FALKLAND ISLANDS.

A Bill

To provide for the Registration in the Colony of Letters Patent granted in the United Kingdom. Title.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof as follows :— Enacting clause.

1. This Ordinance may be cited as "The Registration of United Kingdom Patents Ordinance, 1930." Short title.

2. Any person being the grantee of a patent in the United Kingdom or any person deriving his right from such grantee by assignment, transmission or other operation of law may apply within three years from the date of issue of the patent to have such patent registered in the Colony. Where any partial assignment or transmission has been made, all proper parties shall be joined in the application for registration. To whom certificates of registration may be granted.

3. Every application under this Ordinance shall be addressed to the Registrar-General, and there shall be transmitted with such application : Procedure.

- (1) A certificate of the Comptroller General of the United Kingdom Patent Office giving full particulars of the issue of the patent.
- (2) Two certified copies of the complete specification (including the drawings if any) in relation to any patent.
- (3) In the case of an assignment, an affidavit that the applicant is the assignee in respect of this Colony of the registered proprietor of the patent.
- (4) A fee of One Pound.

4. Upon such application being received, together with the documents mentioned in Section 3 of this Ordinance, the Registrar-General shall issue a certificate of registration. Issue of certificates of registration.

5. Such certificate of registration shall confer on the applicant privileges and rights subject to all conditions established by the law of this Colony as though the patent had been issued in the United Kingdom with an extension to the Colony. Privileges and rights conferred.

Certificate of registration in Colony to remain in force concurrently with certificate of registration in United Kingdom.

6. Privileges and rights so granted shall date from the date of the patent in the United Kingdom and shall continue in force only so long as the patent remains in force in the United Kingdom.

Provided that no action for infringement shall be entertained in respect of any manufacture, use or sale of the invention prior to the date of issue of the certificate of registration in the Colony.

Notification of renewals of letters patent in the United Kingdom.

7. All renewals of letters patent in the United Kingdom of a Patent registered under this Ordinance shall be notified to the Registrar General, who shall, on sufficient evidence thereof and on payment of a fee of one pound, enter the same in the Register in the prescribed manner.

Supreme Court to afford all relief.

8. The Supreme Court shall have power upon the application of any person who alleges that his interests have been prejudicially affected by the issue of a certificate of registration, to declare that the exclusive privileges and rights conferred by such certificate of registration have not been acquired on any of the grounds upon which the United Kingdom patent might be revoked under the law for the time being in force in the United Kingdom.

Amendment of specification or drawings.

9. Whenever the specification or drawings of a United Kingdom patent registered in the Colony has been amended by way of disclaimer, correction or explanation, according to the law of the United Kingdom, a request, accompanied by a copy of the specification and drawings (if any) as amended, duly certified by the Comptroller General of the United Kingdom Patent Office, may be made to the Registrar General to substitute a copy of the specification and drawings as amended, for the specification and drawings originally filed.

Registration of assignment.

10. Where a person becomes entitled by assignment, transmission, or other operation of law to privileges and rights conferred by a certificate of registration or to any interest therein, he may make application in the prescribed manner to the Registrar General for the entry on the Register of such assignment, transmission, or other instrument affecting the title, or giving an interest therein.

Registrar may make rules regulating procedure.

11. The Registrar General may make such general rules and do such things as he may think expedient, subject to the provisions of this Ordinance, for regulating procedure under this Ordinance.

Application to Dependencies and date of coming into operation.

12. This Ordinance shall be in force in the Dependencies as well as in the Colony and shall come into operation on the first day of June, 1930.

Passed by the Legislative Council this day of
 , 1930.

Clerk of the Legislative Council.

Assented to by the Governor and given under the Public Seal of the Colony this day of , 1930.

Colonial Secretary.

Report on the Government Savings Bank for the Year ended 30th September, 1929.

:::0::

Colonial Treasury,
Stanley, Falkland Islands.
3rd February, 1930.

The Honourable
The Colonial Secretary,
Falkland Islands.

Sir,

In accordance with Section 13 of the Savings Bank Ordinance, 1888, I have the honour to submit the following report on the transactions of the Government Savings Bank in respect of the period 1st October, 1928, to 30th September, 1929.

Summary of Transactions.

(Enclosure 1.)

2. During the year there were 979 deposits as against 382 withdrawals. The average monthly deposits amounted to £3,049 : 19 : 2 as against average monthly withdrawals of £2,375 : 3 : 3.

3. During the year 80 new accounts were opened and 67 accounts were closed, leaving 968 deposit accounts at the end of the year. The average amount standing to the credit of each depositor on the 30th September, 1929, was £150 : 12 : 3 or about £64 per head of the population. A monthly summary of the transactions of the Bank is appended hereto.

4. The accrued interest credited to the various accounts during the year amounted to £3,274 : 2 : 2. The deposits during the year, with accrued interest, (£39,873 : 11 : 10) exceeded the withdrawals (£28,501 : 18 : 9) by a sum of £11,371 : 13 : 1, leaving a balance to the credit of the depositors on the 30th September, 1929, of £145,793 : 5 : 9.

(Section 10 of the Ordinance.)

5. On the 1st October, 1928, the amount standing to the credit of the depositors amounted to	£134,421 : 12 : 8.
Deposits received during the year amounted to	36,599 : 9 : 8.
The accrued interest credited to the depositors was	3,274 : 2 : 2.
	Total	...	£174,295 : 4 : 6.
The withdrawals amounted to	28,501 : 18 : 9.
Leaving a balance on 30th September, 1929, of	£145,793 : 5 : 9.

6. The total amount expended by the Crown Agents, under Section 10 of the Ordinance, in the purchase of approved securities amounted to £122,200, leaving an un-invested balance on the 30th September, 1929, of £23,593 : 5 : 9.

(Section 11 of the Ordinance.)

7. During the year the income derived from the securities forming the Savings Bank Investment Fund amounted to £4,935 : 8 : 8, of which sum the amount of £3,274 : 2 : 2 was credited to depositors' accounts in respect of accrued interest for the year, and the balance of £1,661 : 6 : 6 was transferred to the credit of the Colony's Revenue.

Savings Bank Depreciation Fund.

8. On the 1st October, 1928, the Savings Bank Depreciation Fund amounted to £12,373 : 19 : 11, the whole of which was invested in approved securities. During the year the sum of £674 : 12 : 5 was derived from the interest on the securities, and this sum was credited to the Fund, making a total on the 30th September, 1929, of £13,048 : 12 : 4. Of the above sum of £674 : 12 : 5 the sum of £666 : 19 : 5 was invested during the year, making the total cost of the securities £13,040 : 19 : 4, and the balance of £7 : 13 : 0 remained uninvested.

9. Appended hereto is a statement showing the nominal value, cost, and assumed market value of the securities held by the Crown Agents on behalf of the Savings Bank Investment Fund and the Savings Bank Depreciation Fund. (Enclosures 2 and 2A.)

Assets and Liabilities.

(Enclosure 3.)

10. The Government of the Falkland Islands is liable for the payment in cash of the total amount standing to the credit of the various depositors in the Government Savings Bank, which amounted to £145,793 : 5 : 9 on the 30th September, 1929. The total cash and market value of the securities held by this Government on this date amounted to £150,087 : 5 : 9, which exceeded the liability by a sum of £4,294, as shown by the attached statement of Assets and Liabilities.

I have the honour to be,

Sir,

Your obedient Servant,

M. CRAIGIE-HALKETT,

Colonial Treasurer.

Post Office Notices.

C. O. D. Parcels Service.

The public is hereby invited to take notice that in accordance with the Post Office Regulations no C. O. D. (Cash on Delivery) parcel can be delivered at or sent out from the Post Office, Stanley, unless and until the amount payable on the same has actually been paid.

Persons resident outside Stanley who expect to receive C. O. D. parcels are advised accordingly to authorize an agent in Stanley to effect such payments on their account and where possible to accept delivery of the parcels.

Where it is not possible for delivery to be accepted in Stanley C. O. D. parcels will be sent out from the Post Office to the camp on payment of the amounts payable and at the risk of the addressee. It must be understood that the Post Office disclaims expressly all responsibility or liability for the safe delivery of a C. O. D. parcel from the time of its being taken or sent out of the Post Office, Stanley.

Unstamped Letters.

The attention of the public and in particular of the public outside Stanley is invited to the fact that letters and other postal packets received in the Post Office, Stanley, unstamped or insufficiently stamped are subject to the payment of a postage due fee amounting to the double value of the ordinary rate.

The public is likewise notified that arrangements are in course of completion for the greater facility of correspondents in the camp for a portable and locked postbox to be carried on s.s. "Falkland" in which loose letters and packets can be posted thus obviating the difficulty and the risk experienced in the past. The postbox on arrival in Stanley will be conveyed direct to the Post Office where it will be opened in the presence of a responsible official.

Warning therefore is hereby given that on and after the 1st of May, 1930, all letters and other postal packets received in the Post Office, Stanley, unstamped or insufficiently stamped, will not be delivered except on the payment of the postage due as aforesaid and that all such letters and other postal packets in respect of which such postage due is not paid within a reasonable time will be liable to confiscation.

Correspondents in the camp are advised accordingly to take the necessary steps to provide themselves with a supply of postage stamps in order to minimise any inconvenience which might otherwise arise in this connection.

FALKLAND ISLANDS.

Vacation Leave and Passage Regulations.

(For Officers on the Permanent Establishment).

(Amending Sections 7 and 11 of the Consolidated Regulations approved by the Governor on the 23rd of September, 1929).

—————::O::—————

ARNOLD HODSON,

Governor.

14th April, 1930.

Sections 7 and 11 of the Consolidated Vacation Leave and Passage Regulations approved by the Governor on the 23rd of September, 1929, are hereby repealed and replaced by the following :—

Section 7. Passages to and from the United Kingdom will be provided in the normal course by the direct route which, when it is considered necessary by the Governor will include travelling by the s.s. "Fleurus," the s.s. "Falkland" or any other suitable vessel between Monte Video and Stanley, and will not be provided except in special circumstances to be determined by the Governor, by the longer route via the west coast of South America. When the officer desires in the absence of such special circumstances to proceed by the longer route he will be granted towards the cost of his passage the equivalent amount only of the cost of a passage by the direct route.

Section 11. The cost of passages for the members of an officer's family granted in accordance with the provisions of the preceding sections shall be payable only if they travel with him or shortly in advance of him, unless the Secretary of State or the Governor sees fit to make an exception to this rule for special reasons of health or otherwise. In no case shall the cost of passages be payable in respect of sons or daughters over the age of sixteen years on the date of the officer's departure on leave or who attaining their sixteenth birthday while absent from the Colony do not return to the Colony within the period of that leave.

Ordinance No. 2 of 1930.

I ASSENT,

ARNOLD HODSON,

Governor.

29th April, 1930.

An Ordinance

To provide for the Registration in the
Colony of Letters Patent granted in the
United Kingdom. Title.

BE IT ENACTED by the Governor of the Colony of the
Falkland Islands, with the advice and consent of the Legislative
Council thereof as follows :— Enacting clause.

1. This Ordinance may be cited as "The Registration of
United Kingdom Patents Ordinance, 1930." Short title.

2. Any person being the grantee of a patent in the United
Kingdom or any person deriving his right from such grantee by
assignment, transmission or other operation of law may apply within
three years from the date of issue of the patent to have such patent
registered in the Colony. Where any partial assignment or trans-
mission has been made, all proper parties shall be joined in the
application for registration. To whom certificates
of registration may be
granted.

3. Every application under this Ordinance shall be addressed
to the Registrar-General, and there shall be transmitted with such
application : Procedure.

- (1) A certificate of the Comptroller General of the United
Kingdom Patent Office giving full particulars of the
issue of the patent.
- (2) Two certified copies of the complete specification (includ-
ing the drawings if any) in relation to any patent.
- (3) In the case of an assignment, an affidavit that the
applicant is the assignee in respect of this Colony of the
registered proprietor of the patent.
- (4) A fee of One Pound.

4. Upon such application being received, together with the
documents mentioned in Section 3 of this Ordinance, the Registrar-
General shall issue a certificate of registration. Issue of certificates of
registration.

Privileges and rights conferred.

5. Such certificate of registration shall confer on the applicant privileges and rights subject to all conditions established by the law of this Colony as though the patent had been issued in the United Kingdom with an extension to the Colony.

Certificate of registration in Colony to remain in force concurrently with certificate of registration in United Kingdom.

6. Privileges and rights so granted shall date from the date of the patent in the United Kingdom and shall continue in force only so long as the patent remains in force in the United Kingdom.

Provided that no action for infringement shall be entertained in respect of any manufacture, use or sale of the invention prior to the date of issue of the certificate of registration in the Colony.

Notification of renewals of letters patent in the United Kingdom.

7. All renewals of letters patent in the United Kingdom of a Patent registered under this Ordinance shall be notified to the Registrar General, who shall, on sufficient evidence thereof and on payment of a fee of one pound, enter the same in the Register in the prescribed manner.

Supreme Court to afford all relief.

8. The Supreme Court shall have power upon the application of any person who alleges that his interests have been prejudicially affected by the issue of a certificate of registration, to declare that the exclusive privileges and rights conferred by such certificate of registration have not been acquired on any of the grounds upon which the United Kingdom patent might be revoked under the law for the time being in force in the United Kingdom.

Amendment of specification or drawings.

9. Whenever the specification or drawings of a United Kingdom patent registered in the Colony has been amended by way of disclaimer, correction or explanation, according to the law of the United Kingdom, a request, accompanied by a copy of the specification and drawings (if any) as amended, duly certified by the Comptroller General of the United Kingdom Patent Office, may be made to the Registrar General to substitute a copy of the specification and drawings as amended, for the specification and drawings originally filed.

Registration of assignment.

10. Where a person becomes entitled by assignment, transmission, or other operation of law to privileges and rights conferred by a certificate of registration or to any interest therein, he may make application in the prescribed manner to the Registrar General for the entry on the Register of such assignment, transmission, or other instrument affecting the title, or giving an interest therein.

Registrar may make rules regulating procedure.

11. The Registrar General may make such general rules and do such things as he may think expedient, subject to the provisions of this Ordinance, for regulating procedure under this Ordinance.

Application to Dependencies and date of coming into operation.

12. This Ordinance shall be in force in the Dependencies as well as in the Colony and shall come into operation on the first day of June, 1930.

Passed by the Legislative Council this 29th day of April, 1930.

A. I. FLEURET,

Colonial Treasury,
Stanley, Falkland Islands.
21st March, 1930.

The Honourable
The Colonial Secretary.

Sir,

In accordance with paragraph (2) of the Falkland Islands Note Order, 1899, I beg to submit the following report on the transactions of the Commissioners of Currency in respect of the year ended 31st December, 1929.

The Currency Note Guarantee Fund.

2. The nominal value of the currency notes in circulation on the 1st January, 1929, amounted to £24,000. No change was made during the year either to increase or to decrease the Note Issue.

<u>Coin Portion.</u>	During the year the Coin Portion of the Note Guarantee Fund was reduced from £9,600 to £8,000 to equal one third of the Note Issue.
<u>Investment Portion.</u>	The Investment Portion of the Fund was increased by a sum of £1,600. This sum was expended in the purchase of approved Securities and on the 31st December, 1929, the Investment Portion of the Fund amounted to £16,000, i.e., two thirds of the Note Issue, making the position of the Fund as follows :—
(a) Coin Portion with the Commissioners	... £ 8,000.
(b) Investment Portion with Crown Agents	... £16,000.
Total	... <u>£24,000.</u>

Note Depreciation Fund.

3. On the 1st January 1929, the Currency Note Depreciation Fund amounted to £1,440. The Fund was increased during the year by £160 to 1,600 in order that the total of the Fund should equal 10% of the cost price of the Securities forming the investment portion of the Note Guarantee Fund, in conformity with the provisions of the Principal Order, 1899.

Currency Note Issue.

Notice respecting claims by British Nationals under Clause 4 of the Annex to Section IV of Part X of the Treaty of Saint Germain-en-Laye.

By a Notice published in the London Gazette on the 31st January 1930, the Arbitrator appointed under Clause 4 of the Annex to Section IV of Part X of the Treaty of Saint Germain-en-Laye to assess the amount of claims by British Nationals growing out of acts committed by the former Austro-Hungarian Government, or by any Austrian Authorities, since 28th July 1914, and before the 12th August 1914, has prescribed that in the case of claimants resident in any British Colony or Protectorate, all such claims must be lodged with him at 2, Cavendish Square, London, W.I. before the expiration of six months from the date of the publication of this notice.

After the expiration of the period prescribed by this notice the Arbitrator will not accept any claim for consideration unless the claimant has, prior to the date of publication of this notice, notified the claim to the Controller Local Clearing Office in this Colony and is satisfied that the failure to lodge the claim within the prescribed period arose from circumstances for which the claimant cannot justly be held responsible.

All Claimants who have claims of this nature should submit their claims to the undersigned in triplicate. The claims should be lodged by the Claimants themselves, or by their duly authorised Agents, acting for them on their behalf.

M. CRAIGIE-HALKETT,
Controller Local Clearing Office.

Clerk of the Legislative Council.

Report on Education in the Colony for the year 1929.

—:0:—

General.

The educational facilities available in the Falkland Islands fall, in view of the peculiar local conditions, into three groups :

- (1) Those at Stanley, the only township in the Colony.
- (2) Those at Darwin, the Falkland Islands Company's main settlement.
- (3) Those in the outside country districts with their very scattered farm settlements.

STANLEY : A Government School is maintained from public funds, which, while being elementary in character, also makes provision for attendance at a Continuation Class for a two-years' course of further education. A scheme instituted in 1924 has further provided for children from the 'Camps' or country districts whose parents were willing to send them to Stanley to be educated. These Camp children were either boarded and lodged in a Government Hostel and taught in the School at an inclusive charge of 10/- a month during residence, or, if boarded in private houses, the Government contributed two-thirds of the cost not exceeding £2 a month. Early in 1929, however, it was decided that the Hostel had not received enough support to justify the cost of maintaining it, and the institution was finally closed down in August. It is a matter of great regret that this attempt to induce Camp parents to give their children the advantage of attending the Government School, at a total charge of under 4d. a day for board, lodging, laundry, doctor, school fees and books should have had to be abandoned. The maintenance grants for Camp children privately boarded still remain.

There is also a Convent School managed by Roman Catholic Sisters: this School, however, is not subject to Government control, and receives no subsidy.

DARWIN : Here for many years past the Falkland Islands Company has maintained, in the interests of its employees, a small school with a resident master.

CAMP DISTRICTS : Four itinerant teachers are provided by the Government — one for the East and three for the West Falkland. These teachers travel from settlement to settlement devoting a certain amount of time to each. The Falkland Islands Company also maintains two Camp teachers for the children of its employees in outlying districts.

Government School.

2. The authorised teaching establishment of the Government School is :

One Headmaster	}	Certificated.
One Assistant Master		
Two Assistant Mistresses		
Two Assistant Teachers	}	Locally Trained.
Two Supplementary Teachers		

During 1929 the establishment was at its full strength except that the two locally trained Assistant Teachers were away from the Colony on leave from the end of April to the middle of October.

3. The following table shows the number of pupils on the roll, examined, and in average attendance :

		Boys.	Girls.	Total.
Number on roll on 31st December	...	86	62	148.
Average number on roll during 1929	...	96.4	66.1	162.5
Number examined in December	...	84	61	145.
Average attendance during 1929	...	84	59	143.

4. The percentage of attendance was good throughout the year, averaging just under 90 per cent. The standard of work was consistently maintained at a satisfactory level, and

visitors to the school, of whom there were more than usual, were impressed with the atmosphere of happiness and goodwill.

5. The Continuation Class was taught as a separate class by one or other of the certificated teachers throughout the year. The average number of pupils was ten. The maintenance of this class necessitates the employment of one more certificated teacher from England than would otherwise be required, and it is important that parents should make an effort to let their children take the two years' course, as the pupils are of an age to benefit greatly from the tuition provided.

6. The school received frequent visits from the medical and dental staff, and every child in the school was medically and dentally examined during the year. The health of the children was good, as is shown by the average attendance and by the fact that the school was not closed on account of illness. This is undoubtedly due in part to the excellent way in which the school is cleaned and warmed, and to the improvement in ventilation which has been effected in the past two years.

7. The teaching of woodwork, to which reference was made in last year's Report, was continued. Lessons in shorthand were given to the Continuation Class in the latter half of the year and it is hoped that this will remain a regular feature of the curriculum.

8. Early in the year the school yard was cemented. In the past the yard has been a mass of mud for six or eight months of the year, and the cementing has caused a notable improvement in cleanliness, comfort and appearance.

9. The boys have played football and the girls hockey, under two members of the staff who are specially qualified to organise these games, throughout the year, and in spite of the weather there have been very few weeks when games have not been possible.

10. Two boys left the school to join the Royal Navy and from reports received they are well up to the standard of work required. Several other pupils left to go to school in England: all of them have been able to take their places amongst pupils of similar age at home.

Finance.

11. The expenditure under Head XI "Education" of the annual estimate of the expenditure was £3,165 in 1929 as compared with £2,973 in 1928. The revenue collected in 1929 amounted to £170 : 9 : 11 as against £170 : 15 : 3 in 1928. Details of the expenditure and revenue for 1929 are appended:

<i>Expenditure :</i>				£	s.	d.
1.	Personal Emoluments	2,151	1	8.
2.	Other Charges	1,014	4	2.
Total				£3,165	5	10.
<i>Revenue :</i>				£	s.	d.
1.	School Fees	113	9	9.
2.	Hostel Fees	28	0	0.
3.	Sale of Materials	29	0	2.
Total				£ 170	9	11.

The nett cost of the Education services during 1929 was thus £2,994 : 15 : 11.

Travelling Teachers.

12. The Government Travelling Teacher on the East Falkland left the Colony in November and he had not been replaced by the end of the year. There were two Government Travelling Teachers at work all the year on the north and middle beats of the West Falkland, and a temporary teacher was at work most of the year on the south beat. This last district includes the Port Stephens Camp and three islands, and it has suffered for some

time for lack of a teacher. It is hoped that one will be continuously employed there for the future. The following are the numbers of Camp children taught by Government Travelling Teachers during 1929 :

Boys.	Girls.	Total.
47	42	89

Saint Mary's Convent School.

13. The number of pupils attending the Convent School during 1929 was as follows :

	Boys.	Girls.	Total.
Number on Roll on 31st December ...	18	45	63
Number in Average Attendance ...	16	42	58
Number Examined ...	16	40	56

Falkland Islands Company's School and Camp Teachers.

14. The number of pupils under instruction was as follows :

	Boys	Girls	Total.

FALKLAND ISLANDS.

Ordinance No. 5 of 1930.

I ASSENT,

ARNOLD HODSON,

Governor.

2nd June, 1930.

An Ordinance

To Regulate the Registration of Firearms.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof, as follows:—

Enacting Clause.

1. This Ordinance may be cited as the "Firearms Ordinance, 1930."

Short Title.

2. In this Ordinance the term "Firearm" means every gun, rifle, revolver or pistol of every description and every part thereof but does not mean any air gun or air rifle or any toy gun or toy pistol from which any shot, bullet or missile is discharged by force of a spring alone or any firearm which is preserved for antiquarian interest and not for use.

Definition.

3. Every person who has in his custody or possession any firearm shall register such firearm by application in writing made to the Colonial Treasurer. In the case of firearms already in the Colony such registration shall be effected not later than the last day of December, 1930, and in the case of firearms subsequently imported into the Colony at the time of importation.

Registration to be effected.

4. Upon the receipt of an application for registration made in the form A or B in the Schedule hereto the Colonial Treasurer shall register the firearm in respect of which the application is made and shall grant a certificate of registration in the form C in the Schedule hereto.

Certificate of Registration.

5. On and after the first day of January, 1931, it shall not be lawful for any person to have in his custody or possession any firearm which has not been registered in accordance with the provisions of this Ordinance.

Possession illegal without registration.

6. On and after the first day of January, 1931, every person who has in his custody or possession any gun or rifle shall

Fee payable.

pay to the Colonial Treasurer in respect of every such gun or rifle the sum of five shillings for every calendar year or part thereof.

Transfer.

7. Any person who has in his custody or possession any firearm may transfer by sale or otherwise such firearm to any other person provided that such other person shall make without delay an application for the fresh registration of such firearm in accordance with the provisions of section 3 of this Ordinance and shall become liable to pay the fee prescribed in the preceding section of this Ordinance whether or not such fee has been paid by the person making the transfer.

Certificate of Registration to be produced on demand.

8. A certificate of registration granted in accordance with the provisions of section 4 of this Ordinance shall be evidence of the registration of any firearm and shall be produced on the demand of any Justice, Police Constable or Customs Officer or any other person duly authorised in writing by the Colonial Treasurer.

Proof of ownership.

9. For the purposes of this Ordinance and in the absence of proof to the contrary the occupier of any house or premises in which any firearm is found shall be deemed and taken to be the possessor of such firearm.

Penalty.

10. Any person who contravenes any of the provisions of this Ordinance shall be guilty of an offence and shall be liable on summary conviction to a fine not exceeding fifty pounds and to imprisonment, with or without hard labour, for a period not exceeding six months or to both such fine and imprisonment.

Saving.

11. Nothing in this Ordinance shall apply to or affect any person serving as a member of His Majesty's Regular or Volunteer forces or in the police force in respect of any firearm entrusted to or used by such person in such capacity, or shall apply to or affect any firearm which is the property of the Government, or is the property of any member of the Falkland Islands Defence Force Rifle Association and is certified by the Officer Commanding the Falkland Islands Defence Force as being used by such member for the sole purpose of target shooting, or which is exposed for sale or is kept or imported for the purpose of sale by any person who is in the opinion of the Colonial Treasurer a *bona fide* dealer in firearms, provided that every firearm imported for sale shall be declared on importation.

Repeal of Ordinance No. 2 of 1908.

12. The Gun Licence Ordinance, 1908, is hereby repealed.

Application to Dependencies.

13. This Ordinance shall apply also to the Dependencies provided that throughout this Ordinance wheresoever such application to the Dependencies is intended the words "Magistrate, South Georgia, or Magistrate, South Shetlands," shall be substituted for the words "Colonial Treasurer."

Passed by the Legislative Council this 30th day of May, 1930.

G. R. L. BROWN,

Acting Clerk of the Legislative Council.

Assented to by the Governor and given under the Public Seal of the Colony this 2nd day of June, 1930.

The Bill was then read a *third* time and passed.

Confirmed this 30th day of May, 1930.

ARNOLD HODSON,
Governor.

G. R. L. BROWN,
Acting Clerk of the Legislative Council.

LEGISLATIVE COUNCIL.

Minutes of meeting held on the 30th May, 1930.

1. The minutes of the meeting held on the 29th of April, 1930, were confirmed.

2. The Honourable the Colonial Secretary, by Command, laid on the table the following papers :

Regulations dated the 14th of April, 1930, amending Sections 7 and 11 of the Consolidated Leave and Passage Regulations of the 23rd of September, 1929. The Hospital and Medical Fees Regulations made by the Governor in Executive Council on the 27th of May, 1930.

3. The Honourable the Treasurer, by Command, laid on the table the following papers :

The Treasurer's Report and financial statements for the year ended the 31st of December, 1929.

4. On the motion of the Honourable the Colonial Secretary seconded by the Honourable the Treasurer the Bill "to legalize certain payments made in the year 1929 in excess of the Expenditure sanctioned by Ordinance No. 13 of 1928" was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 and 2 and the Schedule were agreed to.

The title and preamble were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

5. In moving the introduction and first reading of the Bill "to Regulate the registration of Firearms" the Honourable the Colonial Secretary said that hitherto in the Colony there had been no registration of firearms and no knowledge or check had existed as to the numbers of firearms in use or imported. Such registration was necessary in order to safeguard the realm and it was a matter for wonder that the necessary powers had not been provided earlier. The Bill was introduced primarily for administrative purposes and secondarily only for financial reasons. While it was not intended that the revenue should be increased it was necessary to simplify and ensure its collection. In the past, particularly in the Camp, the Treasurer had no means of checking the number of persons taking out licences. As a result of the measure the collection of the revenue would become automatic.

Since the publication of the Bill it had been represented that the annual fee of 7/6 for the registration of each firearm would fall heavily on certain persons possessing more than one gun or rifle, particularly shepherds in the Camp. It was accordingly proposed to substitute a fee of 5/- in Clause 6 when the bill was being considered in Committee. In such case the many persons who possessed only one gun would benefit by the reduction by one-half of the fee which they were required to pay under the existing Ordinance.

The Honourable the Colonial Secretary also stated that in the Committee stage an amendment would be moved to Clause 11 to include in the exemptions from the provisions of the Ordinance firearms which were the property of members of the Defence Force Rifle Association and firearms kept for purposes of *bona fide* sale.

The Honourable the Treasurer seconded and the Bill was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 to 5 were agreed to.

On the reading of Clause 6 the Honourable the Colonial Secretary moved that the sum of five shillings be inserted as the annual fee for registration in the case of each gun or rifle in place of the sum of seven shillings and sixpence.

The Honourable G. J. Felton asked that a fee covering the registration of several firearms in the possession of one individual should be considered. He represented that it was the practice of station managers to keep a number of guns or rifles for use in connection with the work on their farms and that as the object of the measure was primarily registration and not revenue its purpose would be served if an inclusive fee were imposed in such cases.

The Honourable the Colonial Secretary stated that it was with the object of relieving the possessors of more than one gun or rifle, on similar representations being made by the Honourable L. W. H. Young, that the amendment had been brought forward.

On being put to the vote the amendment was carried, the Honourable G. J. Felton and the Honourable L. W. H. Young dissenting.

Clause 6 as amended was read as follows :

"On and after the first day of January, 1931, every person who has in his custody or possession any gun or rifle shall pay to the Colonial Treasurer in respect of every such gun or rifle the sum of five shillings for every calendar year or part thereof."

Clauses 7 to 10 were agreed to.

Clause 11 was amended to read as follows :

"Nothing in this Ordinance shall apply to or affect any person serving as a member of His Majesty's Regular or Volunteer forces or in the police force in respect of any firearm entrusted to or used by such person in such capacity, or shall apply to or affect any firearm which is the property of the Government, or is the property of any member of the Falkland Islands Defence Force Rifle Association and is certified by the Officer Commanding the Falkland Islands Defence Force as being used by such member for the sole purpose of target shooting or which is exposed for sale or is kept or imported for the purpose of sale by any person who is in the opinion of the Colonial Treasurer a *bona fide* dealer in firearms, provided that every firearm imported for sale shall be declared on importation."

Clause 12 was agreed to.

The following new clause was proposed and read a *first* time :

"This Ordinance shall apply also to the Dependencies provided that throughout this Ordinance wheresoever such application to the Dependencies is intended the words "Magistrate", South Georgia, or Magistrate South Shetlands" shall be substituted for the words "Colonial Treasurer".

On question put the clause was read a *second* time and added to the bill as clause 13.

The schedule was agreed to.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

6. On the motion of the Honourable the Colonial Secretary seconded by the Honourable the Treasurer the Bill "to provide for the better control of Dogs in the Colony" was read a *first* time.

The Honourable the Colonial Secretary stated that the Bill had been brought forward as the result of representations made by the Honourable G. J. Felton and that it had the support of the Honourable W. H. Luxton. The measure was intended to protect ewes during the breeding season from attacks by dogs crossing the paddocks where the ewes were kept.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 to 3 were agreed to.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

7. On the motion of the Honourable the Colonial Secretary seconded by the Honourable the Treasurer the Bill "to amend the Post Office Ordinance, 1898" was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 to 4 were agreed to.

The following new clause was read a *first* time.

"This Ordinance shall apply also to the Dependencies".

On question put the clause was read a *second* time and added to the Bill as Clause 5.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

The Falkland Islands Currency Note Issue.

21. The nominal value of the Currency Notes in circulation on the 1st January, 1929, amounted to £24,000. No change was made during the year either to increase or to decrease the Note Issue.

22. During the year the Coin Portion of the Note Guarantee Fund was reduced from £9,600 to £8,000 to equal one third of the Note Issue.

23. The Investment Portion of the Fund was increased by a sum of £1,600. This sum was expended in the purchase of approved Securities and on the 31st December, 1929, the Investment Portion of the Fund amounted to £16,000 *i.e.*, two thirds of the Note Issue, making the position of the Fund as follows:—

(a)	Coin Portion with the Commissioners	...	£ 8,000.
(b)	Investment Portion with Crown Agents	...	£16,000.
	Total	...	<u>£24,000.</u>

24. On the 1st January, 1929, the Currency Note Depreciation Fund amounted to £1,440. The Fund was increased during the year by £160 to £1,600 in order that the total of the Fund should equal 10% of the cost price of the Securities forming the investment portion of the Note Guarantee Fund, in conformity with the provisions of the Principal Order, 1899.

25. The income derived from the Securities held on account of the Note Guarantee Fund and the Depreciation Fund amounted to £774 : 8 : 3. On the other hand the expenses during the year (including £160 transferred to the Depreciation Fund) amounted to £206 : 6 : 6, leaving a net profit to the credit of Ordinary Revenue of £568 : 1 : 9.

The Dependencies.

26. The Ordinary Revenue of the Dependencies, exclusive of the Research and Development Fund, amounted during the year to £122,813 : 19 : 11. It exceeded Dependencies' Expenditure for the year (£39,385 : 6 : 8) by a sum of £83,428 : 13 : 3, and this amount was transferred from the Dependencies' General account to the credit of the Research and Development Fund.

27. The Ordinary Revenue for the year exceeded the original Estimate by a sum of £30,768 : 19 : 11, but was £71,339 : 10 : 0 less than that in 1928.

28. The undermentioned Heads exceeded the original Estimate for 1929 by £31,363 : 19 : 11, viz :

1.	Customs Duties	...	£29,015 : 19 : 2
2.	Port & Tonnage Dues	...	442 : 10 : 0
3.	Int. Rev: Licences	...	1,593 : 15 : 0
4.	Fees, Fines &c.	...	311 : 15 : 9
			<u>£31,363 : 19 : 11</u>

On the other hand the undermentioned Heads failed to realize the amount originally estimated, viz :—

5.	Post Office	...	£225 : 0 : 0
6.	Rents	...	350 : 0 : 0
7.	Miscellaneous	...	20 : 0 : 0
			<u>595 : 0 : 0</u>
	Net increase	...	<u>£30,768 : 19 : 11</u>

29. The principal increases were under item 5, Export duty on Whale and Seal Oil, item 6, Export duty on Guano and item 9, Whaling licences, which exceeded the original Estimate by £27,151 : 6 : 7, £1,617 : 3 : 1 and £1,600 respectively.

30. The Export duty received during the year on Whale and Seal Oil amounted to £107,151 : 6 : 7. It was £74,044 : 5 : 5 less than the amount received in the preceding year. This decrease was due to the reduction of the Export duty on Whale Oil from five shillings to two shillings per barrel.

31. The total Expenditure for the year excluding 'Charges on Dependencies Revenue' and disbursements made from the Research and Development Fund, amounted to £39,385 : 6 : 8. It was under that expended in 1928 by a sum of £82,717 : 10 : 3, but exceeded the original Estimate for 1929 by a sum of £14,771 : 6 : 8.

32. Excess Expenditure over the Estimate for 1929 was incurred under—

Total		£4526	12	9

*This includes £360 : 0 : 0 overlapping salaries of Dr. J. Hope Reford and Dr. J. Innes Moir.

II. PUBLIC HEALTH.**(A) General Remarks.****(1) GENERAL DISEASES.**

During the year the general health of the people was good. The southern portion of the East Island in the spring-time was afflicted with a mild epidemic of measles. Apart from the usual colds, muscular rheumatism and appendicitis there is nothing extraordinary of note.

Appendicitis. 21 cases of appendicitis occurred during the year, and were all, except one treated medically, operated on with success. Two cases were gangrenous with abscess formation, one appendix contained threadworm, and others showed marked evidence of chronic, old standing inflammation.

The *Dental condition* of the population is improving markedly due to the activities of the Dental Surgeon in treating all the school children, and the camp populace as well as the people of the town of Stanley. The Dental Report is attached (Appendix I).

Government Officials. One invaliding, and no deaths occurred among the officials in residence during the year. Generally their health was good though there were some cases of minor illness. The severe climate, and the feeling of absolute confinement to Port Stanley, owing to the lack of facilities for leaving the town, even for a short period, give rise to neurasthenia, if it may be so described, among officials resident in Stanley. This is rarely experienced by those who live in the Camps. The leave and passage regulations, and the shortening of the tour cannot fail to alleviate this condition, and provide a more efficient service.

(2) COMMUNICABLE DISEASES.

Tuberculosis. 12 cases came under treatment during the year. 3 were pulmonary in type and two terminated fatally. The localisation of the disease in other cases was in bone, joints, glands and peritoneum. The incidence in Stanley is undoubtedly very high as compared with the camps. The high proportion of bone, joint, glandular, and peritoneal lesions suggests bovine tubercle as playing no small or unimportant part in the origin of these cases.

Bronchial Catarrh, Bronchitis and Broncho-pneumonia. As in the past, in the dark wet winter months, a succession of colds swept over the inhabitants leaving their usual trail of bronchitis and broncho-pneumonia.

Grave Epidemic Diseases. No cases of grave epidemic disease occurred during the year. Small-pox would not now present a so serious menace, as numbers of the community in Stanley have been recently vaccinated. The Camp Medical Officers have rendered valuable aid in vaccination of people in the districts under their charge.

Influenza. No cases of influenza occurred in the Colony in 1929.

Malaria. Malaria and other insect-born diseases are unknown in the Colony.

Scarlatina, Measles, Diphtheria, Whooping Cough, Chicken Pox, etc. On two occasions cases of whooping cough landed in the Islands, but were promptly segregated and no further cases occurred.

Measles. In October, 1929, a case incubating measles landed in Stanley, and proceeded to south of East Island with the result that a mild epidemic of measles occurred there. There were no deaths. Quarantine measures were instituted all over the Islands immediately the outbreak was notified with the result that the rest of the Islands were not affected, with the exception of a few cases on two stations on the West Island and three cases in Port Stanley.

Diphtheria. It is considered that diphtheria might easily be imported, and the results to the community are as much to be dreaded as would those of small-pox. It is difficult to keep in stock a large quantity of fresh antitoxin, and it is not as yet practicable to immunise the community against diphtheria. This very grave problem is having serious attention.

Venereal Disease. Apart from cases from ships calling at the Islands no case of this disease has occurred. In fact venereal disease does not exist among the Islanders.

(B) Vital Statistics.

(1) *General Population.* Practically all the Islanders as well as the Government Officials are Europeans or are of European descent.

The estimated population of the Colony exclusive of the Dependencies, on the 31st of December, 1929, was 2375.

During the year 57 births and 14 deaths are recorded, giving the following rates:-

Population	2375.
Birth Rate per 1000	24.00.
Death Rate per 1000	5.89.
Infantile Mortality Rate per 1000 births	17.5.

Registration of Births, Deaths, and Marriages is compulsory under Ordinance No. 12 of 1853.

(2) *Health of Government Officials.* The general health of the Government Officials was good throughout the year and there was no case of serious illness. One Official, a female was invalided to the United Kingdom soon after her arrival here as a case of boarder-line melancholia in no way attributable to her service in the Colony. There were no deaths.

III. HYGIENE AND SANITATION.

(1) PREVENTIVE MEASURES.

(a) *Insect borne diseases* are absent. The only insect pest is the bluebottle, and hanging sheds of slaughter houses are screened against its attack and those of other flies. *Alysia Manducator* are being cultivated in the hope of destroying eventually the bluebottle.

(b) *Epidemic diseases.* From time to time people incubating infectious diseases have landed in the Colony, and this, in spite of all precautions with regard to the inspection of persons landing, ships' books, etc., is liable to happen. About 20 years ago diphtheria broke out in the East Island, fortunately, in an isolated camp house and though those affected died, the disease was limited to one household. It can easily be conceived, that, in spite of great vigilance, diphtheria may be introduced again, and in view of the fact that there are no premises for isolation purposes and but a scant supply of antitoxin in the Colony the results would be very serious indeed. Enquiries have been made with regard to immunisation of the populace with toxin-antitoxin, but it is not practicable, as yet, to ship toxin-antitoxin to the Falkland Islands.

During the past six years there have been epidemics of whooping cough, 1924, measles 1925, scarlet fever, influenza and mumps, glandular fever, 1926, and measles again in 1929. When these diseases arrive in the Colony, many persons are affected as there are often long intervals between epidemics. Whooping Cough had not been in the camps for 40 years prior to 1924, and measles, mumps, etc., had not affected the camp districts for a period of upwards of 15 years. Glandular fever prior to 1926 was unknown in the Colony.

Small-pox and Vaccination. Vaccination is compulsory under the Vaccination Ordinance, 1868, and during the year a large proportion of the community both in Stanley and in the camps were vaccinated or re-vaccinated.

(c) *Water borne diseases.* There are none in the Colony.

(d) *Tuberculosis.* Great efforts are being made to prevent the dissemination of this disease. Under a Government Housing Scheme private individuals are rapidly building suitable houses, and bad housing as a contributory factor will soon cease to exist.

The problem of tuberculous cattle is under consideration, and will be dealt with as rapidly as possible.

Health propaganda in the form of broadcast talks, and articles in the local newspaper "Penguin" on tuberculosis and how to keep healthy and fit, has been undertaken for some time, and by this means it is hoped to achieve much.

Provision has been made this year for increased recreational facilities in the form of a new gymnasium, and baths. The benefit of this measure to the populace is thought to be inestimable.

All manner of outdoor and indoor recreations are encouraged, and those responsible persons in authority set a splendid example by themselves taking a strenuous part in the exercises prescribed for the people. Golf, football, hockey, badminton, etc., are indulged in by many persons as well as local traditional sports such as riding, boating, and shooting. All these things cannot fail to improve the physical and mental condition of the people.

(e) *Helminthic Diseases.* With the exception of *Oxyuris* intestinal parasites do not occur. *Oxyuris* is common in children, and has not infrequently been found in the appendix giving rise to the classical symptoms of chronic appendicitis.

(f) *Venereal Disease.* This disease does not occur among the Islanders and measures for the segregation of any case which might occur would be promptly taken.

(2) GENERAL SANITATION.

(a) *Sewage Disposal.* The new houses are all being built with properly constructed drains to take sewage water, but many have to install earth closets as W.C's are still impracticable. Night soil is removed by special carts under control of the Public Works Department. This is not an entirely satisfactory service, and it is hoped with the contemplated extension of the water system, that gradually the E.C's will become replaced by W.C's. The present system is run as efficiently as possible under the circumstances.

(b) *Scavenging.* Ashes and household refuse are stored in ash-bins all of which are not, unfortunately, covered, nor are they emptied with sufficient frequency. The contents accumulate, and finally, when the bins are overflowing, are blown about by the constant winds. It would be of great public benefit if a standard type of metal ash-bin were introduced, and instead of haphazard emptying of ash-bins by the individual some controlled system were introduced.

(c) *Roads and Drainage.* The roads in the town are gradually improving, and in the lower reaches are very good, but on the higher levels, where the new houses are being built, roads do not exist, but are mere mud tracks, often more than knee deep in the winter. Also the drainage of the lower level of the town is of the highest order, but again, where the new houses are on the higher level, the house drains discharge on to the roads, or in to open ditches where all manner of filth remains stagnant. A further extension of roads would be a great benefit to the community, especially when it is considered that the district, where no proper roads or drains exist, is that in which most of the new houses are being erected.

(d) *Water Supply.* The present water supply is wholesome and satisfactory. It is pipe-borne and was introduced in 1927. This also fails to supply the upper levels of the town, and it would be a great boon to the new housing area if this water could be led to it.

(e) *Slaughterhouses and Meat Inspection.* Under the Slaughterhouse and Meat Inspection Regulations, 1929, slaughterhouses are licensed, and these are under the supervision of the Government Veterinary Officer and the Sanitary Inspector. As the present two slaughterhouses are not very satisfactory their owners are contemplating the erection of model slaughterhouses.

(f) *Dairies.* The milk supply of Stanley is extremely unsatisfactory. In truth, nowhere is milk produced in such filthy environment as the Stanley cow-sheds. It is considered that these milk supplies play no small part in local epidemics of sore throat, accompanied by vomiting, diarrhoea and skin rash, and also in the production of tuberculous lesions of bone glandular and peritoneal type. An endeavour is being made to provide the necessary laboratory facilities for the examination of milk samples under the Stanley Milk Supply Protection By-laws, 1929. It is evident, however, until milk retailers are obliged to construct proper dairies, and milk stores, this evil will continue to the detriment of the public health.

(3) SCHOOL HYGIENE.

There are two schools in Stanley, the Government School with 148 children on the books, and St. Mary's School with 63 children. St. Mary's School is run by the Catholic Church but both schools are undenominational. Systematic, and frequent inspections of the schools, and school children are made by the Medical Officers, and the Colonial Dentist. Careful records of each child are kept on a special form. Appendix II.

The result of these inspections is satisfactory, and on no occasion in 1929 were any serious defects found. It must be kept in mind that the Medical Officers are also the regular Medical attendants of the Stanley families, and so it is very seldom that any serious or even slight childish ailment is not attended to without the necessity of school examination.

The Dental condition of the children is improving, and the Dental Surgeon sets one morning a week apart entirely for children's service. At all inspections the schools were found to be in a clean, well kept, ventilated and satisfactory condition. At the Government School the playground has been covered with cement to the great benefit of the pupils, and an alteration is to be made in the infants department so as to provide more satisfactory cloak-room accommodation.

(4) HOUSING.

The people of Stanley fully realize the need for improved housing with the result that altogether within the last two years 32 houses have been erected. Most of the building has been done by private individuals with the assistance of Government loans on easy terms. It remains to make provision for the housing of indigent, and unfortunate persons who are not able to assist themselves on a model, hygienic, but plain scale.

It may be said with assurance that the housing problem is reaching rapidly a satisfactory solution. It only remains that satisfactory roads, drains and water supply be

provided in the areas where these houses are being erected. All houses erected are under the strict supervision of the Board of Health and consequently are well constructed and of a satisfactory type.

(5) DIET IN HEALTH AND DISEASE.

The diet of the people in Stanley is necessarily strictly limited in variety. Mutton is cheap and plentiful, and bread is always obtainable, thus distress for lack of food is rarely in evidence. There the matter ends, however, for variety, unless procurable in tins, there is none. During the past two summers, owing to the constant cold and wet, vegetable crops have been a complete failure. The soil is not suitable for the cultivation of vegetables unless heavily limed, and the plots sheltered from the incessant summer winds which destroy all vegetation. Fish, butter, poultry and vegetables are on the whole scarce, and very difficult to obtain in Stanley though of course, in the camps conditions are better. There are no satisfactory means of varying the diet of children, and also the lime deficiency in the soil is a matter which seriously hinders the proper growth and development of the children.

(6) ANTI-RAT CAMPAIGN.

A continuous warfare against rats in the various town dumps is waged by the Sanitary Inspector. Also systematic rat weeks have been organised and the public have been invited to co-operate. The number of rats has been considerably reduced. Owners and occupiers of premises are obliged under the Extermination of Rats and Mice Bye-laws, 1929, to take measures to exterminate these pests. The broadcast system, and the daily newspaper "Penguin" have been utilised for propaganda purposes, and organisation of rat weeks. Bi-annual rat weeks are proposed in the future.

(7) RECOMMENDATIONS FOR FUTURE WORK.

- (i) Improved drainage, roads and water supply to the new housing areas.
- (ii) Close supervision of dairies and slaughterhouses, and enforcement of the bye-laws.
- (iii) Continuance of the bi-annual rat week.
- (iv) Continuance of close dental supervision of the school children.
- (v) Continuance of health propaganda by means of broadcasting, and publications in the newspaper "Penguin."
- (vi) An improved system of scavenging.

IV. PORT HEALTH WORK AND ADMINISTRATION.

46 vessels with registered tonnage of 76,791 and with crews totalling 2,119 were given pratique during the year. No quarantinable diseases were reported. Again the ease with which any person incubating an infectious disease may land in the Colony is emphasised.

V. MATERNITY AND CHILD WELFARE.

14 maternity cases were treated in the hospital and nine in the district during the year. All cases were brought to successful issue. One case of abortion was also treated in the hospital. The charge for maternity cases in the hospital is two pounds. This cheap rate is a great boon to the working classes, and maternity patients readily apply for admission to hospital. The outpatient clinic provides all the necessary anti and post natal services of a modern maternity and child welfare clinic.

VI. HOSPITAL.

The King Edward Memorial Hospital, first opened in 1914 to receive the wounded from the battle of the Falkland Islands, has two general, one maternity, and two private wards comprising 12 beds, outpatient department and dispensary, operating theatre, office and stores, and quarters for two nurses.

Two outside buildings provide (1) Rock Cottage, accommodation for the Dental Surgeon's Clinic and necessary offices and accommodation for three pensioners. (2) The drug store, and the former clerk's office is in process of being converted into a laboratory. The Clerk is now accommodated in the hospital office.

107 inpatients were treated during the year. Of these 94 were cured, 7 relieved and 6 were not improved. There were no deaths. 40 operations, exclusive of dental and out-patient operations, were performed, and 35 of these were major operations, and in all cases the results were satisfactory. The people are good surgical subjects, and the cold climate lends itself to the healing of wounds without sepsis of any important degree. The number of dental inpatient operations under general anaesthesia was 24. The efficient administration of anaesthetics was carried out by the Medical Officer Dr. W. B. R. Jones with the exception of a few cases where the anaesthetic was administered by the Colonial Dental Surgeon, Mr. J. M. Coutts, M.M., L.D.S.

During the year the Hospital was reconditioned and its equipment brought up-to-date. During the reconditioning period the staff contrived to keep one or two wards open all the time. All walls, ceilings and passages were lined and painted a pleasing, restful shade of green, and the hospital generally presents a very smart appearance. Also the roof and outside walls were repainted.

The new improvements are:-

- (i) Installation of electric lighting throughout the hospital.
- (ii) Rearrangement of wards and dispensary which permits of more efficient working.
- (iii) Reorganisation of office methods and equipment.
- (iv) Conversion of Clerk's office into a laboratory.

The new equipment procured for the hospital in 1929 comprises a new operating table, trolley for patients, X-Ray apparatus, artificial sunlight lamp, new electric batteries for the theatre main light, and a rectifier for charging them off the main, thus providing the theatre with a light independent of the main supply, and other sundry instruments. For the laboratory an incubator, centrifuge and sundry glassware articles were obtained. A few instruments and additional articles for the laboratory remain to be provided. To sum up, the hospital is now as a modern hospital, where all manner of medical, surgical, maternity and health work is undertaken, should be.

The provision of quarters for the sisters apart from the main hospital building would be a great advantage and would also release more ward space for patients.

Outpatient Department The recorded number of patients treated in the out-patient department was 1173, and the total number of attendances 2347. The increased number of outpatients is due in part to the large proportion of the population vaccinated at the hospital, and to the popularity of the treatment of varicose veins by the injection method.

VII. PRISONS AND ASYLUMS.

The prisons was regularly inspected, and found always in a satisfactory condition.

There is accommodation for 15 prisoners, but at no time during the year have more than two persons been incarcerated at once. One prisoner serving a two years' sentence developed congestion of the lungs and was removed to hospital where he recovered, but otherwise the health of the prisoners was good.

There are no asylums in the Colony and no lunatics were under supervision during the year.

VIII. METEOROLOGY.

The Falkland Islands lie in the South Atlantic 300 miles East of the Straits of Magellan in Latitude 51°43 s. and Longitude 57°51 w. (Stanley.)

The climate of the Falkland Islands has often been likened to that of Scotland, but actually there is little resemblance. The winter of 1929 was comparatively mild, but the summer one of the worst known. The constant cold winds blowing with a mean force of 4.1 renders life in these Islands very trying. Wide ranges of temperature and wind force are met with during the course of every day, and the meteorological records do not give a true

index of the climate.

The meteorological returns are appended. (Table II.) The mean temperature at Stanley was 41.5° in 1929, and 48.8° in 1928, the maximum was 65° (January and February) in 1929, and 66° in 1928, and the minimum 17° (July) in 1929, and 17° in 1928. The total rainfall was 33.84 inches in 1929, and 21.92 inches in 1928, 222 days being wet, and a clear sky recorded on 34 days. The mean force of the wind was 4.1 and 8 calm days were recorded. The prevailing winds were W. to N.W.

IX. SCIENTIFIC.

The new Phillips Metalix portable X-Ray has proved a great success, and many excellent results have been obtained, and this apparatus renders invaluable assistance in the diagnosis of tuberculous lesions of bone. Gradually a laboratory on a small scale is being established, and it is hoped that the laboratory will be of a great assistance in the control of milk supplies and also routine clinical pathological examinations will be carried out there.

The chemical analysis of Stanley water is shown in Appendix III.

B. DEPENDENCIES.

The Dependencies include South Georgia, South Shetlands and South Orkney Islands. On these Islands the great whaling fleet has its bases. The population is a floating one of chiefly Norwegian nationality, and is composed of whalers and factory workers. The population of South Georgia during the fishing season is estimated at 1,000. There are also in residence a Magistrate and a few other permanent British Officials. The whaling fleet provides its own Medical Officers and maintains its own drugs and equipment. There is no Medical staff or dispensary under the control of the Government.

The climate is rigorous, but health conditions are good.

There are no detailed Medical or Sanitary reports for that area.

Colonial Dental Surgery,
Stanley,

27th February, 1930.

Dental Report for 1929.

Sir,

This year shows a decided improvement in the Dental condition of the Colony.

The children both in Stanley and in the Camps are now taking an interest in their mouths, and the number of attendances are 50% better than last year. There are still some children in outlying islands and stations I have been unable to visit.

The following is the work done for children:-

	Attendances.	Extractions.		Fillings.	Other Operations.	Total.
		Temporary.	Permanent.

This is a very pure sample of water, the solid matter in solution being very low. The undesirable feature is the quantity of ammonia which indicates contamination by organic matter. It is impossible to indicate the derivation of this organic matter without knowing something of the conditions under which it had been collected and stored.

NOTE. The sample of water referred to was sent to England before the gathering ground was fenced off and before any filtering medium was used. The organic contamination indicated by the high Ammonia content was found to be due to carcasses of dead sheep, an accident which has been precluded from repetition through fencing. Since then a sample has been analysed in Capetown through the courtesy of the scientists of the R.R.S. "Discovery" and the water was reported to be of a very pure quality.

FALKLAND ISLANDS.

A Bill

To make provision with respect to the Currency Notes of the Colony of the Falkland Islands, and to place the issue of such Currency Notes upon a permanent basis.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof, as follows:—

Enacting Clause.

Short Title.	1. This Ordinance may be cited as "The Falkland Islands Currency Notes Ordinance, 1930."
Definitions.	2. In this Ordinance :— "Colony" means the Colony of the Falkland Islands and its Dependencies. "Secretary of State" means His Majesty's Principal Secretary of State for the Colonies or the person for the time being acting as Secretary of State for the Colonies. "Crown Agents" means the person or persons for the time being acting as Crown Agents for the Colonies in England.
Commissioner of Currency.	3. The person for the time being lawfully discharging the duties of Treasurer to the Government of the Colony shall for the purposes of this Ordinance be the Commissioner of Currency, hereinafter referred to as "the Commissioner."
Issue and Form of Currency Notes.	4. (1) It shall be lawful for the Commissioner, subject to the provisions of this Ordinance, to provide and issue and re-issue currency notes of the Government of the Colony (hereinafter referred to as "Currency Notes"). (2) Currency Notes issued under this Ordinance shall be of such denominations and of such form and design and printed from such plates and on such paper and be authenticated in such manner as may from time to time be approved by the Secretary of State. (3) The plates shall be prepared and kept and the notes printed, issued and cancelled under such regulations as the Secretary of State may approve for the purpose of preventing fraud and improper use.
Legal Tender.	5. Currency Notes issued under this Ordinance shall be legal tender in the Colony for the payment of any amount. Provided always that Currency Notes of the "C" series bearing dates the 1st of February, 1921 and the 10th of January, 1927, issued under the Falkland Islands Currency Note Order, 1899 shall be deemed for the purposes of this Ordinance to have been issued under this Ordinance.
Conversion of Currency Notes into Sterling & vice versa.	6. The Commissioner shall issue on demand to any person desiring to receive currency notes in the Colony, currency notes to the equivalent value (at the rate of one pound for one pound sterling) of sums in sterling lodged with the Crown Agents in London by the said person, and shall pay on demand through the Crown Agents to any person desiring to receive sterling in London the equivalent value calculated as aforesaid of currency notes lodged with him in the Colony by the said person : Provided that : (1) No person shall be entitled to lodge with the Crown Agents or Commissioner as the case may be less than such minimum sum as may be fixed from time to time by the Secretary of State for the purpose of obtaining currency notes or sterling as the case may be, and (2) the Commissioner shall be entitled to charge and levy from any person obtaining currency notes or sterling a commission at such rate or rates not exceeding 1 per cent as may from time to time be fixed by the Governor of the Colony with the approval of the Secretary of State, and in addition the cost of any telegram sent by the Commissioner or by the Crown Agents in connection with any transfer as above described.

7. (1) There shall be established a fund to be called "The Note Security Fund" and there shall be paid into the said fund :—

Note Security Fund.

- (a) all monies and investments standing to the credit of the Note Guarantee Fund now in existence,
- (b) the equivalent value in sterling of all currency notes issued otherwise than in exchange for currency notes already issued, and
- (c) the commissions paid to the Commissioner as provided in section 6 of this Ordinance.

(2) There shall be charged upon the said Fund :—

- (a) all the expenses incurred by the Commissioner and the Crown Agents in the preparation, transport and issue of the currency notes and the transaction of business relating thereto, and
- (b) the sterling payments made by the Commissioner in respect of notes lodged with him under the provisions of section 6 of this Ordinance.

(3) The Note Security Fund shall be held by the Crown Agents and may be invested in securities of, or guaranteed by, any Government of the British Empire (except the Government of the Colony) or such other securities as the said Crown Agents, subject to the approval of the Secretary of State, may in their discretion select :

Provided that the Governor of the Colony may issue directions to the Crown Agents as to the amount of the Fund to be held in liquid forms.

(4) All dividends, interest or other revenue derived from such investments or from the employment in any other manner of the monies of the said Fund shall be paid to the said Crown Agents, and the said dividends interest or revenue shall form part of the ordinary revenues of the Colony :

Provided that if on the last day in any year the liquid monies of the Fund together with the estimated market value of the investments in the Fund is less than 110 per centum of the face value of the currency notes in circulation there shall be paid into the Fund the whole or such less part of the said dividends, interest and revenue as shall make up the total monies of the Fund as aforesaid to an amount equal to 110 per centum of the face value of currency notes in circulation; and

Provided always that if on the last day in any year the liquid monies of the Fund together with the estimated market value of the investments in the Fund exceeds 110 per centum of the face value of the currency notes in circulation the Governor of the Colony may, with the sanction of the Secretary of State, direct that the surplus shall be transferred from the Fund to the ordinary revenues of the Colony.

(5) The liquid portion of the Fund may be held in cash or on deposit at the Bank of England or in Treasury Bills or may be lent out at call, or for short terms in such ways or invested in such readily realisable securities as may be approved by the Secretary of State.

8. (1) In any proceedings in which the genuineness of any currency note purporting to have been issued by the Government of the Colony shall be in question a certificate under the hand of the Commissioner to the effect that such note is spurious, shall be received in all Courts of Law as conclusive evidence of the spuriousness of such note.

Evidence.

(2) The Commissioner shall not be examined or cross-examined with respect to any such certificate.

(3) The Certificate shall be in the form following :

"This is to certify that I have personally examined the document shown to me, and marked..... purporting to be a currency note of the following denomination, number and date, namely :—

"Denomination

"Number

"Date

"and that the said note is spurious.

".....

"Commissioner of Currency."

Forgery.

9. Whosoever shall forge or counterfeit or alter any currency note or any word, figure, mark, sign, signature or facsimile upon or attached to any such note, or shall offer, utter, dispose of, or put off any currency note, knowing the same to be forged or counterfeited or altered, shall be guilty of an offence and shall on conviction be liable to imprisonment with or without hard labour for any period not exceeding fifteen years.

Imitation of Currency Notes.

10. (1) If any person makes or causes to be made or uses for any purpose whatsoever, or utters any document purporting to be or in any way resembling or so nearly resembling as to be calculated to deceive, any currency note or any part thereof, he shall be liable on conviction to a fine not exceeding five pounds in respect of each such document, and it shall be lawful for the Court to order the document in respect of which the offence was committed and any copies of that document and any plates, blocks, dies, or other instruments used for or capable of being used for printing or reproducing any such document, which are in the possession of such offender, to be destroyed.

(2) If any person whose name appears on any document, the making of which is an offence under this section refuses to disclose to a police officer the name and address of the person by whom it was printed or made, he shall be liable on conviction to a fine not exceeding ten pounds.

(3) Where the name of any person appears on any document in respect of which any person is charged with an offence under this section, or on any other document used or distributed in connection with that document, it shall be *prima facie* evidence that that person caused the document to be made.

(4) The expression "Currency note" in this section means a note issued under this Ordinance and includes also any note of a similar character by whatever name called, issued by, and on behalf of any Government of the British Empire (except the Government of the Colony), or the Government of any foreign state.

Possession of Counterfeit or Incomplete Notes.

11. Whosoever, without lawful authority or excuse (the proof whereof shall lie on the person accused), shall have in his possession, knowing the same to be forged, counterfeited or altered, any forged, counterfeited or altered note or any unfinished or incomplete note purporting to be issued by the Commissioner, shall be guilty of an offence, and shall on conviction be liable to imprisonment with or without hard labour for any period not exceeding five years.

Possession of Paper for Notes.

12. (1) Whosoever, without lawful authority or excuse, (the proof whereof shall lie on the person accused) shall make use of or knowingly have in his possession any paper with any word,

figure, device or distinction peculiar to and appearing in the substance of the paper used for currency notes or any material upon which the whole or any part of any note purporting to resemble a currency note shall have been engraved or made or any facsimile of the signature of the Commissioner, shall be guilty of an offence, and shall on conviction be liable to imprisonment with or without hard labour for any period not exceeding five years.

(2) Whosoever, without lawful authority or excuse (the proof whereof shall lie on the person accused), mutilates or in any way defaces a currency note whether by writing, printing, drawing or stamping thereon or by attaching or affixing thereto anything in the nature or form of an advertisement, shall on conviction be liable to a fine not exceeding £20.

Penalty for Mutilating or Defacing Currency Notes.

13. (1) The Commissioner shall cause to be published half-yearly in the Official Gazette of the Colony an abstract showing (a) the whole amount of currency notes in circulation on the last day of the half-year, (b) the total amount of the Note Security Fund on the said day, the value of the invested portion of the Fund being calculated on the latest known market price of the Securities held by the Fund, and (c) a list of the Securities held by the Fund showing in each case the nominal value and the latest known market price; and shall submit annually to the Governor of the Colony and the Secretary of State a statement of his transactions during the preceding year.

Publication of Statements.

(2) The accounts of all transactions of the Commissioner shall be audited by the Colonial Audit Department.

Audit.

14. (1) The Governor of the Colony may, subject to the approval of the Secretary of State, make rules for fixing the rates of commission to be charged under Section 6 of this Ordinance and generally for the better carrying into effect the provisions of this Ordinance.

Rules.

(2) All such rules shall be published in the official Gazette of the Colony and shall thereupon take effect as if enacted in this Ordinance, and the power to make rules shall be deemed to include the power to vary or revoke any rules so made and published.

15. This Ordinance shall come into force on a date to be notified by a proclamation of the Governor of the Colony.

Date of Operation.

M.P. 216/30.

No. 70. Colonial Secretary's Office,
Stanley, Falkland Islands.
30th October, 1930.

It is hereby notified, for general information, that the following arrangements have been approved by the Governor for the observance in this Colony of Armistice Day, the 11th of November, 1930.

The Government offices and works will be closed throughout the day and the children attending the Government School will be given a whole holiday.

Divine Service will be held in the Cathedral at 10.15 a.m. at which His Excellency will attend officially and will be supported by the Honourable Members of Councils. The Falkland Islands Defence Force and the Stanley Boy Scouts and Girl Guides will parade and will take part in the Service and subsequent Ceremony.

At the end of the service about 10.40 a.m. the Governor will proceed in procession to the Cemetery where at 11 a.m. a volley will be fired. The customary two minutes silence will then be observed after which the Last Post will be sounded. His Excellency will lay a wreath at the foot of the Cross of Sacrifice; the Colonial Secretary will also lay a wreath of Poppies sent by the

Magallanes Branch of the British Legion and the Ceremony will terminate. Wreaths may then be laid by private individuals at the foot of the Cross of Sacrifice and on the Naval and Military graves. The Cathedral bell will also toll to mark the beginning and the end of the two minutes silence.

It is hoped that as many of the public as possible will be present both at the Service in the Cathedral and at the Ceremony at the Cemetery and that Heads of Departments and Government servants generally will make a special effort to attend.

Full permission is given to those holding war medals and decorations awarded to deceased relatives to wear such medals on the right breast at this and other Armistice Day Ceremonies.

The order of the Procession from the Cathedral to the Cemetery will be as follows:

His Excellency the Governor.

The Members of the Executive and Legislative Councils and the Very Reverend the Dean of Stanley.

The Falkland Islands Defence Force.

The Boy Scouts and Girl Guides.

Heads of Departments, Justices of the Peace, their wives and families, and the general public.

The children from the Government School will not be present at the Cathedral, but will be assembled and drawn up in readiness for the Ceremony at the Cross of Sacrifice.

Immediately on the conclusion of the Ceremony His Excellency will present the Colonial Auxiliary Forces Long Service Medals which have been awarded to a number of past and present members of the Falkland Islands Volunteers and Defence Force. The presentation will take place either on the Government House Paddock or in the Town Hall, a definite decision being made at the time in accordance with the weather conditions.

By Command,

J. M. ELLIS,

Colonial Secretary.

M.P. 564/27.

LEGISLATIVE COUNCIL.

Minutes of meeting held on the 7th October, 1930.

1. The Council on assembly passed, standing in solemn silence, the following resolution relating to the wreck in France on the 4th of the October, 1930, of His Majesty's Airship R. 101 on her maiden voyage to India.

"This Council desires to place on record its deep sympathy with the victims and their relatives, and also with the Imperial Government on the irreparable loss of such tried and valued servants."

2. The minutes of the meeting held on the 30th of May, 1930, were confirmed.

3. The Honourable the Colonial Secretary, by command laid on the table the following papers :

Regulations, entitled "The Rifles Regulations, 1930" made under the Defence Force Ordinance, 1920, at a meeting of the Executive Council held on the 27th of May, 1930.

Order of His Excellency the Governor in Council fixing the rates of postage in force in the Colony, made at a meeting of the Executive Council held on the 3rd of October, 1930.

Regulations passed at a meeting of the Executive Council held on the 3rd of October, 1930, amending Section 5 of the Pensions Regulations, 1928.

Copies of despatches received from the Secretary of State for the Colonies, intimating the non-disallowance by His Majesty of Ordinances Nos. 1, 2, 3, 6 and 7 of 1930.

4. The Honourable the Treasurer, by command, laid on the table the following papers :

Comparative Statements of the Revenue and Expenditure of the Colony and the Dependencies for the periods 1st January to 31st March, 1930 and 1st January to 30th June, 1930.

Schedule of unforeseen expenditure incurred during the quarters ended the 31st of March, 1930 and the 30th of June, 1930.

Estimate of the sum required from the Falkland Islands Dependencies' Research and Development Fund for the Service of the "Discovery" Expedition for the year 1930.

5. The Honourable the Colonial Secretary moved, and the Honourable the Treasurer seconded, the adoption of the following resolution :

"Be it resolved that under the provisions of the Stanley Rating Ordinance, 1928, this Council hereby sanctions the following rate to be charged for the year 1931 on house property in the Town of Stanley, namely, One Shilling and Nine Pence for every Twenty Shillings of the annual value of such house property."

The resolution was adopted.

6. The Honourable the Colonial Secretary moved, and the Honourable the Treasurer seconded, the adoption of the following resolution :

"Whereas further provision is required for the service of the Colony and its Dependencies for the year ending the 31st of December, 1930."

"Be it resolved -

"This Council hereby sanctions the expenditure from public funds of the sum of Five thousand, Seven hundred and Sixty-nine Pounds, Thirteen shillings and Eight pence (£5,769. 13s. 8d.) to meet the several charges itemized in the accompanying schedule."

The resolution was adopted.

7. The Honourable L. W. H. Young moved the adoption of the following resolution :

"This Council resolves that a vote of warm congratulation and appreciation be conveyed to the Captain and the members of the Colony's Team on the occasion of their notable achievement in winning the Junior Kolapore Cup Competition at Bisley, 1930."

Mr. Young said that he thought it a great thing for the Colony that the Cup had been won and he wished also most heartily to congratulate His Excellency to whose efforts alone the Colony's participation in this Competition had been due and who had seen the object he had worked for reach fruition sooner than most of them saw their ambitions accomplished. He suggested that arrangements should be made to give the team, who would shortly return to the Colony, the exceptional welcome they so warmly deserved.

In seconding the resolution the Honourable the Colonial Secretary expressed the wish to add his personal congratulations to His Excellency.

His Excellency said he felt deeply grateful to the Honourable L. W. H. Young and the Honourable J. M. Ellis for their touching remarks. It was a unique occasion in the history of the Colony and arrangements would be made to mark it by giving the team a fitting welcome.

The Resolution was carried unanimously.

8. In moving the introduction and first reading of the Bill "To provide for the service of the year 1931," the Honourable the Colonial Secretary said that he would confine his remarks to general observations on the Colony's financial position, leaving details for consideration when the Council was in Committee. It was anticipated that at the end of the current year the balance of the Colony's General Account would amount to £23,500 in addition to the Reserve Fund of £10,000, opened during the year, making in all a surplus of £33,500, as against £31,113 at the beginning of the year. In other words, notwithstanding the relatively heavy expenditure which on revision it was estimated would amount to over £44,000 chargeable to revenue, they would have paid their way, carried out a very large programme of public works of a capital nature at the cost of nearly £14,000, and added over £2,000 to their accumulated funds. Turning to the Estimates for 1931, Honourable Members would see that the revenue from ordinary sources was estimated at £60,000 as against an expenditure on recurrent services of £38,000 and on extraordinary public works of £11,000 leaving a surplus of £11,000 to be carried to the Colony's General Account. In the matter of the details of the expenditure the steady decrease that was being effected from year to year would be noted with satisfaction. In 1929 actual payments under recurrent or maintenance heads amounted to £46,000, as compared with the revised estimate for 1930 of just under £41,000. In 1931 the estimate was put at £37,951 and it was anticipated that as the result of the economy being practised a still further decrease would be effected in 1932, when the cost of the recurrent services should stand at £37,000 approximately.

Commenting on the Honourable the Colonial Secretary's speech, His Excellency said that he was sure Honourable Members would agree that the policy the Government was adopting was in the very best interests of the Colony. By the strict control that was being kept over the finances they were eliminating all unnecessary expenditure and at the same time spending money on works and services that were essential. He pointed out in spite of the fact that the salaries of Civil Servants had been considerably increased, that very generous leave conditions had been introduced with free passages for a Civil Servant, his wife and two children that electric lighting and broadcasting had been instituted, that the housing problem had been solved both for officials and the public, and that new public baths and a gymnasium had been built, etc., the recurrent expenditure of the Colony was £18,000 less than three years ago.

In concluding His Excellency said he wished to record his gratitude to Heads of Departments and other Officials for the very loyal way they had helped in the scheme of re-organisation.

The Honourable L. W. H. Young said that he had listened to His Excellency's remarks with great interest. He had examined the figures of revenue and expenditure over a number of years and he felt he must publicly express his appreciation of what he had found. In 1927 there was a surplus of £2,400: the next year £3,700 and again in the following year (1929) £14,000, due partly to the exceptional revenue derived from the new

issue of postage stamps. During the current year it was estimated there would be a surplus of £9,000, while next year the estimate provided for £18,000. It was a position of which the Chairman of any company might be proud. The estimate of assets at the end of the year was placed at £265,000. The expenditure was coming down and the bank deposits were going up. He did not think there was anywhere else in the world where a balance sheet could be shown like the one before them and he took the opportunity of expressing his appreciation of this state of affairs.

The Honourable the Treasurer seconded and the Bill was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clause 1 was agreed to.

On motion made the consideration of Clause 2 was postponed until after consideration of the Schedule.

Commenting on the expenditure under Head XII 'Medical' the Honourable the Colonial Secretary said that despite the additional services rendered by the Medical Department and despite the new charges that had been added, it had been found possible by the exercise of extreme economy and efficiency to reduce the expenditure by £119 and he was glad to take the opportunity of paying a warm tribute to the Principal Medical Officer and to the Matron of the Hospital for their devoted and capable work. His Excellency observed that notwithstanding the provision for the grant of £200 to the West Falkland Farmers' Medical Association, inserted under this Head for the first time, the total expenditure under the Head had been reduced.

Referring to Heads XIX. 'Public Works' and XX. 'Public Works Recurrent' the Honourable the Colonial Secretary drew attention to the fact that the expenditure was placed at £4,097 and £5,355 as against £4,720 and £5,655 in the Estimates for 1930. He said that this might be taken as an outstanding example of the satisfactory budgeting to which Mr. Young had referred. His Excellency emphasized the importance of this Department as affecting the health and general welfare of the people and stated that in a Colony like this where it was extremely difficult to carry out works of any magnitude, Mr. Roberts by his economical management had saved his salary again and again.

The schedule was agreed to.

Clause 2 was recommitted and agreed to.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

His Excellency stated that he was sure it was the wish of Honourable Members that their appreciation of the work of the Honourable J. M. Ellis and the Honourable M. C. Craigie-Halkett in connection with the Estimates should be recorded. The Honourable L. W. H. Young stated that he should like to express his personal appreciation.

9. On the motion of the Honourable the Colonial Secretary seconded by the Honourable the Treasurer the "Bill to amend the Tariff Ordinance, 1930, as amended by the Tariff (Export Duties) Amendment Ordinances, 1923 and 1924" was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1, 2 and 3 were agreed to.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

10. The Honourable the Colonial Secretary moved the introduction and *first* reading of the "Bill to amend the Merchant Shipping Ordinance, 1909, as amended by the Merchant Shipping (Amendment) Ordinance, 1927." He stated that, as Honourable Members would see, the object of the Bill was to extend the limits within which vessels might trade as 'home-trade' vessels to include ports on the River Plate. The Honourable L. W. H. Young in seconding the motion stated that an important effect of the measure would be to enable local seamen to take responsible positions on board vessels engaged in local trade.

On further motion made and seconded the standing orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 and 2 were agreed to.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

11. In moving the introduction and first reading of the Bill "To make provision with respect to the Currency Notes of the Colony of the Falkland Islands, and to place the issue of such Currency Notes upon a permanent basis, "the Honourable the Colonial Secretary stated that the Bill would bring the present system as regards the issue of Currency Notes into line with that in force in other Colonies, for example in Cyprus. One of the principal advantages of the new system was that it would no longer be necessary to maintain a coin reserve and the sum of £8,000 at present kept in the Colony for that purpose would be released for investment.

The Honourable the Treasurer seconded and the Bill was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 to 15 inclusive were agreed to.

The title was agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

12. The Honourable the Colonial Secretary announced that Mr. John Hamilton of Weddell Island had generously given the Government the sum of £1,000 to be expended on some public purpose. Mr. Hamilton had asked that part of the money should be expended on the erection of a beacon light on the south-west or westerly corner of West Falkland Island and the practicability of such a light was being explored. Mr. Hamilton's offer was gratefully accepted by the Council.

13. In referring to the Honourable L. W. H. Young's proposed visit to the United Kingdom, His Excellency said that on behalf of Honourable Members he should like to take the opportunity of placing on record their high appreciation of Mr. Young's services on the Council and of wishing him a pleasant sojourn and a safe return. Mr Young suitably responded.

Ordinance No. 11 of 1930.

I ASSENT,

ARNOLD HODSON,

Governor.

10th October, 1930.

An Ordinance

To make provision with respect to the Currency Notes of the Colony of the Falkland Islands, and to place the issue of such Currency Notes upon a permanent basis.

Enacting Clause.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof, as follows:—

Short Title.

1. This Ordinance may be cited as "The Falkland Islands Currency Notes Ordinance, 1930."

Definitions.

2. In this Ordinance:—

"Colony" means the Colony of the Falkland Islands and its Dependencies.

"Secretary of State" means His Majesty's Principal Secretary of State for the Colonies or the person for the time being acting as Secretary of State for the Colonies.

"Crown Agents" means the person or persons for the time being acting as Crown Agents for the Colonies in England.

Commissioner of Currency.

3. The person for the time being lawfully discharging the duties of Treasurer to the Government of the Colony shall for the purposes of this Ordinance be the Commissioner of Currency, hereinafter referred to as "the Commissioner."

4. (1) It shall be lawful for the Commissioner, subject to the provisions of this Ordinance, to provide and issue and re-issue currency notes of the Government of the Colony (hereinafter referred to as "Currency Notes").

Issue and Form of
Currency Notes.

(2) Currency Notes issued under this Ordinance shall be of such denominations and of such form and design and printed from such plates and on such paper and be authenticated in such manner as may from time to time be approved by the Secretary of State.

(3) The plates shall be prepared and kept and the notes printed, issued and cancelled under such regulations as the Secretary of State may approve for the purpose of preventing fraud and improper use.

5. Currency Notes issued under this Ordinance shall be legal tender in the Colony for the payment of any amount.

Legal Tender.

Provided always that Currency Notes of the "C" series bearing dates the 1st of February, 1921 and the 10th of January, 1927, issued under the Falkland Islands Currency Note Order, 1899 shall be deemed for the purposes of this Ordinance to have been issued under this Ordinance.

6. The Commissioner shall issue on demand to any person desiring to receive currency notes in the Colony, currency notes to the equivalent value (at the rate of one pound for one pound sterling) of sums in sterling lodged with the Crown Agents in London by the said person, and shall pay on demand through the Crown Agents to any person desiring to receive sterling in London the equivalent value calculated as aforesaid of currency notes lodged with him in the Colony by the said person :

Conversion of Curren-
cy Notes into Sterling
& *vice versa*.

Provided that :

(1) No person shall be entitled to lodge with the Crown Agents or Commissioner as the case may be less than such minimum sum as may be fixed from time to time by the Secretary of State for the purpose of obtaining currency notes or sterling as the case may be, and

(2) the Commissioner shall be entitled to charge and levy from any person obtaining currency notes or sterling a commission at such rate or rates not exceeding 1 per cent as may from time to time be fixed by the Governor of the Colony with the approval of the Secretary of State, and in addition the cost of any telegram sent by the Commissioner or by the Crown Agents in connection with any transfer as above described.

7. (1) There shall be established a fund to be called "The Note Security Fund" and there shall be paid into the said fund :-

Note Security Fund.

- (a) all monies and investments standing to the credit of the Note Guarantee Fund now in existence,
- (b) the equivalent value in sterling of all currency notes issued otherwise than in exchange for currency notes already issued, and
- (c) the commissions paid to the Commissioner as provided in section 6 of this Ordinance.

(2) There shall be charged upon the said Fund :-

- (a) all the expenses incurred by the Commissioner and the Crown Agents in the preparation, transport and issue of the currency notes and the transaction of business relating thereto, and
- (b) the sterling payments made by the Commissioner in respect of notes lodged with him under the provisions of section 6 of this Ordinance.

(3) The Note Security Fund shall be held by the Crown Agents and may be invested in securities of, or guaranteed by, any Government of the British Empire (except the Government of the Colony) or such other securities as the said Crown Agents, subject to the approval of the Secretary of State, may in their discretion select :

Provided that the Governor of the Colony may issue directions to the Crown Agents as to the amount of the Fund to be held in liquid forms.

(4) All dividends, interest or other revenue derived from such investments or from the employment in any other manner of the monies of the said Fund shall be paid to the said Crown Agents, and the said dividends interest or revenue shall form part of the ordinary revenues of the Colony :

Provided that if on the last day in any year the liquid monies of the Fund together with the estimated market value of the investments in the Fund is less than 110 per centum of the face value of the currency notes in circulation there shall be paid into the Fund the whole or such less part of the said dividends, interest and revenue as shall make up the total monies of the Fund as aforesaid to an amount equal to 110 per centum of the face value of currency notes in circulation; and

Provided always that if on the last day in any year the liquid monies of the Fund together with the estimated market value of the investments in the Fund exceeds 110 per centum of the face value of the currency notes in circulation the Governor of the Colony may, with the sanction of the Secretary of State, direct that the surplus shall be transferred from the Fund to the ordinary revenues of the Colony.

(5) The liquid portion of the Fund may be held in cash or on deposit at the Bank of England or in Treasury Bills or may be lent out at call, or for short terms in such ways or invested in such readily realisable securities as may be approved by the Secretary of State.

Evidence.

8. (1) In any proceedings in which the genuineness of any currency note purporting to have been issued by the Government of the Colony shall be in question a certificate under the hand of the Commissioner to the effect that such note is spurious, shall be received in all Courts of Law as conclusive evidence of the spuriousness of such note.

(2) The Commissioner shall not be examined or cross-examined with respect to any such certificate.

(3) The Certificate shall be in the form following :

"This is to certify that I have personally examined the document shown to me, and marked..... purporting to be a currency note of the following denomination, number and date, namely :-

"Denomination

"Number

"Date

"and that the said note is spurious.

".....

"Commissioner of Currency."

Forgery.

9. Whosoever shall forge or counterfeit or alter any currency note or any word, figure, mark, sign, signature or facsimile upon or attached to any such note, or shall offer, utter, dispose of, or put off any currency note, knowing the same to be forged or counterfeited or altered, shall be guilty of an offence and shall on conviction be liable to imprisonment with or without hard labour for any period not exceeding fifteen years.

10. (1) If any person makes or causes to be made or uses for any purpose whatsoever, or utters any document purporting to be or in any way resembling or so nearly resembling as to be calculated to deceive, any currency note or any part thereof, he shall be liable on conviction to a fine not exceeding five pounds in respect of each such document, and it shall be lawful for the Court to order the document in respect of which the offence was committed and any copies of that document and any plates, blocks, dies, or other instruments used for or capable of being used for printing or reproducing any such document, which are in the possession of such offender, to be destroyed.

Imitation of Currency Notes.

(2) If any person whose name appears on any document, the making of which is an offence under this section refuses to disclose to a police officer the name and address of the person by whom it was printed or made, he shall be liable on conviction to a fine not exceeding ten pounds.

(3) Where the name of any person appears on any document in respect of which any person is charged with an offence under this section, or on any other document used or distributed in connection with that document, it shall be *prima facie* evidence that that person caused the document to be made.

(4) The expression "Currency note" in this section means a note issued under this Ordinance and includes also any note of a similar character by whatever name called, issued by, and on behalf of any Government of the British Empire (except the Government of the Colony), or the Government of any foreign state.

11. Whosoever, without lawful authority or excuse (the proof whereof shall lie on the person accused), shall have in his possession, knowing the same to be forged, counterfeited or altered, any forged, counterfeited or altered note or any unfinished or incomplete note purporting to be issued by the Commissioner, shall be guilty of an offence, and shall on conviction be liable to imprisonment with or without hard labour for any period not exceeding five years.

Possession of Counterfeit or Incomplete Notes.

12. (1) Whosoever, without lawful authority or excuse, (the proof whereof shall lie on the person accused) shall make use of or knowingly have in his possession any paper with any word, figure, device or distinction peculiar to and appearing in the substance of the paper used for currency notes or any material upon which the whole or any part of any note purporting to resemble a currency note shall have been engraved or made or any facsimile of the signature of the Commissioner, shall be guilty of an offence, and shall on conviction be liable to imprisonment with or without hard labour for any period not exceeding five years.

Possession of Paper for Notes.

(2) Whosoever, without lawful authority or excuse (the proof whereof shall lie on the person accused), mutilates or in any way defaces a currency note whether by writing, printing, drawing or stamping thereon or by attaching or affixing thereto anything in the nature or form of an advertisement, shall on conviction be liable to a fine not exceeding £20.

Penalty for Mutilating or Defacing Currency Notes.

13. (1) The Commissioner shall cause to be published half-yearly in the Official Gazette of the Colony an abstract showing (a) the whole amount of currency notes in circulation on the last day of the half-year, (b) the total amount of the Note Security Fund on the said day, the value of the invested portion of the Fund being calculated on the latest known market price of the Securities held by the Fund, and (c) a list of the Securities held by the Fund showing in each case the nominal value and the latest known market price; and shall submit annually to the Governor of the Colony and the Secretary of State a statement of his transactions during the preceding year.

Publication of Statements.

(2) The accounts of all transactions of the Commissioner shall be audited by the Colonial Audit Department.

Audit.

2

Rules.

14. (1) The Governor of the Colony may, subject to the approval of the Secretary of State, make rules for fixing the rates of commission to be charged under Section 6 of this Ordinance and generally for the better carrying into effect the provisions of this Ordinance.

(2) All such rules shall be published in the official Gazette of the Colony and shall thereupon take effect as if enacted in this Ordinance, and the power to make rules shall be deemed to include the power to vary or revoke any rules so made and published.

Date of Operation.

15. This Ordinance shall come into force on a date to be notified by a proclamation of the Governor of the Colony.

Passed by the Legislative Council this 7th day of October, 1930.

G. R. L. BROWN,

Acting Clerk of the Legislative Council.

Assented to by the Governor and given under the Public Seal of the Colony this 10th day of October, 1930.

The Falkland Islands Gazette Extraordinary.

Published by Authority.

VOL. XXXIX.

DECEMBER 12, 1930.

No. 14.

Government Notice.

No. 78.

Colonial Secretary's Office,
Stanley, Falkland Islands.
12th December, 1930.

His Excellency the Governor directs the publication, for general information, of the following Reports, issued by the National Rifle Association, of the Junior Kolapore and the Junior Mackinnon (The "Barnett") Matches fired at Bisley during the Imperial Meeting in July, 1930.

By Command,
J. M. ELLIS,
Colonial Secretary.

THE NATIONAL RIFLE ASSOCIATION'S 67TH ANNUAL PRIZE MEETING.

**Reports on the Junior Kolapore and the Junior Mackinnon
(The "Barnett") Matches.**

The Junior Kolapore Match instituted by the National Rifle Association in 1926 with the approval of the Secretary of State for the Colonies, and the very kind assistance of the Colonial Office, enabled the smaller countries of the Empire which find it impossible to send teams of eight to compete in "The Raja of Kolapore's Challenge Cup" to be represented at the Imperial Meeting at Bisley.

The Match was open to one officially accredited team of four past or present members of His Majesty's Forces or the Forces of any British Protected State, resident in, and qualified to represent any part of the British Empire or any territory under a condominium shared by Great Britain or any group of such parts other than Great Britain and Northern Ireland, the Indian Empire, the Dominion and Provinces of Canada, the Commonwealth and States of Australia, the Dominion of New Zealand, the Union of South Africa and its Provinces, the Irish Free State, and any dependencies of those Dominions or territories administered by them under mandate.

The Directors of the London *Morning Post* most generously presented a handsome Silver Challenge Trophy to be held for the year by such person representing the winning country as the Bisley Committee may direct, and also give embroidered badges to the members of the competing teams. Special Commemorative Souvenirs were presented by the N.R.A. to each member of the winning team.

A Challenge Trophy has also been presented by Commander Sir Lionel Fletcher, C.B.E., R.N.R., for a competition at 300 and 600 yards open only to competitors who are qualified to shoot in the Junior Kolapore Match in the current year, the Trophy to become the property of the competitor who wins it on any three occasions.

The Match was fired at Bisley on 14th July under the same conditions as those of the "Raja of Kolapore's Imperial Challenge Trophy," viz.:—

Distance	300, 500 and 600 yards (aggregate).	
Targets	Bisley, 1929.	
Rifles	S.M.L.E. (S.R. a. b.).	
No. of Shots	Ten and one sighting	} At each distance.
					shot per man.	
Time Limit	One hour	

The following countries took part in the Match :—

Falkland Islands	Straits Settlements
Federated Malay States	Sudan
Gold Coast	Trinidad
Nigeria	

as against three in 1926, six in 1927, ten in 1928, and eleven in 1929.

The absence of teams from Ceylon, Kenya, Nyasaland, Tanganyika, and Uganda is regretted.

The National Rifle Association is greatly indebted to the Secretary of State for the Colonies for the interest taken in the Match and the assistance so kindly afforded by the Colonial Office. It is hoped that as the competition becomes more widely known it may be the means of further stimulating marksmanship throughout His Majesty's Colonies and Protectorates and lead to a wider representation at the Imperial Rifle Meeting, also that, should the number of entries continue to increase, opportunity will be taken to enter teams to represent groups of Colonies, Protectorates, and Dependencies sanctioned by the Council of the National Rifle Association to compete in the "Kolapore" and the "Mackinnon" Matches, viz., the "Far East," "East Africa," "West Africa," and the West Indies.

The Challenge Trophy was won by the Falkland Islands with the aggregate score of 516 out of a highest possible score of 600; the Nigerian Team taking second place with a score of 514 marks.

Junior Mackinnon Match.

The Junior Mackinnon (the "Barnett") Imperial Challenge Cup Match, a long-range competition instituted in 1929, open to teams of four past and present members of His Majesty's Forces or the Forces of any British Protected State qualified to compete in the "Junior Kolapore Match," was shot at Bisley on the 17th July, 1930, under the following conditions :—

Distance	900 and 1,000 yards (aggregate).	
Rifles	S.M.L.E. (S.R. a. b.).	
No. of Shots	Ten and one sighting	} At each distance.
				shot per man.	
Time limit	1½ hours.	

Major Sir Richard Barnett has very kindly presented a Challenge Trophy to be held for one year by the Representative of the winning country, and special Commemorative Souvenirs are given by the National Rifle Association to each member of the winning team. The "Barnett" Challenge Trophy was won by Trinidad with the aggregate score of 346 out of a possible 400 marks. In 1929 the trophy was won by Nyasaland with the score of 330.

The scores in detail of the competing teams in the two Matches are appended hereto.
