the 31st December, 1937.

### The Falkland Islands.

2. The year's account summarised is as follows :—

Excess of Assets over Liabilities on the 1st January, 1937 ... £308,344 : 8 : 4.

#### Revenue, 1937.

Total Ordinary Revenue	...	...	£69,655 : 15 : 3.	
Land Sales	...	...	15,943 : 14 : 4.	
			£ 85,599 : 9 : 7.	
				£393,943 : 17 : 11.

#### Expenditure, 1937.

Ordinary Expenditure	...	...	£68,248 : 12 : 0.	
Extraordinary Expenditure	...	...	13,040 : 14 : 6.	
			£81,289 : 6 : 6.	
Land Sales	...	...	4,059 : 8 : 9.	
			£ 85,348 : 15 : 3.	

Excess of Assets over Liabilities, 31st December, 1937 ... £308,595 : 2 : 8.

Nett results of year's working — Increase of Assets ... £ 250 : 14 : 4.

3. The excess of Assets over Liabilities on 31st December, 1937, amounting to £308,595 : 2 : 8, are in excess of the highest recorded figures at the end of 1936 by £250 : 14 : 4. It will be observed, however, that the expenditure chargeable to revenue exceeded the ordinary revenue by £11,633 : 11 : 3. This is due entirely as the result of depreciation of investments, a matter which is beyond our control. The total depreciation of investments amounted to £21,616 : 17 : 10 made up as follows :—

Land Sales Fund	...	...	£11,697 : 13 : 6.	
Reserve Fund	...	...	1,809 : 2 : 4.	
Marine Insurance Fund	...	...	678 : 14 : 3.	
Note Security Fund	...	...	685 : 1 : 4.	
Savings Bank Fund	...	...	6,746 : 6 : 5.	
			£21,616 : 17 : 10.	

There are other factors which have affected the Revenue and Expenditure as a result of this depreciation. For instance, the surplus interest from Savings Bank Investments, after paying interest due to depositors, is usually credited to revenue but in the year under reference as the investments had depreciated, and the value of the securities held on behalf of the

depositors having been increased from 110% to 115%, the surplus interest, £3,894 : 11 : 1, was credited to the Savings Bank Fund. Again where securities belong to Funds and not to the Government any depreciation is first charged to the Fund and only such amounts as are required to bring the Funds up to the necessary cover are charged to expenditure. These differences are explained later on in the report under Expenditure Head XVII, Miscellaneous.

It must be remembered that during the years 1932, 1933, and 1934, over £58,000 was credited to Revenue from appreciation of investments, and therefore charges such as have arisen this year must be anticipated.

4. Attached hereto is the abstract of Falkland Islands and Dependencies expenditure for the year 1937. Comparative Statements of Revenue and Expenditure for the year 1937 have already been furnished. Other financial statements called for under Colonial Regulations Nos. 323 and 354 are submitted herewith.

5. The following table shows the trend of the Colony's Revenue and Expenditure during the past five years :—

6. The Ordinary Revenue amounted to £69,655 : 15 : 3, or more than the estimate by £10,473 : 15 : 3, arrived at as follows :—

Over the Estimates :

Head I. Customs Duties ... ..	£3,484 : 14 : 7.
IV. Fees, Fines ... ..	1,380 : 0 : 0.
VI. Post Office ... ..	8,401 : 6 : 9.
VII. Telegraphs and Telephones	307 : 1 : 7.
VIII. Rents ... ..	28 : 15 : 2.
	<hr/> £13,601 : 18 : 1.

Under the Estimates :

Head II. Port & Tonnage ... ..	£ 10 : 16 : 3.
III. Licences & Internal Revenue	23 : 17 : 9.
V. Interest ... ..	1,069 : 13 : 11.
IX. Miscellaneous ... ..	1,182 : 14 : 3.
X. Contribution from Dependencies	841 : 0 : 8.
	<hr/> £ 3,128 : 2 : 10.

Nett Excess ... £10,473 : 15 : 3.

7. The following comments are submitted on items which are "Over" or "Under" the estimate :-

I. CUSTOMS DUTIES. The actual receipts of £17,484 : 14 : 7 are £4,987 : 14 : 7 in excess of those for 1936, and also exceed the estimated figure for 1937 by £3,484 : 14 : 7. This is due chiefly to the payment in January, 1937, of £1,500 Import Duties anticipated in 1936, a receipt of over £800 from the Export tax on wool from an early shipment of part of the 1938 wool clip. The balance of the increase can be attributed to the larger importations of dutiable articles for the Coronation Celebrations and the general return of prosperity.

IV. FEES, FINES, ETC. Receipts exceeded the estimates by £1,380. Supreme Court receipts chiefly composed of Estate Duty increased by £583, Hospital and Medical receipts were up by £540, of which £400 was in respect of a contribution from the West Falkland Farmers' Medical Association towards the cost of removal and re-erection of the Medical Officer's Quarters at Fox Bay, Dental receipts exceeded the estimate by £243 due, no doubt, to the presence in the Colony of a Dental Surgeon.

VI. POST OFFICE. Of the nett increase of £8,401 no less than £8,338 is the excess on the item "Sale of Stamps" which was estimated at £4,000. This was due to the new issue of stamps commemorating the Coronation of His Majesty King George VI.

VII. TELEGRAPHS AND TELEPHONES. This Head exceeded the estimate by £307, and is attributable to increased traffic in "Wireless messages", receipts from which showed an excess of £301.

V. INTEREST. Decrease of £1,069 : 13 : 11. The interest received from the Land Sales Fund, Joint Colonial Fund, and Reserve Fund were less than the estimate by £803, £179, and £158 respectively. These decreases were due to conversion of maturing stocks yielding lower rates of interest.

IX. MISCELLANEOUS. Decrease of £1,182 : 14 : 3. Several causes must be taken into consideration in arriving at this nett decrease. In the first place there was no revenue available for credit under the item "Savings Bank", as the securities of the Fund had depreciated by £6,746 : 6 : 5. A sum of £2,280 was received from the profit on sale of investments, while £3,445 was obtained from the Marine Insurance Fund Securities which were sold during the year. These two amounts partly compensate for the short-fall of £7,000 under "Savings Bank" thereby reducing the nett decrease under the Head to £1,182. With regard to the Marine Insurance Fund receipts of £3,445, the amount was utilised for the purchase of the Power Boat, the cost of which is shown under Expenditure Head XX, Public Works Extraordinary.

X. CONTRIBUTIONS FROM DEPENDENCIES. Decrease £841 : 0 : 8. The revenue collected in the Dependencies was not sufficient to permit the total contribution being paid, but legislation will be enacted in 1938 which will permit of this amount being transferred from the Research Fund for the eventual credit of the Colony's revenue in 1938.

### Expenditure.

8. The actual Ordinary Expenditure was £48,865 : 7 : 11. To this, however, has to be added £19,383 : 4 : 1, consequent on depreciation in investments, making a total of £68,248 : 12 : 0, or £21,475 : 12 : 0 in excess of the Estimate. Extraordinary expenditure was £13,040 : 14 : 6, or £2,812 : 14 : 6, in excess of the estimate, this Head includes the cost of the Power Boat (£3,563 : 1 : 6) for which the proceeds of the Marine Insurance Fund were credited to revenue under "Miscellaneous". Explanations of the details of excesses both for Ordinary and Extraordinary expenditure are given in the report under the various Heads. The total excess expenditure £24,388 : 6 : 6 as compared with the estimate is arrived at as follows :-

#### Excesses :

					<hr/>					£ 941 : 10 : 3.
					<hr/>					
					Nett Excess					£24,388 : 6 : 6.
					<hr/>					

9. Apart from slightly over or under estimates, the following explanations on the main excesses and Savings are submitted :-

II. THE GOVERNOR. Excess £50 : 10 : 0. It was necessary to provide for the wages of a temporary Gardener during the absence of the substantive holder of the post attending a course of instruction in England. Sundry savings were effected which reduced the excess to £50 : 10 : 0.

VI. POST OFFICE. Excess £1,403 : 3 : 6, due chiefly to the extraordinary large sales of Coronation stamps which necessitated additional printing. The cost of the new 1938 issue of stamps is also included in this excess which accounts for £1,049. The actual revenue in 1937 from this source was £12,338, and the 1938 estimate is expected to yield £14,000. Owing to the delay in the rendition of accounts by the Falkland Islands Company charges in respect of two special voyages undertaken in 1935, were made in 1937.

VIII. HARBOUR. The excess of £97 : 15 : 1 is due to 1936 charges "repairs to boats" being brought to account in 1937, and the insurance of m.v. "Georgia".

XIV. NATURALIST. The over-expenditure of £60 : 17 : 6 is attributable to the engagement of a temporary Sealing Officer.

XV. MILITARY. Excess £201 : 8 : 11. The December, 1936, salary of the late Adjutant and Gymnastic & Drill Instructor was paid in 1937, and a special additional gratuity of £150 was paid to the same Officer. Additional expenditure was also incurred in connection with the exercises with H.M.S. "Exeter", and under the sub-head 'Uniforms'.

XVII. MISCELLANEOUS. Excess £20,221 : 6 : 10. The chief contributory cause of this excess is the amount charged to this Head consequent on the depreciation of investments. The actual figures were :-

Land Sales Fund	...	£11,697 : 13 : 6.
Reserve Fund	...	1,809 : 2 : 4.
Note Security Fund	...	600 : 16 : 1.
Marine Insurance Fund	...	678 : 14 : 3.
Savings Bank Fund	...	4,596 : 17 : 11.
Total	...	<hr/> £19,383 : 4 : 1.

Other excesses were 'Crown Agents Expenses' £114, 'Passages' £532, due to unforeseen new appointments and transfers, £140 under 'Transport' caused by the additional tours of the Agricultural Department, £114 under 'Charitable Relief', and fresh expenditure for 'Nutrition' £151, and the 'Empire Exhibition' £91.

The principal savings were effected under 'Provident Fund' £275, and 'Allowance to Apprentices' £145.

XIX. PUBLIC WORKS RECURRENT. Excess £369 : 5 : 7. An additional £309 was required to provide furniture for Government Buildings, and this was devoted chiefly to furnish the quarters of the S.M.O. and Dental Surgeon, for which rental is paid. £130 was required under 'Minor Works' which included unforeseen charges for works in the West Falklands. Sundry savings under this Head amounted to £71.

XX. PUBLIC WORKS EXTRAORDINARY. Nett Excesses £2,917 : 14 : 6. The excess on estimated items were 'Renewal of Electric Plant' £61 : 2 : 7, 'Roads to Canopus Hut and Sapper Hill' £73 : 8 : 8, 'Motor Garages for Quarters' £59 : 15 : 6, 'Improved Heating F.I.D.F. Headquarters' £89 : 10 : 11, while fresh expenditure was provided for 'Gun Position' £59 : 18 : 4, 'Alterations to Gymnasium' £99 : 19 : 6, 'Purchase of a Motor Vehicle' £156 : 9 : 0, part expenditure on 'Removal, re-erection, and alterations' of Quarters at Fox Bay £675 : 13 : 10, 'Heating Appliances (Government House)' £148 : 3 : 3, and purchase of the Power Boat "Georgia" £3,563 : 1 : 6. The largest savings were under the provision for the 'New Building for Secretariat etc.' £1,865 : 15 : 1, and this was due to the delay in commencing the work.

#### Land Sales Fund.

10. On the 31st December, 1937, the Fund amounted to £258,282 : 9 : 6, transactions during the year are shown below :—

Balance 1st January, 1937	...	...	...	...	£246,398 : 3 : 11.
<u>Receipts : (Land Purchases)</u>	...	...	...	...	15,943 : 14 : 4.
					<hr/> £262,341 : 18 : 3.
<u>Payments :</u>					
Improvements to Land	...	...	...	...	4,059 : 8 : 9.
Balance on 31st December, 1937	...	...	...	...	<hr/> £258,282 : 9 : 6. <hr/>

#### Farm Improvement & Buildings Loans.

11. On the 1st January, 1937, the balance outstanding was £5,844 : 16 : 8. During the year repayments totalled £1,336 : 6 : 8, leaving a balance at the close of the year of £4,508 : 10 : 0. Interest received and credited to Revenue amounted to £249 : 8 : 1.

#### Falkland Islands Reserve Fund.

12. The amount of the Falkland Islands Reserve Fund, which reached a figure of £34,000 at the 31st December, 1934, remained unchanged.

#### Investments.

13. In conformity with the provisions of C.O.R. 275 the Colony's Investments were revalued at the current middle market price in London at the close of the year. The market values are shewn in the Assets and Liabilities and Statements submitted with this report.

14. The Investments held on behalf of the following funds were written down by the amounts shewn :— Note Security Fund £685 : 1 : 4, Savings Bank Fund £6,746 : 6 : 5, Research & Development Fund £9,596 : 8 : 5, Land Sales Fund £11,697 : 13 : 6, and Reserve Fund £1,809 : 2 : 4. Profits on sale and transfer of Investments were credited to Revenue as follows :— Land Sales Fund £1,796 : 7 : 7, and Reserve Fund £483 : 14 : 5.

### Note Security Fund.

15. In conformity with the Falkland Islands Currency Notes Ordinance, 1930, a statement of transactions for the year 1937 has been submitted separately.

### Government Savings Bank.

16. A copy of the report on the transactions of the Government Savings Bank for the year ended 30th September, 1937, is included with the financial statements submitted, as is also a statement of transactions for the period 1st January to 31st December, 1937.

17. The balance of the Savings Bank Fund on the 31st December, 1937, was £218,107 : 15 : 1, made up as follows :—

Amount due to depositors	...	...	£189,658 : 7 : 11.
Plus 15% of above	...	...	28,449 : 7 : 2.
			<hr/> £218,107 : 15 : 1. <hr/>

### The Dependencies.

18. The actual yield of Ordinary Revenue for the Dependencies was £12,941 : 15 : 0, or £2,098 : 5 : 0 less than the estimate. As a result of a poor season, Export Duty on whale oil and Guano reveal short-falls of £2,732 : 5 : 4, and £632 : 1 : 1 respectively. Apart from slight variations in the estimated and actual figures, the following items of revenue exceeded the estimate by the amount stated, Import duty on Tobacco £161 : 14 : 6. Tonnage Dues £130, Shipping £211 : 16 : 4, Rents from Crown Lands £751.

19. The expenditure for the year amounted to £12,941 : 15 : 0, which it will be observed is equal to the amount of revenue collected, and £762 : 5 : 0 less than the estimate. Actually the revenue was insufficient to meet the expenditure so that the payment of the contribution to the Central Administration was reduced to £6,158 : 19 : 4, leaving a sum of £841 : 0 : 8 to be paid in 1938.

### Dependencies Research & Development Fund.

20. The balance of the Fund on 31st December, 1937, was £239,462 : 2 : 7, transactions during the year being as shown :—

Balance, 1st January, 1937	...	£291,907 : 9 : 3.
<u>Receipts :</u>		
Interest on Investments	...	10,993 : 7 : 1.
Miscellaneous	...	1 : 0 : 0.
		<hr/> £302,901 : 16 : 4.
<u>Payments :</u>		
Discovery Committee	...	£52,200 : 0 : 0.
Fisheries Adviser	...	1,170 : 16 : 8.
Mr. Borley's Superannuation Fund	...	147 : 2 : 5.
Depreciation of Investments	...	9,596 : 8 : 5.
Discovery Pension Fund	...	295 : 2 : 9.
Sundry Expenses	...	30 : 3 : 6.
		<hr/> £ 63,439 : 13 : 9.
Balance 31st December, 1937	...	<hr/> £239,462 : 2 : 7. <hr/>

### Discovery Pension Fund.

21. The Discovery Pension Fund was closed during the year.

22. The final figures disclose that had there been no depreciation of investments to contend with, the revised surplus of all revenue over expenditure from all sources would

have been realised. As the position stands provision has been made for depreciation of investments, the Securities of the Savings Bank have been increased from 110% to 115%, which necessitated the provision of additional cover amounting to £9,482, and our surplus assets at £308,595 : 2 : 8 are £250 : 14 : 4 more than the highest figure hitherto recorded.

I have the honour to be,

Sir,

Your obedient servant,

M. J. STEWART,  
*Colonial Treasurer.*

## Report on Education in the Colony for 1937

—:O:—

### Preface

The population of the Falkland Islands is all-British and numbers about 2,400, and educational provision is correspondingly limited. Nearly half the people live in the one town of Stanley, the rest being scattered either in small settlements or isolated shepherds' houses over an area nearly the size of Wales. The whole country outside Stanley is called the camp. Education is compulsory between the ages of five and fourteen. The educational facilities fall under three groups :

- (1) Schools in Stanley.
- (2) A school at Darwin, the largest settlement outside Stanley.
- (3) Itinerant tuition in the camp.

(1) **STANLEY.** A Government School is maintained from public funds. The curriculum and time table are much the same as in an English primary school, including religious instruction, and in addition there is a full-time Continuation Class which provides a two-year course of further education. In 1924 a scheme was instituted to assist parents in the camp to send their children to Stanley for schooling. The children were boarded and lodged in a Government hostel and taught in the school at an inclusive charge of ten shillings a month: or, if accommodated in private houses, the Government made a grant towards the cost. In 1929 the hostel was closed owing to lack of support. The maintenance grants still remain, averaging about twelve a year, with a tendency to increase.

There is also a Convent School taught by Roman Catholic Sisters; this school is not under Government control or inspection and receives no grant from public funds.

(2) **DARWIN.** The Falkland Islands Company maintains a school for the children of its employees. It is not assisted or inspected by Government.

(3) **THE CAMP.** Four itinerant teachers are provided by Government, one on the East Falkland and three on the West. The teachers travel on horseback from house to house, usually staying a fortnight at each. The houses are isolated, and the teacher may have to travel several hours before he reaches the next place where his services are required. Each man has a district which he covers three or four times a year. He sends a fortnightly report to Stanley giving a detailed account of the work done, a list of books or materials wanted, and so on. The Superintendent of Education makes tours of inspection, normally visiting every child under tuition once every two years. In addition to the Government staff, the Falkland Islands Company maintains two camp teachers for work on its extensive farms on the East Falkland: as with the Company's school at Darwin, their work is not subject to Government supervision.

### Administration and Staffing

1. The Superintendent of Education is Headmaster of the Government School and is also responsible for the education of camp children. The authorised teaching establishment of the Government School in 1937 was

A Headmaster	} Certified by the Board of Education or the Scottish Education Department
An Assistant Master	
An Assistant Mistress	
A Second Assistant Master	} Locally Trained
An Assistant Teacher	
Three Supplementary Teachers	

2. The Superintendent of Education was away from the Colony on leave from the 21st May to the 22nd December. During this period the Certificated Assistant Master acted as Head of the Department. Four Travelling Teachers were employed at the beginning of the year. One of the West Falkland teachers left in June and had not been replaced by the end of the year.

3. There were no changes in legislation or administration affecting the Department during the year.

### Government School

6. All the pupils were medically and dentally examined during the year. From June onwards, consequent on the medical examination, about fifty pupils were given half a pint of milk every morning and afternoon, with a dose of cod liver oil in the mornings. Similar action was taken at the Roman Catholic School. The milk and cod liver oil were supplied free. Lessons on hygiene were given to the senior pupils.

7. The senior boys had regular lessons in carpentry and handwork. The current Board of Education syllabus of physical training was in use, and in addition the boys did gymnastic apparatus work and the girls folkdancing. Football (boys), hockey (girls) and netball (boys and girls) were on the time table.

8. The teaching of cookery and household management begun in 1936 was continued on the same lines.

9. In May 1937, during the Coronation Celebrations week when large numbers of people were in Stanley from the camp, the Government School gave a performance in the Town Hall in connexion with nutrition propaganda. A series of striking posters was

prepared, specially written songs were sung in praise of vitamins, a drill and gymnastic display was given by the boys and a folkdancing display by the girls. The school cookery centre prepared a monster exhibition of new food ideas and distributed samples to hundreds of visitors. The effort was a great success.

(2) The period within which an officer who takes leave prior to his retirement in the Colony may be granted a free passage to the United Kingdom shall be six months after the cessation of duty, or, if the officer has earned more than six months ordinary leave, up to the day following the expiration of such leave.

## A Bill

To make exceptional provision for the protection of the community in cases of emergency.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof as follows:—

Enacting Clause.

1. This Ordinance may be cited as the "Emergency Powers Ordinance, 1939."

Short Title.

2. (1) If at any time it appears to the Governor that any action has been taken or is immediately threatened by any persons or body of persons of such a nature and on so extensive a scale as to be calculated gravely to disturb the public peace or by interfering with the supply and distribution of food, water, fuel, or light, or with the means of transport, to deprive the community, or any portion of the community, of the essentials of life, the Governor may, by proclamation (hereinafter referred to as a proclamation of emergency) declare that a state of emergency exists.

Issue of Proclamation of emergency.

No such proclamation shall be in force for more than one month, without prejudice to the issue of another proclamation at or before the end of that period.

(2) Where a proclamation of emergency has been made, the occasion thereof shall forthwith be reported by the Governor to the Secretary of State.

3. (1) Where a proclamation of emergency has been made and so long as the proclamation is in force, it shall be lawful for the Governor in Council, by order, to make regulations for securing the essentials of life to the community, and those regulations may confer or impose on any Government Department, or on any officer or officers, such powers and duties as the Governor may deem necessary for the preservation of peace, for securing and regulating the supply and distribution of food, water, fuel, light, and other necessities, for maintaining the means of transport, and for any other purposes essential to the public safety and the life of the community, and may make such provisions incidental to the powers aforesaid as may appear to the Governor to be required for making the exercise of those powers effective :

Emergency regulations.

Provided that nothing in this Ordinance shall be construed to authorise the making of any regulations imposing any form of compulsory military service or industrial conscription :

Provided also that no such regulation shall make it an offence for any person or persons to take part in a strike, or peacefully to persuade any other person or persons to take part in a strike.

(2) Any regulations so made shall not continue in force after the expiration of seven days from the date of issue unless an order is made by the Governor in Council for the continuance thereof.

(3) The regulations may provide for the trial, by courts of summary jurisdiction, of persons guilty of offences against the regulations; so, however, that the maximum penalty, save as provided in sub-section (4) of this section, which may be inflicted for any offence against such regulations shall be imprisonment with or

without hard labour for a term of three months, or a fine of fifty pounds, or both such imprisonment and fine, together with the forfeiture of any goods or money in respect of which the offence has been committed.

Provided that no such regulation shall alter any existing procedure in criminal cases, or confer any right to punish by fine or imprisonment without trial.

(4) The regulations may empower a court of summary jurisdiction to issue an Order of Deportation against any person convicted of an offence against such regulations provided that such person is not a native of the Colony of the Falkland Islands or its Dependencies.

(5) Any person who is the subject of an Order of Deportation may be detained in custody until the departure of a vessel for a suitable destination overseas and then handed over to the master of such vessel who shall receive such person on board of the vessel on payment of the cost of passage and such person shall not be permitted thereafter to land in the Colony.

(6) The regulations so made shall have effect as if enacted in this Ordinance, but may be added to, altered, or revoked by Order of the Governor in Council or by regulations made in like manner and subject to like provisions as the original regulations: and regulations made under this Section shall not be deemed to be Statutory rules within the meaning of Section one of the Rules Publication Act (United Kingdom) 1893, 56 and 57 Victoria Ch. 66.

(7) The expiry or revocation of any regulations so made shall not be deemed to have affected the previous operation thereof, or the validity of any action taken thereunder, or any penalty or punishment incurred in respect of any contravention or failure to comply therewith, or any proceeding or remedy in respect of any such punishment or penalty.

Passed by the Legislative Council this            day of  
             , 1939.

*Clerk of the Legislative Council.*

Assented to by the Governor and given under the Public Seal of the Colony this            day of            , 1939.

To repeal and re-enact with modifications the provisions of the Infanticide Ordinance, 1934.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof as follows :—

Enacting Clause.

1. This Ordinance may be cited as the "Infanticide Ordinance, 1939."

Short Title.

2. Offence of infanticide.

(2) Where upon the trial of a woman for the murder of her child, being a child under the age of twelve months, the jury are of opinion that she by any wilful act or omission caused its death, but that at the time of the act or omission the balance of her mind was disturbed by reason of her not having fully recovered from the effect of giving birth to the child or by reason of the effect of lactation consequent upon the birth of the child, then the jury may, notwithstanding that the circumstances were such that but for the provisions of this Ordinance they might have returned a verdict of murder, return in lieu thereof a verdict of infanticide.

(3) Nothing in this Ordinance shall affect the power of the jury upon an indictment for the murder of a child to return a verdict of manslaughter, or a verdict of guilty but insane, or a verdict of concealment of birth, in pursuance of section sixty of the Act of the Imperial Parliament entitled "Offences against the Person Act, 1861," except that for the purposes of the proviso to that section a child shall be deemed to have recently been born if it had been born within twelve months before its death.

No such proclamation shall be in force for more than one month, without prejudice to the issue of another proclamation at or before the end of that period.

(2) Where a proclamation of emergency has been made, the occasion thereof shall forthwith be reported by the Governor to the Secretary of State.

3. (1) Where a proclamation of emergency has been made and so long as the proclamation is in force, it shall be lawful for the Governor in Council, by order, to make regulations for securing the essentials of life to the community and for preserving the public peace, and those regulations may confer or impose on any Government Department, or on any officer or officers, such powers and duties as the Governor may deem necessary for the preservation of peace, for securing and regulating the supply and distribution of food, water, fuel, light, and other necessities, for maintaining the means of transport, and for any other purposes essential to the public safety

Emergency regulations.

and the life of the community, and may make such provisions incidental to the powers aforesaid as may appear to the Governor to be required for making the exercise of those powers effective :

Provided also that no such regulation shall make it an offence for any person or persons to take part in a strike, or peacefully to persuade any other person or persons to take part in a strike.

(2) Any regulations so made shall not continue in force after the expiration of seven days from the date of issue unless an order is made by the Governor in Council for the continuance thereof.

(3) The regulations may provide for the trial, by courts of summary jurisdiction, of persons guilty of offences against the regulations; so, however, that the maximum penalty, save as provided in sub-section (4) of this section, which may be inflicted for any offence against such regulations shall be imprisonment with or without hard labour for a term of three months, or a fine of fifty pounds, or both such imprisonment and fine, together with the forfeiture of any goods or money in respect of which the offence has been committed.

(4) The regulations may empower a court of summary jurisdiction to issue an Order of Deportation against any person convicted of an offence against such regulations provided that such person is not a native of the Colony of the Falkland Islands or its Dependencies.

(5) Any person who is the subject of an Order of Deportation may be detained in custody until the departure of a vessel for a suitable destination overseas and then handed over to the master of such vessel who shall receive such person on board of the vessel on payment of the cost of passage and such person shall not be permitted thereafter to land in the Colony.

(6) The regulations so made shall have effect as if enacted in this Ordinance, but may be added to, altered, or revoked by Order of the Governor in Council or by regulations made in like manner and subject to like provisions as the original regulations; and regulations made under this Section shall not be deemed to be Statutory rules within the meaning of Section one of the Rules Publication Act (United Kingdom) 1893, 56 and 57 Victoria Ch. 66.

15. **UNALLOCATED STORES ACCOUNT.** The Unallocated Stores Account, which up to 1937, was included in the Assets of the Colony was closed during the year by charges to Votes under Head XIX Public Works Recurrent. Particulars thereof are set out in the detailed statement of expenditure relating to the Head quoted.

16. **COLONIAL DEVELOPMENT FUND.** In December of the year under review £3,200 was received from the Colonial Development Fund in respect of the major portion of a free grant towards the cost of:—

- (i) Improvement of the Colony's Grasslands, and
- (ii) the visit of a technical expert in connection therewith.

The Scheme, estimated to cost £5,000 excluding expenses incurred during and after the visit of the expert, was commenced in 1937, and continued throughout the first half of 1938. It was financed by the appropriation of £2,500 of Ordinary Revenue together with a transfer thereto of a like sum from the Land Sales Fund, to meet provision made under Expenditure Head XVI. Agriculture. The charges relating to the visit of the technical expert were debited direct to Land Sales Fund.

It will be recalled that the Scheme provided for the recovery of charges borne by the Land Sales Fund from the Colonial Development Fund Grant, and this was effected accordingly at the close of the year.

Detailed statements of Expenditure have been rendered.

17. Appended is an abstract of Falkland Islands and Dependencies Expenditure for the year 1938. Comparative Statements of Revenue and Expenditure have already been furnished, while the Financial Statements required by Colonial Regulations 323 and 354 are submitted herewith.

19. FALKLAND ISLANDS REVENUE. The Ordinary Revenue amounted to £61,618 : 16 : 5., or £3,881 : 3 : 7 less than the Estimate, as follows:—

## OVER THE ESTIMATES.

Head	I. Customs Duties	£ 497 : 4 : 6

	Less than the Estimates	£3,881 : 3 : 7
		<hr/>

20. The following comments are submitted on the main items "Over" or "Under" the Estimates:—

I. CUSTOMS DUTIES – Over by £497 : 4 : 6. The excess is due to receipts in respect of imports of spirits, which amounted to £1,891 : 17 : 2 more than the estimate.

The items under the estimate totalled £1394 : 12 : 8 including £755 : 19 : 0, £200, and £402 : 1 : 10 for exports of wool, seal oil and tobacco respectively. The short fall on wool is attributable to a shipment in December, 1937, normally shipped in the month following. The Seal Oil industry was inoperative during the year.

VI. POST OFFICE – Over by £2,100 : 10 : 6. As a result of extraordinary sales of stamps to Philatelists. The estimate of £14,000 was exceeded by £2,232 : 12 : 10.

VII. TELEGRAPHS & TELEPHONES. Excess of £474 : 8 : 9 due to increased traffic – Wireless telegraphs. Items under the estimate reduced the excess to £447 : 18 : 6.

## 21. UNDER THE ESTIMATES.

IV. FEES, FINES &c. Under by £709 : 7 : 7 due to shortfall of £922 : 18 : 3 under sub-head Supreme Court.

V. INTEREST – Under by £697 : 4 : 5 due in the main to decreased receipts under I Land Sales Fund consequent upon conversion of stocks yielding less interest.

IX. MISCELLANEOUS – Under by £3,154 : 17 : 5. Due to shortfall of £3,700 under subhead 6. Savings Bank. The estimated revenue from this source was found to be unrealisable owing to a number of causes, chiefly the depreciation of Savings Bank Investments and the increased reserve required to cover deposits.

X. CONTRIBUTIONS FROM DEPENDENCIES – Under by £2,010 : 8 : 9. The Surplus of Dependencies revenue was insufficient to meet the estimated figure for 1938 of £7,000 by £2,851 : 9 : 5. The actual shortfall is reduced by the payment in 1938 of the balance due from 1937.

22. EXPENDITURE. Expenditure amounted to £68,722 : 5 : 7, or £10,341 : 5 : 7 more than the Estimate as follows:—

23. Apart from slightly over or under the estimates, the following explanations of the main excesses and savings are submitted:—

EXCESSES.

I. PENSIONS. — Excess £466 : 0 : 11, Due to gratuities and pensions granted to Officers retired during the year.

IV. TREASURY & CUSTOMS. — Nett excess £197 : 19 : 6. Due to refunds under "Customs drawbacks &c." of excess duty paid on declaration as against duty leviable on certified landing weights.

VII. ELECTRICAL & TELEGRAPHS. Nett excess £39 : 16 : 0. Caused by the presentation for payment in 1938 of an account for charges incurred in 1937.

VIII. HARBOUR. Nett excess £232 : 17 : 5. Due to provision of £187 under new subhead (Georgia Marine Insurance Fund), and provision for allowance of £50 per annum to coxswain of m.v. Georgia.

XVI. AGRICULTURE. Nett excess £150 : 3 : 5. Additional provision, shown in the accompanying detailed statements of expenditure, amounted to £439 : 13 : 7, including "Labour" £149; Rent of Offices £50; together with expenditure in respect of "Purchase of Dairy Utensils", "Building Materials", "Horses &c." and "Allowance to Storekeeper" totalling approximately £230. Savings from other votes under the Head reduced the excesses to the figure given above.

XVII. MISCELLANEOUS. Nett Excess £3,241 : 0 : 6. The main contributory causes to the above excess are as follows :—

<u>Sub-head.</u>		<u>Cause.</u>
Passages ...	£ 924 : 14 : 9.	New appointments.
Transport ...	103 : 0 : 8.	Additional expenses due to exchanges of offices between East and West Falklands.
Charitable Relief	225 : 3 : 2.	Increased grants of.
Repatriation ...	83 : 17 : 6.	Additional expenses consequent upon repatriation of Falkland Island family resident in the U.K.
Government Employees' Provident Fund	1,240 : 7 : 4.	Bonuses on compulsory contributions and arrears.
Note Security Fund	805 : 18 : 1.	To provide necessary legal cover for Note Issue.
<hr/> £3,383 : 1 : 6. <hr/>		

XIX. PUBLIC WORKS RECURRENT. Nett Excess £5,313 : 14 : 11. Among the contributory causes to the above excess were (i) Purchase and renewal of furniture for Government Buildings £209 : 3 : 9; (ii) the transfer to Votes of the value of the Unallocated Stores Account balance on the 1st January, 1938, and the nett expenditure in respect of stores purchased during the year, amounting in all to £5,421 : 4 : 5.

XX. PUBLIC WORKS EXTRAORDINARY. Nett Excess £2,165 : 0 : 2. Consequent upon the decision to expedite the completion of the 'Secretariat and Treasury Offices', additional provision was made in the sum of £3,524, of which £3,106 : 12 : 2 was expended on the service. Other items contributing to the nett excess on the Head were (i) Completion of the removal of Marnon House, West Falkland, £420 : 2 : 7; (ii) the renewal of Water Pump in the environs of Stanley £124 : 1 : 3; (iii) Military expenditure totalling £506 : 14 : 1; and (iv) £247 : 9 : 4 in respect of renewal of Electrical Plant, being part of the cost of plant supplied in 1937 and forming a guarantee of satisfactory performance over a period of twelve months.

Savings on other votes reduced the total excess to £2,165 : 0 : 2.

#### SAVINGS.

COLONIAL SECRETARY. Nett Savings of £214 : 4 : 2 were effected mainly as the result of the transfer to another Department of one clerk, grade II.

AUDIT. Nett Savings £205 : 0 : 6. Due to transfer of clerk £45 : 10 : 6, and to non-expenditure of £157 : 10 : 0 provided as part cover of expenses of visiting auditor.

POST OFFICE. Nett Savings £125 : 15 : 4. The principal saving is to be found under 'Carriage of Mails', expenditure in respect of which was less by £135 : 7 : 6 than estimated. Minor excesses on other subheads reduced the saving to the above figure.

MEDICAL. Nett savings £416 : 17 : 9. Due to the non-appointment of a Nursing Sister £152; Hospital maintenance £80; Drugs, Medicines, and Instruments £73; Nutrition £64; and the non-expenditure of £50 provided for Health Education.

EDUCATION. Nett saving of £150 : 2 : 8. Attributable to savings under Personal Emoluments — Travelling Teachers. The number of Travelling Teachers throughout the year was one less than provided for.

PUBLIC WORKS DEPARTMENT. Nett savings £185 : 4 : 3. Mainly attributable to savings under Personal Emoluments — Director of Public Works, in consequence of the retirement of the holder and the non-appointment of a successor.

### Dependencies.

24. REVENUE. Estimated £15,545 - Actual £11,457 : 4 : 11. The nett shortfall of £4,087 : 15 : 1 is in the main attributable to the poor whaling season as reflected in the revenue from whale and seal oil and guano, less than the estimates by £2,954 : 11 : 8 and £519 : 1 : 2 respectively.

Additional contributory factors are to be found under Internal Revenue - Whaling Licences, and Rent - Crown Lands, with respective shortfalls of £650 and £998. In the case of the former the estimate appears to have been based on a recovery in the whaling industry which did not materialise. There were, however, rents amounting to £1,000 outstanding at the close of the year pending renewals of leases.

EXPENDITURE. Estimated £13,829 - Actual £11,457 : 4 : 11.

It will be observed that Expenditure is equivalent to the Actual Revenue, which was insufficient to meet the contribution due to the Central Administration by the sum of £2,851 : 9 : 5. Legislation to recover the amount due will be introduced in 1939.

25. Detailed statements of Revenue and Expenditure together with explanations of excesses have been furnished.

26. In conclusion it is submitted, with reference to the Colony's accounts proper, that generally, and despite the apparent deficit of £7,103 (£2,851 of which is recoverable) the results of the financial period under report may be regarded as satisfactory. Especially in view of the additional expenditure incurred in (i) the writing-off of the Unallocated Stores Account; (ii) the provision of funds to expedite the completion of the new Secretariat and Treasury Offices; and (iii) Bonuses consequent upon the inauguration of the Government Employees' Fund. It will be noted that item (i) alone more than accounts for the actual deficit.

I have the honour to be,

Sir,

Your obedient Servant,

W. D. A. JONES,

*for Colonial Treasurer.*

## Report on the Government Employees' Provident Fund for the year ended 31st December, 1938.

—:o:—

Colonial Treasury,  
Stanley,  
26th April, 1939.

The Honourable,  
The Colonial Secretary,  
Stanley.

Sir,

In accordance with Section 4 (6) of Ordinance No. 8 of 1938, I have the honour to submit a report on the transactions of the Government Employees' Provident Fund from its inception, in July, to the 31st December, 1938.

Appended are the following statements showing :—

- (i) Abstract of Revenue and Expenditure, Deposits and Withdrawals, Investment Adjustment Account, Investment Account, Capital Account, and Assets and Liabilities at the close of the year.
- (ii) Nominal value, cost and market value of Investments on 31st December, 1938.

It will be observed that Compulsory deposits, including arrears, amounted to £1,469 : 18 : 3 which with bonus (£1,469 : 18 : 3), voluntary deposits (£23 : 14 : 0), and accrued interest (£14 : 9 : 4) resulted in a total credit to depositors of £2,977 : 19 : 10, of which £113 : 0 : 0, representing compulsory deposit and bonus, was repaid, leaving a balance of £2,864 : 19 : 10 at the close of the year.

Expenditure by the Crown Agents in the purchase of approved securities, of a face value of £2,688 : 10 : 4, amounted to £2,594 : 2 : 2. Income from these investments totalled £23 : 6 : 3.

In conformity with Colonial Regulation 275, the Fund was charged with the sum of £57 : 6 : 0 in respect of depreciation of investments. The assets were thereby reduced to a figure less by £48 : 9 : 1 than the sum due to depositors. In the circumstances it was considered necessary to charge Falkland Islands Funds with this sum and credit the Fund accordingly. The amount involved is noted at the foot of the statement of Assets and Liabilities as a contingent liability.

## Report on Education in the Colony for 1938

—:O::—

### Preface

The population of the Falkland Islands is all-British and numbers about 2400, and educational provision is correspondingly limited. Nearly half the people live in the one town of Stanley, the rest being scattered either in small settlements or isolated shepherds' houses over an area nearly the size of Yorkshire. The whole country outside Stanley is called the camp. Education is compulsory between the ages of five and fourteen. The educational facilities fall under three groups :

- (1) Schools in Stanley
- (2) A school at Darwin, the largest settlement outside Stanley
- (3) Itinerant tuition in the camp.

(1) **STANLEY.** A Government school is maintained from public funds. The curriculum and time table are much the same as in an English primary school, including religious instruction, and in addition there is a full-time Continuation Class which provides a two-year course of further education. In 1924 a scheme was instituted to assist parents in the camp to send their children to Stanley for schooling. The children were boarded and lodged in a Government hostel and taught in the school at an inclusive charge of ten shillings a month : or, if accommodated in private houses, the Government made a grant towards the cost. In 1929 the hostel was closed owing to lack of support. The maintenance grants still remain, averaging about eighteen a year, with a tendency to increase.

There is also a Convent School taught by Roman Catholic Sisters. It is not under Government control or inspection and receives no grant from public funds.

(2) **DARWIN.** The Falkland Islands Company maintains a school for the children of its employees. It is not assisted or inspected by Government.

(3) **THE CAMP.** Four itinerant teachers are provided by Government, one on the East Falkland and three on the West. The teachers travel on horseback from house to house, usually staying a fortnight at each. The houses are isolated, and the teacher may have to travel several hours before he reaches the next place where his services are required. Each man has a district which he covers three or four times a year. He sends a fortnightly report to Stanley giving a detailed account of the work done, a list of books or materials wanted, and so on. The Superintendent of Education makes tours of inspection, normally visiting every child under tuition once every two years. In addition to the Government staff, the Falkland Islands Company maintains two camp teachers for work on its extensive farms on the East Falkland: as with the Company's school at Darwin, their work is not subject to Government supervision.

### Administration and Staffing

1. In 1938 the Superintendent of Education was Headmaster of the Government School and was also responsible for the education of camp children. The authorised teaching establishment of the Government School at the beginning of 1938 was

A Headmaster	}	Certificated by the Board of Education or the Scottish Education Department
An Assistant Master		
An Assistant Mistress		
A Second Assistant Master	}	Locally Trained
An Assistant Teacher		
Three Supplementary Teachers		

Early in the year it was decided to employ an additional certificated assistant mistress, who arrived in September.

2. The following changes in the staff took place during the year :

- (1) The assistant master completed his three years agreement and left the Colony early in August. A successor arrived later in the same month.
- (2) The certificated assistant mistress left in September. She was replaced by a certificated woman teacher from England, who arrived at the same time as the additional teacher mentioned above.
- (3) Two supplementary teachers left, in March and April, and were replaced by local appointments.
- (4) The headmaster left at the end of the year consequent on reorganization which came into effect in January 1939, whereby the Superintendent of Education and Headmaster of the Government School became Director of Education and a new appointment of Headmaster, Government School, was made. The new Headmaster, Mr. T. D. Evans, arrived early in February 1939 ready for the beginning of the school year.

3. Efforts were made without success, both locally and otherwise, to obtain a Travelling Teacher to fill the vacancy on the West Falkland. The post was filled in February 1939.

6. All the pupils were medically and dentally examined during the year. As a

result of the individual medical examination the number of pupils receiving free daily milk and cod liver oil was reduced from fifty to forty. Lessons in hygiene were given to the senior pupils.

7. The senior boys had regular lessons in carpentry and handwork. The current Board of Education syllabus of physical training was in use, and in addition the boys did gymnastic apparatus work and the girls folkdancing. Football, hockey and netball were on the time table.

8. The teaching of cookery and household management begun in 1936 was continued on the same lines.

9. A gardening class for the senior boys was started in September.

## A N A C T

To confer on His Majesty certain powers which it is expedient that His Majesty should be enabled to exercise in the present emergency; and to make further provision for purposes connected with the Defence of the Realm.

BE IT ENACTED by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

## Defence Regulations.

1. (1) Subject to the provisions of this section, His Majesty may by Order in Council make such Regulations (in this Act referred to as "Defence Regulations") as appear to him to be necessary or expedient for securing the public safety, the defence of the realm, the maintenance of public order and the efficient prosecution of any war in which His Majesty may be engaged, and for maintaining supplies and services essential to the life of the community.

(2) Without prejudice to the generality of the powers conferred by the preceding subsection, Defence Regulations may, so far as appears to His Majesty in Council to be necessary or expedient for any of the purposes mentioned in that subsection—

(a) make provision for the apprehension, trial and punishment of persons offending against the Regulations, and for the detention of persons whose detention appears to the Secretary of State to be expedient in the interests of the public safety or the defence of the realm;

(b) authorise—

(i) the taking of possession or control, on behalf of His Majesty, of any property or undertaking;

(ii) the acquisition, on behalf of His Majesty, of any property other than land;

(c) authorise the entering and search of any premises; and

(d) provide for amending any enactment, for suspending the operation of any enactment and for applying any enactment with or without modification.

(3) Defence Regulations may provide for empowering such authorities, persons or classes of persons as may be specified in the Regulations to make orders, rules and byelaws for any of the purposes for which such Regulations are authorised by this Act to be made, and may contain such incidental and supplementary provisions as appear to His Majesty in Council to be necessary or expedient for the purposes of the Regulations.

(4) A Defence Regulation, and any order, rule or byelaw duly made in pursuance of such a Regulation, shall have effect notwithstanding anything inconsistent therewith contained in any enactment other than this Act or in any instrument having effect by virtue of any enactment other than this Act.

(5) Nothing in this section shall authorise the imposition of any form of compulsory naval, military or air force service or any form of industrial conscription, or the making of provision for the trial by courts martial of persons not being persons subject to the Naval Discipline Act, to military law or to the Air Force Act.

(6) In this section the expression "enactment" includes any enactment of the Parliament of Northern Ireland.

2. (1) The Treasury may by order provide for imposing and recovering, in connection with any scheme of control contained in or authorised by Defence Regulations, such charges as may be specified in the order; and any such order may be varied or revoked by a subsequent order of the Treasury.

Power to impose charges.

(2) Any charges recovered by virtue of such an order as aforesaid shall be paid into the Exchequer of the United Kingdom or, if the order so directs, be paid into such public fund or account as may be specified in the order.

(3) Any such order as aforesaid shall be laid before the Commons House of Parliament as soon as may be after it is made, but, notwithstanding anything in subsection (4) of section one of the Rules Publication Act, 1893, shall be deemed not to be a statutory rule to which that section applies.

(4) Any such order as aforesaid imposing or increasing a charge shall cease to have effect on the expiration of the period of twenty-eight days beginning with the day on which the order is made, unless at some time before the expiration of that period it has been approved by a resolution of the Commons House of Parliament, without prejudice, however, to the validity of anything previously done under the order or to the making of a new order.

In reckoning any period of twenty-eight days for the purposes of this subsection, no account shall be taken of any time during which Parliament is dissolved or prorogued, or during which the Commons House is adjourned for more than four days.

(5) Without prejudice to the preceding provisions of this section, any Defence Regulations may provide

and all sums received by way of such fees or charges as aforesaid shall be paid into the Exchequer of the United Kingdom or, if the Treasury so direct, be paid into such public fund or account as they may determine.

3. (1) Unless the contrary intention appears therefrom, any provisions contained in, or having effect under, any Defence Regulation shall—

Extra-territorial operation of Defence Regulations.

- (a) in so far as they specifically impose prohibitions, restrictions or obligations in relation to ships, vessels

or aircraft, or specifically authorise the doing of anything in relation to ships, vessels or aircraft, apply to all ships, vessels or aircraft in or over the United Kingdom and to all British ships or aircraft, not being Dominion ships or aircraft, wherever they may be; and

- (b) in so far as they impose prohibitions, restrictions or obligations on persons, apply (subject to the preceding provisions of this subsection) to all persons in the United Kingdom and all persons on board any British ship or aircraft, not being a Dominion ship or aircraft, and to all other persons being British subjects except persons in any of the following countries or territories, that is to say,—

- (i) a Dominion,
- (ii) India, Burma and Southern Rhodesia,
- (iii) any country or territory to which any provisions of this Act can be extended by Order in Council, and
- (iv) any other country or territory, being a country or territory under His Majesty's protection or suzerainty :

Provided that Defence Regulations may make provision whereby the owner, manager or charterer of any British ship or aircraft, being a person resident in the United Kingdom or a corporation incorporated under the law of any part of the United Kingdom, is subjected to restrictions in respect of the employment of persons in any foreign country or territory in connection with the management of the ship or aircraft.

(2) In this section the expression "Dominion ship or aircraft" means a British ship or aircraft registered in a Dominion, not being a ship or aircraft for the time being placed at the disposal of, or chartered by or on behalf of, His Majesty's Government in the United Kingdom; and, for the purposes of subsection (1) of this section, any ship or aircraft registered in India, Burma or Southern Rhodesia, not being a ship or aircraft for the time being placed at the disposal of, or chartered by or on behalf of, His Majesty's Government in the United Kingdom, shall be treated as if it were a Dominion ship or aircraft.

(3) Subsection (1) of this section shall apply in relation to British protected persons, as that subsection applies in relation to British subjects.

Provisions as to  
Colonies, &c.

4. (1) His Majesty may by Order in Council direct that the provisions of this Act other than this section shall extend, with such exceptions, adaptations and modifications, if any, as may be specified in the Order, —

- (a) to the Isle of Man or any of the Channel Islands,
- (b) to Newfoundland or any colony,
- (c) to any British Protectorate,
- (d) to any territory in respect of which a mandate on behalf of the League of Nations has been accepted by His Majesty, and is being exercised by His Majesty's Government in the United Kingdom, and
- (e) (to the extent of His Majesty's jurisdiction therein) to any other country or territory being a foreign country or territory in which for the time being His Majesty has jurisdiction;

and, in particular, but without prejudice to the generality of the preceding provisions of this section, such an Order in Council may direct that any such authority as may be specified in the Order shall be substituted for His Majesty in Council as the authority empowered to make Defence Regulations for the country or territory in respect of which the Order is made.

(2) His Majesty may by Order in Council make, or authorise the making of, provision whereby persons offending against any Defence Regulations may be apprehended, tried and punished in the United Kingdom, or any of the countries or territories specified in the preceding subsection, whether section one of this Act extends to that country or territory or not.

5. (1) If and so far as the provisions of any Act for purposes of defence passed by the Parliament of the Commonwealth of Australia or by the Parliament of the Dominion of New Zealand purport to have extra-territorial operation as respects—

Extra-territorial  
operation of defence  
legislation of certain  
Dominions, &c.

- (a) ships or aircraft registered in the said Commonwealth or Dominion, or
- (b) the employment of persons in relation to British ships or aircraft by owners, managers or charterers of such ships or aircraft who are persons resident in the said Commonwealth or Dominion or corporations incorporated under the law of the said Commonwealth or Dominion or any part thereof,

the said provisions shall be deemed to have such operation.

(2) No law made for purposes of defence by the Indian Legislature or the Federal Legislature of India or by the Legislature of Burma shall, on the ground that it would have extra-territorial operation, be deemed to be invalid in so far as it makes provision whereby any owner, manager or charterer of a British ship or aircraft who is a person resident in India or Burma or a corporation incorporated under the law of India or Burma or any part thereof, is subjected to restrictions in respect of the employment of persons in relation to the ship or aircraft.

Nothing in this subsection shall be taken to prejudice the effect of section ninety-nine of the Government of India Act, 1935, or section thirty-three of the Government of Burma Act, 1935.

(3) If and so far as the provisions of any law for purposes of defence made by the Legislature of Southern Rhodesia purport to have extra-territorial operation as respects—

- (a) aircraft registered in Southern Rhodesia, or
- (b) the employment of persons in relation to British aircraft by owners, managers or charterers of such aircraft who are persons resident in Southern Rhodesia or corporations incorporated under the law of Southern Rhodesia,

the said provisions shall be deemed to have such operation.

6. (1) If, as respects any proceedings before a court (whether instituted before or after the commencement of this Act), the court is satisfied that it is expedient, in the interests of the public safety or the defence of the realm so to do, the court—

Hearing of proceedings in camera.

- (a) may give directions that, throughout, or during any part of, the proceedings, such persons or classes of persons as the court may determine shall be excluded;

- (b) may give directions prohibiting or restricting the disclosure of information with respect to the proceedings.

The powers conferred by this subsection shall be in addition to, and not in derogation of, any other powers which a court may have to give such directions as aforesaid.

(2) If any person contravenes any directions given by a court under the preceding subsection, then, without prejudice to the law relating to contempt of court, he shall be liable, on summary conviction, to imprisonment for a term not exceeding three months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine, or, on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine not exceeding five hundred pounds or to both such imprisonment and such fine.

(3) The operation of subsection (4) of section eight of the Official Secrets Act, 1920, shall be suspended during the continuance in force of this Act.

Proof of instruments.

7. Every document purporting to be an instrument made or issued by any Minister or other authority or person in pursuance of any provision contained in, or having effect under, Defence Regulations, and to be signed by or on behalf of the said Minister, authority or person, shall be received in evidence, and shall, until the contrary is proved, be deemed to be an instrument made or issued by that Minister, authority or person; *prima facie* evidence of any such instrument as aforesaid may, in any legal proceedings (including arbitration), be given by production of a document purporting to be certified to be a true copy of an Instrument by, or on behalf, of the Minister or other authority or person having power to make or issue the Instrument.

Provisions as to Orders in Council.

8. (1) Every Order in Council containing Defence Regulations shall be laid before Parliament as soon as may be after it is made; but, notwithstanding anything in subsection (4) of section one of the Rules Publication Act, 1893, such an Order shall be deemed not to be a statutory rule to which that section applies.

(2) If either House of Parliament, within the next twenty-eight days on which that House has sat after such an Order in Council as aforesaid is laid before it, resolves that the Order be annulled, the Order shall thereupon cease to have effect except as respects things previously done or omitted to be done, without prejudice, however, to the making of a new Order.

(3) Any power conferred by the preceding provisions of this Act to make an Order in Council shall be construed as including a power to vary or revoke the Order.

#### Power to obtain information.

61. Without prejudice to any special provisions contained in these Regulations, any person shall, on being requested by a competent authority so to do, furnish or produce to such authority or person as may be specified in the request any such information or article in his possession as may be so specified, being information or an article which the competent authority considers it necessary or expedient in the interests of public safety, defence or the efficient prosecution of the war to obtain or examine.

#### Affixing of notices.

62. Any authorised officer may, for any purpose connected with defence, the prosecution of the war, the securing of the public safety, or the maintenance of supplies and services essential to the life of the community, affix any notice to, or cause any notice to be displayed on, any premises, vehicle or vessel, and may, for the purpose of exercising any power conferred by this Regulation, enter any

premises at any time; and where any authorised officer affixes a notice, or causes a notice to be displayed, in pursuance of this Regulation, no person other than an authorised officer shall remove, alter, deface or obliterate the notice.

he shall be guilty of an offence against that Regulation.

64. No person shall obstruct any servant of His Majesty, a police constable acting in the course of his duty as such, or any person exercising any powers, or performing any duties, conferred or imposed on him by or under any of these Regulations, or otherwise discharging any lawful functions in connection with defence or the securing of the public safety.

Obstruction.

65. No person who obtains any information by virtue of these Regulations shall, otherwise than in connection with the execution of these Regulations or of an order, rule or byelaw made under these Regulations, disclose that information except with permission granted by Governor.

Restrictions on disclosing information.

66. (1) Any person claiming to be the holder of any permit, licence or written permission granted or issued for the purposes of any of these Regulations shall, on demand made in that behalf by any police constable or by any authorised officer, produce the permit, licence or permission, as the case may be, to the person making the demand.

Licences, permits, &c.

(2) If, with intent to deceive, any person alters or uses, or lends to, or allows to be used by any other person, a permit, licence or written permission granted or issued for the purposes of any of these Regulations, or makes or has in his possession any document so closely resembling such a permit, licence or permission as to be calculated to deceive, he shall be guilty of an offence against this Regulation.

(3) Any licence, permit or permission granted for the purposes of any of these Regulations may be revoked at any time by the authority or person empowered to grant it.

Billeting.

number of persons as may be so specified, being either persons in the service of His Majesty or persons who are in the service of a local authority and are engaged in the performance of essential services.

Every billeting notice must, in order to be of any effect for the purposes of this Regulation, define by reference to the particular service or services in which they are engaged the persons for whom accommodation is required by the notice.

(2) The lodging or food to be furnished in accordance with a billeting notice, and the price to be paid in respect of any accommodation so furnished in any premises shall be such, and shall be paid to the occupier of the premises by such authority, as may be determined by order of the Governor.

(3) If the occupier of any premises feels aggrieved by the requirements of any billeting notice, he may, within fourteen days from the beginning of the day on which the notice is served on him, complain to a court of summary jurisdiction, and thereupon the court, if satisfied that the furnishing of accommodation in accordance with the notice would otherwise impose an undue burden upon the occupier, may by order annul the notice or direct that it shall have effect subject to such modifications as may be specified in the order.

(4) The penalty to which a person guilty of an offence under this Regulation shall be liable shall be a fine not exceeding fifty pounds.

Power to enter and search premises.

69. (1) If a magistrate is satisfied by information on oath that there is reasonable ground for suspecting that a war offence has been or is being committed, and that evidence of the commission of the offence is to be found at any premises specified in the information, he may grant a search warrant authorising any officer of police or any commissioned officer in His Majesty's forces, together with any other persons named in the warrant and any other police constables or members of His Majesty's forces, to enter the premises at any time or times within one month from the date of the warrant, if necessary by force, and to search the premises and every person found therein, and to seize any article found in the premises or on any person which the officer has reasonable ground for believing to be evidence of the commission of such an offence as aforesaid.

(2) If, with respect to any premises, any officer of police of a rank not lower than that of superintendent, or any person authorised by the Governor to act under this paragraph, has reasonable ground for suspecting that a war offence has been or is being committed, and that evidence of the commission of the offence is to be found at those premises, and is satisfied—

(a) that it is essential in the public interest that the premises should be searched for the purpose of obtaining that evidence, and

(b) that the evidence is not likely to be found at the premises unless they are searched forthwith,

the said officer or person may, by a written order under his hand, confer the like powers of search and seizure in relation to the premises as might be conferred under paragraph (1) of this Regulation by the warrant of a magistrate.

(3) No woman shall, in pursuance of a warrant issued under this Regulation, be searched except by a woman.

70. (1) Without prejudice to the operation of section five of the Summary Jurisdiction Act, 1848, and section eight of the Accessories and Abettors Act, 1861, any person who attempts to commit, or does any act preparatory to the commission of, an offence against any of these Regulations, shall be deemed to be guilty of an offence against that Regulation.

Attempts to commit offences, and assisting offenders.

(2) No person, knowing or having reasonable cause to believe that another person is guilty of an offence against any of these Regulations, shall give that other person any assistance with intent thereby to prevent, hinder or interfere with the apprehension, trial or punishment of that person for the said offence.

71. Where a person convicted of an offence against any of these Regulations is a body corporate, every person who, at the time of the commission of the offence, was a director or officer of the body corporate shall be deemed to be guilty of that offence unless he proves that the offence was committed without his knowledge, or that he exercised all due diligence to prevent the commission of the offence.

Offences by corporations.

72. If any person contravenes or fails to comply with any of these Regulations, or any order or rule made under any of these Regulations or any direction given or requirement imposed under any of these Regulations, he shall be guilty of an offence against that Regulation; and, subject to any special provisions contained in these Regulations, a person guilty of an offence against any of these Regulations shall—

Penalties.

- (1) on summary conviction, be liable to imprisonment for a term not exceeding three months or to a fine not exceeding one hundred pounds, or to both such imprisonment and such fine, or
- (2) on conviction before a superior court, be liable to imprisonment for a term not exceeding two years or to a fine not exceeding five hundred pounds, or to both such imprisonment and such fine.

73. Proceedings in respect of an offence alleged to have been committed by a person against any of these Regulations may be taken before the appropriate court in the Colony having jurisdiction in the place where that person is for the time being.

Legal proceedings.

74. (1) Any article coming into the possession of an executive authority (whether in consequence of the seizure of the article under any of these Regulations or otherwise) which the authority has reasonable ground for believing to be evidence of the commission of a war offence, may be retained for a period of one month or, if within that period there are commenced proceedings in respect of such an offence in which the article is, or can properly be, adduced in evidence, or proceedings under the following provisions of this Regulation in respect of the article, until the final determination of those proceedings; and any article retained by virtue of this Regulation is hereafter in this Regulation referred to as "a retained article."

Disposal of articles in possession of executive authorities.

(2) Where proceedings are taken in respect of a war offence, being proceedings in which a retained article is, or can properly be, adduced in evidence, the court by or before which the alleged offender is tried may make an order

- (a) authorising the destruction or disposal of the article, or
- (b) authorising the further retention of the article until such date as may be specified in the order;

and any such order authorising the destruction of a document may be made so as to extend to all copies of that document which at the time of the making of the order are in, or which subsequently come into, the possession of an executive authority in any part of the Colony.

(3) Without prejudice to the operation of paragraph (2) of this Regulation, a court of summary jurisdiction upon complaint made in respect of a retained article by an executive authority, may, after giving to the person (if any) claiming, or appearing to the court to be, the owner of the article an opportunity of being heard, make such an order in respect of the article as is authorised by paragraph (2) of this Regulation.

(4) A court shall not make an order under this Regulation unless the court is satisfied that it is necessary so to do in the interests of public safety, defence or the efficient prosecution of the war.

(5) Where an order is made under this Regulation authorising the further retention of an article, paragraph (1) of this Regulation shall, in relation to that article, have effect as if the period first mentioned in that paragraph were a period ending on the date until which the article is authorised by the order to be retained; and the making by a court of such an order in respect of any article shall not be taken to preclude that or any other court from subsequently exercising, in relation to that article, any jurisdiction conferred on the court by paragraph (2) or paragraph (3) of this Regulation.

(6) Where in the course of any proceedings for an offence, an order is made under paragraph (2) of this Regulation, the court hearing any appeal in the matter of those proceedings may vary or annul the order.

(7) Where an order is made under paragraph (3) of this Regulation, any person aggrieved by the order who appeared on the hearing of the application in relation to which the order is made may appeal against the order to a superior court, and for the purposes of this paragraph and of the enactments relating to such an appeal, a refusal to make an order shall be deemed to be an order.

(8) Where an order is made under this Regulation authorising the destruction or disposal of an article, the article shall not be destroyed or disposed of, as the case may be, until the final determination of the proceedings in which the order is made.

(9) Subject to the preceding provisions of this Regulation, the Police (Property) Act, 1897, shall apply to any article coming into the possession of an executive authority which the authority has reasonable ground for believing to be evidence of the commission of a war offence, as it applies to property coming into the possession of the police in the circumstances mentioned in section one of that Act, and, in relation to any such article, shall have effect as if the reference in sub-section (1) of that section to an officer of police included a reference to an executive authority (whether a police constable or not).

(10) For the purposes of this Regulation, any proceedings shall be deemed not to have been finally determined so long as there is pending any appeal in the matter of the proceedings, and an appeal in that matter shall be deemed to be pending during the ordinary time within which such an appeal may be lodged; and if such an appeal is duly lodged, the appeal shall be deemed to be pending until it is decided or withdrawn.

(11) For the purposes of this Regulation, any authority, police constable or other person whatsoever having functions in connection with the execution of these Regulations shall be deemed to be an executive authority.

(12) Nothing in this Regulation shall be taken to prejudice any right to retain property which may exist in law apart from the provisions of this Regulation.

75. Where any work is done in the exercise of powers conferred by any of these Regulations, then, if and so far as the work was work which, apart from the provisions of these Regulations, some person was under a duty to do or might have been required to do, but which he had failed without reasonable excuse to do, the amount of any expenses reasonably incurred in connection with the doing of the said work shall be a debt due from that person to the Crown.

Recovery of expenses.

76. A provision made in, or a direction or determination made or given in pursuance of, any of these Regulations or any order under these Regulations, and purporting to confer or impose on any person or class of persons any powers or duties for the purposes of the Regulation or of the order, shall not be taken to be invalid or of no effect by reason only that that person or class of persons is, or consists of or comprises, a body or bodies constituted by or under an Ordinance; and any such body corporate to whom any functions are entrusted under or by virtue of these Regulations shall have power to discharge those functions, notwithstanding any limitation or restriction which, apart from these Regulations, is imposed by any Ordinance or other instrument determining the functions of that body.

Entrusting of functions to statutory bodies.

77. When any order is made under the provisions of these Regulations, the Governor, or other authority issuing the order, shall cause notice of the effect of such order to be given as soon as may be in such manner as he thinks necessary for bringing it to the notice of all persons who in his opinion ought to have notice of the order.

Publicity for orders.

78. Without prejudice to any special provisions contained in these Regulations, a notice to be served on any person for the purposes of any of these Regulations may be served by sending it by post in a letter addressed to that person at his last or usual place of abode or place of business.

Service of notices.

79. Any power conferred by any of these Regulations to make any order or rules shall be construed as including a power, exercisable in the like manner and subject to the like conditions, if any, to revoke or vary the order or rules.

Revocation and variation of orders. &c.

80. The powers conferred by these Regulations shall be in addition to and not in derogation of any other rights or powers vested in the Governor, or conferred by law on any other authority or person.

Powers of Governor.

81. Nothing in these Regulations shall affect the liability of any person to trial and punishment for any offence otherwise than in accordance with these Regulations :

Liability for offences.

Provided that no person shall be punished twice for the same act or omission.

Provided that a person shall not be deemed to have traded with the enemy by reason only that he has –

- (i) done anything under an authority given generally or specially by, or by any person authorised in that behalf by the Governor, or
- (ii) received payment from an enemy of a sum of money due in respect of a transaction under which all obligations on the part of the person receiving payment had been performed before the commencement of the war by reason of which the person from whom the payment was received became an enemy.

(3) Any reference in this section to an enemy shall be construed as including a reference to a person acting on behalf of an enemy.

#### Definition of enemy.

3. (1) Subject to the provisions of this section, the expression "enemy" for the purposes of this Ordinance means –

- (a) any State or Sovereign of a State, at war with His Majesty,
- (b) any individual resident in enemy territory,
- (c) any body of persons (whether corporate or unincorporate carrying on business in any place, if and so long as the body is controlled by a person who, under this section, is an enemy, or
- (d) any body of persons constituted or incorporated in, or under the laws of, a State at war with His Majesty;

but does not include any person by reason only that he is an enemy subject.

(2) The Governor with the prior approval of the Secretary of State may by order direct that any person specified in the order shall, for the purposes of this Ordinance, be deemed to be, while so specified, an enemy.

#### Inspection and supervision of businesses.

4. (1) The Governor, if he thinks it expedient for securing compliance with section two of this Ordinance so to do, may by written order authorise a specified person (hereafter in this section

referred to as "an inspector") to inspect any books or documents belonging to, or under the control of, a person named in the order, and to require that person and any other person to give such information in his possession with respect to any business carried on by the named person as the inspector may demand, and for the purposes aforesaid to enter on any premises used for the purposes of that business.

(2) If, on a report made by an inspector as respects any business, it appears to the Governor that it is expedient, for securing compliance with section two of this Ordinance, that the business should be subject to supervision, the Governor may appoint a person (hereafter in this section referred to as "a supervisor") to supervise the business, with such powers as the Governor may determine.

(3) If any person, without reasonable cause, fails to produce for inspection, or furnish, to an inspector or a supervisor any document or information which he is duly requested by the inspector or supervisor so to produce or furnish, that person shall be liable, on summary conviction, to a fine not exceeding fifty pounds or to imprisonment for a term not exceeding six months or to both such fine and such imprisonment.

(4) If any person, with intent to evade the provisions of this section, destroys, mutilates or defaces any book or other document which an inspector or a supervisor is or may be authorised under this section to inspect, that person shall be liable -

- (a) on conviction on indictment, to penal servitude for a term not exceeding five years or to a fine or to both such penal servitude and a fine, or
- (b) on summary conviction, to imprisonment for a term not exceeding twelve months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine.

5. (1) No assignment of a chose in action made by or on behalf of an enemy shall, except with the sanction of the Governor, be effective so as to confer on any person any rights or remedies in respect of the chose in action; and neither a transfer of a negotiable instrument by or on behalf of an enemy, nor any subsequent transfer thereof, shall, except with the sanction of the Governor, be effective so as to confer any rights or remedies against any party to the instrument.

Transfer of negotiable instruments and choses in action by enemies.

(2) The preceding subsection shall apply in relation to any transfer of any coupon or other security transferable by delivery, not being a negotiable instrument, as it applies in relation to any assignment of a chose in action.

(3) If any person by payment or otherwise purports to discharge any liability from which he is relieved by this section, knowing the facts by virtue of which he is so relieved, he shall be deemed to have thereby traded with the enemy :

Provided that in any proceedings for an offence of trading with the enemy which are taken by virtue of this subsection it shall be a defence for the defendant to prove that at the time when he purported to discharge the liability in question he had reasonable grounds for believing that the liability was enforceable against him by order of a competent court, not being either a court having jurisdiction in the Colony or a court of a State at war with His Majesty, and would be enforced against him by such an order.

(4) Where a claim in respect of a negotiable instrument or chose in action is made against any person who has reasonable

cause to believe that, if he satisfied the claim, he would be thereby committing an offence of trading with the enemy, that person may pay into the Supreme Court any sum which, but for the provisions of subsection (1) of this section, would be due in respect of the claim, and thereupon that sum shall, subject to rules of court, be dealt with according to any order of the court, and the payment shall for all purposes be a good discharge to that person.

(5) Nothing in this section shall apply to securities to which the next following section applies.

Transfer and allotment of securities.

6. (1) If –

- (a) any securities to which this section applies are transferred by or on behalf of an enemy, or
- (b) any such securities, being securities issued by a company within the meaning of the Companies Act (United Kingdom) 1929, are allotted or transferred to, or for the benefit of, an enemy subject without the consent of the Governor;

then, except with the sanction of the Governor, the transferee or allottee shall not, by virtue of the transfer or allotment, have any rights or remedies in respect of the securities; and no body corporate by whom the securities were issued or are managed shall take any cognisance of, or otherwise act upon, any such transfer except under the authority of the Governor.

(2) No share warrants, stock certificates or bonds, being warrants, certificates or bonds payable to bearer, shall be issued in respect of any securities to which this section applies, being securities registered or inscribed in the name of an enemy or of a person acting on behalf of, or for the benefit of, an enemy.

(3) Any person who contravenes the provisions of this section shall be liable, on summary conviction, to imprisonment for a term not exceeding six months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine.

(4) This section applies to the following securities, that is to say, annuities, stock, shares, bonds, debentures or debenture stock registered or inscribed in any register, branch register or other book kept in the United Kingdom.

Purchase of enemy currency.

7. (1) Purchasing enemy currency shall be treated as trading with the enemy.

(2) In this section the expression “enemy currency” means any such notes or coins as circulate as currency in any area under the sovereignty of a Power with whom His Majesty is at war, not being an area in the occupation of His Majesty or of a Power allied with His Majesty, or any such other notes or coins as are for the time being declared by an order of the Governor to be enemy currency.

#### PROPERTY OF ENEMIES AND ENEMY SUBJECTS.

Collection of enemy debts and custody of enemy property.

8. (1) With a view to preventing the payment of money to enemies and of preserving enemy property in contemplation of arrangements to be made at the conclusion of peace, the Governor may appoint custodians of enemy property for the Colony, and may by order –

- (a) require the payment to the prescribed custodian of money which would, but for the existence of a state of war, be payable to or for the benefit of a person

who is an enemy, or which would, but for the provisions of section five or section six of this Ordinance, be payable to any other person;

- (b) vest in the prescribed custodian such enemy property as may be prescribed, or provide for, and regulate, the vesting in that custodian of such enemy property as may be prescribed;
- (c) vest in the prescribed custodian the right to transfer such other enemy property as may be prescribed, being enemy property which has not been, and is not required by the order to be, vested in the custodian;
- (d) confer and impose on the custodians and on any other person such rights, powers, duties and liabilities as may be prescribed as respects —
  - (i) property which has been, or is required to be, vested in a custodian by or under the order,
  - (ii) property of which the right of transfer has been, or is required to be, so vested,
  - (iii) any other enemy property which has not been, and is not required to be, so vested, or
  - (iv) money which has been, or is by the order required to be, paid to a custodian;
- (e) require the payment of the prescribed fees to the custodians in respect of such matters as may be prescribed and regulate the collection of and accounting for such fees;
- (f) require any person to furnish to the custodian such returns, accounts and other information and to produce such documents, as the custodian considers necessary for the discharge of his functions under the order:

and any such order may contain such incidental and supplementary provisions as appear to the Governor to be necessary or expedient for the purposes of the order.

(2) Where any requirement or direction with respect to any money or property is addressed to any person by a custodian and accompanied by a certificate of the custodian that the money or property is money or property to which an order under this section applies, the certificate shall be evidence of the facts stated therein, and if that person complies with the requirement or direction, he shall not be liable to any action or other legal proceeding by reason only of such compliance.

(3) Where, in pursuance of an order made under this section, —

- (a) any money is paid to a custodian,
- (b) any property, or the right to transfer any property, is vested in a custodian, or
- (c) a direction is given to any person by a custodian in relation to any property which appears to the custodian to be property to which the order applies,

neither the payment, vesting or direction nor any proceedings in consequence thereof shall be invalidated or affected by reason only that at a material time —

- (i) some person who was or might have been interested in the money or property, and who was an enemy or an enemy subject, had died or had ceased to be an enemy or an enemy subject, or
  - (ii) some person who was so interested, and who was believed by the custodian to be an enemy or an enemy subject, was not an enemy or an enemy subject.
- (4) Any order under this section shall have effect notwithstanding anything in any Ordinance passed before this Ordinance.
- (5) If any person pays any debt, or deals with any property, to which any order under this section applies, otherwise than in accordance with the provisions of the order, he shall be liable on summary conviction to imprisonment for a term not exceeding six months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine; and the payment or dealing shall be void.
- (6) If any person, without reasonable cause, fails to produce or furnish, in accordance with the requirements of an order under this section, any document or information which he is required under the order to produce or furnish, he shall be liable on summary conviction to a fine not exceeding ten pounds for every day on which the default continues.
- (7) All fees received by any custodian by virtue of an order under this section shall be paid into the Treasury of the Colony.
- (8) In this section –
- (a) the expression “enemy property” means any property for the time being belonging to or held or managed on behalf of an enemy or an enemy subject;
  - (b) the expression “property” means real or personal property, and includes any estate or interest in real or personal property, any negotiable instrument, debt or other chose in action, and any other right or interest, whether in possession or not; and
  - (c) the expression “prescribed” means prescribed by an order made under this section.

- (a) notwithstanding anything in subsection (6) of the said section or in any such order as aforesaid, any sum received by a Clearing Office by virtue of such an order, being –

His Majesty and has not, before the commencement of that war, ceased to be in the possession or under the control of the Clearing Office,

- (b) any sum which a Clearing Office is required by paragraph (a) of this subsection to retain subject as aforesaid, shall, except in so far as it represents an overpayment made to the Clearing Office, be deemed for the purposes of this Ordinance to be money which would, but for the existence of a state of war, be payable to or for the benefit of a person who is an enemy.

(2) There may be retained by a Clearing Office out of any sum which, by virtue of any order under this Ordinance, is payable by that office to a custodian of enemy property such reasonable commission, not exceeding two per cent. of that sum, as the Governor thinks fit; and the amount of any commission so retained by a Clearing Office shall be paid into the Treasury of the Colony.

10. (1) If any person, for the purpose of obtaining any authority or sanction under this Ordinance, or in giving any information for the purposes of this Ordinance or of any order made thereunder, knowingly or recklessly makes a statement which is false in a material particular, he shall be liable on summary conviction to imprisonment for a term not exceeding six months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof as follows :-

Enacting Clause.

1. This Ordinance may be cited as the "Trading with the Enemy Ordinance, 1939."

Short Title.

## TRADING WITH THE ENEMY AND MATTERS RELATING THERETO.

2. (1) Any person who trades with the enemy within the meaning of this Ordinance shall be guilty of an offence of trading with the enemy, and shall be liable -

Penalties for trading with the enemy.

- (a) on conviction on indictment, to penal servitude for a term not exceeding seven years or to a fine or to both such penal servitude and a fine, or
- (b) on summary conviction, to imprisonment for a term not exceeding twelve months or to a fine not exceeding five hundred pounds, or to both such imprisonment and such fine;

and the court may in any case order that any goods or money in respect of which the offence has been committed shall be forfeited.

(2) For the purposes of this Ordinance a person shall be deemed to have traded with the enemy -

- (a) if he has had any commercial, financial or other intercourse or dealings with, or for the benefit of, an enemy, and, in particular, but without prejudice to the generality of the foregoing provision, if he has –
  - (i) supplied any goods to or for the benefit of an enemy, or obtained any goods from an enemy, or traded in, or carried, any goods consigned to or from an enemy or destined for or coming from enemy territory, or
  - (ii) paid or transmitted any money, negotiable instruments or security for money to or for the benefit of an enemy or to a place in enemy territory, or
  - (iii) performed any obligation to, discharged any obligation of, an enemy, whether the obligation was undertaken before or after the commencement of this Ordinance; or
- (b) if he has done anything which, under the following provisions of this Ordinance is to be treated as trading with the enemy :

Provided that a person shall not be deemed to have traded with the enemy by reason only that he has –

- (i) done anything under an authority given generally or specially by, or by any person authorised in that behalf by the Governor, or
- (ii) received payment from an enemy of a sum of money due in respect of a transaction under which all obligations on the part of the person receiving payment had been performed before the commencement of the war by reason of which the person from whom the payment was received became an enemy.

(3) Any reference in this section to an enemy shall be construed as including a reference to a person acting on behalf of an enemy.

#### Definition of enemy.

3. (1) Subject to the provisions of this section, the expression "enemy" for the purposes of this Ordinance means –

- (a) any State or Sovereign of a State, at war with His Majesty,
- (b) any individual resident in enemy territory,
- (c) any body of persons whether corporate or unincorporate carrying on business in any place, if and so long as the body is controlled by a person who, under this section, is an enemy, or
- (d) any body of persons constituted or incorporated in, or under the laws of, a State at war with His Majesty;

but does not include any person by reason only that he is an enemy subject.

(2) The Governor with the prior approval of the Secretary of State may by order direct that any person specified in the order shall, for the purposes of this Ordinance, be deemed to be, while so specified, an enemy.

#### Inspection and supervision of businesses.

4. (1) The Governor, if he thinks it expedient for securing compliance with section two of this Ordinance so to do, may by written order authorise a specified person (hereafter in this section

referred to as "an inspector") to inspect any books or documents belonging to, or under the control of, a person named in the order, and to require that person and any other person to give such information in his possession with respect to any business carried on by the named person as the inspector may demand, and for the purposes aforesaid to enter on any premises used for the purposes of that business.

(2) If, on a report made by an inspector as respects any business, it appears to the Governor that it is expedient, for securing compliance with section two of this Ordinance, that the business should be subject to supervision, the Governor may appoint a person (hereafter in this section referred to as "a supervisor") to supervise the business, with such powers as the Governor may determine.

(3) If any person, without reasonable cause, fails to produce for inspection, or furnish, to an inspector or a supervisor any document or information which he is duly requested by the inspector or supervisor so to produce or furnish, that person shall be liable, on summary conviction, to a fine not exceeding fifty pounds or to imprisonment for a term not exceeding six months or to both such fine and such imprisonment.

(4) If any person, with intent to evade the provisions of this section, destroys, mutilates or defaces any book or other document which an inspector or a supervisor is or may be authorised under this section to inspect, that person shall be liable -

- (a) on conviction on indictment, to penal servitude for a term not exceeding five years or to a fine or to both such penal servitude and a fine, or
- (b) on summary conviction, to imprisonment for a term not exceeding twelve months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine.

5. (1) No assignment of a chose in action made by or on behalf of an enemy shall, except with the sanction of the Governor, be effective so as to confer on any person any rights or remedies in respect of the chose in action; and neither a transfer of a negotiable instrument by or on behalf of an enemy, nor any subsequent transfer thereof, shall, except with the sanction of the Governor, be effective so as to confer any rights or remedies against any party to the instrument.

Transfer of negotiable instruments and choses in action by enemies.

(2) The preceding subsection shall apply in relation to any transfer of any coupon or other security transferable by delivery, not being a negotiable instrument, as it applies in relation to any assignment of a chose in action.

(3) If any person by payment or otherwise purports to discharge any liability from which he is relieved by this section, knowing the facts by virtue of which he is so relieved, he shall be deemed to have thereby traded with the enemy :

Provided that in any proceedings for an offence of trading with the enemy which are taken by virtue of this subsection it shall be a defence for the defendant to prove that at the time when he purported to discharge the liability in question he had reasonable grounds for believing that the liability was enforceable against him by order of a competent court, not being either a court having jurisdiction in the Colony or a court of a State at war with His Majesty, and would be enforced against him by such an order.

(4) Where a claim in respect of a negotiable instrument or chose in action is made against any person who has reasonable

cause to believe that, if he satisfied the claim, he would be thereby committing an offence of trading with the enemy, that person may pay into the Supreme Court any sum which, but for the provisions of subsection (1) of this section, would be due in respect of the claim, and thereupon that sum shall, subject to rules of court, be dealt with according to any order of the court, and the payment shall for all purposes be a good discharge to that person.

(5) Nothing in this section shall apply to securities to which the next following section applies.

Transfer and allotment of securities.

6. (1) If –

- (a) any securities to which this section applies are transferred by or on behalf of an enemy, or
- (b) any such securities, being securities issued by a company within the meaning of the Companies Act (United Kingdom) 1929, are allotted or transferred to, or for the benefit of, an enemy subject without the consent of the Governor;

then, except with the sanction of the Governor, the transferee or allottee shall not, by virtue of the transfer or allotment, have any rights or remedies in respect of the securities; and no body corporate by whom the securities were issued or are managed shall take any cognisance of, or otherwise act upon, any such transfer except under the authority of the Governor.

(2) No share warrants, stock certificates or bonds, being warrants, certificates or bonds payable to bearer, shall be issued in respect of any securities to which this section applies, being securities registered or inscribed in the name of an enemy or of a person acting on behalf of, or for the benefit of, an enemy.

(3) Any person who contravenes the provisions of this section shall be liable, on summary conviction, to imprisonment for a term not exceeding six months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine.

(4) This section applies to the following securities, that is to say, annuities, stock, shares, bonds, debentures or debenture stock registered or inscribed in any register, branch register or other book kept in the United Kingdom.

Purchase of enemy currency.

7. (1) Purchasing enemy currency shall be treated as trading with the enemy.

(2) In this section the expression “enemy currency” means any such notes or coins as circulate as currency in any area under the sovereignty of a Power with whom His Majesty is at war, not being an area in the occupation of His Majesty or of a Power allied with His Majesty, or any such other notes or coins as are for the time being declared by an order of the Governor to be enemy currency.

#### PROPERTY OF ENEMIES AND ENEMY SUBJECTS.

Collection of enemy debts and custody of enemy property.

8. (1) With a view to preventing the payment of money to enemies and of preserving enemy property in contemplation of arrangements to be made at the conclusion of peace, the Governor may appoint custodians of enemy property for the Colony, and may by order –

- (a) require the payment to the prescribed custodian of money which would, but for the existence of a state of war, be payable to or for the benefit of a person

who is an enemy, or which would, but for the provisions of section five or section six of this Ordinance, be payable to any other person;

- (b) vest in the prescribed custodian such enemy property as may be prescribed, or provide for, and regulate, the vesting in that custodian of such enemy property as may be prescribed;

- (f) require any person to furnish to the custodian such returns, accounts and other information and to produce such documents, as the custodian considers necessary for the discharge of his functions under the order;

and any such order may contain such incidental and supplementary provisions as appear to the Governor to be necessary or expedient for the purposes of the order.

(2) Where any requirement or direction with respect to any money or property is addressed to any person by a custodian and accompanied by a certificate of the custodian that the money or property is money or property to which an order under this section applies, the certificate shall be evidence of the facts stated therein, and if that person complies with the requirement or direction, he shall not be liable to any action or other legal proceeding by reason only of such compliance.

(3) Where, in pursuance of an order made under this section, –

- (a) any money is paid to a custodian,
- (b) any property, or the right to transfer any property, is vested in a custodian, or
- (c) a direction is given to any person by a custodian in relation to any property which appears to the custodian to be property to which the order applies,

neither the payment, vesting or direction nor any proceedings in consequence thereof shall be invalidated or affected by reason only that at a material time –

- (i) some person who was or might have been interested in the money or property, and who was an enemy or an enemy subject, had died or had ceased to be an enemy or an enemy subject, or
  - (ii) some person who was so interested, and who was believed by the custodian to be an enemy or an enemy subject, was not an enemy or an enemy subject.
- (4) Any order under this section shall have effect notwithstanding anything in any Ordinance passed before this Ordinance.
- (5) If any person pays any debt, or deals with any property, to which any order under this section applies, otherwise than in accordance with the provisions of the order, he shall be liable on summary conviction to imprisonment for a term not exceeding six months or to a fine not exceeding one hundred pounds or to both such imprisonment and such fine; and the payment or dealing shall be void.
- (6) If any person, without reasonable cause, fails to produce or furnish, in accordance with the requirements of an order under this section, any document or information which he is required under the order to produce or furnish, he shall be liable on summary conviction to a fine not exceeding ten pounds for every day on which the default continues.
- (7) All fees received by any custodian by virtue of an order under this section shall be paid into the Treasury of the Colony.
