LEGISLATIVE COUNCIL.

Minutes of Meeting held on the 18th of November, 1935.

1. Major the Honourable M. J. Stewart, Treasurer, after taking the prescribed oath, assumed his seat at the Council.

2. The minutes of the meeting held on the 17th of July, 1935, were confirmed.

3. The Governor read to the Council the following Message introducing the draft Estimates of Revenue and Expenditure for the year 1936 :

"Honourable Members of Legislative Council,

"The Estimates of Revenue and Expenditure of the Colony and its Dependencies for the year 1936 will be laid on the table today together with an explanatory memorandum prepared by the Colonial Secretary.

"I propose to make a few general remarks on the financial situation of the Colony which should enable Honourable Members to grasp the position as a whole.

"It will be observed that it is estimated that the surplus of Assets over Liabilities on the 31st December next will amount to £309,629 or some £2,623 more than the surplus at the end of last year. This appears to be satisfactory but the amount is arrived at by the addition of £850 in respect of land sales and of an estimated surplus of £1773 in the operation of the current year. The latter figure is however dependent upon the approval of the Secretary of State to the transfer of at least £2,266 from the Research Fund to the revenue of the Colony in order to make up deficiencies in the contribution from the Dependencies in respect of the years 1933 and 1934.

"It is probable that unless the contribution from the Dependencies is paid in full for the last two years and for 1935 expenditure will in the current year exceed revenue.

"Application has been made to the Secretary of State to sanction the payment under reference.

"It is within the knowledge of Honourable Members that the Colony cannot count upon a continuance of the contributions from the Dependencies even in the reduced amount of £8000 which the Secretary of State has approved for 1935 since the revenue from the Dependencies no longer suffice to maintain the payment after defraying the cost of local expenditure. The sums in the Research Fund appear however to be far in excess of any expenditure likely to be required during the course of the next seven years to complete the work of the Committee on Research and Development of the whaling industry.

"I have drawn the attention of the Secretary of State to the unfortunate financial effect that would result from a withdrawal or reduction in the revenue from the Dependencies having particular regard to the labour situation, for so long as it is not possible for the Government to provide employment of a nature that is justifiable on economic grounds for the surplus population in Stanley.

"I have no doubt that my appeal will receive sympathetic consideration, but it is none the less necessary to find means for reducing the comparatively high cost of the administration. The Treasurer who has recently arrived in the Colony will be charged during the course of the coming year with the duty of making a close investigation into the expenditure side of the accounts, including the possibilities of reduction in staff with a view to making such economies as will enable the accounts to balance without dependence on extraneous sources of revenue in the measure that has been possible for the past ten years.

"It will be seen from the Estimates of revenue that there have been few changes. Officials in occupation of Government quarters will in future be required to pay for water at the same rates as private occupiers. The families and households of officials on the permanent staff will no longer receive free drugs and medicines.

"There are some increases of revenue under both the relevant heads but these are
 "mainly due to an extension of the number of beds in the hospital and to the proposal
 "to improve the water supply and bring it to the houses which cannot be reached by
 "the existing supply.

"The only new works of importance on the expenditure side are the provision
 "of £3,000 for the new water supply and of £1,000 for a broadcasting studio and
 "offices for the Chief Electrician.

"It is earnestly hoped that there may be a revival of prosperity in the farming
 "industry upon which the life of the whole community depends. To expedite im-
 "provements here and to assist the farmer the services of an expert Stock Adviser are
 "being sought for in New Zealand. It is proposed that the officer be appointed for
 "three years only in the first place. As the scheme is in the nature of an experiment
 "the cost will in accordance with past practice be borne in the first place by the Land
 "Sales Fund.

"Honourable Members will echo my hope that the Colony may in the year to
 "come witness an increase in wool prices renewed vigour and success on the farms
 "and in particular that work may be found for those who now suffer through lack of
 "permanent employment."

4. The Honourable the Colonial Secretary, by command, laid on the Table the following papers :

Copies of all Regulations, Orders and Bye-laws made or approved by the
 Governor in Executive Council since the last meeting of the Legislative
 Council.

Copies of despatches received from the Secretary of State for the Colonies,
 intimating the non-disallowance by His Majesty of Ordinances, Nos. 1, 2, 3,
 4, 5, 6 and 7 of 1935.

Annual Report by the Local Auditor on the revenue and expenditure of the
 Colony for the year 1934.

5. The Honourable the Treasurer, by command, laid on the Table the following papers :

Comparative Statements of Revenue and Expenditure of the Colony and the
 Dependencies for the periods 1st January to 31st March and 1st January to
 30th June, 1935.

6. The Honourable the Colonial Secretary moved and the Honourable the Treasurer seconded the adoption of the following Resolution :

"WHEREAS additional provision is required for the service of the Colony
 "and its Dependencies for the year ending the 31st of December, 1935.

"Be it resolved -

"This Council hereby sanctions the expenditure from public funds of the
 "sum of SEVEN THOUSAND SIX HUNDRED AND NINETY-FOUR
 "POUNDS SIXTEEN SHILLINGS AND ONE PENNY (£7,694. 16s. 1d.)
 "to meet the several charges itemized in the accompanying schedules."

The Resolution was adopted.

"Circular. January 22nd. His Majesty King Edward VIII was duly proclaimed at Accession Council held yesterday, and on his proclamation made the following declaration :

"The irreparable loss which the British Commonwealth of Nations has sustained by the death of His Majesty my beloved father has devolved upon me the duties of the Sovereignty. I know how much you and all my subjects with I hope I may say the whole world feel for me in my sorrow and I am confident in

the affectionate sympathy which will be extended to my dear mother in her overpowering grief.

When my father stood here 26 years ago he declared that one of the objects of his life would be to uphold the constitutional Government. In this I am determined to follow in my father's footsteps and to work as he did throughout his life for the happiness and welfare of all classes of my subjects.

I place my reliance upon the loyalty and affection of my people throughout the Empire and upon the wisdom of their parliaments to support me in this heavy task and I pray that God will guide me to perform it.

GOVERNMENT NOTICES.

No. 15. Colonial Secretary's Office.
Stanley, Falkland Islands.
30th January, 1936.

His Excellency the Governor directs the publication of the following telegram received from the Secretary of State for the Colonies :-

"Circular. January, 22nd. The following messages have been addressed by His Majesty :

"(a) to the Royal Navy. On succeeding to the Throne I desire that the Royal Navy and all my other Naval Forces throughout the Empire should know with what gratitude I recall the distinguished services rendered by them during the reign of the King my beloved father and how much I cherish the recollection of the intimate personal association so long subsisting between my family and that profession to which my father devoted his youth and early manhood and in which I and two of my brothers received our early training.

"My visit to many parts of the Empire have enabled me to note with pride that loyalty and devotion to duty remains a watchword of the Royal Navy wherever it is called upon to serve and that same great tradition is guiding developments of Naval services of the Dominions, India, and of all other forces which share in the Naval defence of the British Commonwealth of Nations.

"Conscious as I am of the great trust reposed in you and confident of your determination never to disappoint that trust I shall always regard your efficiency and well-being as matters of the highest importance and I shall take a deep interest in everything which concerns them. *Edward R. I.*

"(b) to the Army. I desire on my Accession to the Throne to express my thanks to the Army for its devoted services to my beloved father. I recall with gratitude the noble response which the Army made during the Great War to his proud confidence in its loyalty, valour and steadfastness. Its welfare was ever in his thoughts.

"My own association with the Army is now of long standing. I look back to my service as a young Officer in the Great War as one of the most valuable experi-

ences of my life. It gave me the opportunity and privilege of comradeship with soldiers drawn from United Kingdom, from the Dominions, from India and from the Colonies. I learned to understand and to appreciate those essential characteristics which united them in the sternest crisis in our History; the same fervent attachment to the Crown, the same good humour and endurance in adversities and the same determination to uphold traditional chivalry and courage which are our common inheritance.

"In happier days of peace I have been able to see by personally visiting the Military Forces of the Crown at home and abroad and have everywhere noted with pride the same gallant bearing which distinguished those forces in the Field.

"I shall be strengthened in the discharge of the great responsibilities which lie before me, by the confidence with which I know I can rely on the unswerving allegiance of all ranks of the Military forces of the Crown throughout the Empire. *Edward R. I.*

"(c) to the Royal Air Force. On my Accession to the Throne I desire at once to address a message to the Air Force - at home and Overseas. The flying services were first created during the reign of my beloved father and it was with close personal interest that he watched their rapid growth from small beginnings; their unification under stresses of War; and their subsequent development into a powerful instrument of defence, which shares with the older services the honourable duty of safe-guarding these shores and the Empire.

"I have ever valued my close association with the Royal Air Force, markedly of recent years by a special connection with the Auxiliary Air Force as its Honorary Air Commander-in-Chief. I have also witnessed with deep satisfaction the creation of the Air Forces of the Dominions and of India. If the Air Forces of the Empire are young, they have all the vigour of youth; and in the space of a few years they have already achieved a high tradition. I shall watch their further progress with keen personal solicitude for their welfare and with entire confidence that they will ever show that pride of service and unswerving loyalty to the Crown which they have displayed since their first inception. *Edward R. I.*

- (2) A school at Darwin, the largest settlement outside Stanley.
- (3) Itinerant tuition in the country districts or camp.

(1) **STANLEY.** A Government School is maintained from public funds. The curriculum and management are much the same as in an English elementary school, and in addition there is a full-time Continuation Class which provides a two years course of further education. A scheme was instituted in 1924 to assist parents in the camp to send their children to Stanley for schooling. The children were boarded and lodged in a Government hostel and taught in the school at an inclusive charge of ten shillings a month during residence : or, if accommodated in private houses, the Government made a grant towards the cost. In 1929 the hostel was closed owing to lack of support, but the maintenance grants still remain.

There is also a Convent School taught by Roman Catholic Sisters : this school is not under Government control or inspection and receives no grant from public funds.

(2) **DARWIN.** The Falkland Islands Company maintains a school here for the children of its employees.

(3) **THE CAMP.** Four itinerant teachers are provided by Government, one for the East Falkland and three for the West. The teachers travel on horseback from house to house, usually staying a fortnight at each. The houses are isolated, and the teacher may have to travel several hours before he reaches the next place where his services are required. Each man has a definite beat which he covers three or four times in a year. He sends a fortnightly report to Stanley giving a detailed account of the work done, the books in use, a list of books or material wanted, and so on. The Superintendent of Education makes tours of inspection, normally visiting every child under tuition once in two years. In addition to the Government staff, the Falkland Islands Company maintains two camp teachers for work on its extensive farms on the East Falkland.

4. For the first time since 1926 the school had to be closed — for three weeks in September — for sickness. All the children were medically and dentally examined during the year, and in addition there were medical and dental visits for general inspection.

provided that the total fees payable in respect of the children of any one family shall not exceed the rate of one shilling weekly.

Exemptions are made for fatherless children and in a small number of other cases where there is inability to pay. Similar charges and conditions are in force at the Roman Catholic school in Stanley. The proportion of expenditure met from fee income is about six per cent. At the Darwin school no fees are charged. In the case of children taught by Travelling Teachers there are no fees, the teacher being boarded and lodged at the expense of the household where he is working.

A Bill

To provide for the succession to Real and Personal Estate on Intestacy.

BE IT ENACTED by the Governor of the Colony of the Falkland Islands, with the advice and consent of the Legislative Council thereof as follows :—

Enacting Clause.

1. This Ordinance may be cited as the "Administration of Intestate Estates Ordinance, 1936".

Short Title.

2. In this Ordinance "real and personal estate" means any beneficial interest (including rights of entry and reverter) of the intestate in real and personal estate which (otherwise than in right of a power of appointment or of the testamentary power conferred by statute to dispose of entailed interests) he could, if of full age and capacity, have disposed of by his will.

Definition.

3. (1) With regard to the real estate and personal inheritance of every person dying after the commencement of this Ordinance, there shall be abolished—

Abolition of descent to heir.

All existing modes rules and cannons of descent, and of devolution by special occupancy or otherwise, of real estate, or of a personal inheritance, whether operating by the general law or otherwise howsoever.

(2) Nothing in this section affects the descent or devolution of an entailed interest.

4. (1) The residuary estate of an intestate shall be distributed in the manner or be held on the trusts mentioned in this section, namely—

Succession to real and personal estate on intestacy.

(i) If the intestate leaves a husband or wife (with or

without issue) the surviving husband or wife shall take the personal chattels absolutely, and in addition the residuary estate of the intestate (other than the personal chattels) shall stand charged with the payment of a net sum of one thousand pounds, free of death duties and costs, to the surviving husband or wife with interest thereon from the date of the death at the rate of five pounds per cent. per annum until paid or appropriated, and subject to providing for that sum and the interest thereon, the residuary estate (other than the personal chattels) shall be held—

(a) If the intestate leaves no issue, upon trust for the surviving husband or wife during his or her life;

(b) If the intestate leaves issue, upon trust, as to one half, for the surviving husband or wife during his or her life, and, subject to such life interest, on the statutory trusts for the issue of the intestate, and, as to the other half, on the statutory trusts for the issue of the intestate, but if those trusts fail or determine in the lifetime of a surviving husband or wife of the intestate, then upon trust for the surviving husband or wife during the residue of his or her life;

- (ii) If the intestate leaves issue but no husband or wife, the residuary estate of the intestate shall be held on the statutory trusts for the issue of the intestate;
- (iii) If the intestate leaves no issue but both parents, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the father and mother in equal shares absolutely;
- (iv) If the intestate leaves no issue but one parent, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the surviving father or mother absolutely;
- (v) If the intestate leaves no issue or parent, then, subject to the interests of a surviving husband or wife, the residuary estate of the intestate shall be held in trust for the following persons living at the death of the intestate, and in the following order and manner, namely:—

First, on the statutory trusts for the brothers and sisters of the whole blood of the intestate; but if no person takes an absolutely vested interest under such trusts; then

Secondly, on the statutory trusts for the brothers and sisters of the half blood of the intestate; but if no person takes an absolutely vested interest under such trusts; then

Thirdly, for the grandparents of the intestate and, if more than one survive the intestate, in equal shares; but if there is no member of this class; then

Fourthly, on the statutory trusts for the uncles and aunts of the intestate (being brothers or sisters of the whole blood of a parent of the intestate); but

if no person takes an absolutely vested interest under such trusts; then

Fifthly, on the statutory trusts for the uncles and aunts of the intestate (being brothers or sisters of of the half blood of a parent of the intestate); but if no person takes an absolutely vested interest under such trusts; then

Sixthly, for the surviving husband or wife of the intestate absolutely;

- (vi) In default of any person taking an absolute interest under the foregoing provisions, the residuary estate of the intestate shall belong to the Crown, as bona vacantia, and in lieu of any right to escheat.

The Crown may out of the whole or any part of the property devolving on them respectively, provide, in accordance with the existing practice, for dependents, whether kindred or not, of the intestate, and other persons for whom the intestate might reasonably have been expected to make provision.

(2) A husband and wife shall for all purposes of distribution or division under the foregoing provisions of this section be treated as two persons.

5. (1) Where under this Ordinance the residuary estate of an intestate, or any part thereof, is directed to be held on the statutory trusts for the issue of the intestate, the same shall be held upon the following trusts, namely:—

Statutory trusts in favour of issue and other classes of relatives of intestate.

- (i) In trust, in equal shares if more than one, for all or any of the children or child of the intestate, living at the death of the intestate, who attain the age of twenty-one years or marry under that age, and for all or any of the issue living at the death of the intestate who attain the age of twenty-one years or marry under that age of any child of the intestate who predeceases the intestate, such issue to take through all degrees, according to their stocks, in equal shares if more than one, the share which their parent would have taken if living at the death of the intestate, and so that no issue shall take whose parent is living at the death of the intestate and so capable of taking;
- (ii) The statutory power of advancement, and the statutory provisions which relate to maintenance and accumulation of surplus income, shall apply, but when an infant marries such infant shall be entitled to give valid receipts for the income of the infant's share or interest;
- (iii) Where the property held on the statutory trusts for issue is divisible into shares, then any money or property which, by way of advancement or on the marriage of a child of the intestate, has been paid to such child by the intestate or settled by the intestate for the benefit of such child (including any life or less interest and including property covenanted to be paid or settled) shall, subject to any contrary intention expressed or appearing from the circumstances of the case, be taken as being so paid or settled in or towards satisfaction of the share of such child or the share

which such child would have taken if living at the death of the intestate, and shall be brought into account, at a valuation (the value to be reckoned as at the death of the intestate), in accordance with the requirements of the personal representatives;

- (iv) The personal representatives may permit any infant contingently interested to have the use and enjoyment of any personal chattels in such manner and subject to such conditions (if any) as the personal representatives may consider reasonable, and without being liable to account for any consequential loss.

(2) If the trusts in favour of the issue of the intestate fail by reason of no child or other issue attaining an absolutely vested interest—

- (a) the residuary estate of the intestate and the income thereof and all statutory accumulations, if any, of the income thereof, or so much thereof as may not have been paid or applied under any power affecting the same, shall go, devolve and be held under the provisions of this Ordinance as if the intestate had died without leaving issue living at the death of the intestate;
- (b) references in this Ordinance to the intestate "leaving no issue" shall be construed as "leaving no issue who attain an absolutely vested interest";
- (c) references in this Ordinance to the intestate "leaving issue" or "leaving a child or other issue" shall be construed as "leaving issue who attain an absolutely vested interest."

(3) Where the residuary estate of an intestate or any part thereof is directed to be held on the statutory trusts for any class of relatives of the intestate, other than issue of the intestate, the same shall be held on trusts corresponding to the statutory trusts for the issue of the intestate (other than the provision for bringing any money or property into account) as if such trusts (other than as aforesaid) were repeated with the substitution of references to the members or member of that class for references to the children or child of the intestate.

Powers of personal representative in respect of interests of surviving spouse.

6. (1) Where a surviving husband or wife is entitled to a life interest in the residuary estate or any part thereof the personal representative may, either with the consent of any such tenant for life (not being also the sole personal representative) or, where the tenant for life is the sole personal representative, with the leave of the court, purchase or redeem such life interest (while it is in possession) by paying the capital value thereof (reckoned according to tables selected by the personal representative) to the tenant for life or the persons deriving title under him or her and the costs of the transaction, and thereupon the residuary estate of the intestate may be dealt with or distributed free from such life interest.

(2) The personal representatives may raise—

- (a) the net sum of one thousand pounds or any part thereof and the interest thereon payable to the surviving husband or wife of the intestate on the security of the whole or any part of the residuary estate of the intestate (other than the personal chattels), so far as that estate may be sufficient for the purpose or the said sum and interest may not have been satisfied by

an appropriation under the statutory power available in that behalf; and

- (b) in like manner the capital sum, if any, required for the purchase or redemption of the life interest of the surviving husband or wife of the intestate, or any part thereof not satisfied by the application for that purpose of any part of the residuary estate of the intestate;

and in either case the amount, if any, properly required for the payment of the costs of the transaction.

7. Where any person dies leaving a will effectively disposing of part of his property, this Ordinance shall have effect as respects the part of his property not so disposed of subject to the provisions contained in the will and subject to the following modifications :—

Application to cases of partial intestacy.

- (a) The requirements as to bringing property into account shall apply to any beneficial interests acquired by any issue of the deceased under the will of the deceased, but not to beneficial interests so acquired by any other persons;
- (b) The personal representative shall, subject to his rights and powers for the purposes of administration, be a trustee for the persons entitled under this Ordinance in respect of the part of the estate not expressly disposed of unless it appears by the will that the personal representative is intended to take such part beneficially.

8. (1) References to any Statutes of Distribution in an instrument inter vivos made or in a will coming into operation after the commencement of this Ordinance shall be construed as references to this Ordinance and references in such an instrument or will to statutory next of kin shall be construed, unless the context otherwise requires, as referring to the persons who would take beneficially on an intestacy under the foregoing provisions of this Ordinance.

Construction of documents.

(2) Trusts declared in an instrument inter vivos made, or in a will coming into operation, before the commencement of this Ordinance by reference to the Statutes of Distribution, shall, unless the contrary thereby appears, be construed as referring to the enactments (other than the Intestates' Estates Act, 1890) relating to the distribution of effects of intestates which were in force immediately before the commencement of this Ordinance.

9. (1) Nothing in this Ordinance affects the right of any person to take beneficially, by purchase, as heir either general or special.

Savings.

(2) The foregoing provisions of this Ordinance do not apply to any beneficial interest in real estate (not including chattels real) to which a lunatic or defective living and of full age at the commencement of this Ordinance, and unable, by reason of his incapacity, to make a will, who thereafter dies intestate in respect of such interest without having recovered his testamentary capacity, was entitled at his death, and any such beneficial interest (not being an interest ceasing on his death) shall, without prejudice to any will of the deceased, devolve in accordance with the general law in force before the commencement of this Ordinance applicable to freehold land, and that law shall, notwithstanding any repeal, apply to the case.

For the purposes of this subsection, a lunatic or defective

who dies intestate as respects any beneficial interest in real estate shall not be deemed to have recovered his testamentary capacity unless his committee or receiver has been discharged.

(3) Where an infant dies after the commencement of this Ordinance without having been married, and independently of this subsection he would, at his death, have been equitably entitled under a settlement (including a will) to a vested estate in fee simple or absolute interest in freehold land, or in any property settled to devolve therewith or as freehold land, such infant shall be deemed to have had an entailed interest, and the settlement shall be construed accordingly.

(4) This Ordinance does not affect the devolution of an entailed interest as an equitable interest.

(2) There shall be attached to every licence under this Ordinance authorising the use of a ship or factory for treating whales, the following conditions, that is to say :—

(a) that there must be recorded in the prescribed manner and by the prescribed person —

(8) Without prejudice to the provisions of the last foregoing sub-section, if any person fails to keep any record in accordance with the conditions attached to a licence under this Ordinance or knowingly makes in any record which he is required by such conditions to keep, a statement false in any material particular, he shall be liable to imprisonment for a term not exceeding three months, or to a fine not exceeding fifty pounds, or to both such imprisonment and such fine.

10. Financial Report for the Year 1935.

Colonial Treasury,
Stanley, Falkland Islands,
9th April, 1936.

To the Honourable,
The Colonial Secretary,
Stanley.

Sir,

I have the honour to submit the following Report on the financial transactions of the Colony of the Falkland Islands and its Dependencies for and in respect of the year ended 31st of December, 1935.

The Falkland Islands.

2. The year's account summarised is as follows :—

Excess of Assets over Liabilities on the 1st January, 1935	...	£307,006 : 14 : 3.
<u>Revenue, 1935 :</u>		
Revenue from general sources	...	£44,536 : 17 : 2.
Contribution from Dependencies Revenue		5,096 : 1 : 2.
Total Ordinary Revenue	...	£49,632 : 18 : 4.
Land Sales	...	180 : 8 : 0.
		£49,813 : 6 : 4.
		£356,820 : 0 : 7.
<u>Expenditure, 1935 :</u>		
Ordinary Expenditure	...	£44,829 : 1 : 1.
Extraordinary Expenditure	...	13,211 : 4 : 11.
Depreciation of Investments	...	1,765 : 13 : 5.
		59,805 : 19 : 5.
Land Sales	...	109 : 15 : 4.
		£ 59,915 : 14 : 9.
Excess of Assets over Liabilities on the 31st December, 1935	...	£296,904 : 5 : 10.
Net results of year's working – Decrease of Assets	...	£ 10,102 : 8 : 5.

3. Despite the decrease of assets, which no doubt may be considered large, the position is not as serious as it may appear, as actually the excess of assets over liabilities as at the 31st of December, 1935, amounting to £296,904 : 5 : 10, is, with the exception of the year 1934, the highest surplus recorded. With regard to the year 1934, the assets were considerably increased as the result of Appreciation of Investments. The present decrease is due to circumstances which could not be foreseen. The principal item contributing to the decrease was on account of the Savings Bank. Under Head IX of Revenue, item 6, it was estimated that £3,950 would accrue to interest after the amount required to meet interest on Deposits had been met. The surplus interest was, however, £2,693 : 6 : 7, and as the Savings Bank Deposits during the year were abnormal, this amount, together with a sum of £3,965 : 18 : 5, which it was found necessary to provide under Expenditure Head XVIII, item 23, was credited to the Savings Bank Fund, to bring the securities up to 110% of the value of deposits in the Bank.

Again, owing to the shortfall in Dependencies Revenue, out of the sum of £8,000 estimated as the Contribution from Dependencies for 1935, only £5096 : 1 : 2 was received, but the difference between the approved estimate and the amount received, viz: £2,903 : 18 : 10, will be recovered, probably during the year 1936.

Finally, it was necessary to provide a sum of £1,765 : 13 : 5 as the result of Depreciation of Investments and £2,322 : 2 : 11 for the payment of unemployment relief consequent upon a considerable reduction of proposed Public Works.

4. The following table shows the trend of the Colony's Revenue and Expenditure during the past five years :—

- (a) the residuary estate of the intestate and the income thereof and all statutory accumulations, if any, of the income thereof, or so much thereof as may not have been paid or applied under any power affecting the same, shall go, devolve and be held under the provisions of this Ordinance as if the intestate had died without leaving issue living at the death of the intestate;

6. (1) Where a surviving husband or wife is entitled to a life interest in the residuary estate or any part thereof the personal representative may, either with the consent of any such tenant for life (not being also the sole personal representative) or, where the tenant for life is the sole personal representative, with the leave of the court, purchase or redeem such life interest (while it is in possession) by paying the capital value thereof (reckoned according to tables selected by the personal representative) to the tenant for life or the persons deriving title under him or her and the costs of the transaction, and thereupon the residuary estate of the intestate may be dealt with or distributed free from such life interest.

an appropriation under the statutory power available in that behalf; and

- (b) in like manner the capital sum, if any, required for the purchase or redemption of the life interest of the surviving husband or wife of the intestate, or any part thereof not satisfied by the application for that purpose of any part of the residuary estate of the intestate;

(1) References to any Statutes of Distribution in an instrument inter vivos made or in a will coming into operation after the commencement of this Ordinance shall be construed as references to this Ordinance and references in such an instrument or will to statutory next of kin shall be construed, unless the context otherwise requires, as referring to the persons who would take beneficially on an intestacy under the foregoing provisions of this Ordinance.

(2) Trusts declared in an instrument inter vivos made, or in a will coming into operation, before the commencement of this Ordinance by reference to the Statutes of Distribution, shall, unless the contrary thereby appears, be construed as referring to the enactments (other than the Intestates' Estates Act, 1890) relating to the distribution of effects of intestates which were in force immediately before the commencement of this Ordinance.

Savings

9. (1) Nothing in this Ordinance affects the right of any person to take beneficially, by purchase, as heir either general or special.

(2) The foregoing provisions of this Ordinance do not apply to any beneficial interest in real estate (not including chattels real) to which a lunatic or defective living and of full age at the commencement of this Ordinance, and unable, by reason of his incapacity, to make a will, who thereafter dies intestate in respect of such interest without having recovered his testamentary capacity, was entitled at his death, and any such beneficial interest (not being an interest ceasing on his death) shall, without prejudice to any will of the deceased, devolve in accordance with the general law in force before the commencement of this Ordinance applicable to freehold land, and that law shall, notwithstanding any repeal, apply to the case.

For the purposes of this subsection, a lunatic or defective

LEGISLATIVE COUNCIL.

Minutes of Meeting held on the 28th of May, 1936.

1. His Excellency the Governor and the members of the Council took the Oath of Allegiance to His Majesty King Edward VIIIth.

2. The Minutes of the meeting held on the 18th of November, 1935, were confirmed.

3. The Governor delivered to the Council the following Message :

“Honourable Members of Legislative Council,

“This is the first Session of the Falkland Islands Legislature since
“the death of our beloved Sovereign King George V, and Honourable
“Members will wish me to record our sense of grief at the loss of One
“whom we have so deeply mourned in common with the whole Empire.

“We will also wish to record at this Session the profound devotion
“of the Legislature and the people of the Colony to the Throne and person
“of His Majesty King Edward the VIIIth.

“Comparative Statements of the Revenue and Expenditure of the
“Colony for the year 1935 will be laid before you today with the Treasurer’s
“financial report.

“You will observe that the surplus Assets of the Colony decreased
“by £10,102 during the past year although the total expenditure of the
“Government was lower than the amount provided in the Budget by this
“Council in 1934. Certain unforeseen and indeed unforeseeable charges were
“made against the expenditure side of the accounts and the revenue fell short
“of the estimate for the reasons detailed by the Treasurer. Fortunately
“the deficit is mainly ascribable to the Government system of accounting
“and it has not been necessary to realize any of the Colony’s vested securities.
“None the less the need for careful administration of the finances is indicated.

“At the last meeting of this Council I informed Honourable Members
“that the Treasurer would be charged with the duty of investigating the
“cost of administration with a view to effecting economies. The Treasurer
“has furnished me with a report which is now in the hands of the Secretary
“of State for the Colonies and you will in due course be invited to consider
“certain reductions in expenditure which can it is believed be effected with-
“out sacrifice of efficiency.

“It is much to be deplored for the sake of the men concerned and
“their dependents that conditions of unemployment still continue. There
“was a decrease in the earlier part of the second year of relief payments
“of from 50 to 37 in the average number receiving relief weekly but the
“tendency is now upwards as is temporarily inevitable in the winter months.
“I must once again urge private employers and particularly farmers to en-
“gage extra labour whenever possible. The rise in the price of wool and
“oil and certain other factors give hope of increased trade and employment
“but no satisfaction can be felt while any man is out of employment who is
“willing and able to engage for work.

“It will become necessary shortly to replace the Government launch
“Penguin” which has now been in service for over 27 years. The means
“are available from a renewals fund which has been built up in the course
“of years and it is hoped to procure a vessel early in 1937. I have con-
“sidered it desirable to secure a vessel fitted for visiting the West Falkland

"and the outlying islands when not required for harbour duties. Tenders have been called from firms in the United Kingdom and you will be asked to approve of the expenditure when the amount has been ascertained.

"You will be asked to consider and enact some twelve bills to-day covering a wide variety of subjects. The more important from a local standpoint are those relating to inheritance, the restriction on deposits in the Savings Bank and their safeguard, the control of cattle on the Common and the Workmen's Compensation Bill."

4. The Honourable the Acting Colonial Secretary, by command, laid on the Table the following papers :

restrictions as in the case of bankruptcy hereinbefore provided.

Gratuity and reduced pension.

15. (1) Any officer to whom a pension is granted under the Ordinance may, at his option exercisable as hereinafter provided, be paid in lieu of such pension a pension at the rate of three-fourths of such pension together with a gratuity equal to ten times the amount of the reduction so made in the pension.

(2) The option referred to in sub-section (1) shall be exercisable :—

- (a) in the case of an officer to whom, if retired on the ground of ill-health, a pension might be awarded by reason only of the taking into account, under Regulation 9 of service in an appointment other than a pensionable office; not later than six months from the date when he receives notice of the approval of the Governor in Council for taking such service into account.
- (b) in the case of an officer who is transferred to the

- (ii) that the date of the exercise of the option shall be deemed to be the date of the receipt of his written notification addressed either to the Colonial Secretary in the Colony or to the Crown Agents for the Colonies; and

16. For the purpose of these Regulations :-

The term "Scheduled Government" means any Government included in the Schedule to these Regulations.

The term "Service in the Group" means service under the Government of the Colony, and under a Scheduled Government or Governments.

Definitions.

17. Subject to the succeeding Regulations, the provisions of Regulations 8 (2), 9, 13, 14, and 15 shall apply to the case of an officer who has been transferred to or from the service of the Colony from or to other public service and the provisions of Regulations 4, 5, 6, 7, 8 (1), and 10 shall apply to the case of an officer so transferred as if his whole service had been in the Colony.

Application of Regulations in Part I.

Provided that in the application of Regulation 15 to cases falling under the limitation of Section 10 (2) of the Ordinance the words "such pension" in that Regulation shall mean the amount of pension which he might have drawn from the funds of the Colony if he had not elected for a gratuity and reduced pension.

18. (1) Where the other public service of an officer has been wholly under one or more of the Scheduled Governments and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him had he been wholly in the Colony for a pension under the Ordinance, he may, on his ultimate retirement from the public service in

Pension for service wholly within the Group.

circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed to retire on pension or gratuity, be granted a pension from the Colony of such an amount as shall bear the same proportion to the amount of pension for which he would have been eligible had his service been wholly in the Colony, as the aggregate amounts of his pensionable emoluments during his service in the Colony shall bear to the aggregate amounts of his pensionable emoluments throughout his service in the Group.

(2) In determining for the purposes of this Regulation the pension for which an officer would have been eligible if his service had been wholly in the Colony,

- (a) the final pensionable emoluments taken shall be those of his last period of service in the Group;
- (b) no regard shall be had to Regulations 11 and 12;
- (c) regard shall be had to the condition that pension may not exceed two-thirds of the final pensionable emoluments;
- (d) no period of other public service under any Scheduled Government which does not grant a pension or gratuity to the officer shall be taken into account:

(3) For the purpose of this Regulation the aggregate amount of his pensionable emoluments shall be taken as the total amount of salary which the officer would have drawn, and the total amount of the other pensionable emoluments which he would have enjoyed had he been on duty on full pay in his substantive office or offices throughout his period of service in the Group subsequent to the attainment of the age of twenty years:

Provided that in calculating the aggregate amount of his pensionable emoluments no account shall be taken of any service under any Scheduled Government which does not grant the officer a pension or gratuity, or of any period of leave without salary or with salary at a special rate which was granted to him in order to make continuous service interrupted either by abolition of office or in consequence of a reorganisation designed to effect greater efficiency and economy.

Pension where other service not within the Group.

19. Where the other public service of an officer has not included service under any of the Scheduled Governments, and he has held a pensionable office in the Colony for a period of at least twelve months, and his aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the Law or Regulations of the Service in which he is last employed to retire on a pension or gratuity, be granted in respect of his service in the Colony a pension at the rate of one sixhundredth part of the amount of his pensionable emoluments at the date of his transfer or retirement, as the case may be, from the service of the Colony for each calendar month of his pensionable service in the Colony.

Pension when other service both within and not within the Group.

20. Where a part only of the other public service of an officer has been under one or more of the Scheduled Governments, the provisions of Regulation 18 shall apply; but in calculating the amount of pension, regard shall be had only to service in the Group.

Additional pension to officers retiring on account of injury.

21. Where an officer who has been transferred from other public service, and whose aggregate service would have qualified him, had it been wholly in the Colony, for a pension under these Regulations, is compulsorily retired from the public service in the circumstances mentioned in Regulation 12, he may, if at the time he

is in the service of the Colony, be granted from the funds of the Colony the additional pension allowed by that Regulation, in addition to the pension granted under Regulations 18, 19, or 20 as the case may be.

22. Where by reason of the fact that an officer whose case falls under Regulation 21 has held a pensionable office in the Colony for less than twelve months, he is not eligible for a pension under Regulation 18, 19, or 20, as the case may be, he may, nevertheless, if at the time of his retirement he is in the service of the Colony, be granted from the funds of the Colony a pension of the same amount as the additional pension allowed by Regulation 21.

Pension in respect of injury after less than 12 months service in the Colony.

23. Where an officer who has been transferred from other public service and whose aggregate service would have rendered him eligible, had it been wholly in the Colony, for a pension under these regulations is compulsorily retired from the public service in circumstances mentioned in Regulation 11, he may if at the time he is in the service of the Colony, be granted from the funds of the Colony in addition to the pension granted to him under Regulation 18, 19, or 20, as the case may be, an addition to his pension equal to the addition to his pension which might have been granted to him if his total pensionable service had been in the Colony.

Addition to pension in respect of abolition or reorganisation of office.

24. (1) Where an officer has been transferred to or from the service of the Colony from or to other public service, retires from the public service in circumstances in which he is permitted by the Law or Regulations of the service in which he is last employed to retire on pension or gratuity, but has not completed in the aggregate the minimum period of ten years service qualifying him for a pension, he may be granted from the funds of the Colony a gratuity not exceeding five times the annual amount of the pension which had there been no qualifying period, might have been granted to him under Regulation 18, 19, or 20, as the case may be.

Gratuities where length of service does not qualify for pension.

(2) Where such an officer is compulsorily retired from the public service in the circumstances mentioned in Regulation 12, he may, if at the time he is in the service of the Colony, be treated as if he had no other public service, but he shall not be granted, in addition, the gratuity for which he is eligible under sub-section (1) of this Regulation.

Injury.

25. Where an officer who is transferred to other public service is not granted a pension or gratuity in respect of his employment in the service in which he is last employed, solely by reason of the fact that he has not completed twelve months service therein, he shall not, on that account, be disqualified from receiving a pension or gratuity from the funds of the Colony, if otherwise eligible therefor.

Officers transferred to other public service and retiring after less than 12 months employment in last service.

26. The Pensions Regulations, 1928, and all amendments thereto are hereby repealed.

Repeal of Pensions Regulations, 1928, and all amendments thereto.

(2) The Director of Public Works or his representative shall be the Inspector for the purpose of the foregoing section and shall be empowered to carry out such inspections or tests of motor vehicles as may be considered necessary for the purpose of these regulations.

LEGISLATIVE COUNCIL.

Minutes of Meeting held on the 6th November, 1936.

1. The Minutes of the meeting held on the 28th of May, 1936, were confirmed.
2. The Governor delivered to the Council the following Message :

“Honourable Members of the Legislative Council,

“I propose to follow the usual procedure in Colonial legislatures elsewhere in opening the final session of the year by reviewing briefly the progress of the Colony and outlining the policy of the Government as reflected in the estimates of revenue and expenditure for the forthcoming year.

“During the present year the financial relations between the Colony and its Dependencies have been stabilized, a new source of excellent water has been connected with Stanley, more than doubling the town supply, a Domestic Science Centre has been established at the Government School, a long needed survey of the harbour has been carried to completion, the King Edward the VIIth Hospital has been enlarged and rendered more efficient in every branch, a contract has been made for a greatly improved mail and passenger service with South America and the United Kingdom, telegraphic rates have been reduced with benefit to the revenue and, in the interests of the farming industry, the services of an experienced adviser on agriculture and stock have been lent to the Colony by the Government of New Zealand.

“It has been found possible to establish the finances of the Administration on a broader basis and to initiate the plans foreshadowed this time last year for development. It is, however, likely to be some time and may indeed be ten or fifteen years before the agricultural policy of the Government will prove its value to the Colony.

“I am glad to be able to announce that the time has arrived when constructive measures can be taken to abolish unemployment and relief works. The latter and the dole constitute a policy of defeatism only. The Unemployment Relief Committee which has carried out a difficult task ably and impartially will be dissolved and an Employment Committee – composed, I hope, of a majority of the same members – will take its place with the duty of assisting workers to find employment and employers to obtain labour.

“The policy of the Government will now be to develop the activities of the Stock Department, which will in future be known as the Agricultural Department. Restrictions in the expenditure on Public Works will go far to meet the cost entailed.

“The first work to be undertaken will be the experimental regrassing of the Common on a comparatively large scale. A three fold object is in view :—

- (1) To ascertain, as part of the general scheme for improving the pastures of the Colony, what treatment will benefit poor peaty land which has never been spelled.
- (2) To provide work of economic value for those who could not otherwise find employment.
- (3) To provide good grazing for dairy cattle and so improve the milk supply of the capital.

It is perforce an essential part of this scheme that agricultural work on the Common should not interfere with the labour supply for established industries and in the first instance at least part time employment only can

be given out for this service.

"On turning to the estimates for 1937, honourable members will observe with satisfaction that the surplus of Assets over Liabilities will on the 1st of January next be £10,000 higher than the surplus at the beginning of the year. This is a cash increase and owes nothing to fluctuations in the market price of our investments. It is the policy of the Government to increase the Falkland Islands Reserve Fund from £34,000 at which it now stands to £50,000, any surpluses thereafter being devoted to development.

"The revised estimate for 1936 shows a surplus of revenue over expenditure for the current year of £4,406 instead of the £37 anticipated when the estimates were approved.

"The Memorandum prepared by the Acting Colonial Secretary explains in detail the reasons for the increase in revenue anticipated in 1937 and for the decrease in expenditure on other than agricultural services. Certain economies have been effected by the amalgamation and abolition of offices; others are to follow as circumstances permit.

"It is the aim of the Government to bring the total annual expenditure of the Colony down to £50,000 when further projected economies can be made. £1,000 of the estimated expenditure for 1937 of £56,901 is ascribable to the cost of the new issue of stamps and the allocation for celebrating the Coronation and £10,000 to Public Works Extraordinary. £4,000 annually should suffice for the latter when the works to be taken in hand next year have been completed.

"The principal new item of expenditure is £5,000 for the experimental regrassing of 300 acres of the Common to which reference has already been made. Application is being made for a grant of £2,500 of the total from the Colonial Development Fund. Other new works include the expenditure of £3,000 on an electric light plant to replace the worn machinery now running to capacity. The number of outstanding applications for electric lighting and increased use through a 24 hours service leave little room for doubting that the expenditure will be covered by a reasonable return for the outlay.

"Provision is also made for part of the cost of erecting a new Secretariat Office. I with others will regret the passing of the present old unpretentious building, at one time a Court House with its place in the history of the Colony. It has however become necessary not only to provide suitable accommodation for the records, but to house in the same building the Treasury, which, in accordance with a scheme of common application to all Colonies, is to become an integral part of the headquarters establishment. The transfer of the Treasury offices from the Town Hall will moreover enable a long felt want to be met by the enlargement of the Post Office for the convenience of the general public.

"In addition to the bill to provide for the service of the year 1937, legislation will be laid before you to-day for the establishment of a Provident Fund for employees of the Government who are not pensionable. This will doubtless commend itself to your favourable consideration."

3. The Honourable the Acting Colonial Secretary, by command, laid on the Table the following papers:

- (i) Copies of all Regulations, Orders and Bye-laws made or approved by the Governor in Executive Council since the last meeting of the Legislative Council.
- (ii) Copies of despatches received from the Secretary of State for the Colonies, intimating the non-disallowance by His Majesty of Ordinances, Nos. 1, 4, 5, 6 and 10 of 1936.
- (iii) Comparative Statements of Revenue and Expenditure of the Colony and the Dependencies for the periods 1st January to 31st March and 1st January to 30th June, 1936.

- (iv) Annual Report by the Local Auditor on the Revenue and Expenditure of the Colony for the year 1935.
- (v) Report of the Director of Colonial Audit on the Annual Abstract Account of the Falkland Islands for the year 1934.

4. The Honourable the Acting Colonial Secretary moved and the Honourable the Senior Medical Officer seconded the adoption of the following Resolution :

“WHEREAS additional provision is required for the service of the Colony and its Dependencies for the year ending the 31st of December, 1936.

“Be it resolved –

“This Council sanctions the expenditure from public funds of the sum of “ONE THOUSAND NINE HUNDRED AND NINETY-SIX POUNDS “SEVEN SHILLINGS AND FIVE PENCE (£1,996 : 7 : 5) to meet the “several charges itemized in the accompanying schedules.”

The Resolution was adopted.

5. The Honourable the Acting Colonial Secretary moved the adoption of the following Resolution :

“Be it resolved that under the provisions of the Stanley Rating Ordinance, “1928, this Council hereby sanctions the following rate to be charged for the year “1937, on house property in the Town of Stanley, namely, One Shilling and Nine “Pence for every Twenty Shillings of the annual value of such house property.”

The Honourable G. Roberts seconded and the Resolution was adopted.

6. On the motion of the Honourable the Acting Colonial Secretary seconded by the Honourable the Senior Medical Officer, the Bill “To provide for the Service of the year 1937”, was read a *first* time.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clause 1 was agreed to.

On motion made consideration of Clause 2 was postponed until after consideration of the Schedule.

The Honourable V. A. H. Biggs stated that he considered the provision of £2,000 included in the Estimates under item 4 of Head XX. Public Works Extraordinary for a new building for Secretariat and Treasury Offices to be excessive particularly at a time when the Government were retrenching.

His Excellency explained that the present Secretariat Offices were very old and in consequence the annual maintenance of the building was heavy; the Offices were inadequate and it had become necessary to provide suitable accommodation for the records, and to house the Treasury and other Offices in the same building. The erection of the new Offices would make for greater efficiency of administration; the building would be constructed of local materials and the amount to be expended on labour was estimated by the Director of Public Works at £1,800. It was very necessary that the Post Office should be enlarged for the convenience of the public and this could only be effected by vacating offices in the Town Hall.

The Honourable G. Roberts pointed out that provision included the cost of the Treasury, Audit and Customs Offices as well as a Committee Room.

The Schedule was agreed to.

Clause 2 was recommitted and agreed to.

The Enacting Clause and Title were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

7. The Honourable the Acting Colonial Secretary moved the *first* reading of the Bill “To amend the Tariff Ordinance, 1900, as amended by the Tariff (Export Duties) Amendment Ordinances, 1923 and 1924”.

The Honourable the Senior Medical Officer seconded.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1 and 2 were agreed to.

The Enacting Clause and Title were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

8. On the motion of the Honourable the Acting Colonial Secretary seconded by the Honourable the Senior Medical Officer the Bill "To provide for the grant of Pensions, Gratuities and other allowances to persons who have been in the Public Service of the Colony of the Falkland Islands", was withdrawn from the Agenda.

9. The Honourable the Acting Colonial Secretary moved the *first* reading of the Bill "To amend the Tariff Ordinance, 1900, as amended by the Tariff (Import Duties) Amendment Ordinances 1929, 1931 and 1933".

The Honourable the Senior Medical Officer seconded.

On further motion made and seconded the Standing Orders were suspended and the Bill was read a *second* time and committed.

Clauses 1, 2, 3 and 4 were agreed to.

The Enacting Clause and Title were agreed to.

The Council resumed.

The Bill was then read a *third* time and passed.

10. On the motion of the Acting Colonial Secretary seconded by the Honourable the Senior Medical Officer, the Bill "To Provide for the establishment of a Provident Fund in the Falkland Islands", was read a *first* time.

The Council adjourned *sine die*.
